## Introduction

## **INTRODUCTION**

The following is an annual report on the debt of the State of New Jersey and the obligations of its various bond-issuing authorities (“Authorities”) for which the State, by contract or other means, provides payments that secure the debt service on such obligations. The Office of Public Finance (“OPF”) in the Department of the Treasury, at the direction of the State Treasurer, manages the issuance of such State-backed bonds for the State.

This report has been prepared annually by OPF since 1996 following enactment of legislation requiring the Commission on Capital Planning and Budgeting to include a report of the State’s debt in its annual State Capital Improvement Plan. A legislative change in 2010 expanded the content of the debt report to include certain non-bonded obligations and other items not typically included in discussions of debt.

It is important to distinguish the State-supported debt from the obligations of the Authorities that are not State-supported. Many of the State’s Authorities provide financing via bonds, notes or other obligations on behalf of their respective client bases. The State plays no role in the security of the bonds or the payment of debt service. Some of those same Authorities and various others issue bonds to fund certain State projects, for which the State does provide security for the bonds and a payment stream to cover the debt service. The following paragraphs define what is, and is not, included in this report:

## **WHAT’S COVERED**

This report primarily concerns the bonded obligations of the State and certain State-created Authorities that issue bonds supported, in whole or in part, by State revenues.

For the “General Obligations” of the State, the full faith and credit of the State is pledged. Debt service is paid from the general fund of the State.

For “Obligations Subject to Appropriation” that are issued by State Authorities, the State, via lease or other contract, agrees to make payments to the Authority in amounts sufficient to cover the debt service on the Authority’s bonds. All such contractual payments are subject to appropriation by the State Legislature.

In addition to the bonded obligations described above, the State, in its Comprehensive Annual Financial Report (“CAFR”), reports on certain long-term non-bonded obligations which have not been financed with bonds or other publicly traded financial securities. To establish consistency with the “Long-Term Obligations” Footnote to the State’s financial statements as reported in the CAFR, such non-bonded obligations are included in this report.

This report also includes certain data related to the State’s Unfunded Actuarial Accrued Liability (“UAAL”) related to the State’s pension plans and post-employment medical benefits. Such data is based on actuarial reports delivered to the State from its contracted actuaries. The inclusion of this data complies with the requirement resulting from a legislative amendment enacted in 2010. As of the date of this report, the actuarial reports for the fiscal year ended June 30, 2013 have not been completed. Therefore, only fiscal year 2012 and the prior year’s information are presented in this report; because of the timing mismatch, such data has not been aggregated with the bonded and non-bonded data contained in this report.

### **WHAT'S NOT COVERED**

Only the obligations of the State and certain State-created Authorities are covered by this report. The obligations of New Jersey's counties, municipalities, school districts, and other locally-created authorities and districts are not included in this report.

The New Jersey Economic Development Authority frequently issues bonds on behalf of private companies to promote and foster economic development within the State. Such bonds are payable solely from the private company that benefits from the financing; there is no recourse, legal, moral or otherwise, to the EDA or to the State. Similarly, the New Jersey Educational Facilities Authority issues bonds on behalf of and secured by the public and private colleges and universities in the State, the New Jersey Health Care Facilities Financing Authority issues bonds on behalf of and secured by the State's hospitals and other medical facilities, etc. In all such cases, the Authority acts as a conduit to provide low-cost financing for its authorized purposes. Since there is no recourse to the State or support from State revenues, such conduit bonds are not included in this report.

Several other State Authorities finance capital projects with bonds that are secured by their operating revenue. The New Jersey Turnpike Authority and South Jersey Transportation Authority are two examples that fall into this category as their bonds are secured solely by their toll revenues from the roadways they operate and other operating income. Since there is no recourse to the State or support of such debt by State revenues, these bonds are not included in this report.

The State participates by compact in several bi-state authorities that generate revenues from the operation of facilities and issue bonds supported by such revenues for capital needs. The Port Authority of New York and New Jersey, Delaware River Port Authority and Delaware River Joint Toll Bridge Authority are examples of such bi-state agencies. Since there is no recourse to the State or support of such debt by State revenues, these bonds are not included in this report.

The State since 1991 has annually issued its Tax and Revenue Anticipation Notes to fund the timing imbalances in the State's annual cash flow. All such Notes mature before the end of the fiscal year in which they are issued; therefore the State has never had a balance of Notes payable on its balance sheet at fiscal year end. Such intra-year, short-term obligations are not included in this report.

Ancillary expenses payable in connection with certain series of Authority bonds covered by this report, such as trustee and escrow fees, letter of credit fees, bond remarketing fees and net payments under interest rate exchange agreements, are not included within the debt service tables in this report.

### **MORAL OBLIGATIONS**

Certain Authorities have issued what are referred to as “Moral Obligation” bonds. A moral obligation bond is authorized in limited circumstances by the statutes that govern the New Jersey Housing and Mortgage Finance Agency (“HMFA”), the New Jersey Higher Education Student Assistance Authority (“HESAA”) and the South Jersey Port Corporation (“SJPC”). Such statutes provide that if the Authority’s revenues are insufficient and the debt service reserve fund created in connection with the Authority’s revenue bond is drawn upon to pay debt service, the State has a moral obligation to replenish such debt service reserve fund, subject to appropriation by the State Legislature.

For the moral obligation bonds of the HMFA that are secured by mortgages, and of the HESAA that are secured by student loans, such revenues have always been sufficient to pay debt service, the debt service reserve funds have not been drawn upon, and the moral obligation has not been exercised. Since there has been no State assistance provided to date with respect to these bonds, and there is no expectation that such assistance will be needed in the future, they are not included in this report.

For the moral obligation bonds of the SJPC that are secured by revenues from the operation of its port facilities, a portion of the annual debt service has consistently been paid from the debt service reserve fund due to insufficient operating revenues. The State, in turn, has consistently honored its moral obligation to replenish the SJPC’s debt service reserve fund as needed via appropriation. Therefore, these bonds are included in this report.

## Legislative Requirement

**TITLE 52. STATE GOVERNMENT, DEPARTMENTS AND OFFICERS**  
**SUBTITLE 1. GENERAL PROVISIONS**  
**CHAPTER 9S. COMMISSION ON CAPITAL BUDGETING AND PLANNING**

**§ 52:9S-1. Definitions**

As used in this act, the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent:

- a. "Capital project" means any undertaking which is to be financed or funded or is proposed to be financed or funded by the issuance of bonds, notes or other evidences of indebtedness of the State or any public authority thereof; or any undertaking which is to be financed or funded or is requested to be financed or funded by an appropriation in the annual budget, where the expenditure therefor is, by statute, or under standards as they may be prescribed from time to time by the Department of the Treasury, a capital expenditure.
- b. "Commission" means the New Jersey Commission on Capital Budgeting and Planning created by section 2 of this act;
- c. "Plan" means the State Capital Improvement Plan provided for by subsection a. of section 3. of this act.
- d. "State agency" means an executive or administrative department, office, public authority or other instrumentality of State Government.

L.1975, c. 208, s. 1, eff. Sept. 23, 1975.

**TITLE 52. STATE GOVERNMENT, DEPARTMENTS AND OFFICERS**  
**SUBTITLE 1. GENERAL PROVISIONS**  
**CHAPTER 9S. COMMISSION ON CAPITAL BUDGETING AND PLANNING**

**§ 52:9S-2. New Jersey Commission on Capital Budgeting and Planning**

2. There is hereby created a New Jersey Commission on Capital Budgeting and Planning. The commission shall consist of 12 members selected as follows: the State Treasurer and any three other members of the Executive Branch designated by the Governor to so serve at his pleasure, two members of the General Assembly, two members of the Senate and four public members from the State at large.

The members from the General Assembly shall be appointed by the Speaker of the General Assembly. The members of the Senate shall be appointed by the President of the Senate. No more than one of the members appointed by the Speaker or President shall be from the same political party. Legislative members shall serve while members of their respective houses for the term for which they have been elected.

Of the four public members two shall be appointed by the Governor with advice and consent of the Senate, no more than one of whom shall be of the same political party, and two by the Legislature, one each by the President of the Senate and the Speaker of the General Assembly, for a term of six years and until their successors are qualified, provided that the members serving on the effective date of this 1995 amendatory act shall continue to serve until the expiration of their appointments. The President of the Senate shall make the first appointment of a public member upon the expiration of the term of the public member first occurring after the effective date of this 1995 amendatory act, and the Speaker of the General Assembly shall make the second appointment of a public member upon the expiration of the term of the public member next occurring after the effective date of this act. The public members shall be chosen based upon their experience and expertise in public finance and the capital improvement process. Any vacancy among the public members shall be filled in the same manner as the original appointment, but for the unexpired term only. A member shall be eligible for reappointment.

A chairman of the commission shall be selected annually by the membership of the commission from among the public members.

Members of the commission shall serve without compensation, but public members shall be entitled to reimbursement for expenses incurred in the performance of their duties.

L.1975,c.208,s.2; amended 1995,c.398,s.1.

**TITLE 52. STATE GOVERNMENT, DEPARTMENTS AND OFFICERS**  
**SUBTITLE 1. GENERAL PROVISIONS**  
**CHAPTER 9S. COMMISSION ON CAPITAL BUDGETING AND PLANNING**

**§ 52:9S-3 Preparation of State Capital Improvement Plan.**

3. a. The commission shall each year prepare a State Capital Improvement Plan containing its proposals for State spending for capital projects, which shall be consistent with the goals and provisions of the State Development and Redevelopment Plan adopted by the State Planning Commission and shall be prepared after consultation with the New Jersey Council of Economic Advisors, created pursuant to P.L.1993, c.149 (C.52:9H-34 et seq.). Copies of the plan shall be submitted to the Governor and the Legislature no later than December 1 of each year. The plan shall provide:

(1) A detailed list of all capital projects of the State which the commission recommends be undertaken or continued by any State agency in the next three fiscal years, together with information as to the effect of such capital projects on future operating expenses of the State, and with recommendations as to the priority of such capital projects and the means of funding them;

(2) The forecasts of the commission as to the requirements for capital projects of State agencies for the four fiscal years next following such three fiscal years and for such additional periods, if any, as may be necessary or desirable for adequate presentation of particular capital projects, and a schedule for the planning and implementation or construction of such capital projects;

(3) A schedule for the next fiscal year of recommended appropriations of bond funds from issues of bonds previously authorized;

(4) A review of capital projects which have recently been implemented or completed or are in process of implementation or completion;

(5) Recommendations as to the maintenance of physical properties and equipment of State agencies;

(6) Recommendations which the commission deems appropriate as to the use of properties reported in subsection c. of this section;

(7) A report on the State's overall debt. This report shall include information on the outstanding general obligation debt and debt service costs for the prior fiscal year, the current fiscal year, and the estimated amount for the subsequent five fiscal years. In addition, the report shall provide similar information on capital leases and installment obligations. In addition, the report shall provide similar information on the following long-term obligations: all items comprising long-term liabilities as recorded in a schedule of long-term debt changes (bonded and non-bonded) in the State's annual comprehensive financial report prepared pursuant to section 37 of article 3 of P.L.1944, c.112 (C.52:27B-46), the unfunded actuarial accrued liability for State administered retirement systems, and the unfunded actuarial accrued liabilities for post-retirement medical and other benefits;

(8) An assessment of the State's ability to increase its overall debt and a recommendation on the amount

of any such increase. In developing this assessment and recommendation, the commission shall consider those criteria used by municipal securities rating services in rating governmental obligations; and

(9) Such other information as the commission deems relevant to the foregoing matters.

b. Each State agency shall no later than August 15 of each year provide the commission with:

(1) A detailed list of capital projects which each State agency seeks to undertake or continue for its purposes in the next three fiscal years, together with information as to the effect of such capital projects on future operating expenses of the State, and with such relevant supporting data as the commission requests;

(2) Forecasts as to the requirements for capital projects of such agency for the four fiscal years next following such three fiscal years and for such additional periods, if any, as may be necessary or desirable for adequate presentation of particular capital projects, and a schedule for the planning and implementation or construction of such capital projects;

(3) A schedule for the next fiscal year of requested appropriations of bond funds from issues of bonds previously authorized;

(4) A report on capital projects which have recently been implemented or completed or are in process of implementation or completion;

(5) A report as to the maintenance of its physical properties and capital equipment;

(6) Such other information as the commission may request.

c. Each State agency shall, when requested, provide the commission with supplemental information in addition to that to be available to the commission under the computerized record keeping of the Department of the Treasury, Bureau of Real Property Management, concerning any real property owned or leased by the agency including its current or future availability for other State uses.

d. A copy of the plan shall also be forwarded to the Division of Budget and Accounting each year upon its completion, and the portion of the plan relating to the first fiscal year thereof shall, to the extent it treats of capital appropriations in the annual budget, constitute the recommendations of the commission with respect to such capital appropriations in the budget for the next fiscal year.

L.1975, c.208, s.3; amended 1979, c.320, s.1; 1985, c.398, s.13; 1995, c.398, s.2; 2009, c.304.

Authorizing Legislation	CAFR Category	Underlying Ratings (as of June 30, 2013)		
Various Bond Acts	General Obligations	Moody's "Aa3"	S&P "AA-"	Fitch "AA-"

### Overview

General Obligations of the State are authorized from time to time by acts of the State Legislature, subject to approval by voter referendum. Each such "Bond Act" sets forth the authorized amounts and purposes of the bonds, as well as certain parameters for issuing the bonds, such as maximum term. Purposes for bond issues have included open space and farmland preservation, water supply protection, transportation, higher education, port development, economic development, hazardous waste remediation, and many other public purposes.

Certain decisions relating to the bond sale, including the setting of interest rates and amortization of the bonds, are delegated to the "Issuing Officials" of the State, comprising the Governor, Treasurer and Director of the Division of Budget and Accounting. The State Treasurer is directed to hold and invest the proceeds of the bond sale pending their expenditure in separate funds as established in the Bond Act. The Refunding Bond Act of 1985 sets forth the procedures and parameters for issuing refunding bonds issued under any other Bond Act.

The Bond Acts provide that the bonds authorized represent a debt of the State, and the faith and credit of the State are pledged to their repayment.

## Overview

The New Jersey Building Authority was created in 1981 and established in the Department of the Treasury for the purpose of financing, acquiring, constructing, reconstructing, rehabilitating, and improving office buildings and related facilities for use by State agencies. The NJBA's role has since been expanded to include the design and construction of correctional facilities as well as the restoration and renovation of historic public buildings. Debt service on the bonds is payable pursuant to a lease between the State Treasurer and the Authority, subject to appropriation by the State Legislature.

## Overview

The Business Employment Incentive Act of 1996 authorized the EDA to award grants to businesses that are expanding or relocating within the State. The Act was amended in 2003 to allow the EDA to issue bonds to finance the grants as well as modify some of the specific terms and conditions of the grants. Under the 2003 amendment, most businesses must generate 25 new jobs two years from the effective date of the agreement to be eligible for the grants. However, if the business falls into certain categories such as high-technology, biotechnology or advance materials, the business must generate 10 new positions in two years. The grant amounts are between 10 and 50 percent of the state income taxes withheld on the newly created jobs or between 10 and 30 percent of the estimated tax of partners of an eligible partnership. Debt service on the bonds is payable pursuant to a contract between the State Treasurer and the EDA, subject to appropriation by the State Legislature.

(P.L. 2004, c.68)	<b>Installment Obligations</b>	Moody’s “Baa1”	S&P “BBB+”	Fitch “BBB+”

## Overview

The Cigarette Tax Securitization Act authorized the EDA to issue bonds payable from, and secured by, a dedicated portion of cigarette tax revenues received by the State each fiscal year. The dedicated portion is equivalent to the revenue collected by the State from \$0.0325 per cigarette. The Act also authorized the State Treasurer to use the proceeds of the bond issue for any legal purpose for which moneys on deposit in the General Fund may be used. Debt service on the bonds is payable pursuant to a contract between the EDA and the State Treasurer, subject to appropriation by the State Legislature.

## Overview

The EDA has issued bonds to finance loans to various nonprofit corporations which provide certain social services, including mental health, youth and developmentally disabled. The payment of debt service on these bonds as well as the payment of certain other expenses incurred by the social service providers is made by the State pursuant to service contracts between the State Department of Human Services and these providers, subject to appropriation by the State Legislature. The contracts have one-year terms and are subject to annual renewal.

## Overview

The Economic Recovery Fund Act of 1992 established the Economic Recovery Fund to provide a source of funds for economic development projects, to establish new programs to assist small business, and to leverage funds for economic recovery through such mechanisms as public-private partnerships, grants, guarantees and direct loans. The Act also authorized the EDA to issue bonds for the purposes of the Economic Recovery Fund. Pursuant to the Act, the EDA and the State Treasurer entered into an agreement through which the EDA has agreed to undertake the financing of certain projects and the State Treasurer has agreed to credit the Fund from the General Fund amounts equivalent to payments due to the State under an agreement with the Port Authority of New York and New Jersey. Debt service on the bonds is payable from such amounts provided under the State contract, subject to appropriation by the State Legislature.

## Overview

The EDA has issued bonds to refund and defease a portion of the City of Trenton’s outstanding Hotel/Conference Center Project Revenue Bonds, Refunding Series 2001 (City of Trenton Guaranteed). The original bonds funded a portion of the cost of constructing a hotel and conference center in the City of Trenton. The bonds are secured by Payments In Lieu Of Taxes (PILOT) made by the EDA in connection with certain real estate it owns to the City of Trenton, which has pledged and assigned its right to receive such payments to a trustee bank on behalf of the bondholders. Pursuant to a lease of the property between the State Treasurer and the EDA, the State makes additional rent payments to the EDA equivalent to the PILOT payment, subject to annual appropriation by the State Legislature.

## Overview

The Motor Vehicle Security and Customer Service Act of 2003 authorized the EDA to issue bonds to pay the costs of capital improvements for New Jersey Motor Vehicle Commission facilities, and to provide \$10 million to the Administrative Office of the Courts for improvements to the automated traffic system. The legislation provides that bonds shall not be issued in an aggregate principal amount exceeding \$160 million without the prior approval of the Joint Budget Oversight Committee. The bonds are secured by the moneys in the Market Transition Facility Revenue Fund when all currently outstanding Market Transition Facility Bonds are retired. Debt service on the bonds is payable solely from the pledged surcharge revenues pursuant to a contract between the EDA and the State Treasurer, subject to appropriation by the State Legislature. General revenues of the State are not pledged to repay these bonds.

## Overview

The Special Needs Housing Trust Fund Act of 2005 amended the Motor Vehicle Surcharges Act of 2004 and authorized the EDA to issue bonds in an amount not to exceed \$200 million to fund grants and loans for the costs of special needs housing projects in the State. Upon issuance, proceeds of the bonds are delivered to the New Jersey Housing and Mortgage Finance Agency for expenditure pursuant to the Act. The bonds are payable from, and secured by certain dedicated motor vehicle surcharge revenues. The pledge of certain of the surcharges is subject and subordinate to the Market Transition Facility bonds and the Motor Vehicle Commission Bonds. Debt service on the bonds is payable solely from the pledged revenues pursuant to a contract between the EDA and the State Treasurer, subject to appropriation by the State Legislature. General revenues of the State are not pledged to repay these bonds.

## Overview

The Motor Vehicle Surcharges Act of 2004 authorized the EDA to issue bonds payable from, and secured by, certain defined motor vehicle surcharge revenues. The Act also authorized the State Treasurer to use the proceeds of the bond issue for any legal purpose for which moneys on deposit in the General Fund may be used. The pledge of certain of the surcharges is subject and subordinate to the Market Transition Facility bonds and the Motor Vehicle Commission Bonds. Debt service on the bonds is payable solely from the pledged revenues pursuant to a contract between the EDA and the State Treasurer, subject to appropriation by the State Legislature. General revenues of the State are not pledged to repay these bonds. (The Act was amended in 2005 to authorize the EDA to issue up to \$200 million of motor vehicle surcharge revenue bonds to fund grants and loans for special needs housing projects in the State. Those bonds are described separately in this report.)

## Overview

The EDA has issued bonds to finance portions of the costs of certain light rail projects of the New Jersey Transit Corporation. The projects included the design, acquisition, construction and equipping of the Hudson-Bergen Light Rail and the Southern New Jersey Light Rail Transit Systems. Pursuant to sublease agreements between the NJ Transit and the EDA, NJ Transit is required to make rental payments to the EDA in amounts sufficient enough to pay debt service on the bonds. These rental payments are in turn secured by amounts the Corporation receives from the State under Funding Agreements approved by the State Commissioner of Transportation. Pursuant the Funding Agreements, the State makes payments to NJ Transit from amounts appropriated by the State Legislature to the Transportation Trust Fund Authority for such purposes.

### Overview

The Education Facilities Construction and Financing Act authorized the EDA to issue bonds and other obligations to finance the State’s share of costs for various school facilities projects being undertaken by, or for the benefit of, school districts throughout the State. Upon the issuance of bonds, the EDA delivers the proceeds of the bonds to the Schools Development Authority (the successor agency to the former Schools Construction Corporation), for expenditure in accordance with the Act. The original Act provides that the aggregate principal amount of the bonds, notes or other obligations which may be issued by the Authority for the State’s share of costs of school facilities projects shall not exceed: \$100 million for county vocational school districts, \$6.0 billion for “Abbott” districts, and \$2.5 billion for all other districts. The Act was amended in 2008 to authorize additional bonds for the State’s share of costs of school facilities projects in an aggregate principal amount not to exceed \$50 million for county vocational school districts, \$2.9 billion for SDA (formerly “Abbott”) districts, and \$1.0 billion for all other districts. Debt service on the EDA’s School Facilities Construction Bonds is payable pursuant to a contract between the EDA and the State Treasurer, subject to appropriation by the State Legislature.

## Overview

The New Jersey Educational Facilities Authority (the "EFA") was created in the 1960's for the purpose of financing certain capital needs of the state's public and private colleges and universities. The EFA primarily serves as a financing conduit, and any such bonds issued by the EFA are secured solely by revenues pledged by the institution; these bonds have no state backing, there is no pledge of resources by the State, and there is no recourse to the State, legal, moral or otherwise. As such, these bonds are NOT included or discussed in this report. For more information on the EFA's client-supported financings and other activities, please visit their website: <http://www.njefa.com/>.

The EFA is also authorized to issue bonds on behalf of county colleges under P.L. 1971, c. 12. Under this "Chapter 12" program, for bonds issued by county colleges (or by the EFA on behalf of county colleges) for certain capital expenses as defined in the statute, the State will cover 50% of the debt service, subject to annual appropriation. To date the EFA has one such bond issue on behalf of several county colleges. Those bonds are included in the "Chapter 12 – County College Bonds" profile in this report.

Beginning in 1993, the State from time to time enacted legislation authorizing the EFA to issue bonds supported by State revenues for certain capital programs as authorized in such legislation. Each such program and financing history is discussed on the following pages.

## Overview

The Dormitory Safety Trust Fund Act authorized the EFA to issue up to \$90 million in bonds to provide loans to educational institutions in the State for the installation of fire suppression systems at student residence buildings. The fund was created in response to a tragic dormitory fire at Seton Hall University. Loans provided to public and private institutions of higher education are at a zero percent interest rate. All loans provided to the schools and bonds issued by the EFA to finance the loans are required to have a term limit of no more than 15 years. In August 2001, the EFA issued \$73.8 million bonds, which provided loans to 27 institutions. In October 2003, the EFA issued a second series of bonds totaling \$5.44 million which provided loans to 12 institutions. Debt service on the bonds is payable pursuant to a contract between the State Treasurer and the EFA, subject to appropriation by the State Legislature.

## Overview

The Higher Education Capital Improvement Fund Act authorized the EFA to issue up to \$550 million in bonds to fund grants to public and private four-year colleges and universities for certain capital improvements to their facilities and to improve and expand technological infrastructures. Debt service on the bonds is payable pursuant to a contract between the State Treasurer and the EFA, subject to appropriation by the State Legislature. Each participating public college or university agrees to pay an amount equal to one-third of the debt service on its representative share of the bonds, whereas each participating private institution agrees to pay one-half of the debt service on its representative share of the bonds. Although the State contract requires payments from the State equal to the entire debt service on the bonds, payments received from the colleges are used to offset the expense.

(P.L. 1999, c. 152)	Revenue Bonds	Moody's "Aa3"	S&P "AAA"	Fitch "AA"

## Overview

The Garden State Preservation Trust was created in 1999 in furtherance of the 1998 constitutional amendment that dedicates up to \$98 million annually from the Sales and Use Tax for the preservation of open space, farmland and historic properties. The dedication from FY2000 through FY2009 was \$6 million annually for historic preservation purposes, and \$92 million annually for open space and farmland preservation projects and for debt service on any bonds issued for such projects. From FY2010 through FY2029 the amount dedicated annually is the lesser of \$98 million or debt service on such bonds. The GSPT Act, as amended, authorized the GSPT to issue up to \$1.15 billion of bonds through FY 2009 for open space and farmland preservation purposes. Thereafter, only refunding bonds may be issued. Proceeds of the bonds are held and disbursed by the State Treasurer. The Department of Environmental Protection and Department of Agriculture administer the open space and farmland preservation programs, respectively. Debt service on the bonds is payable from the dedicated amounts described above, subject to annual appropriation by the State Legislature.

## Overview

The New Jersey Health Care Facilities Financing Authority (the "HCFFA") was created in 1972 for the purpose of financing certain capital needs of the State's health care organizations. The HCFFA primarily serves as a financing conduit, and any such bonds issued by the HCFFA are secured solely by revenues pledged by the institution; these bonds have no state backing, there is no pledge of resources by the State, and there is no recourse to the State, legal, moral or otherwise. As such, these bonds are NOT included or discussed in this report. For more information on the HCFFA's client-supported financings and other activities, please visit their website: <http://www.njhcffa.com/njhcffa/index.shtml>.

Beginning in 2003, the State also enacted legislation authorizing the HCFFA to issue bonds for certain capital programs as authorized in such legislation: the Greystone Park Psychiatric Hospital Project, the Hospital Asset Transformation Program, and Marlboro Psychiatric Hospital Project. Provided below is chart illustrating the aggregate debt service of these two programs. Each program and its financing history are discussed on the following pages.

## Overview

The Hospital Transformation Act of 2000 established within the HCCFA a program to provide financial assistance to nonprofit hospitals within the State, in connection with the termination of hospital acute care services. The Act authorizes HCCFA to issue bonds to retire or refinance bonds associated with the facility being closed. Subsequent amendments to the Act authorize bonds to pay the costs of construction, renovation, equipment, information technology, working capital and other costs associated with the closure or acquisition and improvement of a hospital facility. Debt service is payable from amounts paid under a contract between the Authority and the State Treasurer, subject to appropriation by the State Legislature.

### Overview

The New Jersey Sports and Exposition Act, as amended, created in the Sports and Exhibition Authority in 1971 and empowered it to acquire, own and operate racetracks, stadiums, arenas, other entertainment facilities and conventions centers. Under the Act and subsequent amendments, the Authority has financed facilities including the Meadowlands Sports Complex (racetrack, football stadium, arena), Monmouth Park Racetrack, the Atlantic City Convention Center, the Historic Boardwalk Hall in Atlantic City, Rutgers University Stadium and the Wildwoods Convention Center. The bonds originally issued by the Authority were secured by the Authority's revenues from operating the facilities. Over the subsequent years, the Authority's revenue bonds have been refinanced with bonds supported by payments from the State. Debt service on the bonds is payable pursuant to a contract between the State Treasurer and the NJSEA, subject to appropriation by the State Legislature.

The Authority has also issued its Convention Center Luxury Tax bonds which are secured solely by the tax imposed by local ordinance on certain goods and services sold or provided in the City of Atlantic City. Those bonds are secured solely by the local tax revenues, with no recourse to the State, and are not included in this report.

# Transportation Trust Fund Authority

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2013)</i>		
(N.J.S.A. 27:1B-1 et seq.)	Revenue Bonds	Moody's "A1"	S&P "A+"	Fitch "A+"

## Overview

The Transportation Trust Fund Authority was created in 1984 to provide a funding mechanism, including the issuance of bonds, for transportation system improvements undertaken by the New Jersey Department of Transportation. Transportation system improvements financed by the TTFA include expenditures for the planning, acquisition, engineering, construction, repair, maintenance and rehabilitation of public facilities for ground, water or air transportation of people or goods. The TTFA also finances State aid to counties and municipalities for transportation system improvements and certain mass transit capital projects of the NJ Transit Corporation.

Pursuant to the New Jersey Transportation Trust Fund Authority Act of 1984, the principal amount of the TTFA's bonds, notes or other obligations which could be issued in any fiscal year commencing with the fiscal year beginning July 1, 2006 and ending with the fiscal year beginning on July 1, 2010, generally could not exceed \$1,600,000,000 in any fiscal year, as such amount was required to be reduced in each of those fiscal years by the amount by which the appropriation of State funds to the Transportation Trust Fund Account for that fiscal year exceeded \$895,000,000; provided, however, that if a portion of that permitted amount of debt, less any reduction as provided above, was not incurred in a fiscal year, an amount not greater than the unused portion may be incurred in a subsequent fiscal year in addition to the amount otherwise permitted. As of June 30, 2013, no bond cap remains.

On June 29, 2012, the TTFA Act was amended by L. 2012, c. 13. Pursuant to the Reauthorization Act, the principal amount of the TTFA's bonds, notes or other obligations which can be issued in any fiscal year generally cannot exceed: \$1,247,000,000 for the fiscal year beginning July 1, 2012, \$849,200,000 for the fiscal year beginning July 1, 2013, \$735,300,000 for the fiscal year beginning July 1, 2014, and \$626,800,000 for the fiscal year beginning July 1, 2015; except that if the permitted amount of debt, or any portion thereof, is not incurred in a fiscal year, it may be issued in a subsequent fiscal year. In addition, 30 percent of the permitted amount of Reauthorization Act bonds for a fiscal year may be issued in the fiscal year preceding such fiscal year, subject to certain restrictions. The payment of debt service on Reauthorization Act bonds, notes or other obligations must be paid solely from revenues dedicated pursuant to Article VIII, Section II, paragraph 4 of the State Constitution.

(P.L. 1968, c. 60)	Not Included in CAFR	Moody's "A1"	S&P "A-"	Fitch N/R

## Overview

The South Jersey Port Corporation has issued bonds for the construction and improvement of various marine terminal and port facilities in Camden, Gloucester and Salem Counties. The bonds are secured by marine terminal revenues and a debt service reserve fund equal to maximum annual debt service. The authorizing legislation also provides that the State has a moral obligation to replenish the debt service reserve fund if such fund is drawn upon to pay debt service due to insufficient Corporation revenues. The payment from the State to replenish the fund is subject to appropriation by the State Legislature.

The Corporation's annual operating revenues have consistently been insufficient to cover the debt service on its bonds, requiring the use of the debt service reserve fund to cover a portion of the annual debt service. In all such cases, the State Legislature has appropriated and the State has made payments to the Corporation to replenish the reserve fund in furtherance of the moral obligation. Such payments have ranged from approximately \$6 million to approximately \$11 million over the past several years.

## Chapter 12 - County College Bonds

Authorizing Legislation	CAFR Category	Underlying Ratings <i>(as of June 30, 2013)</i>		
(P.L. 1971, c. 12)	Not Included in CAFR	Moody's "A1"	S&P N/R	Fitch N/R

### Overview

State support for county college capital projects is authorized, pursuant to statute, in a total principal amount not to exceed \$265,000,000. See N.J.S.A. 18A:64A-22 et seq. Codified as chapter 12 of the laws of 1971, the program is typically referred to as "Chapter 12". Under Chapter 12, bonds entitled to State debt-service support are issued by the individual counties (or by the NJEFA on behalf of counties) to fund capital projects at the various county colleges. As bond principal amortizes, additional State-supported bonds can be authorized up to the maximum \$265,000,000 (i.e. the program "recycles"). Under the program the State Treasurer is responsible for determining the annual amount of borrowing that is available to the counties and, in consultation with the New Jersey Council of County Colleges, which projects should receive funding.

## Capital Leases (Non-Bonded)

### Overview

Capital Leases (Non-Bonded) represent long-term lease obligations between the State and various lessors for the use of office space and other facilities for State operations and programs. No bonds have been issued in connection with these leases. The figures below (\$ thousands) represent the “net rent,” or the capital portion, of the annual rent payment, which is net of operating expense, maintenance, property taxes and other costs, if any.

## State Comparisons

## State Comparisons

The tables below have been excerpted from “2013 State Debt Medians Report” issued by Moody’s Investors Service in May 2013. These tables show where New Jersey ranks relative to other states based on criteria used by municipal securities rating services in rating government obligations. Such comparisons can be useful in assessing the State’s ability to incur additional debt, and the likely impact on ratings and other measures relative to other states. The following text is excerpted from that report:

*“Analysts commonly use three measures of debt to compare state debt burdens: debt per capita, debt as a percentage of personal income, and debt as a percentage of gross state product. In considering debt burden, the focus is largely on net tax-supported debt, which we (Moody’s) characterize as debt secured by state taxes and other operating resources, net of obligations that are self-supporting from pledged sources other than state taxes or operating resources—such as utility or local government revenues. We (Moody’s) also examine gross debt, which includes contingent debt liabilities that may not have direct tax support but represent commitments to make debt service payments under certain conditions (e.g. state guarantees and bonds backed by state moral obligation pledges that have never been tapped).”*

## Glossary

## Glossary

### **Accumulated Sick and Vacation Payable**

Pursuant to GASB Statement No. 16, *Accounting for Compensated Balances*, Accumulated Sick and Vacation payable represents the liability due to employees for unused sick and vacation time.

### **Bond Premium**

The amount by which the price of a security exceeds its principal amount.

### **Bonded Obligations**

Bonded Obligations are those long-term obligations that are evidenced by publicly tradable, financial securities issued by or on behalf of the State or any of its Authorities or other State-created entities.

### **Business-Type Activities**

Large Lottery prizes are paid out to winners over a period of multiple years. Current Lottery proceeds are used to purchase deposit fund contracts which will provide sufficient amounts for future payment of installment prizes. The present value of future payments of installment prizes are recorded as non-current liabilities in both the fund financial statements and the government-wide statements. The repayment of advances from the Federal Government for unemployment insurance is payable from assessments on employers and employees, not state revenues.

### **Capital Leases (Bonded)**

These represent long-term lease obligations for State facilities, offices and other uses for which the rent payments have been pledged to secure the payment of debt service on bonds issued by an Authority.

### **Capital Leases (Non-Bonded)**

These Capital Leases represent long-term lease obligations for State facilities, offices and other uses. No State or Authority bonds are connected with these leases.

### **Certificates of Participation**

Certificates of Participation are publicly traded financial securities similar to bonds, but which represent proportionate shares in rent payments under a lease between the State and one or more lessors.

### **General Obligations**

General obligation bonds of the State are authorized from time to time by enacted legislation that must also be approved by public referenda. Such bonds are direct obligations of the State and are secured by the State's full faith and credit.

### **Installment Obligations**

This category represents contractual agreements between the State and several authorities which have issued bonds for State or Authority projects or other purposes. Under such contracts, the State agrees to make payments equal to the corresponding debt service on the Authority's bonds.

### **Loans Payable**

The New Jersey Automobile Insurance Guaranty Fund has received a \$1.3 billion loan from the New Jersey Property-Liability Insurance Guaranty Association. The loan was made in an effort to depopulate the New Jersey Automobile Insurance Guaranty Fund and to help satisfy its unfunded liability.

### **Net Pension Obligation**

Net Pension Obligation (NPO) represents the pension fund liability due to the Judicial Retirement System, the State Police Retirement System, the Consolidated Police and Firemen's Retirement System, and the Teachers' Pension and Annuity Fund. Financial reporting requirements for net pension fund obligations fall under the purview of GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*.

### **Non-Bonded Obligations**

Non-Bonded Obligations define long-term obligations that result from loans, leases, or other contractual or statutory commitments, but for which no financial securities have been issued.

### **Obligations NOT Supported by State Revenues**

This category includes certain obligations issued by State-related entities for which there is no financial backing or pledge of support, legal, moral or otherwise, from the State. GASB requires the inclusion of certain such obligations in the State's CAFR when the bonds are issued by State-related entities, despite there being no repayment obligation or other security interest provided by the State. These obligations are presented in this debt report to preserve consistency with the CAFR.

### **Obligations Subject to Appropriation**

This category includes all bonded obligations for which the payment of debt service by the State is subject to, and dependent upon, annual legislative appropriations. The Legislature has no legal obligation to make any such appropriations.

### **Obligations Supported by Dedicated State Revenues**

This category includes certain bonded obligations, the debt service on which is payable solely from certain State revenues that have been constitutionally and/or statutorily dedicated and appropriated for such purpose.

### **Obligations Supported by General State Revenues**

This category includes obligations, the debt service on which is payable from amounts available and appropriated from the general fund of the State.

## **Other**

Obligations categorized as “Other” represent unamortized long-term claims which are required to be reported under National Council on Governmental Accounting Statement No. 1 as a general long-term liability of the State. These include Medicaid benefit claims which have been incurred but not reported. This obligation also includes capitalized software liability which is required to be reported in accordance with GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*.

## **Other Postemployment Benefits**

GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, requires the reporting of the estimated future Other Postemployment Benefits (OPEB) as a general long-term obligation of the State.

## **Pollution Remediation Obligation**

GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, requires the reporting of Pollution Remediation Obligations as a general long-term obligation of the State. The Pollution Remediation Obligation represents contractual commitments of the State of New Jersey with either vendors to clean up hazardous waste contaminated sites or the administrative authorization to proceed to clean up identified hazardous waste contaminated sites.

## **Revenue Bonds**

This category includes certain bonded obligations for which the debt service is payable solely from certain restricted revenues of the Authority that issued the bonds.

## **Unamortized Bond Premium**

GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, requires bond premiums to be deferred and amortized over the life of the refunding bonds.

## **Unamortized Deferral on Refunding**

Under GASB Statement No. 23, *Accounting and Financial Reporting for Refundings of Debt Reported by Proprietary Activities*, the unamortized deferral on refunding shows the actual gain or loss on refunding transactions. Gains are shown as an asset and amortized over the shorter of the life of the refunding bonds or the bonds that were refunded. GASB Statement No. 23 defines a gain/loss as the total outstanding amount of the old bonds minus the new refunding bonds issued minus the cost of issuance on the new refunding bonds.

## **Unamortized Interest on Capital Appreciation Bonds**

Unamortized Interest on Capital Appreciation Bonds represents the unaccrued interest value on zero coupon bonds that have been issued.
