

### Summaries of Revenues, Expenditures and Fund Balances

This section provides information on the revenue and expenditure assumptions incorporated in the Governor's Budget recommendations, and the resulting fund balances for all funds maintained by the State.

#### SUMMARY OF ALL FUNDS AND FUND BALANCES

The schedules and exhibits contained in this section provide both summary and detailed financial information for all funds maintained by the State. Funds are grouped into General State Funds, Other Governmental Funds and Proprietary Funds.

#### GENERAL STATE FUNDS

Revenues and expenditures for General State Funds (or "State Funds") are captured in the following Schedules 1-4. State Funds are classified as either budgeted or not budgeted. Budgeted State Funds include the five funds that comprise the State budget: General Fund, Property Tax Relief Fund, Casino Revenue Fund, Casino Control Fund and Gubernatorial Elections Fund. Revenues for budgeted State Funds are detailed in Schedule 1 and summarized herein:

- **General Fund** is the fund into which all State revenues, not otherwise restricted by statute, are deposited and from which appropriations are made. The largest part of the total financial operations of the State is accounted for in the General Fund. Revenues received from most taxes, federal revenues and certain miscellaneous revenue items are recorded in the General Fund. The major categories of anticipated revenue for the General Fund are as follows:
  - o The **Major Taxes** category is composed of fourteen taxes or fees, which are levied within the State and deposited in the General Fund. The majority of this revenue is generated from the sale and use of goods and services, general business taxes, motor vehicle fees and other excise taxes.
  - The **Miscellaneous Taxes, Fees and Revenues** category includes various revenues received by State agencies. Typical items include license and inspection fees, recreation and boating fees, institutional and patient fees, investment earnings and other similar items.
  - o The **Interfund Transfers** category includes resources from Other Governmental Funds and Proprietary Funds that are transferred into the General Fund as anticipated revenue for expenditure purposes. Included in these types of revenue is the funding received by Unclaimed Property, Universal Services Fund, and Urban Enterprise Fund and interest earned on investment of bond funds.
- **Property Tax Relief Fund** accounts for revenues from the New Jersey Gross Income Tax and one half-cent of the Sales and Use Tax. These revenues are dedicated by the State Constitution for the purpose of reducing or offsetting property taxes. Annual appropriations are made from the fund, pursuant to formulae established by the Legislature, to individuals, counties, municipalities and school districts.
- Casino Revenue Fund accounts for the taxes imposed on the casinos, internet gaming and other related activities. Appropriations from this fund must be used for reductions in property taxes, utility charges and other specified expenses of eligible senior citizens and individuals with disabilities.
- Casino Control Fund accounts for fees from the issuance and annual renewal of casino licenses, work permit fees and other
  license fees. Appropriations are made to fund the operations of the Casino Control Commission and the Division of
  Gaming Enforcement.
- **Gubernatorial Elections Fund** is used to account for receipts from the one dollar designation on New Jersey Gross Income Tax returns. When indicated by the taxpayer, one dollar of the tax is reserved from gross income tax revenue (Property Tax Relief Fund) and credited to the Gubernatorial Elections Fund. These funds are available for appropriations pursuant to the New Jersey Campaign Contributions and Expenditures Reporting Act, as amended.

In addition to the budgeted State Funds described above, certain dedicated, federal and revolving fund revenues, which are not part of the State budget, are also considered part of General State Funds and support specific purposes. These are detailed in Schedule 2, "Other Revenues." Schedules 3 and 4 summarize expenditures supported by resources on Schedules 1 and 2, respectively.

#### OTHER GOVERNMENTAL FUNDS

Other Governmental Funds account for other resources legally restricted to expenditure for specific purposes. The funds include general obligation bond funds, non-major special revenue funds, and capital project funds.

#### PROPRIETARY FUNDS

Proprietary funds are used to report any activity for which a fee is charged to external users for goods and services. Activities are required to be reported as proprietary funds if laws or regulations require that the activity's cost of providing services be recovered with fees and charges. The Unemployment Insurance Fund is a proprietary fund.

#### REVENUES, EXPENDITURES & FUND BALANCES

#### **FUND BALANCES**

Fund balance exhibits report undesignated and designated fund balances for State Funds, Other Governmental Funds and Proprietary Funds. These exhibits follow Schedules 1-4. Fund balances are reflected on a budgetary basis and thus do not include funds reserved for encumbrances in General State Funds. Also excluded are certain Other Governmental Funds and State authority balances. Undesignated fund balance is defined as fund equity that is unrestricted and available for appropriation in succeeding fiscal years. Designated fund balance is defined as unexpended and unencumbered appropriations that are authorized to continue into the subsequent fiscal year.

As can be seen in the exhibit, "Summary, Estimated Revenues, Expenditures and Undesignated Fund Balances – Budgeted State Funds," the projected undesignated ending fund balance in General State Funds for fiscal year 2019 is estimated to be \$741.8 million, up \$4.1 million from the adjusted projected undesignated fund balance for fiscal year 2018 of \$737.7 million, or a 0.6% increase. While total resources for fiscal year 2019 are expected to increase by \$1.5 billion or 4.1%, total expenditures are estimated to increase by \$1.5 billion, or 4.2%, resulting in the slight decrease in fund balance. Expenditure growth is driven primarily by the State's required public employee pension contribution, which represents an increase of \$667.8 million over the fiscal year 2018 appropriation of \$1.5 billion after deducting the Lottery Enterprise contribution of \$1.0 billion in both years. This growth, when combined with increases in debt service and health benefits costs, represents 67.3% of the total growth in projected expenditures from fiscal year 2018 to fiscal year 2019.

Total fund balance for General State Funds, including designated fund balances, is estimated to be \$2,276.2 million at the end of fiscal year 2019. Details may be found in the exhibit "Summary Revenues, Expenditures and Fund Balances – General State Funds."

Fund balance for All Funds, including General State Funds, Governmental Funds, and the Proprietary Funds is estimated at \$10,079.1 million for fiscal year 2019, a decrease of \$1,076.3 million, or 9.6% under the fiscal year 2018 estimated balance of \$11,155.4 million. This decrease is mainly attributable to adjustments made to the other governmental funds and proprietary funds in fiscal year 2018.

Statements of revenues, expenditures, and fund balance for each individual Other Governmental Fund and Proprietary Fund may be found in the Supplementary Information to the budget, posted online at <a href="https://www.state.nj.us/treasury/omb">www.state.nj.us/treasury/omb</a>.
