## Executive Summary

This report provides statistical information to the public based on New Jersey Gross Income Tax returns filed for Tax Year 2018. The data are gathered from NJ-1040 forms as submitted to the Division of Taxation.

The body of the report is made up of 140 pages of detailed tables, providing amounts reported on the $\mathrm{NJ}-1040$ form aggregated by income group, resident/non-resident status, filing status, etc. The Guide that begins on page 5 provides a user-friendly explanation of the income tax. It shows the total amounts reported on key lines of the tax form and explains how they relate to each other.

Full-year residents are a major focus of the report because they account for $86.7 \%$ of tax returns, $86.9 \%$ of gross income, and $86.7 \%$ of net tax liability. Key results for full-year residents are:

- Gross income - Taxpayers reported $\$ 394.2$ billion of gross income, a $3.5 \%$ increase over 2017. This growth rate is 0.3 percentage points faster than the average annual rate over the previous four years. Gross income grew at a rate of $3.2 \%$ per year between 2014 and 2017.
- Employee compensation - The largest category of gross income by far, it accounts for $70.9 \%$ of total income. Filers reported $\$ 289.5$ billion of employee compensation, also a $3.5 \%$ increase from 2017. It is about 0.2 percentage points more than the prior four-year average annual growth rate of $3.3 \%$.
- Other income categories - Nonwage income rose $5.4 \%$ to $\$ 118.6$ billion. This is relative to an average annual growth rate of $4.0 \%$ from 2014 to 2017. The seven largest categories of gross income, from largest to smallest, were gross retirement income (up 6.0\% from 2017), partnership income (a o.3\% decrease from 2017), net capital gains ( $0.6 \%$ increase), net business profits ( $5.6 \%$ increase), $S$ corporation income ( $17.7 \%$ increase), dividends ( $6.8 \%$ increase), and a residual category, that includes interest, (8.9\%).
- Exemptions and deductions - The total value of exemptions was $\$ 11.4$ billion, and the total value of deductions was $\$ 12.9$ billion. (The property tax deduction is noted separately below.) Deductions increased by $1.9 \%$ and exemptions increased by $0.2 \%$ between 2017 and 2018. Exemptions increased by $2.3 \%$ per year during the prior four years. Deductions rose $6.8 \%$ per year over the same period. The largest deduction was the unreimbursed medical expense deduction (\$10.7 billion); it rose by $1.5 \%$ in 2018. The alternative business calculation adjustment, given full phase-in in 2017, increased by $5.7 \%$. Deductions growth exceeded exemptions growth primarily because of strong in these two major deduction categories. Since exemptions are driven by demographic variables that are not subject to much annual variation, exemptions were relatively
constant. The dependent categories (children and others) fell by respective amounts of $1.2 \%$ and $2.4 \%$. The larger exemptions (regular and dependent children) were unable to offset the stronger growth tendencies of the larger deductions (medical expenses, business losses).
- Taxable income - This category, pre-property tax deduction (see Table I.2a), grew by $3.8 \%$ to $\$ 372.7$ billion. The prior four years averaged $3.2 \%$ per year. New Jersey taxable income (post-property tax deduction) also grew by $3.8 \%$ to $\$ 359.9$ billion. It averaged $3.2 \%$ per year in the prior four years. The tax base increased in 2018 primarily because of similar growth rates in gross income and taxable incomes. Slower combined exemption and deduction growth (1.1\%) limited the effects of these subtractions from stronger growth in gross income (3.5\%). The rise in the taxes paid ceiling on the property tax deduction seems not to have affected any difference between the taxable incomes. Total property tax deductions increased $2.8 \%$ in 2018 to $\$ 12.9$ billion.
- Pre-credit liabilities - This category grew by $6.2 \%$ to $\$ 17.0$ billion during 2018. The prior four years' average growth was $4.2 \%$ per year. The 2.0 percentage point rise seems attributable to the new $10.75 \%$ bracket for returns reporting over $\$ 5,000,000$ in taxable income and slower growth in deductions and exemptions.
- Tax credits - Nonrefundable tax credits are comprised of the credit for income tax paid to other jurisdictions, the sheltered workshop tax credit, and the gold star credit. These credits amounted to $\$ 3.8$ billion in 2018 and grew by $2.4 \%$ over 2017. This is smaller than the prior four-year average annual growth $5.3 \%$ per year. This might reflect the new $10.75 \%$ bracket. Assuming constant state tax payments to other jurisdictions, growth in the schedule tax liability can turn the credit calculation in favor of the out-of-state tax payments or leave it the same. This reduces the increase in the credit and its growth rate. The refundable credits (Earned Income, property taxes paid, and Wounded Warrior) increased $4.2 \%$ to $\$ 528.0$ million.
- Net charged tax, which increased $7.3 \%$ to $\$ 12.7$ billion, is a product of weak credit growth, faster taxable income growth, the addition of a new taxable income bracket on the NJ1040, reduced Federal income tax rates and other changes in the Tax Cuts and Jobs Act, plus stagnant exemptions and deductions.

In addition to full-year residents, the other three types of income tax filers are part-year residents, non-residents, and fiduciaries. Including all four categories, the total number of tax returns filed were 4.99 million (a 1.3\% increase from 2017); the total amount of gross income reported was $\$ 453.5$ billion (a $4.1 \%$ increase); and the net tax liabilities increased from $\$ 13.6$ billion to $\$ 14.7$ billion (an $8.0 \%$ increase).

Lastly, taxpayer behavior seems to have been impacted in numerous ways by federal income tax law changes under the Tax Cuts and Jobs Act and by the addition of a new State tax bracket for returns reporting more than $\$ 5,000,000$ in taxable income. These impacts are noted in the following discussion.

# Guide to the Statistics of Income Report 

This Guide has five parts: (1) Overview, (2) Gross Income and Its Components, (3) Exemptions and Deductions, (4) Credits and Net Charged Tax, and (5) Filing Types.

## Overview

Figures 1 and 2 provide a visual overview of New Jersey's Gross Income Tax, focusing on full-year resident returns. Circles represent dollar amounts of different sizes (the larger the circle, the bigger the amount), color-coded by category. Figure 1 covers data from the first two pages of the NJ-1040 tax form, and Figure 2 covers data from the third page.

In Figure 1, gross income and its components are displayed in purple. Exemptions, deductions, and exclusions are in blue. Taxable income is in red, and tax before credits is in green.

The total New Jersey gross income (line 29 of the NJ-1040 tax return form) was $\$ 394.2$ billion. It is represented by a large purple circle.

The smaller surrounding purple circles break this total into its constituent components (lines 15-26 on the tax form). The largest component by far is employee compensation (line 15), which comes to $\$ 289.5$ billion, or about 70.9\% of total income.

The other components, from largest to smallest, are gross retirement income ( $\$ 30.2$ billion, line 20a), partnership income ( $\$ 24.8$ billion, line 21), net capital gains ( $\$ 15.8$ billion, line 19), net profits from business ( $\$ 15.2$ billion, line 18), S corporation income ( $\$ 15.1$ billion, line 22), dividends ( $\$ 8.5$ billion, line 17), miscellaneous income ( $\$ 2.97$ line 26), taxable interest income ( $\$ 2.95$ billion, line 16a), net income from rents, royalties, patents, and copyrights ( $\$ 1.9$ billion, line 23), alimony received ( $\$ 0.8$ billion, line 25), and net gambling winnings ( $\$ 0.4$ billion, line 24). The sum of these components plus employee compensation equal total income ( $\$ 408.1$ billion). Subtraction of the retirement income exclusions ( $\$ 20.6$ billion) and adding back excess exclusions ( $\$ 6.7$ billion) gives New Jersey gross income of $\$ 394.2$ billion.

Taxpayers then subtracted $\$ 24.4$ billion in exemptions and deductions (large blue circle, and line 36 ). The result is taxable income (line 37 ) of $\$ 372.7$ billion. Figure 1 is simplified by collapsing all subtractions from gross- and taxable income in deriving New Jersey taxable income. The exemptions (upper blue circles) are tallied on lines 6-12 of the tax form, then converted into dollar amounts on line 30, as follows: the regular exemption (line 6) is $\$ 1,000$ for each taxpayer. The exemption for dependents (lines 10 to 12 ) is $\$ 1,500$ each for dependents not in college, and $\$ 1,000$ each for dependents in college. Additional exemptions for the aged ( 65 or over), and the blind or disabled are also $\$ 1,000$ each. The veterans' exemption is $\$ 3,000$ each. Total exemptions sum to $\$ 11.4$ billion. Deductions include unreimbursed medical expenses (line 31 ), and four other items (lines 32-35): alimony paid, qualified conservation contributions, health enterprise zones, and alternative business calculation adjustments. The largest deduction in return year 2018 was unreimbursed
medical expenses, at $\$ 10.7$ billion. Total deductions were $\$ 12.9$ billion. The property tax deduction is based on the first $\$ 15,000$ of property taxes paid by homeowners or imputed at a rate of $18 \%$ of rent paid by tenants on their principal residence. It is determined by calculating the pre-credit tax based on line 41 with- and without the deduction. If the difference in pre-credit taxes exceeds $\$ 50$ (or $\$ 25$ for people filing separate), the property tax deduction is taken. It is a function of both spending and how pre-credit liabilities are affected. In 2018, total property tax deductions were $\$ 12.9$ billion.

Gross income was ultimately reduced by $\$ 11.4$ billion in exemptions and $\$ 12.9$ billion in non-property tax deductions to obtain a taxable income of $\$ 372.7$ billion. Since negative income entries are not permitted on the return, gross income was reduced by, at most, $\$ 24.4$ billion. Next, taxable income was reduced property tax deductions worth $\$ 12.9$ billion indicates a New Jersey taxable income amount of $\$ 359.9$ billion (red circle). Zeroing out negative income entries raises the sum of individual incomes to the above figure. The diagram visually collapses the two-step process into a more simplified presentation. It is based on the subtraction of exemptions and deductions (to taxable income) and then property tax deductions (to New Jersey taxable income). Additionally, the sum of exemptions and deductions plus the property tax deduction totals $\$ 37.3$ billion. This number is subject to rounding error. See Note 5 .

Once they have calculated their New Jersey taxable income, filers use the NJ-1040 Tax Table or one of the NJ-1040 Tax Rate Schedules to calculate tax before credits (green circle, and line 41). Total pre-credit tax was $\$ 17.0$ billion.

## Figures I \& 2: Income and Tax Calculations, 2018 Full-Year Residents

The State tax rates for single and married separate filers were as follows:

- $1.4 \%$ on the first $\$ 20,000$ of taxable income
- $1.75 \%$ on taxable income from $\$ 20,000$ to $\$ 35,000$
- $3.5 \%$ on taxable income from $\$ 35,000$ to $\$ 40,000$
- $5.525 \%$ on taxable income from $\$ 40,000$ to $\$ 75,000$
- $6.37 \%$ on taxable income from $\$ 75,000$ to $\$ 500,000$
- 8.97\% on taxable income from \$500,000 to \$5,000,000
- $10.75 \%$ on taxable income above $\$ 5,000,000$ (new in 2018)

The tax rates for married, head-of-household, and widow(er) filers were:

- $1.4 \%$ on the first $\$ 20,000$ of taxable income
- 1.75\% on taxable income from \$20,000 to \$50,000
- 2.45\% on taxable income from \$50,000 to \$70,000
$\cdot 3.5 \%$ on taxable income from $\$ 70,000$ to $\$ 80,000$
- $5.525 \%$ on taxable income from $\$ 80,000$ to $\$ 150,000$
- $6.37 \%$ on taxable income from $\$ 150,000$ to $\$ 500,000$
- 8.97\% on taxable income from $\$ 500,000$ to $\$ 5,000,000$
- $10.75 \%$ on taxable income above $\$ 5,000,000$ (new in 2018)

Figure 2 illustrates how the tax before credits (line 41) becomes: first, the total tax due (the amount taxpayers owe the State) and then net charged tax (the amount the State can expect to receive). Net charged tax is not a line item on the tax form. It is equal to total tax due (line 52 ) minus the property tax credit (line 54 ) the Earned Income Credit (line 55) and the Wounded Warrior Caregivers Credit (line 60). These are refundable tax credits, which means that they have the potential to reverse the flow of revenue from the taxpayer owing the State to the State owing the taxpayer. ${ }^{1}$

[^0]Hence, net charged tax is a measure of how much taxpayers ultimately contribute to State revenue for the given tax year, inclusive of withholdings, estimated payments, and final payments and refunds. Credits forward have the potential to increase a refund or decrease estimated- or final payments, or even withholdings in a future return year.

After calculating their tax before credits (line 41), filers subtract nonrefundable credits (credit for income taxes paid to other jurisdictions (line 42), child and dependent care expense credit (line 44), sheltered workshop credit (line 46), and gold star credit (line 48) to obtain balance of tax (line 49). Use tax due on nontaxed purchases (line 50), and interest penalties on the underpayment of estimated tax (line 51$)^{2}$ are added to balance of tax to obtain total tax due (line 52).

The credit for income taxes paid to other jurisdictions represents approximately $\mathbf{2 2 . 2} \%$ of pre-credit tax liabilities, or $\$ 3.8$ billion. This indicates that New Jersey residents pay significant amounts in income taxes to other jurisdictions. Most of credit utilization is attributable to New Jersey residents who are required to pay income taxes to New York, since, many New Jersey residents work in that jurisdiction. New York does not have a reciprocal tax agreement with New Jersey, which implies all income earned by New Jersey residents in New York is subject to New York income tax. In contrast, because of the Pennsylvania-New Jersey Reciprocal Income Tax Agreement, most New Jersey residents who work in Pennsylvania do not have to pay Pennsylvania's income tax on wage income, and instead are required to pay New Jersey's income tax. However, unincorporated business income earned by New Jersey residents in Pennsylvania is taxable in Pennsylvania. Additionally, income earned in Pennsylvania municipalities is usually taxed at the local level. These local taxes on earned income also contribute to the size of the credit. Unlike the credit for income taxes paid to other jurisdictions, the use tax due on out-of-state purchases and the estimated tax underpayment penalty have a small impact on tax revenue.

Net charged tax is calculated by subtracting the refundable credits from total tax due (line 52). Since these credits are fully refundable, net charged tax is negative for some low-income taxpayers. Overall, net charged tax for full-year residents in Tax Year 2018 totaled $\$ 12.7$ billion. It rose by $7.3 \%$ from the 2017 figure of $\$ 11.8$ billion. ${ }^{3}$

## Gross Income and Its Components - Table I. 1

The remainder of this Guide presents a series of four tables, each with three or four panels. The first three tables focus on full-year residents, adding further precision and an historical dimension to the information presented in the Overview section, i.e., the components of New Jersey gross income (Table I.1a, Table I.1b), exemptions and deductions (Table I.2), and credits and net charged tax (Table I.3). The fourth table provides information about the other types of income tax filers besides full-year residents, i.e., part-year residents, nonresidents and fiduciaries.

Table I.1a covers gross income and its components, for the five return years from 2014 to 2018. The major income components are employee compensation (EC) and non-employee compensation income NCI). The latter component is split into:

- Capital income (KI) is comprised of interest, dividends, and net capital gains. Interest- and ordinary dividends income comes from federal Schedule B. Qualified dividends and capital gains-related income are taken from federal Schedule D. Capital losses are restricted to zero per State tax law.
- Unincorporated business income (UBI) is the sum of proprietorship income (adjusted federal Schedule C), partnership income, S-corporation income and net income from rentals, royalties, patents, copyrights, and estates. This group, excluding proprietorships, is derived from federal Schedule E. Income losses are zeroed out per New Jersey Tax law and some expenses from Schedule C might be adjusted.
- Gross retirement income (GRI) is receipts from pensions, annuities, individual retirement accounts and other retirement vehicles before exclusions.
- The other category is the sum of alimony received, net gambling winnings and a miscellaneous category.

Panel (a) reports money amounts, in billions of dollars and panel (b) reports average annual growth rates for the 2014 to 2016 period, the 2014 to 2017 period, 2016 to 2017 and 2017 to 2018. Panel (b) reports that total income grew by $2.2 \%$ per year between 2014 and 2016 and hit $6.2 \%$ in 2017 and dropped to $4.0 \%$ in 2018. Gross income followed a similar pattern of $2.2 \%$ per year for 2014 to 2016, peaked at $5.1 \%$ in 2017 and decreased to $3.5 \%$ in 2018. The primary difference between the aggregate measures is the increase in maximum retirement income exclusions, in 2017 (from \$20,000 to \$40,000 for joint returns) and 2018 ( $\$ 60,000$ for joint returns), which reduce gross income. They averaged $\$ 7.8$ billion from 2014 to 2016, and increased to $\$ 20.6$ billion by 2018. The exclusions seemed to exert a negative effect on gross income, as annual growth rates were smaller than those for total income in 2017 and 2018, but not in the 2014 to 2016 period.

Panel (b) of Table I.1b (below) indicates that employee compensation, as a share of total income held steady in the $71 \%$ to $72 \%$ range between 2014 and 2018. Non-compensation income showed a complimentary pattern: it ranged from about $28 \%$ of total income to $29 \%$ by 2018. The annual percent changes (Table I.1a) in employee compensation were similar to total income and is a consequence of the relative size of employee compensation. Non-compensation income seems more variable by year, in spite of a relatively constant total income share as component growth rates can exhibit larger swings than compensation. Non-compensation grew 0.4\% per year between 2014 and 2016, then 11.6\% in 2017, and 5.4\% in 2018.

KI seems to show more variation than other components of NCI. Per Table I.1a, the annual percent change of KI fell $7.2 \%$ per year in between 2014 and 2016, then increased by $34.4 \%$ in 2017, and fell 30 percentage points in 2018 to $4.4 \%$. The sharp swings in net capital gains income seem to drive this volatility. Gains fell $12 \%$ per year from 2014 to 2016 , then increased by $55.6 \%$ in 2017, and flattened to a negligible $0.6 \%$ in 2018. Dividends followed a similar, but less extreme pattern. Interest income was flat between 2014 and 2016, then grew $5.5 \%$ in 2017 and $21.3 \%$ in 2018. The recent spike in interest income is most likely a product of the Federal Reserve Board selling off bonds and other securities as it wound down the quantitative easing programs started the 2010s. Per Table I.1b, KI income ranges averages about 6.1\% of total income from 2014 to 2018. Despite the smaller relative size, it has the potential to be a determinant of total income. A lot of this ability is probably related to the trading in the equity- and credit markets.

UBI and GRI share characteristics that are similar to employee compensation. Panel (b) of Table I.1b shows that UBI comprised about $13.7 \%$ of total income between 2014 and 2018. It grew $5.2 \%$ per year between 2014 and 2016, then increased to $6 \%$ per year for 2017 and 2018. Proprietary income, partnership income, and S-corporation comprise over $96 \%$ of the business income sector. Gross retirement income averages a little over $7 \%$ of total income per Table I.1b. This account grew $3.5 \%$ per year between 2014 and 2016. The growth rate increased to $6.5 \%$ in 2017 and fell 0.5 percentage points in 2018 to $6.0 \%$. These latter income groups seem to
provide a counterweight to the effects of KI on NCI. The Other category seems inconsequential as it comprises $1.1 \%$ of total income and seems to exhibit growth rates that are below current inflation. NCI seems buoyed by GRI and UBI accounts. KI, particularly, capital gains, can reduce this constancy effect.

The above discussion indicates a u-shaped growth pattern that is comprised of offsetting compensation and non-compensation segments. Implicitly, the analysis assumes that the sum of the product of total income shares and growth rates of each component equals the growth of total income. Using the data in panels a through c in Table I.1b, this growth component sum equals $4.03 \%[0.709(0.035)+0.291(0.054)]$ for 2018, while the total income growth rate was calculated directly as $4.02 \%$. Using lagged component total income shares and current year component growth rates produces an estimated total income growth rate of 4.02\% [0.713(0.035) $+0.287(0.54)]$. This idea can be used to estimate the relative influence of various income components that sum to the growth rate of total income. The reader is referred to the note at the end of the chapter. 4/

Panel (d) of Table I.1b shows a decomposition of the total income growth rate per the formula described above and is plotted in Figure 3. An individual growth component measures the contribution of the income component in percentage points to the total income growth rate. Total income grew $4.0 \%$ in 2018. The EC growth component in 2018 added 2.5 percentage points to the total income growth rate in 2018. From panel (e), this contribution accounts for $61.6 \%$ of the percent change in total income from 2017 to 2018. The noncompensation income component shows a positive contribution 1.5 percentage points in 2018. This amounts to $38.4 \%$ of total income growth. The NCI components are as follows:

- Capital income's contribution was 0.3 percentage points comprised which accounts for $7.3 \%$ of the total growth rate of 4\%;
- UBI contributed o. 8 percentage points, or $20.3 \%$ of total income growth;
- GRI, with a component of $0.4 \%$ accounted for $10.8 \%$ of total income growth;
- Other income made a negligible contribution (o.1\%).
- Adding the non-compensation components gives the 1.5 percentage point contribution of NCI to the total growth rate of $4 \% .[38.4 \%=(7.3 \%+20.3 \%+10.8 \%+0.1 \%)]$
- This implies that most of the contribution to total income growth is EC-based, as the $2.5 \%$ growth component is consistent with $61.6 \%$ of the change in total income. Adding the percentage contribution of $61.6 \%$ and $38.4 \%$ accounts for all of the observed variation in total income.
Panel (e) of Table I.1b, as noted above, is the percent distribution of the component contributions displayed in panel (d). This statement is qualified by noting that this distribution is based on absolute values of income growth components. The intent is to recognize the growth contributions that are negative. For example, in 2015 capital income fell $8.2 \%$. Per panel (d), KI has a growth component contribution of $-0.5 \%$ that does not make sense, as growth shares should be positive regardless of the direction of growth. The actual contribution from panel (e) indicates KI accounted for $12.0 \%$ of the observed variation. Using a percent distribution of the absolute values of growth components avoids the offsetting of positive and negative components as shown in 2016 in Figure 3. The -0.4\% of KI offsets the effects of UBI, GRI, and other income and understates the relative size of NCI's contribution. Panel (e) shows the percent distribution of the absolute values of the growth components from Panel (d). The distribution that is based on absolute values is shown in Figure 4. The remainder of the income growth discussion will employ the absolute value approach.

Figure 3: Total Income Growth Components

Employee compensation accounted for almost two-thirds of (65.4\%) of changes in total income growth in 2015. This share fell to less than one-half of the total by 2017 (48.6\%), then increased to $61.6 \%$ by 2018. Noncompensation income accounted for a little over one-third (34.7\%) of total income growth in 2015. This figure rose to $51.4 \%$ in 2017 and fell back to a level similar, but slightly higher ( $38.5 \%$ ), than the 2015 level. The swings in the relative importance, particularly of compensation, might be associated with factors that obscure the influence of economic growth. Wage-based income usually changes in a steady pattern while non-wage income can be characterized in opposite terms. The economy was described as slowing down after 2017 so that the developments described above might be a product of factors that obscured some of the economic growth factors.

The Tax Cuts and Jobs Act, effective 1 January 2018, instituted, a 2.6 percentage point reduction in the top bracket rate for the federal income tax to $37 \%$ for returns reporting over $\$ 600,000$ in Federal taxable income. No changes in the long-term capital gains tax rates were made: they remained $0-15 \%$ with a ceiling of $20 \%$. This implies an increase in capital gains-related liabilities relative to those associated with ordinary income. One might say that the relative capital gains tax rate increased in 2018. An additional tax cut was a 20\% deduction of qualified business income. Qualified business income is mostly federal 1040 Schedules C and E income. This measure, other things equal, also reduced effective tax rates. Another important change was the constraint imposed on the itemized deduction for state and local taxes to at most $\$ 10,000$. The latter measure, other things equal, would increase the effective tax rate on federal adjusted gross income. At the State level, the $8.97 \%$ bracket rate was raised to $10.75 \%$ for returns reporting over \$5,000,000 in New Jersey taxable income. For NJ1040s, other things equal, almost all of the returns reporting between $\$ 500,000$ and $\$ 5,000,000$ taxable income benefitted from a 2.6 ( $=(37.0-39.6)+(8.97-8.97)$ ) percentage point reduction in the federal- and state rate changes. Returns above this $\$ 5,000,000$ limit were subject to a smaller reduction in the total top bracket rate: -0.82 (= (37.0-39.6)+(10.75-8.97)).

The year-to-year changes in the growth component associated with employee compensation were -21.6 (= 48.6\%-70.9) percentage points of total income growth in 2017. The 2018 change was in the opposite direction: +13.0 percentage points ( $=61.6-48.6$ ). In Figure 4, there is a sharp drop in the height of the blue bar (EC) in 2017 and a noticeable rise in 2018. This suggests employee compensation was more important in determining total income growth in 2018 than in 2017. It could be consistent with a shifting of employee compensation from 2017 to 2018. Per the rate changes noted above, affected taxpayers are motivated to report more (fewer) wages in 2018 (2017) in order to take advantage of the lower bracket rates in 2018. This might occur by taking bonuses (usually classified as wage income) after 31 December 2017 or taking a commission earned in 2017 after 31 December 2017. Another example involves taking sales commissions after 31 December 2017. This is probably more typical of taxpayers in the $\$ 500,000$ to $\$ 5,000,000$ taxable income range as their total bracket rate fell 2.6 percentage points while returns above $\$ 5,000,000$ realize a reduction that is less than one percentage point. It is reasonable to expect the shifting of wage income to be more prevalent in the $\$ 500,000$ to $\$ 5,000,000$ income group since these filers realize a larger rate reduction. Also, wage income is more prevalent in the $\$ 500,000$ to $\$ 5,000,000$ range.

The purported effects of the top bracket rate changes on NCI could be slightly different. The pattern for EC was U-shaped. However, the pattern of change for non-compensation income is an inverted U-shape: for 2016 the contribution averaged $29.7 \%$ of the total income growth rate. This share increased to $51.4 \%$ in 2017 and fell to $38.4 \%$ in 2018.

KI was described above as an important, but relatively smaller factor in driving the growth of total income. The rise in the relative (to ordinary income) capital gains tax rate prevails in 2017 and 2018, as investors probably anticipated a need to reorder their investment portfolios. The substitution effect would dictate a substitution of other assets for equities. This would be consistent with the large rise in capital gains (55.6\%) in 2017. It could also be consistent with the increase in the capital income component from $18.9 \%$ of total income growth in 2016 to $29.4 \%$ in 2017. Additionally, equity holders probably expected a significant rise in Treasury debt in 2018 to finance the revenue decreases associated with the net reduction in federal income tax revenue. During this time period the Federal Reserve Board was selling a lot of the debt it purchased during the quantitative easing period. These two factors imply a flooding of bonds into the credit markets. This results in, other things equal, a decrease in bond prices relative to equity prices. Investors probably avoided the stock price decrease in 2018 by selling some of their holdings in 2017 and buying Treasuries. This is consistent with the larger red bar segment in 2017 and a much smaller one in 2018 (Figure 4).

It is suspected the above $\$ 5,000,000$ taxable group was a more significant factor in the rise and decrease in the capital income growth component share to $7.3 \%$ in 2018. Interest income, while increasing by $21.3 \%$ in 2018 was offset by capital gains activity. One would have expected stronger dividends growth in 2018. However, dividend payments are expensed after corporate taxes and could be unaffected. Table I.1a shows dividends grew by $13.5 \%$ in 2017, but the growth decreased to $6.8 \%$ in 2018.

The UBI components (Table I.1.b) indicate an 11.4 point rise in the growth component from $2.3 \%$ in 2016 to $13.7 \%$ in 2017. In 2018, this component increased an additional 6.6 points to account for $20.3 \%$ of total income growth. In Figure 4, the height of the green segments gets larger each year after 2015. This implies a greater importance of UBI in determining the growth trend of total income. There seems to be an excess flow of proprietorship, partnership, S-corporation income or other Schedule E income from 2017 to 2018. This is consistent with the income shifting idea advanced earlier. This is probably the result of the changes in top bracket rates, but is also likely driven by the qualified business income deduction that was part of TCJA.

A much weaker case could be made for GRI, as some prospective retirees might have waited until 2018 to start collecting retirement income, whereas they might have been planning to start drawing pension-, or IRA-, or annuity income in 2017. However, given an aging population in New Jersey, the rise in the growth component of retirement income is also closely associated with the demographic factor: the retirement-age population share increases since 2004. The graph of the New Jersey senior population indicates at least a $2.5 \%$ per year growth rate in the senior population after 2010, and excluding 2020, the initial year of the pandemic. Finally, the other income sector seems insignificant.

In summary, the following conclusions are noted:

- Wage earners, unincorporated business owners, prospective retirees might have been motivated to take advantage of lower tax rates in 2018 and delayed reporting some 2017 income until 2018.
- Capital income, particularly capital gains while a strong contributor to income growth in 2017 decreased it relevance in 2018 as a contributor to total income growth. Treasury-related and Federal Reserve Board related considerations might have had an influence. Dividends seemed uninfluenced by the changes, while interest income increased a lot but from historically low levels.
- The variation of underlying components of total income could be linked to the effects of federal tax policy changes, accompanying federal financial policy, Federal Reserve Policy changes, and State top bracket rate changes in 2018.

## Exemptions and Deductions - Table I. 2

The panels in Table I. 2 break down exemptions and deductions for full-year residents. Panel I. 2 a provides money amounts, in millions of dollars. It shows that the total value of exemptions in 2018 was $\$ 11.4$ billion, and the total value of deductions was $\$ 12.9$ billion, for a total of $\$ 24.4$ billion.

The four most important exemptions or deductions are the deduction for unreimbursed medical expenses ( $\$ 10.7$ billion), regular exemptions ( $\$ 5.8$ billion), exemptions for dependent children ( $\$ 3.5$ billion) and alternative business calculation adjustment ( $\$ 1.4$ billion). The latter permits small businesses to deduct a given loss over a five-year period. These four write-offs account for $87.8 \%$ of total exemptions and deductions. The $1.1 \%$ increase in exemptions and deductions from 2018 is attributed to a reduction in the relative size of regular exemptions (-o.1 percentage points), and a 0.4 percentage point decrease in dependent children exemptions. These were offset by a 0.1 percentage point rise in the medical expense deduction and a 0.3 increase in the business loss deduction.

Panel I.2b provides exemptions and deductions as percentages of the total (\$24.4 billion). It shows that exemptions made up $50.6 \%$ of the total in 2014, while deductions made up $49.4 \%$. The share of deductions (which depend on expenditures) has gradually but steadily increased relative to the share of exemptions (which depend on demographic trends). That is, deductions grew from $49.4 \%$ of the total in 2014, to $53.1 \%$ in 2018. Exemptions have fallen from $50.6 \%$ in 2014 to $46.9 \%$ in 2018. Removal of the veteran exemption (new in 2017) forces the exemption share from $46.9 \%$ to $45.8 \%$, while deductions shares of the total fall from $53.1 \%$ to $54.2 \%$. The veterans' exemption did not reverse the trend just discussed.

Panel I.2c shows the average annual growth rates for 2014 to 2018 in total exemptions, total deductions, and the combined total. It shows that exemptions have grown slowly ( $1.7 \%$ per year), while deductions have expanded more quickly ( $5.6 \%$ on average). Together, they have grown at an average rate of $3.7 \%$. Total income grew $4.0 \%$ in 2018. Gross income increased (3.5\%) in 2018, given a partial offsetting effect of increased retirement income exclusions. Taxable income rose by $3.8 \%$ in 2018 because of relative importance of declining deductions (1.9\%) and stagnant exemptions (0.2\%). A $2.8 \%$ increase in the property tax deduction had a negligible effect on New Jersey taxable income. It can be concluded that stronger income growth (employee compensation, unincorporated business income, and gross retirement income) were not offset by subtractions from gross income and that exemptions and all deductions lost their effectiveness in reducing gross income.

## Credits and Net Charged Tax - Table I. 3

The panels in Table I.3a show by components how net charged tax is calculated for full-year residents. Panel I.3a displays money amounts, in millions of dollars. In 2018, taxable income was $\$ 372.7$ billion, as shown in Table I.2a. After subtracting property tax deductions of $\$ 12.9$ billion, New Jersey taxable income was $\$ 359.9$ billion, as shown in Table I.3a. Taxpayers determine their tax before credits (line 41) using the tax table or tax schedule supplied in the NJ-1040 instructions. Tax liability before credits was $\$ 17.0$ billion. After some taxpayers claimed credits for income taxes paid to other jurisdictions and other non-refundable credits, totaling

$\$ 3.8$ billion, the remaining balance of tax (line 49) was $\$ 13.2$ billion. The addition of Use Tax ${ }^{4}$ ( $\$ 1.7$ million) and estimated tax penalty ( $\$ 23.6$ million) gives the total tax due (line 52 ) of $\$ 13.2$ billion. Subtracting the property tax credit ( $\$ 44.8$ million) and the Earned Income Tax Credit ( $\$ 483.2$ million), the net charged tax totaled $\$ 12.7$ billion.

Panel I.3b provides average annual growth rates for the amounts in Panel a. It shows that in 2018, taxable income grew $3.8 \%$ (Table I.2a), and New Jersey taxable income also grew 3.8\%. Pre-credit tax liabilities grew by $6.2 \%$ in 2018, but the average annual growth from 2014 to 2017 was $4.2 \%$. This could be consistent with shifts of federal AGI, and as a result, New Jersey total income from 2017 to 2018. Also, the rise in the top bracket rate to $10.75 \%$ affected liabilities.

The slowdown in nonrefundable credits growth (i.e., income taxes paid to other jurisdictions) was $5.3 \%$ (2014 to 2017) to $2.4 \%$ (2018). The credit is the smaller of the out-of-state income weighted pre-credit tax ( $\mathrm{a}^{*} \mathrm{~S}$ ) and the taxes paid to the other jurisdictions. S is New Jersey pre-credit tax and a is the out-of-state income share. New York State and Philadelphia are among the larger sources of the credit. Philadelphia imposes a flat tax of about $3.5 \%$ on earned income. New York, at the higher income levels, because of the recapture mechanism is effectively a flat tax (or close to it) for high end taxpayers. Assuming that EC and UBI are fully withheld, or estimated taxes are overpaid (penalties are three points over the prime rate) then taxes paid to other jurisdictions should be greater than the allocated New Jersey liability, i.e., $\mathrm{a}^{*} \mathrm{~S}<=\mathrm{t}^{*}$ OJI. Note t is a single tax rate and OJI is the income earned in the other jurisdiction. Under these assumptions the credit

[^2]roughly equal to the allocated New Jersey liability. Given the income shifting described earlier, a higher NJ liability prevails which causes a rise in the credit.

The decrease in the credit growth rate in 2018 to $2.4 \%$ from $5.3 \%$ per year over the prior four years can be viewed as the net effect of TCJA being partially offset by a slower growing economy. Per the inequality (a*S $<=\mathrm{t}^{*} \mathrm{OJI}$ ), credit growth has an upper bound equal the growth rate of income earned in the other jurisdiction. Otherwise, the credit grows per the growth in pre-credit liabilities (S). This in turn is influenced by growth in macro-types of variables such as GDP or earned income in the region in which the other jurisdictions are located. The $2.4 \%$ decrease in the credit growth rate can be viewed as an average of federal- and State rate changes (among other things) and a slower growing economy. The latter influence pulled the higher growth rate to a lower level.

The decreased credit growth (2.4\%) results in a 2018 growth rate for balance of tax (7.1\%) that exceeds the 2014 to 2017 rate of $3.8 \%$. The growth rates for total tax and penalties are the same as the balance of tax, given the small relative size ( $\$ 25.3$ million) of the other taxes component.

Net charged tax accelerated by $7.3 \%$ in 2018; the prior four years it grew $3.3 \%$ per year. Refundable credits (Earned Income Credit and Property Tax Credit) grew by $4.2 \%$ in 2018. The Earned Income credit increased by 19.6\% per year between 2014 and 2017 due to a rise in the State credit rate from $30 \%$ to $40 \%$ of the federal credit between 2015 and 2017. The earned income credit and property tax credit probably had little influence on net charged tax because of its small size relative to balance of tax. Other things being equal, net charged tax was most likely affected by income growth.

Panel I.3c provides effective (i.e., average) tax rates, which are calculated by dividing a total amount of tax by a corresponding tax base. The upper panel uses gross income as the tax base, and the lower panel uses

New Jersey taxable income as the tax base. All else being equal, a larger tax base implies a smaller effective tax rate. For example, since gross income is a larger base than taxable income, the effective tax rates in the upper panel are lower than the effective tax rates in upper panel. The effective tax rates shown in the table for 2017 range from $3.0 \%$ (net charged tax divided by gross income) to $4.7 \%$ (tax before credits divided by New Jersey taxable income). All six types of effective tax rates are relatively stable over the five-year period: they are within $0.1 \%$ points of one another.

## Filing Types - Table I. 4

So far, this Guide has focused only on full-year residents. The panels of Table I. 4 broaden its scope by presenting summary information about the other three filing types: part-year residents, non-residents, and fiduciaries.

Table I.4a provides three key statistics for each filing type: the number of returns filed, gross income, and net charged tax. It shows that for Return Year 2018, New Jersey had approximately 4.2 million full-year resident returns, paying $\$ 12.7$ billion in net charged tax on $\$ 394.2$ billion of gross income. Meanwhile, there were 127.4 thousand part-year resident returns, which reported paying $\$ 235.2$ million in net charged tax on $\$ 7.3$ billion of gross income. There were also 435.6 thousand nonresident returns, which reported paying \$1.6 billion in net charged tax on $\$ 26.1$ billion of gross income earned in New Jersey. Finally, there were 87.3 thousand fiduciary returns, which reported paying $\$ 166.9$ million in net charged tax on $\$ 25.9$ billion of gross income. In total, there were 4.9 million returns, which together paid $\$ 14.7$ billion on $\$ 453.5$ billion of gross income. In the long run, this amount can be close to the State's income tax revenue net of refunds for income reported in 2018.

Panel I.4b gives each filing type's share of the total, for each of the three statistics. It shows that fullyear residents were the largest category by far: In 2018, they filed $86.7 \%$ of the total returns, earned $89.0 \%$ of the total gross income, and owed $86.7 \%$ of the total net charged tax. Non-residents were the second-largest category: they filed $8.9 \%$ of the returns, earned $5.9 \%$ of the gross income, and paid $10.6 \%$ of the net charged tax. Part-year residents were the third-largest group: they filed $2.6 \%$ of the returns, earned $1.6 \%$ of the gross
income, and paid $1.6 \%$ of the net charged tax. Finally, fiduciaries were the smallest group: they filed $1.8 \%$ of the returns, earned $3.4 \%$ of the gross income, and paid $1.1 \%$ of the net charged tax.

Panel I.4c converts these total numbers into year-over-year growth rates for all four filing types. It shows that in 2018, the number of returns grew by $1.3 \%$, gross income increased by $4.1 \%$, and net charged tax advanced by $8.0 \%$. Full-year residents grew less in 2018, o.8\%, relative to the $1.3 \%$ annual rate posted

between 2014 and 2017. Gross income reported in 2018 grew by 3.5\% and rose above the 2014 to 2017 increase by 0.3 percentage points. Net charged tax grew by $7.3 \%$ that exceeded the annual rate for 2014 to 2017 by 4.0 points. The higher liabilities growth could be consistent with some higher income returns affected by the $10.75 \%$ bracket and the income shifting activities described above from 2017 to 2018. Nonresident filings rose by $5.9 \%$ and exceeded the prior four year growth rate by 2.4 points. All-source gross income fell to $3.1 \%$ in 2018 from $7.6 \%$ in the four previous years. Income growth from New Jersey sources fell to 5.0\% from the 2014 to 2017 average of 6.2\%. Given the increase in net liabilities in 2018 of $9.2 \%$ that increased from the prior four year average, the new $10.75 \%$ bracket seemed effective. Part-year resident filings increased by $2.0 \%$ in 2018 that was off of the prior four year average by 2.6 percentage points. Reported gross income increased by 9.3 percentage points over the prior four year average of $4.2 \%$ and liabilities increased by $39.1 \%$.

This growth pattern is reflective of the income shifting activities of higher income returns described in the income section. It also probably includes the effects of the $10.75 \%$ rate effective in 2018.

Note 4.
Total income ( T ) is the sum of n income components $\left(\mathrm{C}_{\mathrm{i}}\right)$. An expression of the growth rate of total income $\left(\mathrm{g}_{\mathrm{T}}\right)$ is:

$$
\mathrm{g}_{\mathrm{T}}=\left[\left(\mathrm{C}_{1}+\ldots+\mathrm{C}_{\mathrm{n}}\right)-\left(\mathrm{C}_{1,-1}+\ldots+\mathrm{C}_{\mathrm{n},-1}\right)\right] / \mathrm{T}_{-1}
$$

Regrouping the difference in sums of total income components into sums of differences in individual components gives the following:

$$
\mathrm{g}_{\mathrm{T}}=\left[\left(\mathrm{C}_{1}-\mathrm{C}_{1,-1}\right)+\ldots+\left(\mathrm{C}_{\mathrm{n}}-\mathrm{C}_{\mathrm{n},-1}\right)\right] / \mathrm{T}_{-1} .
$$

Multiplication of each term by $\left(\mathrm{C}_{1,-1} / \mathrm{C}_{1,-1}\right)$ converts the above expression to a sum of the product

$$
\mathrm{g}_{\mathrm{T}}=\left[\left(\mathrm{C}_{1,-1} / \mathrm{T}_{-1}\right)\left(\mathrm{C}_{1}-\mathrm{C}_{1,-1}\right) / \mathrm{C}_{1,-1}+\ldots+\left(\mathrm{C}_{\mathrm{n},-1} / \mathrm{T}_{-1}\right)\left(\mathrm{C}_{\mathrm{n}}-\mathrm{C}_{\mathrm{n},-1}\right) / \mathrm{C}_{\mathrm{n},-1}\right]
$$

of the total income share of each component i lagged one year [ $\mathrm{a}_{\mathrm{i},-1}=\mathrm{C}_{\mathrm{i},-1} / \mathrm{T}_{-1}$ ] and the component i annual percent change $\left[\mathrm{g}_{\mathrm{i}}=\left(\mathrm{C}_{\mathrm{i}}-\mathrm{C}_{\mathrm{i},-1}\right) / \mathrm{C}_{\mathrm{i},-1}\right]$. The expression can be rewritten as

$$
g_{\mathrm{T}}=a_{1,-1} * g_{1}+\ldots+a_{n,-1} * g_{n}
$$

The total income growth rate is viewed as an average of total income component growth rates ( $\mathrm{g}_{\mathrm{i}}$ ) weighted by the lagged component income share ( $\mathrm{a}_{\mathrm{i}}$ ). Each term in the sum can be viewed as a contribution of component i to the total income growth rate.

## APPENDIX

## EXPLANATION OF TERMS, DATA SOURCES \& LIMITATIONS

New Jersey Resident Return is a return filed by a resident of New Jersey, defined in the New Jersey Gross Income Tax Act as:

Resident Taxpayer means an individual:

1. Who is domiciled in this State, unless he maintains no permanent place of abode in this State; maintains a permanent place of abode elsewhere, and spends in the aggregate no more than 30 days of the taxable year in this State; or
2. Who is not domiciled in this State but maintains a permanent place of abode in this State and spends more than 183 days of the taxable year in this State, unless such individual is in the Armed Forces of the United States.

Full-year Return is a return covering the applicable tax year. All returns in this report, outside the summaries, are full year New Jersey Resident returns.

Part-Year Resident Return is a resident return other than full year.
New Jersey Total Income is the sum of the following four income types:
Employee Compensation is salaries, wages, tips, fees, commissions, bonuses and other remunerations received for services rendered whether in cash or in property.

Interest is all interest received except that on obligations issued by New Jersey or any political subdivision or instrumentality thereof, or obligations which are free from State or local taxation under New Jersey law or Federal law.

Dividends mean any distribution of earnings or profits by a business.
Other Income is income of the following types:
(1) Net Profits from business.
(2) Income from distribution of property (except as exempted).
(3) Pension and annuity income except as exempted, to the extent proceeds exceed taxpayer contributions.
(4) Income from rents, royalties, patents, and copyrights.
(5) Gambling winnings.
(6) Income from estates or trusts.
(7) Income in respect of a decedent.
(8) Distributive share of partnership income.
(9) Alimony and separate maintenance (for the payee) but no child support payments.
(10) Rental value of a residence furnished by an employer or rental allowance paid by an employer to provide a home.
(11) Prizes and awards, except: scholarship and fellowship grants and New Jersey Lottery winnings.

Retirement Exclusion is allowed to taxpayers having at most $\$ 100,000$ gross income who are eligible for Social Security by reason of age (62 or more) or disability. It is of the following types.
(1) Pension exclusion - eligible taxpayers are entitled to exclude the following amounts of pension from New Jersey Gross Income:
(a) Up to $\$ 60,000$ on a joint return
(b) Up to $\$ 30,000$ if married filing separately
(c) Up to $\$ 45,000$ if single, head of household, or qualifying widow(er).
(2) An additional exclusion - eligible taxpayers having less than $\$ 3,000$ income from employee compensation, net profit from business and distributive share of partnership income are entitled to exempt additional income. The total exemption for (1) and (2) can be no more than the maximum amount mentioned in (1) for the appropriate filing status.
(3) Extra exclusions - eligible taxpayers not receiving Social Security or Railroad Retirement benefits who would be receiving such if they were enrolled in the system and were the proper age are allowed an extra \$3,000 exemption from New Jersey Gross Income. (\$6,000 if married filing jointly.)

Excess Retirement Exclusion is the amount by which retirement exclusion exceeds Total Income. It is a balancing entry.

New Jersey Gross Income is New Jersey Total Income minus Retirement Exclusion, but not less than zero.

## Exemptions Allowed are:

(1) Regular Exemption for each taxpayer and one for the taxpayer's spouse who does not file separately.
(2) Age Exemption for a taxpayer who is 65 years old or older and/or one for taxpayer's spouse who is 65 years old or older and who does not file separately.
(3) Blind or Disabled exemption for a taxpayer and/or one for blind or disabled spouse who does not file separately.
(4) Dependent exemption for each dependent of the taxpayer who qualifies as a dependent of the taxpayer for Federal Income Tax purposes.
(5) College exemption for each dependent child under age 22 attending, full time, a college or university.
(6) Veterans' exemption for each honorably discharged former service member.

New Jersey exemption allowance is $\$ 1,000, \$ 1,500$ for dependents, and $\$ 3,000$ for veterans.

## Deductions allowed are:

(1) Alimony and separate maintenance payment can be deducted to the extent to which they must be recorded as income by the payee.
(2) Medical and Dental Expenses of the taxpayer, spouse and dependents, unreimbursed, can be deducted to the extent that they exceed $2 \%$ of the taxpayer's gross income.
(3) Qualified conservation contribution is allowed for taxpayers who donate interests in land given to the state for conservation purposes and is the amount of the qualified conservation contribution for federal purposes.
(4) Excess exempt deduct is the amount by which a taxpayer's exemption allowances and deductions exceed that taxpayer's gross income. It is a balancing entry generated only in this report. Taxable returns with excess exempt deduct had entered liability less than rounded tolerance.
(5) Residential Property Tax Deduction is the amount of allowable residential property tax deducted from New Jersey Taxable Income by a homeowner or $18 \%$ of a tenant's rent paid in this state (up to a $\$ 10,000$ maximum).
(6) Health Enterprise Zone deduction is the amount allowed for eligible taxpayers engaged in providing "primary care" medical and/or dental
services at a qualified practice located in or within five miles of a designated Health Enterprise Zone (HEZ).
(7) Alternative Business Calculation Adjustment permits a partial deduction of losses for unincorporated business. Sources of the losses are proprietorships, partnerships, S Corporations, and income from rentals, royalties, patents, copyrights and carryforwards from prior return years. In 2018, 50 percent of allowable losses can be deducted.

Taxable Income is the difference between Gross Income and the sum of exemption allowances and deductions. It must be non-negative.

Minimum Income a single taxpayer or a married taxpayer filing separately with gross income not in excess of $\$ 10,000$ will not be subject to tax. A married couple filing jointly, a head of household, or a qualifying widow(er) with gross income not in excess of $\$ 20,000$ will not be subject to tax.

Tax before credits is calculated tax liability before reduction by applicable credits
for taxes paid to other jurisdictions and property taxes paid.
Residential Property Tax Credit is the amount of allowable credit for residential property owners or tenants who pay property tax in this state but who do not have enough taxable income to benefit from the deduction.

Other credit is credit against this tax allowed for the amount of any income or wage tax imposed by another State, or political subdivision thereof, or by the District of Columbia, on income subject to this tax.

Child and Dependent care expenses is credit against tax before credits for expenses related to child- or other dependent care. It is calculated as a percentage of the Federal dependent care credit for returns reporting at most $\$ 60,000$ in New jersey taxable income.

New Jersey Earned Income Tax Credit is 37\% of the Federal Earned Income Tax Credit. It is available only to taxpayers with dependents who have NJ Gross Incomes of $\$ 20,000$ or less.

Balance of Tax is pre-credit liabilities less non-refundable credits. It is nonnegative. Non-refundable credits are comprised of credits for income taxes paid to other jurisdictions and the sheltered workspace credit.

Net Charged Tax is balance of tax less refundable credits plus actual other taxes. Refundable credits are comprised of the Earned Income Credit, the property tax credit. Other taxes are estimated tax penalties (2210) plus sales and use tax due on out-of-state and internet purchases.

Taxes withheld come from the W-2 forms enclosed with returns.
Estimated payments are paid with declarations of estimated tax.
Balance Due returns are returns for which tax after credits exceeds the sum of taxes withheld, credit approved carryforward, and estimated payments.

Overpayment returns are returns for which withholdings, credits, and estimated payments exceed tax after credits.

Gubernatorial Election Fund: taxpayers could designate $\$ 1$ of their tax liability ( $\$ 2.00$ on a joint return) to be applied to the Gubernatorial Election Fund.

Cash payments was indicated when a payment was sent either with the return or after the return.

Refund was indicated only when a refund was sent by the State to the taxpayer.
Credit approved is the amount of overpayment the taxpayer wished to be credited against the next year's tax.

Accounts Receivable is indicated when the taxpayer has not paid the total tax liability.

Accounts Payable is indicated when the taxpayer's overpayment exceeds the sum of credit approved and refund.

Taxable and Nontaxable Returns: taxability or non-taxability was determined by the presence or absence of net charged tax.

Returns with at Least One Aged 65+: those for which at least one exemption for age was taken.

Married Taxpayers and Single Taxpayers: is determined by the filing Status.

## DATA SOURCES

Data in this report were based on the Division of Taxation Gross Income Tax File for return year 2018, which contained records of the tax transactions of individual income taxpayers. This Individual Master File reflected any correction made during revenue processing or any taxpayer or Division of Taxation initiated changes made prior to early spring 2020. Resident, nonresident, and fiduciary files were extracted by 1 April 2020.

## DATA LIMITATIONS

The accuracy of the data was affected by any taxpayer reporting errors, as well as any errors introduced in processing the data even though efforts were made throughout the revenue processing system to eliminate such errors.

A preliminary check of the tax return data was performed by tax examiners prior to transcribing the return to computer disk. For instance, if the taxpayer forgot to enter on the return total wages shown on Form W-2, the tax examiner entered this figure onto the return.

After a return record was first transcribed and entered onto tape, but before it was posted to the Individual Master File (IMF), it was subjected to validity and mathematical verification tests. The validity tests were a series of checks on the internal consistency of the return records. As examples, if an amount was shown for refund, but none for withholding; if tax withholding was greater than total wages; or if the number of exemptions claimed was inconsistent with the marital status or number of taxpayer names shown--then the return record was considered invalid and was read out for comparison with the return and correction.

If it could not be corrected, correspondence with the taxpayer was initiated. Once the discrepancy was resolved, the corrected data was entered onto the IMF. Mathematical verification involved a re-computation of tax liability in order to
verify balance due or refund requested on the basis of the income, marital status, deduction, and exemption data given by the taxpayer. If the recomputed tax liability differed from that indicated on the return record, the record was also read out for correction or for correspondence with the taxpayer. Corrections made by the tax examiners during examination of the return or as a result of the validity or mathematical verification test are reflected in the tabulations.

As you file your return, look for the "New for 2018" graphic throughout the instructions, which highlights this year's tax changes. I also want to point out some of the changes that may benefit you:

- Retirement Income Exclusion. The pension and/or other retirement income exclusion amount is being increased over a four-year period. This year, you may be eligible to exclude up to $\$ 60,000$ of retirement income - a 50 percent increase over last year. See page 21 for more information.
- Earned Income Tax Credit. Under a new law, the New Jersey Earned Income Tax Credit increases to 37 percent of the federal earned income credit for 2018 in the first of three scheduled increases. See page 39 for more information.
- Property Tax Deduction. A new law increases the maximum amount qualified homeowners and tenants are eligible to deduct for property taxes paid during the calendar year from $\$ 10,000$ to $\$ 15,000$. See page 25 for more information.
- Child and Dependent Care Credit. A new Child and Dependent Care Credit may benefit eligible resident taxpayers who are also allowed a federal credit for expenses incurred for the care of one or more qualifying individuals. The New Jersey tax credit is a percentage of the taxpayer's federal child and dependent care credit. The amount varies according to the amount of the taxpayer's New Jersey taxable income. See page 36 for more information.
- Wounded Warrior Caregivers Credit. The Wounded Warrior Caregivers Credit is for family caregivers of qualifying armed service members with physical disabilities. A qualified family caregiver is eligible for a credit equal to 100 percent of the federal veteran disability compensation, or $\$ 675$, whichever is less. See page 40 for more information... and thank you for your service.

* A home is not permanent if it is maintained only for a temporary period to accomplish a particular purpose (e.g., temporary job assignment). A home used only for vacations is not a permanent home.

New Jersey Residents Working/Living Abroad. Use the chart, "Which Form to File," above to determine if you are considered a New Jersey resident for tax purposes. New Jersey residents working or living abroad have the same filing and payment requirements as residents living in New Jersey.

Part-Year Residents. There is no part-year resident return. You may have to file both Form NJ-1040 to report income you received for the part of the year you were a resident and Form NJ-1040NR if you had income from New Jersey sources for the part of the year you were a nonresident.

## Things to Know Before You Begin Your 2018 NJ-1040

Check the following items to avoid mistakes that delay returns and refunds.

## When to File

In general, your New Jersey Income Tax return is due when your federal income tax return is due. If you are a calendar year filer, your 2018 New Jersey Income Tax return is due by April 15, 2019. Fiscal-year filers, see page 6.

## Postmark Date

All New Jersey Income Tax returns postmarked on or before the due date of the return are considered filed on time. Tax returns postmarked after the due date are considered filed late. If the postmark date on your return is after the due date, the filing date for that return is the date we received your return, not the postmark date.

## Extension of Time to File

There is no extension of time to pay your tax due - only to file. Penalties and interest will be charged if you pay your tax after April 15, 2019. (Military personnel and civilians providing support to the Armed Forces, see page 44.)

You can receive a six-month extension of time to file if you pay at least $80 \%$ of your tax liability (Line 43) through withholdings, estimated payments, or other payments by the original due date, and

- You enclose a copy of your federal Application for Automatic Extension, if filed by paper, and fill in the oval on the front of your NJ-1040; or
- You file Form NJ-630, Application for Extension of Time to File New Jersey Gross Income Tax Return, by April 15, 2019. You can file an extension application online until 11:59 p.m., April 15, 2019, at www.njtaxation.org, or use the NJ-630 provided at the front of this booklet.

If you do not meet the requirements for an extension, or you do not file your return by the extended due date, we will deny your extension request and charge penalties and interest from the original due date of the return. (See "Penalties and Interest" on page 43.) You will not receive an approved copy of your extension request. We will notify you only if we deny your request, but not until after you actually file your return.

## Filling Out the Form Properly

- Use only a 2018 return for the 2018 Tax Year.
- Use only blue or black ink.
- Enter last name first on the return. This is different from the federal return.
- Use "State Wages" from Box 16 of your W-2, not federal wages (Box 1).
- Do not use dollar signs or dashes.
- Do not report a loss on Form NJ-1040 (see page 8).
- If a line does not apply to you, leave it blank. There is an exception for Use Tax, Line 50. See page 37.
- To request a refund, you must enter an amount on Line 75.

## Rounding

Instead of making dollars-and-cents entries on your return, you can round and use whole dollar amounts. If you round, do so for all lines, and enter " 00 " after the decimal for cents.

Round amounts of 50 cents or more up to the next whole dollar. For example, $\$ 26.78$ becomes $\$ 27.00$.
Round amounts of less than 50 cents down to the next whole dollar. For example, $\$ 13.45$ becomes $\$ 13.00$.
Round the total, not the amounts used to calculate the total. For example, the sum of $\$ 13.45$ and $\$ 46.24$ is $\$ 59.69$, which becomes $\$ 60.00$.

## Terms to Know

Domicile. A domicile is the place you consider your permanent home - the place where you intend to return after a period of absence (e.g., vacation, business assignment, educational leave). You have only one domicile, although you may have more than one place to live. Your domicile does not change until you move to a new location with the intent to establish your permanent home there and to abandon your New Jersey domicile. Moving to a new location, even for a long time, does not change your domicile if you intend to return to New Jersey. Your home, whether inside or outside New Jersey, is not permanent if you maintain it only for a temporary period to accomplish a particular purpose (e.g., temporary job assignment).

Principal Residence. A principal residence is a home you own or rent and actually occupy as your permanent residence. It does not include a vacation home, a "second home," or property you own and rent to someone else.

Spouse/Civil Union Partner. The term spouse also refers to a spouse who entered into a valid same-sex marriage in another state or foreign nation and a partner in a civil union (CU) recognized under New Jersey law.

## Line-by-Line Instructions

## Name and Address

Place the peel-off label from the front of this booklet in the name and address section at the top of the return. Do not use the label if any of the information is incorrect. If it has incorrect information or you do not have a label, print or type the information in the spaces provided. If you are filing jointly, include your spouse's name. Your refund and next year's form will be sent to the address you provide.

New for
2018 Foreign Address. Fill in the oval if your mailing address is outside the United States.
Change of Address. Fill in the oval if your address has changed since you last filed a New Jersey return or if any of the address information on your label is incorrect.

## Social Security Number

You must enter your Social Security number in the boxes provided on the return, one digit in each box. If you are filing jointly, enter both filers' numbers in the same order as the names.

If you (or your spouse) do not have a Social Security number, contact the Social Security Administration to apply for one. If you are not eligible for a Social Security number, contact the Internal Revenue Service to get an Individual Taxpayer Identification Number (ITIN). If you (or your spouse) applied for but have not received an ITIN by the return due date, enclose a copy of your federal Form W-7.

## County/Municipality Code

Enter the four-digit code of your current residence from the table on page 50 . Enter one digit in each box.

## Federal Extension Filed

Fill in the oval if you filed a federal Application for Automatic Extension.

## Enclose <br> Enclose a copy of the federal extension request with your return if you filed it by paper.

For more information on extensions, see page 4.

## Part-Year Residents

If you were a New Jersey resident for only part of the year, list the month and day in the tax year your residency began and the month and day in the tax year it ended. For example, if you moved to New Jersey August 4, 2018, enter 08/04/18 to 12/31/18.

You must file a return if your income for the entire year (not just your period of New Jersey residency) was more than the filing threshold for your filing status (see page 3). Only report income you earned while a New Jersey resident.

You must prorate exemptions, deductions, credits, pension, and other retirement income exclusions based on the number of months you were a New Jersey resident. For this calculation, 15 days or more is considered a month. If you received income from a New Jersey source while you were a nonresident, you must also file a New Jersey nonresident return.

## Fiscal Year Filers

If you are a fiscal year filer, you must file your New Jersey Income Tax return by the 15 th day of the fourth month following the close of the fiscal year.

Enter the month that your fiscal year ends in the boxes provided.

## Lines 1-5 - Filing Status

In general, you must use the same filing status as you do for federal purposes. Fill in only one oval.
Single. Your filing status is single if you were not married or a partner in a civil union on the last day of the tax year, and you do not qualify to file head of household or qualifying widow(er)/surviving CU partner.

Married/Civil Union Couples. If you are married and file a joint federal return, you must also file a joint New Jersey return. If you file separate federal returns, you must also file separate State returns. However, if you are a partner in a civil union, your filing status for New Jersey may not match your federal filing status.

If during the entire tax year one spouse was a resident and the other a nonresident, the resident can file a separate New Jersey return. The resident calculates income and exemptions as if a federal married, filing separate return had been filed. You have the option of filing a joint return, but in that case, your joint income would be taxed as if you both were residents.

If you are filing separately, enter your spouse's Social Security number in the boxes provided.
Note: You can file jointly or separately only if you were married or a partner in a civil union on the last day of the tax year.
Head of Household. You can use this filing status if you meet the requirements to file as head of household for federal purposes. For more information, visit the IRS website at www.irs.gov.

Qualifying Widow(er)/Surviving CU Partner. You can use this filing status if your spouse died in 2016 or 2017 and you meet the requirements to file as Qualifying Widow(er) with Dependent Child for federal purposes. For more information, visit the IRS website at irs.gov.

Fill in the oval indicating the year in which your spouse died.
Civil Unions. Partners in a civil union must file their New Jersey Income Tax returns using the same filing statuses as spouses under New Jersey Gross Income Tax Law. If you are a partner in a civil union, your New Jersey filing status may not match your federal filing status.

For more information, see Tax Topic Bulletin GIT-4, Filing Status.

## Exemptions - Lines 6-12

Fill in the ovals that apply. For each line, enter a total in the boxes to the right and complete the calculation. The number of exemptions you are claiming must be entered in the boxes or the exemption(s) will be disallowed. The number of ovals filled in must equal the number of exemptions claimed.

## Line 6 - Regular Exemptions

You can claim a $\$ 1,000$ exemption for yourself and your spouse/CU partner (if filing a joint return) or your Domestic Partner.
Note: The domestic partnership must be registered in New Jersey by the last day of the tax year. You can only claim your domestic partner if he or she does not file a New Jersey return. You must enclose a copy of your Certificate of Domestic Partnership the first time you claim the exemption.

## Line 7 - Senior 65+

You can claim a $\$ 1,000$ exemption if you were 65 or older on the last day of the tax year (born in 1953 or earlier). If you are filing jointly, your spouse can take a $\$ 1,000$ exemption if he or she was 65 or older on the last day of the tax year. You cannot claim this exemption for your domestic partner or dependents.

You must enclose proof of age such as a copy of a birth certificate, driver's license, or church records the first time you claim the exemption(s).

## Line 8 - Blind or Disabled

You can claim a $\$ 1,000$ exemption if you were blind or disabled on the last day of the tax year. If you are filing jointly, your spouse can take a $\$ 1,000$ exemption if he or she was blind or disabled on the last day of the tax year. You cannot claim this exemption for your domestic partner or dependents.

You must enclose a copy of the doctor's certificate or other medical records evidencing legal blindness or total and permanent disability the first time you claim the exemption(s).

## Line 9 - Veteran Exemptions

You can claim a $\$ 3,000$ exemption if you are a military veteran who was honorably discharged or released under honorable circumstances from active duty any time before the last day of the tax year. If you are filing jointly, your spouse can also take this exemption if he or she is a military veteran who meets the requirements. You cannot claim this exemption for your domestic partner or dependents.

You must provide official documentation showing that you were honorably discharged or released under honorable circumstances from active duty the first time you claim the exemption(s). Your documentation must list your character of service (discharge).

A list of acceptable documentation and ways to submit it is available on our website at www.njtaxation.org.

## Line 10 - Qualified Dependent Children

You can claim a $\$ 1,500$ exemption for each child who qualifies as your dependent for federal tax purposes.

## Line 11 - Other Dependents

You can claim a $\$ 1,500$ exemption for each other dependent who qualifies as your dependent for federal tax purposes.

## Line 12 - Dependents Attending Colleges

You can claim an additional $\$ 1,000$ exemption for each dependent student if all the requirements below are met. You cannot claim this exemption for yourself, your spouse, or your domestic partner.

- Student must be claimed as a dependent on Line 10 or 11 .
- Student must be under age 22 on the last day of the tax year (born 1997 or later).
- Student must attend full-time. Full-time is determined by the school.
- Student must spend at least some part of each of five calendar months of the tax year at school.
- The educational institution must be an accredited college or post-secondary school, maintain a regular faculty and curriculum, and have a body of students in attendance.
- You must have paid one-half or more of the tuition and maintenance costs for the student. Financial aid received by the student is not calculated into your cost when totaling one-half of your dependent's tuition and maintenance. However, the money earned by students in College Work Study programs is income and is taken into account.

## Line 13 - Total Exemption Amount

Add the amounts on Lines 6 through 12 and enter the total. Add the amounts from the lines, not the numbers in the boxes.

## Line 14 - Dependent Information

Enter the full name, Social Security number, and birth year for each dependent child or other dependent you claimed on Line 10 or 11. Fill in the oval for each dependent who does not have health insurance coverage (including NJ Family Care/Medicaid, Medicare, private, or other health insurance) on the date you file the return.

Enter the same Social Security number, Individual Taxpayer Identification Number (ITIN), or Adoption Taxpayer Identification Number (ATIN) for each dependent that you entered on your federal return. If you do not provide a valid Social Security number, ITIN, or ATIN for a dependent, the exemption will be denied.

If you have more than four dependents, enter the information for your first four dependents on the lines provided. Enclose a statement listing the information for your additional dependents.

Note: If you qualify for the New Jersey Earned Income Tax Credit (see instructions for Line 56) and you listed a "qualifying child" on your federal Schedule EIC who is not claimed as your dependent for New Jersey purposes, you must enter the child's name, Social Security number, and birth year.

## Income Lines 15-26

Gross income means all income you received in the form of money, goods, property, and services unless specifically exempt by law. You must report taxable income from everywhere, whether from inside or outside the State (worldwide). Report all income on the proper lines. For example, do not enter pension income on the wage line.

Accounting Method. Use the same accounting method for New Jersey Income Tax that you used for federal income tax purposes. Income must be recognized and reported in the same period as it is recognized and reported for federal purposes.

Reporting Losses. If you have a net loss in any category of income, remember the following:

- You cannot report a loss on your NJ-1040 (e.g., in parentheses or as a negative number).
- You can net losses with gains in the same category of income. For example, you can subtract gambling losses from gambling winnings during the tax year.
- You cannot apply a net loss in one category of income against income or gains in a different category on your NJ-1040. For example, you cannot subtract gambling losses from your wages.
- If you have a net loss in any income category, make no entry on that line of your NJ-1040. Do not enter zero. Do not enter the amount of the loss in parentheses or as a negative number.
- No carryback or carryover of losses is allowed when reporting income on your NJ-1040.

Income Taxed by Another Jurisdiction. If you have income that is taxed both by New Jersey and another jurisdiction outside New Jersey, you may be eligible for a credit against your New Jersey tax. (See instructions for Line 42.)

## Line 15 - Wages, Salaries, Tips, etc.

Enter the total of State wages, salaries, tips, bonuses, commissions, etc. from all employment both inside and outside New Jersey. Take the amount from Box 16 of your W-2 (see sample on page 11). If you were employed outside New Jersey, you may need to adjust your wages to reflect New Jersey tax law. Include all payments whether in cash, benefits, or property.

Retirement Plans. Under New Jersey law, contributions to retirement plans (other than $401(\mathrm{k})$ Plans) are included in State wages on the W-2 in the year the wages are earned. This may cause your State wages (Box 16) to be higher than your federal wages (Box 1).

Meals and/or Lodging. You can exclude meals and/or lodging reported as wages on your W-2 if:

1. The meals and/or lodging were provided on the business premises of your employer; and
2. The meals and/or lodging were provided for the convenience of your employer; and

For lodging only:
3. You were required to accept the lodging as a condition of your employment.

If you exclude the value of meals and/or lodging from your wages, you must enclose a signed statement explaining how you met these conditions. If you do not enclose the statement, your wages will be changed back to the full amount shown on your W-2.

New Jersey State Police officers cannot exclude food and maintenance payments received as part of their union contract. These payments do not meet the criteria above.

Employee Business Expenses. Employee business expenses are not deductible for New Jersey tax purposes. However, you can exclude reimbursements for employee business expenses reported as wages on your W-2 if:

1. The reimbursements are for job-related expenses;
2. You are required to and do account for these expenses to your employer; and
3. You are reimbursed by your employer in the exact amount of the allowable expenses.

If you received excludable reimbursements for employee business expenses that were included in wages on your W-2, enclose a statement explaining the amount you are excluding and your reasons. Also enclose a copy of your federal Form 2106.

Federal Statutory Employees. If you are considered a "statutory employee" for federal tax purposes, you cannot deduct your business expenses unless you are self-employed or an independent contractor under New Jersey law. The federal label of "statutory employee" has no meaning for New Jersey tax purposes. Business expenses can only be deducted from the business income of a self-employed individual. See the instructions for Schedule NJ-BUS-1, Part I (Net Profits From Business) on page 18.

Moving Expenses. Moving expenses are not, and have never been, deductible for New Jersey Income Tax purposes. Therefore, the treatment of moving expenses was not affected by the recent elimination of the deduction for federal purposes. The tax treatment of these expenses for New Jersey purposes remains the same.

You can, however, exclude reimbursements for the following moving expenses if you met the federal requirements to claim moving expenses that were in effect on December 31, 2017, and the expenses were included in wages on your W-2:

1. The cost of moving your household goods and personal effects from the old home to the new home.
2. The actual expenses you incurred for traveling, meals, and lodging when moving yourself and your family from your old home to your new home.

Reimbursements for any other moving expense cannot be excluded from income.
If you received excludable reimbursements for moving expenses that were included in wages on your W-2, enclose a statement explaining the amount you are excluding and your reasons.

Compensation for Injuries or Sickness. Certain amounts received for personal injuries or sickness are not subject to tax. You can exclude such amounts included as wages on your W-2 if:

1. The payments were compensation for wage loss that resulted from absence due to your injury or sickness; and
2. The payments were due and payable under an enforceable contractual obligation under the plan; and
3. The payments were not related to sick leave wage continuation, which is largely discretionary and payments are made regardless of the reason for absence from work.
If such payments are included in wages on your W-2, enclose Form NJ-2440.

## Enclose

If you paid taxes to another jurisdiction on wages entered on this line, see the instructions for Line 42.
Part-Year Residents. You must determine from each W-2 the portion of your "State wages, tips, etc." (Box 16) that you earned while you were a New Jersey resident. If your W-2 includes only wages you earned while you were a resident, use the amount from Box 16. If your employer did not separate your resident and nonresident wages on the W-2, you must apportion the amount in Box 16 according to the time you lived in New Jersey. Include only the actual amount you earned while you were a resident.

If the total amount reported on a W-2 is for income from an out-of-state source while you were a nonresident, do not include that income on your resident return.

## Sample W-2 (This form is for illustration only and is not reproducible.)

- Interest that was earned and paid to an estate or trust (other than a grantor trust). Report on Line 26.

Forfeiture Penalty for Early Withdrawal. If you incur a penalty by withdrawing a time deposit early, you can subtract the amount of the penalty from your interest income.

## Enclose <br> document

If Line 16a is more than $\$ 1,500$, enclose a copy of Schedule B, federal Form 1040.
Part-Year Residents. Include only the interest you received while you were a resident of New Jersey.

## Line 16b - Tax-Exempt Interest Income

Enter all of your tax-exempt interest, including the exempt portion of a distribution from a New Jersey Qualified Investment Fund. Do not include interest earned on your IRA(s) on this line. If you made a withdrawal from your IRA, see the instructions for Lines 20a and 20b.

For more information on tax-exempt interest income and New Jersey Qualified Investment Funds, see Tax Topic Bulletin GIT-5, Exempt Obligations.

If Line 16 b is more than $\$ 10,000$, you must enclose a listing of the amount received from each source. If the total of Lines 16 a and 16 b is different from the federal interest total, enclose a statement explaining the difference.

Part-Year Residents. Include only the interest you received while you were a resident of New Jersey.

## Line 17 - Dividends

Enter the dividends you received from investments (e.g., from stocks, mutual funds) or other income-producing activities that do not constitute a trade or business. The total taxable dividends received, regardless of where earned, must be reported.

Do not include on this line:

- Dividends that were earned and paid to a sole proprietorship, a partnership, or an S corporation. Report on Schedule NJ-BUS-1. For more information on reporting partnership or S corporation income, see Tax Topic Bulletin GIT-9P, Income From Partnerships, or GIT-9S, Income From S Corporations.
- Dividends that were earned and paid to an estate or trust (other than a grantor trust). Report on Line 26.

Capital Gains Distributions. Do not report capital gains distributions you received from mutual funds or other regulated investment companies on this line. Report this income on Line 2, Schedule NJ-DOP.

Tax-Free Distributions. A distribution that is a return of your investment or capital and does not come from earnings or profits is a nontaxable capital or tax-free distribution. These distributions reduce the basis of the stock or investment and are not taxable until your investment is fully recovered.

Insurance Premiums. Dividends you received from insurance companies are not taxable unless the amount you received is more than the premiums paid. Any interest from accumulated insurance dividends is taxable, and you must report it on Line 16a.

Part-Year Residents. Include only the dividends you received while you were a resident of New Jersey.

## Line 18 - Net Profits From Business

Complete Part I of Schedule NJ-BUS-1 and enter on Line 18 the amount from Line 4 of Part I. If the amount on Line 4 is a loss, make no entry on Line 18 . See instructions on page 18.

## Enclose

## Line 19 - Net Gains or Income From Disposition of Property

Complete Schedule NJ-DOP and enter the amount from Line 4. If the amount on Line 4 is a loss, make no entry on Line 19.

## Do not include on Schedule NJ-DOP:

- Gains/losses from the disposition of property owned by a sole proprietorship, a partnership, or an S corporation. Report on Schedule NJ-BUS-1.
- Gains/losses from the disposition of property owned by an estate or trust (other than a grantor trust). Report on Line 26.

## Enclose Enclose Schedule NJ-DOP with your return.

Enclose Schedule NJ-BUS-1 and a copy of the federal Schedule C (or C-EZ or F) for each business with your return.

## Schedule NJ-DOP <br> Net Gains or Income From Disposition of Property

Report your capital gains and income from the sale or exchange of property. You can deduct the expenses of the sale and your basis in the property from the sales price. In general, when calculating your gain or loss, you will use the cost or adjusted basis that you used for federal purposes. However, if you sold an interest in a partnership, a sole proprietorship, or rental property, you may be required to use a New Jersey adjusted basis. If you sold $S$ corporation shares, you must use your New Jersey adjusted basis.

Sale of Principal Residence. Capital gain is calculated the same way as for federal purposes. Any amount that is taxable for federal purposes is taxable for New Jersey purposes. You may qualify to exclude all or part of the gain from your income. For more information on reporting capital gains for the sale of a principal residence, visit the IRS website at irs.gov.

Installment Sales. You must report all gains from installment sales in the same year as they are reported for federal purposes. If the New Jersey basis is different from the federal basis, you must make a New Jersey installment sale calculation and report the New Jersey gain.

Depreciation and Expense Deduction. New Jersey and federal depreciation and expense deduction limits are different. A New Jersey depreciation adjustment may be required for assets placed in service on or after January 1, 2004. Complete the Gross Income Tax Depreciation Adjustment Worksheet GIT-DEP to calculate the adjustment.

Complete Liquidation. If you had an interest in a partnership, sole proprietorship, or $S$ corporation that sold or disposed of virtually all of its assets in conjunction with the complete
liquidation of the entity, you must report your portion of the gain or loss from the sale or disposition of those assets.

## Line 1: List of Transactions

List any New Jersey taxable transaction(s) as reported on your federal Schedule D, indicating the gain or loss for each transaction in Column f . In listing the gain or loss on disposition of rental property, you must take into consideration the New Jersey adjustment from Worksheet GIT-DEP, Part 1, line 6.

Do not include gains or losses from the sale of exempt obligations. See Tax Topic Bulletin GIT-5, Exempt Obligations.

There is no distinction between active and passive losses for New Jersey purposes. You cannot carry back or carry forward such losses when reporting income on Form NJ-1040. You can deduct federal passive losses in full in the year incurred against any gain within the same category of income, but only in the year that it occurred.

## Line 2: Capital Gains Distributions

Enter your capital gains distributions from Form 1099-DIV(s) or similar statement(s). Do not include capital gains from a New Jersey Qualified Investment Fund that are attributable to qualified exempt obligations or gains from mutual funds to the extent attributable to federal obligations. For more information on New Jersey Qualified Investment Funds, see Tax Topic Bulletin GIT-5, Exempt Obligations.

## Line 3: Other Net Gains

Enter the net gains or income less net losses from disposition of property not included on Lines 1 or 2 of Schedule NJ-DOP.

## Line 4: Net Gains

Part-Year Residents. Include only the amounts you received while you were a resident of New Jersey.

## Line 20a - Pensions, Annuities, and IRA Withdrawals

Retirement income such as pensions, annuities, and certain IRA withdrawals is taxable in New Jersey. The New Jersey taxable amount may be different from the federal amount. Enter the taxable portion on Line 20a.

Common types of taxable retirement income:

- Pensions from the private sector
- Federal, state, and local government, and teachers' pensions
- Keogh Plan distributions
- 401(k) Plan distributions
- Early retirement benefits
- Amounts reported as pension on Schedule NJK-1, Partnership Return Form NJ-1065
- Civil Service pensions and annuities, even if based on credit for military service. These are received from the U.S. Office of Personnel Management.

Common types of nontaxable retirement income (do not report on this return):

- Social Security benefits
- Railroad Retirement benefits
- Public or private disability pension benefits until the year you turn 65 . Beginning with the year you turn 65 , the benefits are treated as ordinary pension income.
- U.S. Military pensions and survivor's benefit payments (Most are received from the U.S. Department of Finance and Accounting Service.)

Part-Year Residents. Include only the taxable amounts you received while you were a resident of New Jersey.

## Types of Retirement Plans

Retirement plans are either noncontributory or contributory.
Noncontributory. You made no contributions to your plan. Amounts you receive from these plans are fully taxable. Enter the amount from your 1099-R on Line 20a.

Contributory (Other Than IRA). You made contributions to your plan. Contributions are usually made through payroll deductions and, in general, are taxed when they are made. Contributions made to a retirement plan (other than a $401(\mathrm{k})$ Plan) prior to moving to New Jersey are considered to have been previously taxed. These plans also may include employer contributions and earnings, which have not been taxed.

Since you have already been taxed on your contributions, you must determine which portion of your distribution is taxable and which is excludable. There are two methods of calculating the taxable and excludable amounts: Three-Year Rule Method and General Rule Method. To determine which method to use, complete Worksheet A on page 15 the year you begin receiving pension and annuity payments.

Note: If you received a distribution from a $401(\mathrm{k})$ Plan, do not complete Worksheet A. See the section on $401(\mathrm{k})$ Plans on page 17. If you made a withdrawal from an IRA, do not complete Worksheet A or B. Instead, complete Worksheet C. See the section on IRAs on page 17 .

## Worksheet A <br> Which Pension Method to Use

1. Amount of pension you will receive during the first three years ( 36 months) from the date of the first payment ..... 1.
2. Your contributions to the plan ..... 2.
3. Subtract line 2 from line 1 ..... 3.(a) If line 3 is " 0 " or more, and both you and your employer contributed to the plan, you can use the Three-Year Rule Method.(b) If line 3 is less than " 0 ," or your employer did not contribute to the plan, you must use the General Rule Method.
(Keep for your records)

Three-Year Rule Method. Use this method if you will recover all your contributions within 36 months from the date you receive your first payment from the plan, and both you and your employer contributed to the plan.

Do not report pension and annuity payments as income on Line 20a until you have recovered all of your contributions. Instead, report these amounts on Line 20 . Once you have recovered your contributions, the payments you receive are fully taxable and must be reported on Line 20a.

General Rule Method. You must use this method if you will not recover your contributions within 36 months from the date you receive your first payment from the plan or if your employer did not contribute to the plan. Part of your pension is excludable and part is taxable every year. The excludable amount represents your contributions. Complete Worksheet B in the year you receive your first payment from the plan and keep it for your records. You will need it for calculations in future years. Recalculate the percentage on line 3 of Worksheet B only if your annual pension payments decrease.

The federal actuarial tables are contained in the Internal Revenue Service's Publi-cation 939, General Rule for Pensions and Annuities. Contact the IRS for this publication. If life expectancy is not a factor underyour plan, the expected return is found by totaling the amounts to be received.

## Lump-Sum Distributions and Rollovers

When you receive a lump-sum distribution of the entire balance from a qualified employee pension, annuity, profit-sharing, or other plan, any amount that exceeds your previously taxed contributions must be included in your income in the year received. New Jersey has no provision for income averaging of lump-sum distributions. Report the taxable amount on Line 20a and the excludable amount on Line 20 b .

If you roll over a lump-sum distribution from an IRA or a qualified employee pension or annuity plan into an IRA or other eligible plan, do not report the rollover on Line 20a or 20b if it qualifies for deferral for federal tax purposes. The amount rolled over (minus previously taxed contributions) will be taxable when it is withdrawn.

## 401(k) Plans

1. Contributions made on or after January 1, 1984, were not taxed when they were made. If all of your contributions were made on or after that date, your distributions are fully taxable unless your contributions exceed the federal limit. If your contributions exceed the federal limit, you must calculate the taxable and excludable portions of your distributions using one of the methods described under contributory plans.
2. Contributions made before January 1, 1984, were taxed when they were made. If you made contributions before that date, you must calculate the taxable and excludable portions of your distributions using one of the methods described under contributory plans.

For more information on pension and annuity income, see Tax Topic Bulletin GIT-1, Pensions and Annuities.

## IRAs

Your IRA consists of contributions, earnings, and certain amounts rolled over from pension plans. In general, your contributions were taxed when they were made and are not taxable when you make a withdrawal. All the earnings and any amounts rolled over tax-free are taxable when withdrawn.

Use Worksheet C to calculate the taxable and excludable portions of your IRA withdrawal. If you made withdrawals from multiple IRAs, you can use a separate worksheet for each or combine all IRAs on one worksheet.

Lump-Sum Withdrawal. If you withdraw the total amount from an IRA, all the earnings and any amounts rolled over tax-free are taxable. You must report these amounts in the year you make the withdrawal.

Periodic Withdrawals. If you make withdrawals over a period of years, the part of the annual distribution that represents earnings is taxable. The amount taxable for New Jersey purposes may be different from the amount you report on your federal return.

For more information on IRA withdrawals, see Tax Topic Bulletin GIT-2, IRA Withdrawals.

## Roth IRAs

Your contributions to a Roth IRA were taxed by New Jersey when they were made. Distributions from a Roth IRA that meet the requirements of a qualified distribution are excludable. Do not include qualified distributions on Form NJ-1040. If you received a nonqualified distribution, you must report the earnings on Line 20a, and report the excludable portion on Line 20b. A distribution that is considered nonqualified for federal purposes is also considered nonqualified for New Jersey purposes.

If you converted an existing IRA to a rollover Roth IRA during Tax Year 2018, any amount from the existing IRA that would be taxable if withdrawn must be included on Line 20a.

For more information on Roth IRAs, see Technical Bulletin TB-44.

## Line 20b - Excludable Pensions, Annuities, and IRA Withdrawals

Enter the excludable portion of any distribution you received from a contributory pension, annuity, or IRA. This is the amount that represents your previously taxed contributions.

General Rule Method. Include the amount from Worksheet B, line 5.
IRA withdrawal. Include the amount from Worksheet C , line 8 . If you converted an existing IRA to a rollover Roth IRA, report the excludable portion on this line.

Lump-Sum Distribution. If you received a lump-sum distribution from a pension, annuity, or IRA, report the excludable portion on this line.

For more information, see Tax Topic Bulletin GIT-1, Pensions and Annuities, or Tax Topic Bulletin GIT-2, IRA Withdrawals.

## Property Tax Deduction/Credit for Homeowners and Tenants

If property taxes were paid (directly or through rent) on your principal residence (see "Terms to Know" on page 5) in New Jersey, you may qualify for either a Property Tax Deduction that reduces your taxable income, or a refundable Property Tax Credit. If you meet the eligibility requirements, complete Line 38a, and either Line 39 or 54.

Note: Contact your building manager or the municipal tax collector if you are not sure whether the place you live is subject to property taxes.

## Eligibility Requirements:

- You were domiciled and maintained a principal residence as a homeowner or tenant in New Jersey during 2018.
- Your principal residence, whether owned or rented, was subject to property taxes that were paid either as actual property taxes or through rent.
- If you rented your principal residence, it had its own separate kitchen and bathroom that you did not share with occupants of other units in the building.
- If your principal residence was a unit in a multiunit property you owned, the property had no more than four units, and no more than one of those was a commercial unit.
- Your income on Line 29 is more than the filing threshold amount for your filing status (see page 3). If you (and/or your spouse if filing jointly) were 65 or older or blind or disabled on the last day of the tax year and you were not required to file a return, see "Seniors or Blind/Disabled Persons Not Required to File Form NJ-1040" below.

You are not eligible for a deduction or credit:

- For a vacation home, second home, or any other property you do not reside in permanently.
- If you are a disabled veteran with a $100 \%$ exemption from property taxes on your principal residence. (However, if part of the property was rented to a tenant, the tenant may be eligible.)
- If you were a homeowner who made P.I.L.O.T. (Payments-In-Lieu-of-Tax) payments.
- If you were a tenant in a tax-exempt property (e.g., subsidized and campus housing, property owned by nonprofit organizations, residence on which P.I.L.O.T. payments were made).

## Seniors or Blind/Disabled Persons Not Required to File Form NJ-1040

If you (or your spouse if filing jointly) were 65 or older or blind or disabled on the last day of the tax year, and your income on Line 29 is $\$ 20,000$ or less ( $\$ 10,000$ if filing status is single or married/CU partner, filing separate return), and you met the eligibility requirements, you qualify for a Property Tax Credit.

If you are eligible for a Property Tax Credit, and you:

- Are eligible and file for a 2018 Homestead Benefit because you were a New Jersey homeowner on October 1, 2018, your credit will automatically be included with your Homestead Benefit. If you are filing Form NJ-1040, do not complete Line 39 or Line 54. Information on the Homestead Benefit is available on our website at www.njtaxation.org.
- Are not eligible for a 2018 Homestead Benefit because you were not a homeowner on October 1, 2018, you can claim the Property Tax Credit on Form NJ-1040 or you can file for the Property Tax Credit using Form NJ-1040-HW only (see page 47). Do not file both Form NJ-1040 and Form NJ-1040-HW.

## Line 38a - Total Property Taxes (18\% of Rent) Paid

If you met the eligibility requirements above, read the following to determine the correct amount to enter on Line 38a.
Multiowner Properties. If you owned your principal residence with someone who was not your spouse, you can use only the amount of property taxes paid that reflects your percentage of ownership in the property, even if you were the only one who occupied the property and you paid all the taxes.

Multiunit Properties. If your principal residence was a unit in a multiunit property that you owned, you can use only the property taxes paid for the percentage of the property you occupied.

- The unit must be a single, separate dwelling unit with complete independent living facilities. There must be permanent provisions for living, sleeping, eating, cooking, and sanitation. The unit must have a separate kitchen and bathroom.
- The property must contain four units or less, and no more than one of those units can be a commercial unit.

Condominiums and Co-ops. Condominiums and co-ops are considered single-family homes. For tax purposes, they are not multiunit properties.

Continuing Care Communities. If you pay the proportionate share of property taxes attributable to your unit, you are considered a homeowner.

Life Tenancy. If you have life tenancy rights or hold a lease for 99 years or more, you are considered a homeowner.
Mobile Homeowners. You are considered a tenant if you owned a mobile home that was located in a mobile home park. Property taxes paid means $18 \%$ of the site fees paid for 2018.

Answer the following questions before completing Line 38a:

| Did you have more than one principal residence in New Jersey during the year?..................... | Yes | $\bigcirc$ | No | $D$ |
| :---: | :---: | :---: | :---: | :---: |
| Did you share ownership of your principal residence with someone who is not your spouse?.... | Yes | $\bigcirc$ | No | C |
| Was your principal residence a unit in a multiunit property that you owned?........................... | Yes | C | No | ) |
| Did you occupy and share rent for your principal residence (apartment/rental unit) with someone who was not your spouse during the year?. | Yes | $\bigcirc$ | No | S |
| Were you both a homeowner and a tenant in New Jersey during the year?.............................. | Yes | $\bigcirc$ | No | $D$ |

If you answered "Yes" to any question above, complete Worksheet G on page 28 to determine the amount to report. See instructions below.

If you answered "No" to all the questions above, report the property taxes due and paid as follows:

## Tenants

Enter $18 \%$ of the rent paid for 2018 . This is the amount that is considered property taxes. If you were a mobile homeowner, enter $18 \%$ of the site fees paid for 2018.

## Homeowners

Enter the amount of property taxes due and paid to the municipality on your principal residence for 2018.
Homestead Benefit Recipients. If you received a Homestead Benefit as a credit on your 2018 property tax bill (not as a check), calculate your property taxes paid as follows:

Property taxes paid on your principal residence for 2018 + your Homestead Benefit credit
If you received a Homestead Benefit as a check, use the amount of property taxes due and paid on your principal residence for 2018.
If you need information on your Homestead Benefit payment, visit www.njtaxation.org or call 1-888-238-1233.
Married, Filing Separately. If you and your spouse file separate returns but maintained the same principal residence, enter on Line 38a only one-half of the property taxes (one-half of $18 \%$ of rent) due and paid.

Part-Year Residents. Only include amounts due and paid while you were a resident of New Jersey.

## Worksheet G

## Part I - Homeowners

## Principal Residences Owned in New Jersey (Lines

## 1-3)

List the address of each qualified New Jersey residence you owned and occupied as your principal residence during 2018. Complete columns a through e for each address. If you lived for part of the year in a residence that was not a qualified residence, do not include any information for that residence. For example, you owned a five-unit property and used one of the units as your principal residence.

If you were both an owner and a tenant at the same address, enter the required information in both Part I and Part II.

## Column a

Enter the number of days you owned and occupied this home as your principal residence in 2018. If this was your residence all year, enter 365. The total number of days in Part I and Part II cannot be more than 365 .

## Column b

Enter the share (percentage) of this property you (and your spouse) owned. Enter the figure as a decimal. If you (and your
spouse) were the sole owner(s), enter 1.00 for $100 \%$. If you owned $50 \%$ of the property with someone who was not your spouse, you would enter 0.50 . You must enter your percentage of ownership even if there are multiple owners and you were the only one who occupied the property and you paid all the taxes.

Example: You and your wife owned a single-family home with your sister. You lived in the home with your wife. Your sister did not live with you, and you and your wife paid all the property taxes. You must enter 0.50 because you and your wife owned only one-half $(50 \%)$ of the property.

## Column c

If this property consisted of more than one unit, enter the share (percentage) of the property you (and your spouse) used as your principal residence. Enter the figure as a decimal. For example, enter $25 \%$ as 0.25 . The units in a multiunit property are considered equal in size unless the local tax assessor has determined they are not equal.

Example: You owned a four-unit property. The units were equal in size, and one of the units was your principal residence. You must enter 0.25 because you occupied one-fourth ( $25 \%$ ) of the property as your principal residence.

## Column d

Enter the total property taxes paid on this property for 2018 for the period indicated in column a. If you received a Homestead Benefit, see "Homestead Benefit Recipients" on page 27.

## Column e

Multiply the decimal in column c by the property tax amount in column d. If there is no figure in column c , use the decimal in column b. Enter the result in column e.

Example: Total property taxes paid were $\$ 2,000$. Column b is 1.00 , and column c is 0.50 . The calculation for column e is $0.50 \times \$ 2,000=\$ 1,000$.

## Schedule NJ-COJ Credit for Income or Wage Taxes Paid to Other Jurisdictions

Complete this schedule only if you had income from outside New Jersey that was taxed by another jurisdiction and subject to New Jersey Income Tax in the same tax year. The credit reduces your New Jersey tax based on the percentage of income that was taxed by other jurisdictions. It is not necessarily a dollar-for-dollar credit. You cannot take a credit for taxes paid to the U.S. Government, Puerto Rico, or any other country or territory.

Compensation From Pennsylvania. There is a Reciprocal Personal Income Tax Agreement between New Jersey and Pennsylvania. Compensation (salaries, wages, tips, fees,
commissions, bonuses, and other payment for services rendered as an employee) paid to New Jersey residents employed in Pennsylvania is not subject to Pennsylvania income tax. Therefore, you cannot claim a credit for taxes paid to Pennsylvania on that type of income. However, other types of income (e.g., self-employment, gain from sale of property) are not covered by the agreement and may be eligible for the credit. The Reciprocal Agreement does not apply to the wage or income tax of Philadelphia or any other municipality in Pennsylvania.

Different jurisdictions tax the same income. You may need to complete more than one Schedule NJ-COJ. See "Same Income Taxed by More Than One Jurisdiction" below.

Different jurisdictions tax different income. You must complete a separate Schedule NJ-COJ for each jurisdiction. For more information, see Tax Topic Bulletin GIT-3W, Credit for Income Taxes Paid to Other Jurisdictions (Wage Income), or GIT-3B, Credit for Income Taxes Paid to Other Jurisdictions (Business/Nonwage Income).

Jurisdiction imposes more than one type of tax. You may need to complete a separate Schedule NJ-COJ for each type of tax. For more information, see Tax Topic Bulletin GIT-3W, Credit for Income Taxes Paid to Other Jurisdictions (Wage Income), or GIT-3B, Credit for Income Taxes Paid to Other Jurisdictions (Business/Nonwage Income).

Property Tax Deduction/Credit (Worksheet I). If you are eligible for a Property Tax Deduction or Credit (see requirements on page 26), complete Schedule NJ-COJ, and then complete Worksheet I on page 34 to determine whether you receive a greater benefit from the Property Tax Deduction or the Property Tax Credit. If you are claiming a credit for taxes paid to another jurisdiction but you are not eligible for a Property Tax Deduction or Credit, only complete Column B of Schedule NJ-COJ.

Documentation. Keep complete copies of any returns filed with other jurisdictions. You may be asked to provide the following:

- A complete copy of the income tax return filed with the other jurisdiction if one was filed or required to be filed. Include all schedules, worksheets, etc. that establish the nature and source of the income being taxed by the other jurisdiction.
- If you participated in a composite return filed in another jurisdiction, submit a statement, on the filing entity's letterhead, that lists the jurisdiction, your share of the gross income taxed by the other jurisdiction, and your share of the tax paid.
- If you do not have to file a return with the other jurisdiction, include either a W-2 that lists the wage taxes paid and the name of the taxing jurisdiction, or a statement from the business entity that filed an incomebased tax return. The statement must include your share of the gross income taxed by the other jurisdiction, the name of the tax, and your share of the tax paid.

## Line 1 - Income Properly Taxed by Both New Jersey and Other Jurisdiction

Only include income that meets all of the following criteria when completing Line 1 :

1. The income must be taxed by both New Jersey and a jurisdiction outside New Jersey, and
2. The income must have been properly taxed by the other jurisdiction, and
3. The amount of each item of income taxed by the other jurisdiction cannot be more than the amount of that item of income taxed by New Jersey, and
4. The income cannot be deemed allocated to New Jersey.

Enter the gross amount received after adjustments have been made by the other jurisdiction, but before personal exemptions and/or itemized deductions are subtracted. For an accurate income figure, first complete the tax return for the state in which you worked. Any income included on Line 1 must also be included on Line 2 since the income has to be taxed by both New Jersey and the other jurisdiction. Therefore, the amount on Line 1 cannot be more than the amount on Line 2. Also enter the name of the taxing jurisdiction in the space provided.

Do not include on Line 1:

- Income that is not subject to New Jersey Income Tax (e.g., unemployment compensation).
- Income excluded or deducted in arriving at the income actually taxed in the other jurisdiction (e.g., IRA/Keogh contributions, employee business expenses, moving expenses, alimony).
- Interest, dividends, gains on sales of securities, and other income from intangible personal property (savings accounts, stocks, bonds) unless (1) the income was derived from a business, trade, or profession carried on in the other jurisdiction, or (2) you are required to file a resident return with both New Jersey and the other jurisdiction and report the income on both returns.
- Income subject to tax by a foreign country, U.S. possession, or territory.
- S corporation income allocated to New Jersey.
- Partnership income allocated to New Jersey.
- 401(k) contributions.

Same Income Taxed by More Than One Jurisdiction. If you pay tax to two jurisdictions on the same income, and the jurisdictions tax the same amount of income, complete only one Schedule NJ-COJ. Example: You have wages that are taxed by both City A and State B. Both the city and the state tax the full amount of your wages. Complete one Schedule NJ-COJ, reporting the full amount of wages.

However, if the jurisdictions tax different amounts of income, complete a separate Schedule NJ-COJ for each amount. On the first schedule, include the income amount taxed by both jurisdictions. On the second schedule, include only the difference in the two amounts. Example: You have \$150,000 in income from a business in city Y , which is in state Z . You report the entire amount on your New Jersey return. State Z

taxed $\$ 120,000$ of the income and the tax on that amount was $\$ 8,200$. City Y taxed $\$ 140,000$ of the income and the tax on that amount was $\$ 5,600$. Since the two jurisdictions taxed different amounts, you must complete two Schedule NJ-COJs.

First Schedule NJ-COJ: Indicate the jurisdiction as "city Y and state Z," and enter \$120,000 on Line 1. To determine the credit on that $\$ 120,000$, add together $\$ 8,200$ paid to state $Z$ and $\$ 4,800$ paid to city $Y$. $(\$ 4,800$ is the tax paid on $\$ 120,000$. You cannot use the full $\$ 5,600$ since that is the tax paid on $\$ 140,000$. You can use only the tax paid on the amount of income entered on Line 1.) Enter the total in Box 9a, Line 9. Compare the allowable credit calculated on Line 8, Schedule NJ-COJ to the amount in Box 9a $(\$ 13,000)$. The credit is the lesser of Line 8 or Box 9a.

Second Schedule NJ-COJ: Indicate the jurisdiction as "city Y ," and enter $\$ 20,000$ on Line 1 . This amount is the difference between the total amount taxed by city $\mathrm{Y}(\$ 140,000)$ and the amount that was already included on the first Schedule NJ-COJ $(\$ 120,000)$. Box 9 a will be $\$ 800$, the tax paid to city Y on $\$ 20,000$ of income.

S Corporation Income. If you paid income or wage taxes to another jurisdiction on $S$ corporation income that was also subject to New Jersey tax in the same tax year, you may be eligible for a credit. However, you cannot claim a credit for:

- Tax imposed by another jurisdiction on S corporation income allocated to New Jersey.
- Taxes paid or accrued on or measured by profits or income imposed on or paid on behalf of another person.
- Taxes attributable to distributions.

Income From New York. When claiming a credit for taxes paid to New York, the amount on Line 1 must reflect the "New York State Amount" actually taxed by New York from the New York IT-203. Certain adjustments may be necessary to determine the income actually taxed by New York. If you are subject to the New York tax on lump-sum distributions, complete separate Schedule NJ-COJs for the ordinary income and the lump-sum distribution.

Income From Philadelphia. The amount of income taxable to Philadelphia may be different from the State wages on your

W-2. Complete the following to determine the amount to enter on Line 1 .

*If you filed a Philadelphia Petition for Wage Tax Refund, you must subtract your refund from the Philadelphia wage tax paid.

Sole Proprietorships and Partnerships From Philadelphia. If you are a sole proprietor or partner in a partnership whose income is subject to Pennsylvania income tax and Philadelphia business income and receipts tax and net profits tax, you must consider the taxes paid (based on income) to all jurisdictions when calculating the credit. The Philadelphia business income and receipts tax imposes two taxes, one based on income and one based on gross receipts. Only the tax imposed based on income qualifies for the credit calculation.

Part-Year Residents. Enter on Line 1 only the income derived from the other jurisdiction during the period of time you were a New Jersey resident. The income must be actually and properly taxed both by the other jurisdiction and New Jersey.

## Signature

Sign and date your return in blue or black ink. Both spouses must sign a joint return. The signature(s) on the form you file must be original; photocopied signatures are not acceptable. We cannot process a return without the proper signatures and will return it to you. This causes unnecessary processing delays and may result in penalties for late filing.

## Driver's License Number

Enter your Driver's License or state Non-Driver Identification Card number. Providing this information is voluntary. We may use this information to validate your identity in our effort to combat identity theft and fraudulent filing.

## Death Certificate

Fill in the appropriate oval below the signature line if you are enclosing a death certificate.

## Don't Need Forms Mailed to You Next Year?

If you do not need a booklet mailed to you next year, fill in the appropriate oval below the signature line.

## Paid Tax Preparer Information

Preparer Authorization. Division of Taxation personnel cannot discuss your return or enclosures with anyone other than you without your written authorization because of the strict provisions of confidentiality. If you want a Division of Taxation representative to discuss your tax return with the person who signed your return as your "Paid Tax Preparer," fill in the oval above the preparer's signature line to give your permission.

## Tax Preparers

Anyone who prepares a return for a fee must sign the return as a "Paid Preparer" and enter his or her Social Security number or federal preparer tax identification number. Include the company or corporation name and federal identification number, if applicable. A tax preparer who fails to sign the return or provide a tax identification number may incur a $\$ 25$ penalty for each omission. Someone who prepares your return but does not charge you should not sign your return.

E-File Mandate. Preparers that reasonably expect to prepare 11 or more individual resident Income Tax returns (including those filed for trusts and estates) during the tax year must use electronic methods to file those returns if an electronic filing option is available. A tax preparer is liable for a penalty of $\$ 50$ for each return he or she fails to file electronically when required to do so.

Opting Out of Electronic Filing. If your tax preparer is required to file all returns electronically but you want to file a paper return, you can opt out by enclosing Form NJ-1040-O, E-File Opt-Out Request Form, with your paper return. Both you and your preparer must sign the form, and your preparer must fill in the oval above his or her signature on your return to indicate that Form NJ-1040-O is enclosed.

## How to Pay

You can make your payment either electronically (e-check or credit card) or by check or money order. Payments must be postmarked or submitted electronically by April 15,2019 , to avoid penalty and interest charges. If you are paying a balance due for 2018 and also making an estimated tax payment for 2019, make a separate payment for each transaction. If you owe less than $\$ 1$, you do not have to make a payment.

Check or Money Order. There is a payment voucher (Form NJ-1040-V) at the front of this booklet. Do not use the preprinted voucher if any information is incorrect. Instead, complete a blank voucher, which is available on our website at www.njtaxation.org.

Make your check or money order payable to State of New Jersey - TGI. Write your Social Security number on the check or money order. If you are filing a joint return, include both Social Security numbers in the same order the names are listed on the return. Send your payment for the balance due with the voucher in the same envelope with your tax return. (See "Where to Mail Your Return" on page 44.)

Electronic Payments. Do not send in the payment voucher if you are paying electronically. When making your payment, you must enter the Social Security number and date of birth of the first person listed on the tax return or your account will not be properly credited.

- Electronic Check (e-check). You can have your payment directly withdrawn from your bank account using our online e-check service. This option is available on our website at www.njtaxation.org. If you do not have internet access, you can make an e-check payment by contacting our Customer Service Center or by visiting a Regional Information Center. (See page 62 for phone numbers or addresses.)
- Credit Card (Processing Fees Apply). You can use an American Express, Discover, MasterCard, or Visa credit card to make your payment. This option is available on our website (www.njtaxation.org) or by phone (1-888-673-7694). You can also pay by credit card by contacting the Division's Customer Service or by visiting a Regional Information Center. (See page 62 for phone numbers or addresses.)

## Penalties and Interest

If you do not file your return or make your payment on time, we may charge you the following penalties and interest:

- Late Filing Penalty. When you file a return after the original or extended due date, we will assess a penalty of $5 \%$ per month (or part of a month) up to a maximum of $25 \%$ on the outstanding tax balance. You may also be charged a $\$ 100$ penalty for each month the return is late.
- Late Payment Penalty. When you pay after the filing deadline, you may be charged a $5 \%$ penalty on the outstanding balance.
- Interest. We will assess interest at an annual rate of $3 \%$ above the prime rate each month (or part of a month) the tax is unpaid. At the end of each calendar year, any tax, penalties, and interest remaining unpaid will become part of the balance on which interest is charged. See Technical Bulletin TB-21(R) for current and previous years' interest rates.

## Refund Label

Do not staple, paper clip, tape, or use any other fastening device for your return and enclosures.

## Military Personnel

A member of the Armed Forces whose home of record (domicile) is outside New Jersey does not become a resident of this State when assigned to a duty station here. He or she is a nonresident for Income Tax purposes.

A member of the Armed Forces whose home of record (domicile) is New Jersey is a resident for Income Tax purposes unless he or she is stationed outside New Jersey and:

- Paid for and maintained a permanent home outside New Jersey, either by out-of-pocket payments or forfeiture of quarters allowance, and
- Did not maintain a permanent home in New Jersey; and
- Did not spend more than 30 days in New Jersey.

As a New Jersey resident, you are subject to tax on all income, regardless of where it is earned, unless the income is specifically exempt from tax under New Jersey law. You must report your military pay, including combat pay, as taxable income on your return. Military pensions, mustering-out payments, subsistence and housing allowances are exempt.

## Death Related to Duty

When a member of the Armed Forces serving in a combat zone or qualified hazardous duty area dies as a result of wounds, disease, or injury received there, no Income Tax is due for the year the death occurred, or for any earlier years served in the zone or area.

## Spouses of Military Personnel

If you are a nonmilitary spouse and you were domiciled outside New Jersey when you married (or entered into a civil union with) a member of the Armed Forces, you are not considered a New Jersey resident if:

- The principal reason for moving to this State was the transfer of your military spouse; and
- You maintain a domicile in another state; and
- You intend to leave New Jersey when your military spouse is transferred or leaves the service.

If you meet these requirements, do not file Form NJ-1040. You are not subject to tax on wages earned in New Jersey. However, if you had other types of income from New Jersey, or if you had New Jersey tax withheld in error or made estimated payments, you may need to file a New Jersey Nonresident Income Tax Return (Form NJ-1040NR.)

For more information on military spouses, see Tax Topic Bulletin GIT-7, Military Personnel.

## Military Extensions

If you are not be able to file on time because of distance, injury, or hospitalization as a result of being on active duty with the Armed Forces of the United States, you will automatically receive a six-month extension by enclosing an explanation when filing the return.

Combat Zone. New Jersey allows extensions of time to file Income Tax returns and pay any tax due for members of the Armed

Forces and civilians providing support to
the Armed Forces serving in an area that has been declared a "combat zone" by executive order of the President of the United States or a "qualified hazardous duty area" by federal statute.

Once you leave the combat zone or qualified hazardous duty area, you have 180 days to file your tax return and pay tax due.
In addition, if you are hospitalized outside New Jersey as a result of injuries you received while serving in a combat zone or qualified hazardous duty area, you have 180 days from the time you leave the hospital or you leave the combat zone or hazardous duty area, whichever is later.

No interest or penalties will be assessed during a valid extension for service in a combat zone or qualified hazardous duty area. This extension also applies to your spouse if you file a joint return.

## Enclose document

Enclose a statement of explanation with your return when you file that includes the reason for the extension.
For more information on military personnel, see Tax Topic Bulletin GIT-7, Military Personnel.

## Deceased Taxpayers

If a person received income in 2018 but died before filing a return, the surviving spouse or personal representative (executor or administrator of an estate or anyone who is in charge of the decedent's personal property) should file the New Jersey return.

Filing Status. Use the same filing status that was used on the final federal income tax return, unless the decedent was a partner in a civil union. (See "Filing Status" on page 6.)

## Name and Address

- Joint return. Write the name and address of the decedent and the surviving spouse in the name and address fields. Print "Deceased" and the date of death above the decedent's name.
- Other filing status. Write the decedent's name in the name field and the personal representative's name and address in the remaining fields. Print "Deceased" and the date of death above the decedent's name.

Exemptions and Deductions. Prorate exemptions and deductions only if the decedent was a New Jersey resident for part of the year and a nonresident for part of the year.

## Signatures

- Personal representative. A personal representative filing on behalf of a deceased taxpayer must sign the return in his or her official capacity. If it is a joint return, the surviving spouse also must sign.
- No personal representative. If filing a return when there is no personal representative for the deceased, the surviving spouse signs the return and writes "Filing as Surviving Spouse" or "Filing as Surviving Civil Union Partner" in the signature section.
- No personal representative and no surviving spouse. If there is no personal representative and there is no surviving spouse, the person in charge of the decedent's property must file and sign the return as "Personal Representative."

If there is a refund due and you want us to issue the check to the decedent's surviving spouse or estate:

- Enclose a copy of the decedent's death certificate; and
- Fill in the oval below the signature line.

Income in Respect of a Decedent. If you had the right to receive income that the deceased person would have received had he or she lived, and the income was not included on the decedent's final return, you must report it on your own return when you receive it. Include the income on Line 26 as "Other" income.

## Amended Returns

File an amended return, Form NJ-1040X, and pay any tax due if:

- You receive an additional tax statement (W-2 or 1099) after filing your return; or
- You find that you made a mistake on your previously filed return; or
- There are any changes in your federal income tax (e.g., federal earned income credit or credit for dependent and child expenses). The amended resident return, Form NJ-1040X, must be filed within 90 days.

## After You Complete the Form

- Do not staple, paper clip, tape, or use any other type of fastening device.
- Check name, address, Social Security number, and county/municipality code for accuracy.
- Send only one return per envelope.
- Enclose all supporting documents, forms, and schedules.
- Keep a copy of your return and all supporting documents, schedules, and worksheets until the statute of limitations has expired for each return. Generally, this is three years after the filing date or two years from the date the tax was paid, whichever is later.
- If you filed your original return and need to make changes or correct mistakes, you must file an amended return (NJ-1040X). Do not refile Form NJ-1040.

## Privacy Act Notification

The Division of Taxation uses your Social Security number primarily to account for and give credit for tax payments. We also use Social Security numbers to administer and enforce all tax laws for which we are responsible. In addition, the Division is required by law to forward an annual list to the Administrative Office of the Courts containing the names, addresses, and Social Security numbers of individuals who file a New Jersey tax return or Property Tax Credit/Wounded Warrior Caregivers Credit application. This list will be used to avoid duplication of names on jury lists. The Division also is required to transmit to the Department of Human Services (DHS) annually information from New Jersey tax returns that will permit DHS to identify individuals who do not have health insurance and who may be eligible for Medicaid or the NJ FamilyCare program.

## Federal/State Tax Agreement

The Division of Taxation and the Internal Revenue Service have entered into a Federal/State Agreement to exchange Income Tax information in order to verify the accuracy and consistency of information reported on federal and New Jersey Income Tax returns.

## Fraudulent Return

You may be liable for a penalty up to $\$ 7,500$, or imprisonment for three to five years, or both, if you deliberately fail to file a return, file a fraudulent return, or attempt to evade paying your tax.

## Use of Form NJ-1040-HW

## Property Tax Credit

Many people already have qualifying health insurance coverage and do not need to do anything more than maintain that coverage in 2019. For more information about the Health Insurance Market Preservation Act (HIMPA), visit our website at www.njtaxation.org. ## Taxpayers' Bill of Rights

The New Jersey Taxpayers' Bill of Rights simplifies tax administration and ensures that all taxpayers are better informed and receive fair and equitable treatment during the tax collection process. Highlights of the Taxpayers' Bill of Rights include:

## Service-

- Division must respond to taxpayers' questions within a reasonable time period.
- Notices of taxes and penalties due must clearly identify the purpose of the notice and must contain information about appeal procedures.

## Appeals-

- Time to appeal to the Tax Court is generally 90 days.

## Interest on Refunds-

- Interest is paid at the prime rate on refunds for all taxes when the Division takes more than six months to send you a refund.
- You can request that your overpayment of this year's tax be credited towards next year's tax liability; however, interest will not be paid on overpayments that are credited forward.

For more information on the rights and obligations of both taxpayers and the Division of Taxation under the Taxpayers' Bill of Rights, see publication ANJ-1, New Jersey Taxpayers'Bill of Rights.

## Senior Gold Prescription Discount Program

Senior Gold Prescription Discount Program (Senior Gold) is a State-funded prescription program that helps eligible residents pay for prescribed legend drugs, insulin, and insulin supplies.

## Eligibility Requirements

You are eligible for Senior Gold if you meet the following requirements:

- You are a New Jersey resident;
- You are 65 or older or you are 18 or older and receiving Social Security Title II Disability benefits (you do not qualify if you are under age 65 and receiving these benefits on behalf of someone else);
- You meet certain income limits. The annual income limits for 2018 were between $\$ 27,189$ and $\$ 37,189$ if you are single or between $\$ 33,334$ and $\$ 43,334$ if you are married or in a civil union (Note: these limits may change for 2019); and
- If you are Medicare-eligible, you are required to enroll in a Medicare Part D Prescription Drug Plan of your choice. You will be responsible for paying the monthly premium directly to the Medicare Part D plan. You also will be responsible for paying any late enrollment penalty imposed by Medicare for each month you were eligible to enroll in Medicare Part D but did not enroll.

## Filing Information

- Your filing status and gross income determine whether you have to file a tax return.
- Age is not a factor in determining whether you must file. Even minors (including students) and senior citizens must file if they meet the income filing requirements.
- Gross income means reportable income after subtracting exclusions but before subtracting personal exemptions and deductions. It does not include nonreportable (exempt) income. See page 15 for a list of exempt (nonreportable) income.
- Members of the Armed Forces (and their spouses), see page 6 .
- Part-year nonresidents, see page 4.
- Compensation paid to Pennsylvania residents employed in New Jersey is not subject to New Jersey Income Tax. See page 4 for more information.

Use the chart to determine whether you must file a return. This chart is only a guide and may not cover every situation. If you need help, contact the Division's Customer Service Center (see outside back cover).

Spouse/Civil Union Partner. Any reference in this booklet to a spouse also refers to a spouse who entered into a valid same-sex marriage in another state or foreign nation and a partner in a civil union (CU) recognized under New Jersey law.

Domicile. A domicile is the place you consider your permanent home- the place where you intend to return after a period of absence (e.g., vacation, business assignment, educational leave). You have only one domicile, although you may have more than one place to live. Your domicile does not change until you move to a new location with the intent to establish your permanent home there and to abandon your New Jersey domicile. Moving to a new location, even for a long time, does not change your domicile if you intend to return to New Jersey.

Your home, whether inside or outside New Jersey, is not permanent if you

## Who Must File a New Jersey Income Tax Return

## You must file a return if -

your filing status is:
Single
Married/CU partner, filing separate return
Married/CU couple, filing joint return
Head of household
Qualifying widow(er)/surviving CU partner
and your gross income from everywhere for the entire year was more than the filing threshold:

| $\$ 10,000$ |
| ---: |
|  |
| $\$ 20,000$ |

## Also file a return if -

- You had New Jersey Income Tax withheld and are due a refund.
- You paid New Jersey estimated taxes for 2018 and are due a refund.

## Which Form to File

## Nonresident - Form NJ-1040NR

- New Jersey was not your domicile, and you spent 183 days or less here; or
- New Jersey was not your domicile, you spent more than 183 days here, but you did not maintain a permanent* home here.
Also you may be considered a nonresident for New Jersey tax purposes if you were domiciled in New Jersey and you met all three of the following conditions for the entire year:

1. You did not maintain a permanent home in New Jersey; and
2. You did maintain a permanent home outside New Jersey; and
3. You did not spend more than 30 days in New Jersey.

## Part-Year Resident - Form NJ-1040

- New Jersey was your domicile (permanent legal residence) for part of the year; or
- New Jersey was not your domicile, but you maintained a permanent* home here for part of the year and spent more than 183 days here. Members of the Armed Forces and their spouses, see page 6 .

Note: You may have to file both a part-year resident and a part-year nonresident return if you received income from New Jersey sources while you were a nonresident (see page 4).

## Full-Year Resident — Form NJ-1040

- New Jersey was your domicile (permanent legal residence) for the entire year; or
- New Jersey was not your domicile, but you maintained a permanent* home here for the entire year and spent more than 183 days here. Members of the Armed Forces and their spouses, see page 6.
*A home (whether inside or outside New Jersey) is not permanent if it is maintained only during a temporary period to accomplish a particular purpose. A home used only for vacations is not a permanent home.
maintain it only for a temporary period to accomplish a particular purpose (e.g., temporary job assignment). If New Jersey is your domicile, you are considered a resident for New Jersey tax purposes unless you meet all three conditions for nonresident status (see chart). If New Jersey is not your domicile, you are only
considered a New Jersey resident if you maintain a permanent home and spend more than 183 days here.

## New Jersey Residents Working/Living

Abroad. If New Jersey is your domicile and you are considered a New Jersey resident for tax purposes (see chart above), you are subject to tax on income from all
sources (worldwide income) regardless of where you live. New Jersey residents living abroad are subject to the same filing and payment requirements, including estimated payment requirements (see "Estimated Tax" on page 10), as residents living in New Jersey.

## Married/Civil Union Couples and Fil-

 ing Status. If both you and your spouse were nonresidents of New Jersey during the entire tax year, and only one of you had income from New Jersey sources, that spouse can file a separate New Jersey return even if a joint federal return was filed. The spouse with income from New Jersey sources calculates income and exemptions as if a federal married, filing separate return had been filed. You have the option of filing a joint return, but in that case, your joint income would be reported in Column A of Form NJ-1040NR.If one spouse was a nonresident and the other a resident of New Jersey during the entire tax year and both had income from New Jersey sources, separate New Jersey returns can be filed (the nonresident files a nonresident return and the resident files a resident return). Each calculates income and exemptions as if federal married, filing separate returns had been filed. You have the option of filing a joint resident return, but in that case, your joint income would be taxed as if you both were residents.

## Pennsylvania Residents

Income From New Jersey. As a result of the Reciprocal Personal Income Tax Agreement between Pennsylvania and New Jersey, compensation paid to Pennsylvania residents employed in New Jersey is not subject to New Jersey Income Tax. Compensation means salaries, wages, tips, fees, commissions, bonuses, and other remuneration received for services rendered as an employee.

If New Jersey Income Tax was withheld from your wages, you must file a New Jersey nonresident return to get a refund. To stop the withholding of New Jersey Income Tax, complete a New Jersey Employee's Certificate of Nonresidence in

## TAXPAYERS' BILL OF RIGHTS

The New Jersey Taxpayers' Bill of Rights simplifies tax administration and ensures that all taxpayers-individuals and businesses alike-are better informed and receive fair and equitable treatment during the tax collection process. Highlights of the Taxpayers' Bill of Rights include:
Service-

- Division must respond to taxpayers' questions within a reasonable time period.
- Notices of taxes and penalties due must clearly identify the purpose of the notice and must contain information about appeal procedures.

## Appeals-

- Time to appeal to the Tax Court is generally 90 days.

## Interest on Refunds-

- Interest is paid at the prime rate on refunds for all taxes when the Division takes more than six months to send you a refund.
- You can request that your overpayment of this year's tax be credited towards next year's tax liability, however, interest will not be paid on overpayments that are credited forward.
For more information on the rights and obligations of both taxpayers and the Division of Taxation under the Taxpayers' Bill of Rights, see publication ANJ-1, New Jersey Taxpayers' Bill of Rights.

New Jersey (Form NJ-165) and give it to your employer.

The Reciprocal Agreement covers compensation only. If you are self-employed or receive other income (for example, gain from sale of property) that is taxable in both states, you must file a New Jersey nonresident return and report the income received.

Column A. Complete Column A, Lines 15 through 27 , showing income from everywhere.
Column B. When Pennsylvania residents complete Column B, employee compensation from New Jersey sources should not be included on Line 15. For Pennsylvania residents Line 15 , Column B, is zero, so enter "0."

Withholdings. If New Jersey Income Tax was withheld, enter the amount from your W-2s on Line 48.

Signed Statement. Pennsylvania residents employed in New Jersey who had New Jersey Income Tax withheld in error must enclose a signed statement declaring the following, "Under penalties of perjury, I affirm that I am a resident of the Commonwealth of Pennsylvania and that, pursuant to an agreement existing between the Commonwealth and the State
of New Jersey, I claim exemption from payment of New Jersey Gross Income Tax on compensation paid to me in the State of New Jersey. I understand that under the agreement between Pennsylvania and New Jersey this information is available to the Commonwealth of Pennsylvania."

## Part-Year Nonresidents

Filing Requirements. If you became a resident of New Jersey or moved out of this State during the year, and your income from all sources for the entire year was more than the filing threshold amount for your filing status (see chart on page 3), you must file a resident return and report the portion of the income you received while you were a New Jersey resident.

If you received income from a New Jersey source while you were a nonresident, and your income from all sources for the entire year was more than the filing threshold amount for your filing status (see chart on page 3), you must file a New Jersey nonresident return. This is true even if the income reported for your period of nonresidence was equal to or below the threshold.

## Part-year nonresidents must prorate all exemptions, deductions, credits, and the pension and other retirement income exclusions to reflect the period covered by each return.

If you are filing to get a refund and your income from all sources for the entire year was equal to or less than the filing threshold amount, you must enclose a copy of your federal return. If you did not file a federal return, include a statement to that effect.

NoTE: If you had any income while you were a resident of New Jersey, you also may need to file a New Jersey resident return. Allocate your withholdings between the resident and nonresident returns. Include only the actual amount withheld while you were a New Jersey resident on your resident return, and include only the amount withheld while you were a nonresident on your nonresident return. For more information, see Form NJ-1040, New Jersey resident return and instructions.

## Line 15: Wages

Column A. Enter the portion of your wages earned while you were a nonresident. Include wages from sources both inside and outside New Jersey.

Column B. Enter the portion of your wages from New Jersey sources earned while you were a nonresident (unless you were a Pennsylvania resident).

## Other Income

Column A. Enter your interest, dividends, pensions, and all other income from sources both inside and outside New Jersey received while you were a nonresident. Partners and shareholders should see Tax Topic Bulletins GIT-9P, Income From Partnerships, or GIT-9S, Income From S Corporations, for instructions on reporting distributive share of partnership income and net pro rata share of S corporation income.

Column B. Enter only the income from New Jersey sources that you received while you were a nonresident. Partners and, in general, S corporation shareholders, must prorate the entity's income based on the number of days in the entity's fiscal year that the partner or

## AVOIDING COMMON MISTAKES

Check the following items to avoid mistakes that delay returns and refunds.
$\checkmark$ Check name, address, and Social Security number for accuracy. Be sure your Social Security number appears on all documents submitted with your return. Also indicate your state of residency in the space provided.
$\checkmark$ Use correct form for your tax situation (see chart on page 3).
$\checkmark$ Use only blue or black ink when completing forms.
$\checkmark$ Read the instruction booklet before completing the return.
$\checkmark$ Do not report a loss on Form NJ-1040NR.
$\checkmark$ Use "State wages" from Box 16 of your W-2, NOT federal wages. You may need to adjust any amount received from employment outside New Jersey to reflect New Jersey tax law.
$\checkmark$ Enclose all W-2s with your return. Also enclose 1099-Rs and 1099-MISCs that list NJ withholdings.
$\checkmark$ Report estimated payments made in connection with the sale or transfer of real property in New Jersey on Line 49, NOT on Line 48.
$\checkmark$ Complete both Column A and Column B, Lines 15-27.
$\checkmark$ Use the correct column for your filing status in the Tax Table when calculating tax on Line 41.
$\checkmark$ Request a refund by completing Line 59 .
$\checkmark$ Enclose all necessary forms, schedules, and other documents with your return (see page 45).
$\checkmark$ Check your math.
$\checkmark$ Sign and date your return. Both spouses must sign a joint return.
$\checkmark$ Enclose a copy of the death certificate and check the box below the signature line if a refund is due and you want the check issued in the name of the surviving spouse or estate (see page 9).
$\checkmark$ Send only one return per envelope.
$\checkmark$ Keep a copy of your return and all supporting documents, schedules, and worksheets.
$\checkmark$ Make changes or correct mistakes to your original return by filing an amended return (see page 10 ).
shareholder was a nonresident divided by 365 (366 for leap years).

Line 28a: Pension Exclusion. If you were a New Jersey nonresident for only part of the tax year and had total income from all sources for the entire year of $\$ 100,000$ or less, and you met the other eligibility requirements, you qualify for a pension exclusion. Prorate the exclusion by the number of months you were a New Jersey nonresident. For this calculation, 15 days or more is a month.

Column B. No entry is necessary.
Line 28b: Other Retirement Income
Exclusion. If you (and/or your spouse if
filing jointly) were 62 or older on the last day of the tax year, you may qualify to exclude other income on Line 28b. There are two parts to the total exclusion. Part I is the unclaimed portion of your prorated pension exclusion. Part II is a special exclusion for taxpayers who cannot receive Social Security or Railroad Retirement benefits. Do not complete Worksheet D to calculate your total exclusion amount. Instead, calculate your total exclusion as follows:

Part I. Total the earned income (wages, net profits from business, partnership income, and S corporation income) you received from all sources for the entire year. If this amount was $\$ 3,000$ or less
and you did not use your entire prorated pension exclusion on Line 28a, you may be able to use the unclaimed pension exclusion on Line 28 b if your total income from all sources for the entire year was $\$ 100,000$ or less.

Part II. If you cannot receive Social Security or Railroad Retirement benefits, but would have been eligible if you had fully participated in either program, you also may be eligible for an additional exclusion on Line 28b.

For more information, see Tax Topic Bulletin GIT-6, Part-Year Residents.

Line 31: Total Exemption Amount. You must prorate your total exemptions based on the number of months you were a New Jersey nonresident. For this calculation, 15 days or more is a month.
$\underset{\text { Exemptions }}{\text { Total }} \times \frac{\text { Mos. NJ Nonresident }}{12}=$ Line 31
See the instructions for Line 31 to calculate the "total exemption" amount to prorate.

## Lines 32 through 36: Deductions.

You can deduct the following based on the actual amounts paid during the time you were a nonresident of New Jersey:

- Medical expenses, qualified Archer medical savings account (MSA) contributions, and health insurance costs of the self-employed (use Worksheet E on page 25);
- Alimony and separate maintenance payments;
- Qualified conservation contributions.

In addition, eligible taxpayers may qualify for:

- A prorated Health Enterprise Zone (HEZ) deduction;
- An alternative business calculation adjustment based on the business income (losses) reported during their period of nonresidence.

## Line 48: Total New Jersey Income Tax

Withheld. You must determine from your W-2, W-2G, and/or 1099 statement(s) the amount of New Jersey Income Tax withheld from wages you earned or other payments you received while you were
a nonresident. If your W-2 includes only wages you earned while you were a nonresident, report the total New Jersey tax withheld on the W-2. If your employer combined your resident and nonresident wages on the W-2, include only tax withheld while you were a nonresident of New Jersey.

## Line 49: New Jersey Estimated Payments/Credit From 2017 Tax Return.

 Enter the amount of estimated payments you made to New Jersey while you were a nonresident. If you made estimated payments both as a resident and as a nonresident, enter only the payments you made to meet your tax liability while you were a nonresident. Also enter any amount you paid to qualify for an extension of time to file.
## Part II: Allocation of Wage and Salary Income Earned Partly Inside and

Outside New Jersey. If you must complete Part II, use the total number of days for your period of nonresidence. Check the box at Line 15 if you complete this section.

For more information, see Tax Topic Bulletin GIT-6, Part-Year Residents.

## Military Personnel

## Determining Residency

A member of the Armed Forces whose home of record (domicile) is outside New Jersey does not become a resident of this State when assigned to a duty station here. He or she is a nonresident for Income Tax purposes.

A member of the Armed Forces whose home of record (domicile) was New Jersey when entering the service remains a resident of New Jersey for Income Tax purposes unless he or she qualifies for nonresident status (see chart on page 3). Your domicile does not change when you are temporarily assigned to duty in another state or country.
If your home of record (and domicile) is New Jersey and you are stationed outside the State and you are living aboard ship, in barracks, or billets, bachelor officer quarters, apartment, or house, and you do not intend to remain outside New Jersey, you remain a New Jersey resident for

Income Tax purposes. You are not considered to be maintaining a permanent home outside New Jersey. If you pay for and maintain an apartment or a home outside New Jersey, either by out-of-pocket payments or forfeiture of quarters allowance, that residence is considered a permanent home outside New Jersey.

## Filing Requirements

Residents. As a New Jersey resident, you are subject to tax on all your income, regardless of where it is earned, unless the income is specifically exempt from tax under New Jersey law. You must report your military pay, including combat pay, as taxable income on your New Jersey resident return, Form NJ-1040. Mustering-out payments, subsistence and housing allowances are exempt. For more information, see the resident return instructions.

Nonresidents. If you are a nonresident, your military pay is not subject to New Jersey Income Tax. You are not required to file a New Jersey return unless you received income from New Jersey sources other than military pay. Mustering-out payments, subsistence and housing allowances also are exempt. If you had income from New Jersey sources such as a civilian job in off-duty hours, income or gain from property located in New Jersey, or income from a business, trade, or profession carried on in this State, you must file a New Jersey nonresident return, Form NJ-1040NR. However, you should not report your military pay on the wages line in either Column A (Amount of gross income everywhere) or Column B (Amount from New Jersey sources) on Form NJ-1040NR.

Military pensions are exempt from New Jersey Income Tax. (See instructions for Line 22.)

If your permanent home (domicile) was New Jersey when you entered the military but you have changed your state of domicile, your military pay is not subject to New Jersey Income Tax. Your military pay also is not subject to New Jersey tax if you met the following conditions for nonresident status:

- You did not maintain a permanent home in New Jersey; and
- You did maintain a permanent home outside New Jersey; and
- You did not spend more than 30 days in New Jersey.

If New Jersey Income Tax was withheld in error from your military pay, file a nonresident return to get a refund. You must enclose a signed statement that lists the three conditions for nonresident status above and states how you met each of these conditions. To stop future withholding, file Form DD-2058-1 or DD-2058-2 with your finance officer.

Spouses of Military Personnel. Under the federal Military Spouses Residency Relief Act, P.L. 111-97, (the "Act") a military servicemember's nonmilitary spouse is allowed to keep a tax domicile while moving from state to state, as long as he or she moves into a state to be with a spouse who is in the state on military orders.

If you are a nonmilitary spouse and you were domiciled outside New Jersey when you married (or entered into the civil union with) a member of the Armed Forces, you are not considered a New Jersey resident if:

- The principal reason for moving to this State was the transfer of your military spouse; and
- You maintain a domicile in another state; and
- You intend to leave New Jersey when your military spouse is transferred or leaves the service.

Under the Act, a nonmilitary spouse who meets these requirements is not subject to New Jersey Income Tax on earned income from services performed in New Jersey. If you are a nonmilitary spouse whose wages are exempt from New Jersey Income Tax, file Form NJ-165, Employee's Certificate of Nonresidence in New Jersey, with your employer to stop New Jersey Income Tax withholdings. You must notify your employer if you no longer meet the conditions for the withholding exemption. If your employer withheld New Jersey Income Tax
or you made estimated payments in error, you must file a nonresident return (Form NJ-1040NR) to get a refund. Enclose a statement explaining how your wages are exempt under the Act along with a copy of your spousal military identification card. Print Military Spouse at the top of the return.

The Act applies only to earned income from services performed in New Jersey by a nonresident civilian spouse of a servicemember. Nonresident civilian spouses are subject to New Jersey Income Tax on all other types of income from New Jersey sources, such as gain from sale of property located in New Jersey, and must file a New Jersey nonresident return if required (see chart on page 3). Wages earned in New Jersey by a nonresident civilian spouse who lives outside New Jersey also are subject to New Jersey Income Tax and must be reported as income from New Jersey sources in Column B of Form NJ-1040NR. A nonresident civilian spouse who lives outside New Jersey cannot use Form NJ-165 to claim an exemption from New Jersey Income Tax withholding on wages earned in this State as the nonmilitary spouse of a servicemember.

New Jersey law requires that a married couple's filing status for New Jersey purposes be the same as for federal purposes, unless they are a civil union couple. A married couple filing a joint federal return must file a joint return in New Jersey. However, if both are nonresidents and only one had income from New Jersey, that spouse can file a separate New Jersey return. Another exception to this rule is when one spouse is a New Jersey resident and the other is a nonresident for the entire year. In this case, the resident can file a separate return unless both agree to file jointly as residents. If they file a joint resident return, their joint income will be taxed as if they were both residents.

## Extensions

Special rules apply to members of the Armed Forces of the United States and civilians providing support to the Armed Forces. (See "Military Extensions" on page 8.)

## Death Related to Duty

When a member of the Armed Forces serving in a combat zone or qualified hazardous duty area dies as a result of wounds, disease, or injury received there, no Income Tax is due for the tax year the death occurred, or for any earlier years served in the zone or area.

For more information on military personnel (and the rules affecting their spouses), see Tax Topic Bulletin GIT-7, Military Personnel.

## When to File

In general, your New Jersey Income Tax return is due when your federal income tax return is due. If you are a calendar year filer, your 2018 New Jersey Income Tax return is due by April 15, 2019. If you are a fiscal year filer, you must file your New Jersey Income Tax return by the 15 th day of the fourth month following the close of the fiscal year.

Postmark Date. All New Jersey Income Tax returns postmarked on or before the due date of the return are considered filed on time. Tax returns postmarked after the due date are considered filed late. If the postmark date on your return is after the due date, the filing date for that return is the date the Division received your return, not the postmark date. Interest on unpaid liabilities is assessed from the due date of the return.

## Extension of Time to File

An extension of time is granted only to file your New Jersey Income Tax return. There is no extension of time to pay tax due. We will notify you only if we deny your extension request, but not until after you actually file your return. Penalties and interest are imposed whenever tax is paid after the original due date.

## Six-Month Extension

You can receive a six-month extension of time to file your New Jersey nonresident return only if you have paid at least $80 \%$ of your tax liability (Line 41 of the Form NJ-1040NR you file) through withholdings, estimated payments, or other payments by the original due date, and

1. Federal extension filed. You enclose a copy of your federal Application for Automatic Extension with your final return and check the box at the top of your NJ-1040NR (or enter your confirmation number in the space provided at the top of Form NJ-1040NR if you filed the extension application or payment online or by phone); or
2. No federal extension filed. You file a request for a six-month extension on Form NJ-630, Application for Extension of Time to File New Jersey Gross Income Tax Return, by the original due date of the return. You also can file an extension application online until April 15, 2019, at www.njtaxation.org. Taxpayers who file Form NJ-630 will not receive an approved copy. We will notify you only if we deny your request, but not until after you actually file your return.

NOTE: If you file a federal extension, you must still file Form NJ-630 by the original due date if you need to make a payment to meet the $80 \%$ requirement.

Civil Union Couples. Civil union partners filing a joint return must either provide copies of the federal extension application (or confirmation number) for both partners, or they must file Form NJ-630.

If you fail to meet the requirements outlined for an extension, or you fail to file your return by the extended due date, we will deny your extension request and impose penalties and interest from the original due date of the return. (See "Penalties, Interest, and Collection Fees" on page 11.)

## Military Extensions

Special rules apply to members of the Armed Forces of the United States and civilians providing support to the Armed Forces.

A person on active duty with the Armed Forces of the United States, who may not be able to file on time because of distance, injury, or hospitalization as a result of this service, will automatically receive a six-month extension by enclosing an explanation when filing the return.

Combat Zone. New Jersey allows extensions of time to file Income Tax returns and pay any tax due for members of the Armed Forces and civilians providing support to the Armed Forces serving in an area that has been declared a "combat zone" by executive order of the President of the United States or a "qualified hazardous duty area" by federal statute. Once you leave the combat zone or qualified hazardous duty area, you have 180 days to file your tax return. Enclose a statement with your return to explain the reason for the extension.

In addition, if you are hospitalized outside New Jersey as a result of injuries you received while serving in a combat zone or qualified hazardous duty area, you have 180 days from the time you leave the hospital or you leave the combat zone or hazardous duty area, whichever is later.

Enclose a statement of explanation with your return when you file. No interest or penalties will be assessed during a valid extension for service in a combat zone or qualified hazardous duty area. This extension also applies to your spouse if you file a joint return.

## How to Pay

You must pay the balance of tax due in full by the original due date of the return. You can make your payment by check or money order, electronic check (e-check), or credit card. If you owe less than $\$ 1$, you do not have to make a payment.

Check or Money Order. If you owe tax and are sending the payment with your return, complete Form NJ-1040NR-V, entering the amount of tax due in the boxes on the voucher. Form NJ-1040NR-V is available on the Division's website (www.njtaxation.org).

Make your check or money order payable to: State of New Jersey - TGI. Write your Social Security number on the check or money order. If you are filing a joint return, include the Social Security numbers for both of you in the same order the names are listed on the return. Send your payment for the balance due with the voucher in the same envelope with your
tax return. (See "Where to Mail Your Return" on page 9.)

If you are paying a balance due for 2018 and also making an estimated payment for 2019, use separate checks or money orders for each payment. Send your 2019 estimated payment with an NJ-1040-ES voucher to the address on that payment voucher. Do not include the estimated payment with your 2018 Income Tax return.

Electronic Check (e-check). You may be able to pay your 2018 taxes or make an estimated payment for 2019 by e-check on the Division's website (www. njtaxation.org). If you do not have internet access, you can make an e-check payment by contacting the Division's Customer Service Center or by visiting a Regional Information Center (see page 46). Do not send in the payment voucher if you pay by e-check.

You will need your Social Security number and date of birth to make an e-check payment. The Social Security number you enter must match the first Social Security number shown on the form related to your payment, and the date of birth you enter must be the date of birth for that person.

## Note:

(1) You must enter your Social Security number and date of birth properly, or you will not be able to pay by e-check.
(2) If you are filing a New Jersey return for the first time, or your filing status is different than the filing status on your 2017 return, you may not be able to pay by e-check.
(3) New Jersey will not accept e-check payments made using an account that is funded from a financial institution outside the United States.

Credit Card. You can pay your 2018 taxes or make an estimated tax payment for 2019 online (www.njtaxation.org) or by phone ( $1-888-673-7694$ ) and use a Visa, American Express, MasterCard, or Discover credit card. You also can pay by credit card by contacting the Division's Customer Service Center or by visiting a Regional Information Center (see page

You will need your bank's 9-digit routing number and your account number to pay by e-check. Do not enter the check number as part of the account number. Note: The routing and account numbers may be in different places on your check.
46). Fees apply when you pay by credit card. The fee is added to your actual tax payment. Do not send in the voucher if you pay your taxes by credit card.

## Time Limit for Assessing Additional

Taxes. The Division of Taxation has three years from the date you filed your return or the original due date of the return, whichever is later, to send you a bill for additional taxes you owe. There is no time limit if you did not file your return, or if you filed a false or fraudulent return with the intent to evade tax. The time limit may be extended if:

- You amended or the IRS adjusted your federal taxable income;
- You amended your New Jersey taxable income;
- You entered into a written agreement with the Division extending the time to make an assessment;
- You omitted more than $25 \%$ of your gross income on your New Jersey Income Tax return; or
- The Division issued an erroneous refund as a result of fraud or misrepresentation by you.

## Where to Mail Your Return

Mail your NJ-1040NR, related enclosures, payment voucher, and check or money order for any tax due. Send only one return per envelope.

## Mail Your Return to:

State of New Jersey
Division of Taxation
Revenue Processing Center
PO Box 244
Trenton NJ 08646-0244

## Refunds

You must file a return to claim a refund for overpayment of tax. If the refund is $\$ 1$ or less, you must enclose a statement requesting it.

Time Period for Refunds. To get a refund, you generally must file your return within three years from the date the return was due (including extensions). If you and the Division agree in writing to extend the period of assessment, the period for filing a refund claim also will be extended.

Interest Paid on Refunds. If the Division takes more than six months to send your refund, you have a right to receive interest on that refund. Interest at the prime rate, compounded annually, will be paid from the later of:

- The date the refund claim was filed;
- The date the tax was paid; or
- The due date of the return.

No interest will be paid when an overpayment is credited to the next year's tax liability.
Under New Jersey law, if you owe any money to the State of New Jersey, any of its agencies, the Internal Revenue Service, or another claimant state or city that has a personal income tax set-off agreement with New Jersey, we will deduct it from your refund or credit. These debts include, among other things, money you owe for past due taxes, child support due under a court order, school loans, hospital bills, and IRS levies. If the Division applies your refund or credit to any of these debts, we will notify you by mail.

## Deceased Taxpayers

If a person received income in 2018 but died before filing a return, the surviving spouse or personal representative (executor or administrator of an estate or anyone who is in charge of the decedent's personal property) should file the New Jersey return. The due date for filing is the same as for federal purposes.

Filing Status. Use the same filing status that was used on the final federal income tax return, unless the decedent was a partner in a civil union. (See "Filing Status" on page 12.)

## Name and Address

- Joint return. Write the name and address of the decedent and the surviving spouse in the name and address fields.
- Other filing status. Write the decedent's name in the name field and the personal representative's name and address in the remaining fields. Print "Deceased" and the date of death above the decedent's name.

Exemptions and Deductions. Prorate exemptions or deductions only if the decedent was a resident of New Jersey for part of the year and a nonresident for part of the year.

## Signatures

- Personal representative. A personal representative filing on behalf of a deceased taxpayer must sign the return in his or her official capacity. If it is a joint return, the surviving spouse also must sign.
- No personal representative. If filing a return when there is no personal representative for the deceased, the surviving spouse signs the return and writes "Filing as Surviving Spouse" or "Filing as Surviving Civil Union Partner" in the signature section.
If there is no personal representative and there is no surviving spouse, the person in charge of the decedent's property must file and sign the return as "personal representative."

TAX
T|PIf there is a refund due and you want the Division to issue the check to the decedent's surviving spouse or estate:

- Check the box below the signature line; and
- Enclose a copy of the decedent's death certificate.

Income in Respect of a Decedent. If you had the right to receive income that the deceased person would have received had he or she lived, and the income was not included on the decedent's final return, you must report it on your own return when you receive it. Include the income on Line 26 as "Other" income.

## Estates and Trusts

## Filing Requirements for Estates and

 Trusts. The fiduciary of an estate or trust may be required to file a New Jersey Income Tax return for that estate or trust. The return must be filed on a New Jersey Fiduciary Return, Form NJ-1041. The fiduciary also must provide each beneficiary with a New Jersey Schedule NJK-1, which shows the beneficiary's share of the estate or trust income actually distributed or required to be distributed during the tax year.Revocable grantor trusts must file Form NJ-1041 when there is sufficient nexus with New Jersey and the statutory filing requirement is met. For more information, see the NJ-1041 instructions.

## Filing Requirements for Beneficiaries.

The net income earned by an estate or trust does not retain its character (i.e., interest, partnership income); rather, it is a specified income category - "Net Gains or Income Derived Through Estates or Trusts." You must report the Total Distribution and New Jersey Source Income shown on your Schedule NJK-1, Form NJ-1041, as net income from estates or trusts on Line 26, Other Income. If you did not receive a Schedule NJK-1, you must adjust the interest, dividends, capital gains, business or partnership income, etc., listed on your federal K-1 to reflect New Jersey tax law. Net the adjusted amounts, and include the total on Line 26. Enclose a copy of your NJK-1 or federal K-1 with your return.

If the income from a grantor trust is reportable by or taxable to the grantor for federal income tax purposes, it also is taxable to the grantor for New Jersey Income Tax purposes. See instructions for Line 26 for reporting requirements.

## Partnerships

A partnership is not subject to Gross Income Tax. Individual partners are subject to tax on the income they earned from the partnership under the Internal Revenue Code and the New Jersey Gross Income Tax Act. See page 22 for information on reporting income from a partnership. Every partnership that has a New Jersey resident partner or income from New Jersey sources must file a New Jersey Partnership Return, Form NJ-1065, by the 15th day of the fourth month following the close of the partnership's tax year. For more information on partnership filing, see Form NJ-1065 and instructions.

## Estimated Tax

Estimated tax means the amount that you estimate to be your Income Tax for the tax year after subtracting withholdings and other credits.

TAX
You must make estimated payments using Form NJ-1040-ES if your estimated tax is more than $\$ 400$. Instructions for calculating your estimated tax and making the payments accompany the form. Review the amount of New Jersey Income Tax on your expected income (after deductions and credits) to determine if you need to make estimated payments for 2019.

You can avoid making estimated payments by asking your employer to withhold more tax from your wages. To do this, complete Form NJ-W4 and give it to your employer. Failure to file a Declaration of Estimated Tax or to pay all or part of an underpayment will result in interest charges on the underpayment.

Underpayment of Estimated Tax. If you failed to make all of the required estimated payments, you should complete Form NJ-2210, Underpayment of Estimated Tax by Individuals, Estates or

Trusts, to determine if interest is due and calculate the amount. Enter on Line 46 the amount of interest due from line 19, Form NJ-2210. Check the box at Line 46 and enclose Form NJ-2210 with your return.

For more information, see Tax Topic Bulletin GIT-8, Estimating Income Taxes.

## Amended Returns

If you received an additional tax statement (W-2 or 1099) after filing your return, or you found that you made a mistake on your return, file an amended nonresident return by completing a new NJ-1040NR and writing AMENDED across the top. If you are amending an item that requires supporting documentation, enclose the applicable document, schedule, or form. If your original return was filed electronically, enclose all supporting documents (W-2, NJK-1, etc.) that you would have enclosed if you had filed the original return on paper - including those that support items that are not being amended. Do not use Form NJ-1040X to amend a nonresident return.

## Changes in Your Federal Income Tax.

 If you receive a notice that the Internal Revenue Service changed your reported income, and that change alters your New Jersey taxable income, you must notify the Division of the change in writing within 90 days. File an amended tax return and pay any additional tax due. If you file an amended federal return that changes your New Jersey taxable income, you must file an amended New Jersey return within 90 days.
## Accounting Method

Use the same accounting method for New Jersey Income Tax that you used for federal income tax purposes. Income must be recognized and reported in the same period as it is recognized and reported for federal purposes.

## Rounding Off to Whole Dollars

When completing your return and the accompanying schedules, you can show the money items in whole dollars. If
you round off, do so for all amounts. To round, drop any amount under 50 cents, and increase any amount 50 cents or more to the next dollar. If you have to add two or more items to calculate the total to enter on a line, include cents when adding the items and round off only the total. When rounding, enter zeros in the space provided for cents.

## Penalties, Interest, and Collection Fees

Penalty and interest should be included with the payment of any tax due.

## Late Filing Penalty

$5 \%$ per month (or part of a month) up to a maximum of $25 \%$ of the outstanding tax liability when you file a return after the due date or extended due date. A penalty of $\$ 100$ for each month the return is late also may be imposed.
Late Payment Penalty
$5 \%$ of the outstanding tax balance may be imposed.

## Interest

$3 \%$ above the prime rate for every month or part of a month the tax is unpaid, compounded annually. At the end of each calendar year, any tax, penalties, and interest remaining due (unpaid) will become part of the balance on which interest is charged.

## Collection Fees

In addition, if your tax bill is sent to our collection agency, a referral cost recovery fee of $10.7 \%$ of the tax due will be added to your liability. If a certificate of debt is issued for your outstanding liability, a fee for the cost of collection of the tax may also be imposed.

## Signatures

Sign and date your return in blue or black ink. Both spouses must sign a joint return. The signature(s) on the form you file must be original; photocopied signatures are not acceptable. We cannot process a return without the proper signatures and will return it to you. This causes unnecessary processing delays and may result in penalties for late filing.
Preparer Authorization. Because of the strict provisions of confidentiality, Division of Taxation personnel cannot discuss your return or enclosures with anyone other than you without your written authorization. If you want a Division of Taxation representative to discuss your tax return with the person who signed your return as your "Paid Tax Preparer," check the box above the preparer's signature line to give your permission.

Tax Preparers. Anyone who prepares a return for a fee must sign the return as a "Paid Preparer" and enter his or her Social Security number or federal preparer tax identification number. Include the company or corporation name and federal identification number, if applicable. A tax preparer who fails to sign the return or provide a tax identification number may incur a $\$ 25$ penalty for each omission. Someone who prepares your return but does not charge you should not sign your return.

Note: Preparers that reasonably expect to prepare 11 or more individual resident Income Tax returns (including those filed for trusts and estates) during the tax year must use electronic methods to file those returns if an electronic filing option is available. A tax preparer is liable for a penalty of $\$ 50$ for each return he or she fails to file electronically when required to do so.

## Keeping Tax Records

Keep copies of your tax returns and the supporting documentation of income, age and/or disability, veteran status, deductions, and credits until the statute of limitations has expired for each return. Generally, this is three years after the filing date or two years from the date the tax was paid, whichever is later.

## Privacy Act Notification

The federal Privacy Act of 1974 requires an agency requesting information from individuals to inform them why the request is being made and how the information is being used.

The Division of Taxation uses your Social Security number primarily to account for and give credit for tax payments. We also use Social Security numbers to administer and enforce all tax laws for which we are responsible.

## Federal/State Tax Agreement

The Division of Taxation and the Internal Revenue Service have entered into a Federal/State Agreement to exchange Income Tax information in order to verify the accuracy and consistency of information reported on federal and New Jersey Income Tax returns.

## Fraudulent Return

Anyone who deliberately fails to file a return, files a fraudulent return, or attempts to evade the tax in any manner may be liable for a penalty up to $\$ 7,500$, or imprisonment for three to five years, or both.

## Name and Address

Print or type your name (last name first), complete address, and zip code in the spaces provided. If you are filing jointly, include your spouse's name. Your refund and next year's form will be sent to the address you provide. If your legal residence and the address on the return are different, enclose a statement of explanation to avoid a processing delay.

TAXCheck the "Change of Address" box if your address has changed since you last filed a New Jersey return.

## Social Security Number

Enter your Social Security number in the spaces provided on the return. If you are filing jointly, enter both filers' numbers in the same order as the names.
If you (or your spouse) do not have a Social Security number, file Form SS-5 with the Social Security Administration to apply for one. Taxpayers who are not eligible for a Social Security number must file Form W-7 with the Internal Revenue Service to get an individual taxpayer identification number (ITIN). Enter on your NJ-1040NR the same number (Social Security number or ITIN) that you entered on your federal return. If you (or your spouse) applied for but have not received an ITIN by the return due date, enclose a copy of your federal Form W-7 application with your New Jersey return.

Note: You cannot use a copy of Form W-7 (or W-7A) in place of a valid Social Security number, ITIN, or ATIN for a dependent when completing Line 14, Dependents' Information.

## State of Residency

Indicate the place outside New Jersey where you resided for the period covered by this return.

## NJ Residency Status

If you were a New Jersey resident for any part of the tax year, list the month, day, and year your residency began and the month, day, and year it ended.

## Filing Status (Lines 1-5)

In general, you must use the same filing status on your New Jersey return as you do for federal purposes. Indicate the appropriate filing status. Check only one box.
Civil Unions. Partners in a civil union recognized under New Jersey law must file their New Jersey Income Tax returns using the same filing statuses as spouses under New Jersey Gross Income Tax Law. Civil union partners cannot use the filing status single.
More information on civil unions, including legally sanctioned same-sex relationships established outside New Jersey, is available on the Division's website (www.njtaxation.org).

> Any reference in this booklet to a spouse also refers to a spouse who entered into a valid same-sex marriage in another state or foreign nation and a partner in a civil union (CU) recognized under New Jersey law.

TAXSingle. Your filing status is single if you are not married or not a partner in a civil union on the last day of the tax year, and you do not qualify to file as head of household or qualifying widow(er)/surviving CU partner (see below).

Married/Civil Union Couples. If both you and your spouse were nonresidents for the entire tax year, and only one of you had income from New Jersey sources, that spouse can file a separate New Jersey return even if a joint federal return was filed. The spouse with income from New Jersey sources calculates income and exemptions as if a federal married, filing separate return had been filed. You have the option of filing a joint return, but in that case, your joint income would be reported in Column A of Form NJ-1040NR.

If one spouse was a nonresident and the other a resident during the entire tax year and both had income from New Jersey sources, separate New Jersey returns can be filed (the nonresident files a nonresident return and the resident files a resident return). Each calculates income and
exemptions as if federal married, filing separate returns had been filed. You have the option of filing a joint resident return, but in that case, your joint income would be taxed as if you both were residents.
If you are filing separately, enter your spouse's Social Security number in the spaces provided under Line 3 .
Note: You can file jointly or separately only if you were married or a partner in a civil union on the last day of the tax year.
Head of Household. If you meet the requirements to file as head of household for federal purposes, you can file as head of household for New Jersey. Certain married individuals/civil union partners living apart can file as head of household for New Jersey if they meet the requirements for federal purposes.

## Qualifying Widow(er)/Surviving CU

 Partner. If your spouse died during 2018, you can file a joint return for the two of you as long as you did not remarry or enter into a new civil union before the end of the year. You can use the filing status "qualifying widow(er)/surviving CU partner" for 2018 only if your spouse/ CU partner died in either 2016 or 2017, you did not remarry or enter into a new civil union before the end of 2018 , and you met the other requirements to file as qualifying widow(er) with dependent child for federal purposes.Domestic Partners. If you were a member of a domestic partnership registered in New Jersey, you are not considered to be married or in a civil union. Do not use either the joint or separate filing statuses at Lines 2 and 3. However, if you also entered into a legally sanctioned same-sex relationship outside New Jersey, you may still be able to use the joint or separate filing statuses for married/CU couples.
For more information, see the Division's website (www.njtaxation.org) and Tax Topic Bulletin GIT-4, Filing Status.

## Exemptions

## Line 6: Regular Exemptions

You can claim a personal exemption for yourself, even if you can be claimed as a dependent on someone else's return (e.g.,
your parents claim you as a dependent on their return). The box for "Yourself" is already checked. Also check the spouse/CU partner box if you are married or in a civil union and filing a joint return.
You can claim an exemption for your domestic partner if you were a member of a domestic partnership that was registered in New Jersey on the last day of the tax year, but only if he or she does not file a New Jersey return. You cannot claim this exemption for a domestic partner or for your dependents. "Disabled" means total and permanent inability to engage in any substantial gainful activity because of any physical or mental impairment, including blindness. You must enclose a copy of the doctor's certificate or other medical records evidencing legal blindness or total and permanent disability with your return the first time you claim the exemption(s).

This information does not need to be submitted each year as long as there is no change in your condition. Check the appropriate box(es). Add the number of boxes checked and enter the total on Line 8.

## Line 9: Veteran Exemption

You cannot claim this exemption for a domestic partner or for your dependents. You must provide official documentation showing that you were honorably discharged or released under honorable circumstances from active duty the first time you claim the exemption(s). Your documentation must list your character of service (discharge). A list of acceptable documentation and ways to submit it is available on our website at www.njtaxation.org. You must check the box(es) for the number of exemptions you are claiming or the exemption(s) will be disallowed. Also, enter the total number of veteran exemptions in the box on Line 9. The number of boxes checked must equal the number of exemptions claimed.

## Line 10: Dependent Children

You can claim an exemption for each dependent child who qualifies as your dependent for federal tax purposes. Enter the number of your dependent children on Line 10 .

## Line 11: Other Dependents

You can claim an exemption for each other dependent who qualifies as your dependent for federal tax purposes. Enter the number of your other dependents on Line 11.

## Line 12: Dependents Attending Colleges

You can claim an additional exemption for each dependent student if all the requirements below are met. You cannot claim this exemption for yourself or your spouse or your domestic partner.

## Requirements

- Student must be claimed as your dependent on Line 10 or 11.
- Student must be under age 22 on the last day of the tax year. (This means the student will not turn 22 until 2019 or later.)

Financial aid received by the student is not calculated into your cost when totaling one-half of your dependent's tuition and maintenance. However, the money earned by students in College Work Study programs is income and is taken into account.
Enter the number of exemptions for your qualified dependents attending colleges on Line 12.

## Gubernatorial Elections Fund

The Gubernatorial Elections Fund, financed by taxpayer-designated $\$ 1$ contributions, provides partial public financing to qualified candidates for the office of Governor of New Jersey. With its contribution and expenditure limits, the Gubernatorial Public Financing program has since 1977 assisted in 75 candidacies, allowing candidates to conduct their campaigns free from the improper influence of excessive campaign contributions. Operation of the program also has permitted candidates of limited financial means to run for election to the State's highest office. As a condition of their receipt of public financing, candidates must agree to participate in two debates, which provide the public with an opportunity to hear the
views of each candidate. For more information on the Gubernatorial Public Financing Program, contact the New Jersey Election Law Enforcement Commission at 1-888-313-ELEC (toll-free within New Jersey) or 609-292-8700 or write to:

## nJ Election Law Enforcement Commission PO Box 185 <br> Trenton NJ 08625-0185

Lists of contributors to gubernatorial candidates and copies of reports filed by gubernatorial candidates are available on the Election Law Enforcement Commission website at: www.elec.state.nj.us.

Participation in the $\$ 1$ Income Tax checkoff protects the continuity and integrity of the Gubernatorial Elections Fund by providing that funds will be reserved for future gubernatorial elections, thereby deterring the use of needed funding for other purposes. If you want to designate $\$ 1$ to go to help candidates for governor pay campaign expenses, check the "Yes" box in the Gubernatorial Elections Fund section of the return. If you are filing a joint return, your spouse also may designate $\$ 1$ to this fund by checking "Yes."
Checking the "Yes" box will not in any way increase your tax liability or reduce your refund.

## Driver's License Number

Enter your Driver's License or state Non-Driver Identification Card number, including the two-letter abbreviation of the issuing state. Providing this information is voluntary. If filing jointly, enter the number of the person whose Social Security number is listed first on the return. If that spouse does not have an identification number, enter the other spouse's. If you and/or your spouse do not have one of these, leave the boxes blank. We may use this information to validate your identity in our effort to combat identity theft and fraudulent filing.

In Column B, enter your income from New Jersey sources. For every entry in Column A, there must be an entry on the corresponding line in Column B. If

none of your income is from New Jersey sources, enter " 0 " in Column B. Your final tax liability is based on the percentage of your income from New Jersey sources.

Gross income means all income you received in the form of money, goods, property, and services unless specifically exempt by law.

Reporting Losses. If you have a net loss in any category of income, follow these principles when completing Lines 15-26 of your NJ-1040NR:

- You cannot report a loss as such (e.g., in parentheses or as a negative number) on your NJ-1040NR.
- You can apply a loss in one category against other income in the same category. For example, you can subtract gambling losses from gambling winnings during the tax year.
- You cannot apply a net loss in one category of income against income or gains in a different category on your NJ1040NR. For example, you cannot subtract a net loss from the sale of property from net income in any other categories (wages, partnership income, etc.).
- If you have a net loss in any income category, make no entry on that line of your NJ-1040NR. Do not enter zero. Do not enter the amount of the loss in parentheses or as a negative number.
- No carryback or carryover of losses is allowed when reporting income on your NJ-1040NR.

## Line 15: Wages, Salaries, Tips, etc.

## Column A

Enter the total wages, salaries, tips, fees, commissions, bonuses, and other payments you received for services performed as an employee. Include all payments, whether in cash, benefits, or property.
Enter the total of State wages, salaries, tips, etc., from all employment both inside and outside New Jersey. Take the amount from the "State wages" box on your W-2s. (See Box 16 on the sample W-2 on page 16.) You must enclose all W-2s with your tax return.

Note: The "State wages" figure on your W-2s from employment outside New Jersey may need to be adjusted to reflect New Jersey tax law.
Nonresident servicepersons, see page 6 .

## Do not include pension and annuity

 income or early retirement benefits on Line 15. Report this income on Line 22.Retirement Plans. Under New Jersey law, contributions to retirement plans (other than $401(\mathrm{k})$ Plans) are included in State wages on the W-2 in the year the wages are earned. This may cause your State wages (Box 16) to be higher than your federal wages (Box 1).
Meals and/or Lodging. You can exclude meals and/or lodging reported as wages on your W-2 if:

1. The meals and/or lodging were provided on the business premises of your employer, and
2. The meals and/or lodging were provided for the convenience of your employer, and
For lodging only:
3. You were required to accept the lodging as a condition of your employment.

If you exclude the value of meals and/ or lodging from your wages, you must enclose a signed statement explaining how you met these conditions. If you do
not enclose the statement, your wages will be changed back to the full amount shown on your W-2.

New Jersey State Police officers cannot exclude food and maintenance payments received as part of their union contract. These payments do not meet the criteria above.

## Employee Business Expenses.

Employee business expenses are not deductible for New Jersey tax purposes. However, you can exclude reimbursements for employee business expenses reported as wages on your W-2 if:

1. The reimbursements are for job-related expenses;
2. You are required to and do account for these expenses to your employer; and
3. You are reimbursed by your employer in the exact amount of the allowable expenses.

If you received excludable reimbursements for employee business expenses that were included in wages on your W-2, enclose a statement explaining the amount you are excluding and your reasons. Also enclose a copy of your federal Form 2106.
Federal Statutory Employees. If you are considered a "statutory employee" for federal tax purposes, you cannot deduct your business expenses unless you are self-employed or an independent

## Sample W-2 (This form is for illustration only and is not reproducible.)

contractor under New Jersey law. The federal label of "statutory employee" has no meaning for New Jersey tax purposes. Business expenses can only be deducted from the business income of a selfemployed individual. See the instructions for Schedule NJ-BUS-1, Part I (Net Profits From Business) on page 31.
Moving Expenses. Moving expenses are not, and have never been, deductible for New Jersey Income Tax purposes. Therefore, the treatment of moving expenses was not affected by the recent elimination of the deduction for federal purposes. The tax treatment of these expenses for New Jersey purposes remains the same.
You can, however, exclude reimbursements for the following moving expenses if you met the federal requirements to claim moving expenses that were in effect on December 31, 2017, and the expenses were included in wages on your W-2:

1. The cost of moving your household goods and personal effects from the old home to the new home.
2. The actual expenses you incurred for traveling, meals, and lodging when moving yourself and your family from your old home to your new home.
Reimbursements for any other moving expenses cannot be excluded from income.

If you received excludable reimbursements for moving expenses that were included in wages on your W-2, enclose a statement explaining the amount you are excluding and your reasons.

## Compensation for Injuries or Sickness.

Certain amounts received for personal injuries or sickness are not subject to tax. You can exclude such amounts included as wages on your W-2 if:

1. The payments were compensation for wage loss that resulted from absence due to your injury or sickness; and
2. The payments were due and payable under an enforceable contractual obligation under the plan; and
3. The payments were not related to sick leave wage continuation, which is largely discretionary and payments are
made regardless of the reason for ab sence from work.

If such payments are included in wages on your W-2, enclose Form NJ-2440.

## Column B

Enter the portion of your wages, salaries, etc. that comes from New Jersey sources. If zero, enter " 0 ."

Pennsylvania residents, see page 4 . Nonresident servicepersons and nonmilitary spouses of military personnel, see page 6 .

If you had wage/salary income earned partly inside and partly outside New Jersey, and you cannot easily determine the amount of income from New Jersey, see Part II on page 31 .

TAXCheck the box at Line 15 if you complete Lines 64-70 (Part II, Allocation of Wage and Salary Income Earned Partly Inside and Outside New Jersey).
Do not use Part II if your wage/salary income is based on volume (the amount of sales or amount of business transacted). Instead, enter on Line 15 the portion of your wage/salary income calculated using the following formula:
$\frac{\text { NJ Vol. }}{} \times$ Vol. Income $=$ Line 15, Col. $B$ Total Vol.
The location where the services or sales were actually performed is the deciding factor when determining where the business was transacted. You must enclose an explanation of how you calculated the amount of wage/salary income.

## Line 16: Interest Income

Enter all of your reportable interest from sources both inside and outside New Jersey on Line 16, Column A. New Jersey reportable interest income includes interest from the following:

If the amount on Line 16, Column A, is more than $\$ 1,500$, enclose a copy of Schedule B, federal Form 1040 or 1040A.

## Interest to be Reported on Other Lines.

If you received interest that was earned and paid to a sole proprietorship, a partnership, an S corporation, or an estate or trust, do not include the interest on Line 16. Your portion of the interest from these sources will be included as follows:

- Sole proprietorship: Schedule NJ-BUS-1, Part I.
- Partnership: Schedule NJ-BUS-1, Part III.
- S Corporation: Schedule NJ-BUS-1, Part IV.
- Estate or Trust: Form NJ-1040NR, Line 26 (Grantor Trusts, see the instructions for Line 26.)

For more information on reporting partnership or S corporation income, see Tax Topic Bulletins GIT-9P, Income From Partnerships, or GIT-9S, Income From S Corporations.

## Forfeiture Penalty for Early With-

 drawal. If you incur a penalty by withdrawing a time deposit early, you can subtract the amount of the penalty from your interest income.Tax-Exempt Interest Income. Do not report tax-exempt interest on Line 16. New Jersey tax-exempt interest income includes interest from:

- TIGRs;
- Certain distributions from "New Jersey Qualified Investment Funds";
- Distributions paid by mutual funds to the extent the distributions are attributable to interest earned on federal obligations.

## New Jersey Qualified Investment

 Funds. A New Jersey Qualified Investment Fund is a regulated investment company in which at least $80 \%$ of the fund's investments (other than cash or receivables) are obligations issued either directly by the federal government or the State of New Jersey or any of its political subdivisions. The Fund must complete and keep Form IF-1, Certification of Qualified Investment Fund, to document its status. This certification does not need to be filed with the Division of Taxation but must be made available upon request.If you received a distribution from a qualified investment fund, you can exclude from your income the portion of the distribution that comes from the qualified exempt obligations. Report any taxable portion as dividends on Line 17.

By February 15, shareholders should be notified by the New Jersey qualified investment fund of the portion of their distribution that can be excluded from income. Contact your broker to determine whether your fund qualifies.

Do not include interest earned on your IRA(s) on Line 16. If you made a withdrawal from your IRA, see the instructions for Line 22.

For more information on tax-exempt interest income, see Tax Topic Bulletin GIT-5, Exempt Obligations.

## Column B

Do not report interest from personal accounts. Only report interest received as a result of a business or profession carried on in New Jersey and not properly reportable as net profits from business, distributive share of partnership income, net income from estates or trusts, or net pro rata share of $S$ corporation income on Line 16, Column B. (See instructions for Line 16, Column A.)

## Line 17: Dividends

## Column A

## Dividends to be Reported on Other

Lines. If you received dividends that were earned and paid to a sole proprietorship, a partnership, an S corporation, or an estate or trust, do not include the dividends on Line 17. Your portion of the dividends from these sources will be included as follows:

- Sole proprietorship: Schedule NJ-BUS-1, Part I.
- Partnership: Schedule NJ-BUS-1, Part III.
- S Corporation: Schedule NJ-BUS-1, Part IV.
- Estate or Trust: Form NJ-1040NR, Line 26 (Grantor Trusts, see the instructions for Line 26).

For more information on reporting partnership or S corporation income, see Tax Topic Bulletins GIT-9P, Income From Partnerships, or GIT-9S, Income From S Corporations.

Capital Gains Distributions. Do not report capital gains distributions you received from mutual funds or other regulated investment companies on this line. This income is reported on Line 61, Part I (see page 30).

Tax-Free Distributions. A distribution that is a return of your investment or capital and does not come from earnings or profits is a nontaxable capital or tax-free distribution. These distributions reduce the basis of the stock or investment and are not taxable until your investment is fully recovered.

Insurance Premiums. Dividends you received from insurance companies are not reportable unless the amount you received is more than the premiums paid. Any interest from accumulated insurance dividends is reportable and you must include it on Line 16, Column A.

## Column B

Do not report dividends from personally held securities. Only report dividends received as a result of a business or profession carried on in New Jersey and not properly reportable as net profits from business, distributive share of partnership income, net income from estates or trusts, or net pro rata share of S corporation income on Line 17, Column B. (See instructions for Line 17, Column A.)

## Line 18: Net Profits From Business

Column A
Complete Part I of Schedule NJ-BUS-1, Business Income Summary Schedule, and enter on Line 18, Column A, the amount from Line 4 of Part I. If the amount on Line 4 is a loss, enter " 0 " on Line 18, Column A. Enclose Schedule NJ-BUS-1 and a copy of the federal Schedule C (or C-EZ or F) for each business with your return (see page 32).

## Column B

Enter the portion of your business income that comes from New Jersey sources. If zero, enter " 0 ." If you carry on business both inside and outside New Jersey, you must complete and enclose Form NJ-NR-A for each business.

Do not include in Column B net profits (or losses) that you received from a business entity located in New Jersey if the business entity's only activity is the purchase, holding, or sale of intangible personal property, such as securities or commodities, and such intangible personal property is not held for sale to customers. You must include such net profits in Column A.

## Line 19: Net Gains or Income From Disposition of Property

If the amount on Line 63 is zero, enter
"0" on Line 19, Column A (see page 30).

## Column B

Line 20: Net Gains or Income From Rents, Royalties, Patents, and Copyrights

## Column B

Enter your net gains or income from New Jersey sources. If zero, enter "0."

## Line 21: Net Gambling Winnings

## Column A

Enter your net gambling winnings from both inside and outside New Jersey. You can deduct your gambling losses from your winnings that occurred in the same year. If the net amount is zero or less, enter " 0 ."

New Jersey Lottery winnings from prize amounts over \$10,000 are taxable for New Jersey purposes. The individual prize amount determines taxability, not the total New Jersey Lottery winnings over the year. Do not include any New Jersey Lottery winnings from prizes of $\$ 10,000$ or less. However, you can subtract your New Jersey Lottery losses from your other gambling winnings.
You must be able to prove the gambling losses you used to reduce the winnings reported on your New Jersey return. Proof of losses may include a daily log or journal of wins and losses, canceled checks, losing race track pari-mutuel tickets, losing lottery tickets, etc. Letters from casinos that "rate" the gambling activity of an individual or "estimate" losses are acceptable as part of the evidence required to prove losses.

If you net gambling winnings with gambling losses, you should enter the total winnings and total losses on a supporting schedule. Although no specific schedule is required to prove gambling losses, it may eliminate certain questions if your return is selected for audit.
For more information, see Technical Bulletin TB-20(R).

## Column B

Enter your net gambling winnings from New Jersey sources. Gambling losses from sources outside New Jersey cannot be used to offset gambling winnings from New Jersey sources. If zero, enter " 0 ."

## Line 22: Pensions, Annuities, and IRA Withdrawals

## Column A

Enter on Line 22, Column A, your reportable pensions, annuities, and certain IRA withdrawals. See page 20 for information on Roth IRAs. Pensions, annuities, and IRA withdrawals are reportable on the New Jersey return, although the reportable amount may be different from the federal amount. if filing jointly) were 62 or older or disabled, you may be able to use the exclusions on

Lines 28 a and 28 b to reduce your income. (See the instructions on page 23.)

All state and local government, teachers', and federal pensions, and Keogh Plans are treated the same way as pensions from the private sector. Amounts received as "early retirement benefits" and amounts reported as pension on Schedule NJK-1, Partnership Return Form NJ-1065, also are reportable.

Social Security and Railroad Retirement benefits are not taxable. Do not include these amounts on Form NJ-1040NR.

Pension payments received because of total and permanent disability are not reportable until the year you reach age 65 . If you continue to receive pension payments after you turn 65 , your disability pension is treated as ordinary pension income beginning that year. (See definition of "disabled" on page 13.)

Military pensions and survivor's benefit payments are not reportable. Do not include these payments on Form NJ-1040NR. Military pensions are those resulting from service in the United States Army, Navy, Air Force, Marine Corps, or Coast Guard. However, civil service pensions and annuities are reportable, even if they are based on credit for military service. Most military pensions and survivor's benefit payments are received from the U.S. Defense Finance and Accounting Service, while a civil service annuity is received through the U.S. Office of Personnel Management.

## Reportable Amounts

Retirement plans are either
noncontributory or contributory. The amount you report depends on the type of plan you have.
Noncontributory Plans. If you did not make any contributions to your plan, it is a noncontributory plan. Amounts received from noncontributory plans are fully reportable. Enter the total amount from your 1099-R on Line 22, Column A.

## Contributory Plans (Other Than

 IRAs). If you made contributions to your plan, it is a contributory plan. Your contributions are usually made through payroll deductions and, in general, were taxed when they were made. Your contributions are not reportable when withdrawn (except for $401(\mathrm{k})$ Plans). Contributory plans also include employer contributions (if any) and earnings, which have not been taxed. Therefore, you must determine the reportable part of your distribution.There are two methods of calculating the reportable amount: Three-Year Rule Method and General Rule Method. Complete Worksheet A below to determine which method you should use.

## Note:

- If you received a distribution from a $401(\mathrm{k})$ Plan, see page 20 before continuing.
- If you made a withdrawal from an IRA, complete Worksheet C on page 21. Do not use Worksheet A or B for an IRA withdrawal.

Three-Year Rule Method. You can use the Three-Year Rule Method if:

- You will recover all your contributions within 36 months from the date you

*The expected return on the contract is the amount receivable. If life expectancy is a factor under your plan, you must use federal actuarial tables to calculate the expected return. The federal actuarial tables are contained in the Internal Revenue Service's Publication 939, General Rule for Pensions and Annuities. Contact the IRS for this publication. If life expectancy is not a factor under your plan, the expected return is found by totaling the amounts to be received.
(Keep for your records)
receive your first payment from the plan; and

- Both you and your employer contributed to the plan.

When you use the Three-Year Rule Method, do not report your pension and annuity payments as income on Line 22 until you have recovered all of your contributions. Once you have recovered your contributions, the payments you receive are fully reportable and must be entered on Line 22. The amount reportable for New Jersey purposes will be different from the amount you report on your federal return when using this method, unless you retired on or before July 1, 1986.

General Rule Method. You must use the General Rule Method if:

- You will not recover your contributions within 36 months from the date you receive your first payment from the plan; or
- Your employer did not contribute to the plan.

When you use the General Rule Method, part of your pension is excludable and part is reportable every year. The excludable amount represents your contributions. Complete Worksheet B the year you receive your first pension payment. Keep Worksheet B for your records. You will need it to calculate your reportable
amount in future years. Recalculate the percentage on line 3 of the worksheet only if your annual pension payments decrease.

401(k) Plans. New Jersey's treatment of $401(\mathrm{k})$ Plan contributions changed on January 1, 1984. Beginning on that date, employee contributions were no longer taxed when earned.

1. Contributions made on or after January 1,1984 . If all of your contributions were made on or after that date, your distributions are fully reportable unless your contributions exceeded the federal limit. If your contributions exceeded the federal limit, you must calculate the reportable portion of your distributions using one of the methods described under contributory plans.

## 2. Contributions made before Janu-

ary 1,1984 . If you made contributions before that date, you must calculate the reportable portion of your distributions using one of the methods described under contributory plans.
Lump-Sum Distributions and Rollovers. When you receive a lump-sum distribution of the entire balance from a qualified employee pension, annuity, profit-sharing, or other plan, any amount that exceeds your previously taxed contributions must be included in your income in the year received. New Jersey has no provision for income averaging of
lump-sum distributions. Enter the reportable amount on Line 22, Column A.

If you roll over a lump-sum distribution from an IRA or a qualified employee pension or annuity plan into an IRA or other eligible plan, do not report the rollover on Line 22 if it qualifies for deferral for federal tax purposes. The amount rolled over (minus previously taxed contributions) will be reportable when it is withdrawn.
For more information, see Tax Topic Bulletin GIT-1, Pensions and Annuities.

## Traditional IRAs

Your IRA consists of your contributions and earnings plus certain amounts rolled over from pension plans. In general, your contributions were taxed when you made them and are not reportable to New Jersey when withdrawn. The portion of your distribution that represents earnings is reportable. Earnings credited to your IRA, as well as tax-free rollovers, are not reportable until withdrawn.

Use Worksheet C on page 21 to calculate the reportable portion of your IRA withdrawal. Report the taxable amount on Line 22. If you made withdrawals from multiple IRAs, you can use a separate worksheet for each or combine all IRAs on one worksheet.

Lump-Sum Withdrawal. If you withdraw the total amount from an IRA, all the earnings and any amounts rolled over tax-free are reportable. You must report these amounts in the year you make the withdrawal.

Periodic Withdrawals. If you make withdrawals over a period of years, the part of the annual distribution that represents earnings is reportable. The amount reportable for New Jersey purposes may be different from the amount you report on your federal return.
Roth IRAs. Your contributions to a Roth IRA are reportable as part of your income when they are made. Distributions from a Roth IRA that meet the requirements of a "qualified distribution" are excludable. Do not include qualified distributions on Line 22, Column A, of Form NJ-1040NR.

B. Total the portion(s) of these previous year withdrawal(s) already reported as income on prior New Jersey tax returns.

D. Subtract the amount of recovered contributions (C) from the total amount of contributions made to the IRA.

This is the amount of unrecovered contributions to enter on line 4b of Part I.
(Keep for your records)

A "qualified distribution" is one made after the five-year period beginning with the first tax year for which a contribution was made to the IRA, and that is:

1. Made on or after the date the individual reaches age $591 / 2$; or
2. Made to a beneficiary (or the individual's estate) after the individual's death; or
3. Made because the individual became disabled; or
4. Made as a qualified first-time home buyer distribution as defined by the Internal Revenue Code.

A distribution that is considered nonqualified for federal purposes is also considered nonqualified for New Jersey purposes.

A distribution of an allowable rollover contribution (or income earned on the amount rolled over) from an IRA other than a Roth IRA, is not a qualified distribution if it is made within the five-year period that begins with the year the rollover contribution was made.

If you received a nonqualified distribution, you must report the earnings on Line 22, Column A.

If you converted an existing IRA to a rollover Roth IRA during Tax Year 2018,
any amount from the existing IRA that would be reportable if withdrawn must be included on Line 22, Column A.

For more information, see Tax Topic Bulletin GIT-2, IRA Withdrawals, and Technical Bulletin TB-44.

Carry your result to four decimal places. For example, if the amounts used were $\$ 20,000$ (Line 30, Column B) divided by $\$ 30,000$ (Line 30, Column A), the result would be $66.67 \%$ or .6667 . In certain situations the income percentage can be more than $100 \%$.

For example, a taxpayer realizes a $\$ 50,000$ gain from the sale of real property in New Jersey and sustains a $\$ 10,000$ loss from the sale of property in Florida. This nonresident (who has no other income) reports $\$ 40,000$ as his/ her income from everywhere (Column A) and $\$ 50,000$ as income from New Jersey sources (Column B). ## Part I: Disposition of Property (Lines 60-63)

Report your capital gains and income from the sale or exchange of any property (both inside and outside New Jersey). You can deduct expenses of the sale and your basis in the property. The basis to be used for calculating gain or loss is the cost or adjusted basis used for federal income tax purposes.

If you sold or transferred real property in New Jersey and were required to make estimated tax payments in connection with the sale or transfer, be sure to include such payments on Line 49. Enclose a copy of Form GIT/REP-1, Nonresident Seller's Tax Declaration, with the return.

Note: Certain gains or losses from the disposition of property owned by a business (sole proprietorship, partnership, or S corporation) or an estate or trust must be reported in other income categories on Form NJ-1040NR - not in Part I, Disposition of Property. See "Gains/Losses to be Reported on Other Lines" on page 30 before you complete Part I.
New Jersey and federal depreciation and expense deduction limits are different. A New Jersey depreciation adjustment may be required for assets placed in service on or after January 1, 2004. Complete the Gross Income Tax Depreciation Adjustment Worksheet GIT-DEP to calculate the adjustment.

If you had an interest in a partnership, sole proprietorship, or S corporation that sold or disposed of virtually all of its assets in conjunction with the complete liquidation of the entity, then you must report your portion of the gain or loss
from the sale or disposition of those assets in Part I.

If you sold an interest in a partnership, a sole proprietorship, or rental property, you may be required to use a New Jersey adjusted basis. If you sold shares in an S corporation, you must use your New Jersey adjusted basis. You must report the gain or loss from your sale or liquidation of a sole proprietorship, a partnership interest, or shares of $S$ corporation stock in Part I.

For information on calculating your New Jersey adjusted basis and your New Jersey reportable gain or loss, refer to rules N.J.A.C. 18:35-1(c)(5) (trade or business property), 18:35-1.3(d)(2) (partnerships), or 18:35-1.5(k) (S corporations) and Tax Topic Bulletins GIT-9P, Income From Partnerships, or GIT-9S, Income From S Corporations.
All gains from installment sales must be reported in the same year as they are reported for federal purposes. If the New Jersey basis is different from the federal basis, you must make a New Jersey installment sale calculation and report the New Jersey gain.

If you need more space, enclose a statement with the return listing any additional transactions.

Sale of a Principal Residence. If you sold your principal residence, you may qualify to exclude all or part of the gain from your income. Capital gain is calculated the same way as for federal purposes. Any amount that is taxable for federal purposes is taxable for New Jersey purposes.

1. You can exclude up to $\$ 250,000$ of the gain if you met all of the following requirements:

- Ownership Test: You owned the home for at least 2 years during the 5 -year period ending on the date of the sale.
- Use Test: You lived in the home as your principal residence for at least 2 years during the 5 -year period ending on the date of the sale.
- During the 2-year period ending on the date of the sale, you did not exclude gain from the sale of another home.

2. If you are filing a joint return, you can exclude up to $\$ 500,000$ of the gain if:

- Either you or your spouse met the Ownership Test; and
- Both you and your spouse met the Use Test; and
- During the 2-year period ending on the date of the sale, neither you nor your spouse excluded gain from the sale of another home.

If only one spouse met the Ownership and Use Tests, that qualified spouse can exclude up to $\$ 250,000$ of the gain.
3. You can claim a reduced exclusion for New Jersey purposes if, during the 5 -year period ending on the date of sale:

- You owned and used the property as your principal residence for less than 2 years, and you qualify for a reduced federal exclusion; or
- You used the exclusion within 2 years of the sale of your principal residence, and you qualify for a reduced federal exclusion.

In both cases, the sale must have been due to: a change in place of employment, health, or unforeseen circumstances.

Gains/Losses to be Reported on Other Lines. If you had a gain or loss from the disposition of property owned by a business or an estate or trust, do not report it in Part I: Disposition of Property. Your portion of the gain or loss from these sources will be included as follows:

## Beneficiary and Grantor Reporting of Income

For Gross Income Tax reporting purposes, the net income earned by an estate or trust does not retain its character, i.e., interest, partnership income; rather it is a specified income category, Net Gains or Income Derived Through Estates or Trusts.

The net income from an estate or trust actually distributed or required to be distributed during the taxable year is taxable to the beneficiary in the income category Net Income From Estates and Trusts. In completing New Jersey Form NJ-1040, NJ-1040NR, or NJ-1041, the income is included on the line Other Income.

## DEFINITIONS

Fiduciary means a guardian, trustee, executor, administrator, receiver, conservator, or any person acting in any trust or similar capacity.

The term estates refers only to the estates of deceased persons. The New Jersey Gross Income Tax liability for minors, persons adjudicated incompetent, or for any person who is suffering from some other legal disability must be calculated on the same form as that used for any other individual taxpayer, but it may be prepared in the name of the disabled individual and signed by the guardian or conservator.

## WHO MUST FILE A RETURN

## Resident Estates and Trusts

The fiduciary of every resident estate or trust must file a New Jersey Gross Income Tax Fiduciary Return (Form NJ-1041) if gross income, before exemptions or deductions, was more than $\$ 10,000$ (prorated for the number of months covered by a part-year return) during the tax year.

A resident estate or trust is not subject to New Jersey tax if it:

- Does not have any tangible assets in New Jersey;
- Does not have any income from New Jersey sources; and
- Does not have any trustees or executors in New Jersey.

However, the fiduciary must file Form NJ-1041 for such estate or trust, enclose a statement certifying that the estate or trust is not subject to tax, and check the box on Line 26.

## Resident estate or trust means:

(1) The estate of a decedent who at his/her death was domiciled in New Jersey; or
(2) A trust, or a portion of a trust, consisting of property transferred by will of a decedent who at his/her death was domiciled in New Jersey; or
(3) A trust, or portion of a trust, consisting of the property of:
(a) A person domiciled in New Jersey at the time such property was transferred to the trust, if such trust or portion of a trust was then irrevocable, or if it was then revocable and has not subsequently become irrevocable; or
(b) A person domiciled in New Jersey at the time such trust, or portion of a trust, became irrevocable, if it was revocable when such property was transferred to the trust but has subsequently become irrevocable.

For the purposes of the foregoing, domicile is the place an individual regards as his/her permanent home - the place to which he/she intends to return after a period of absence. A domicile, once established, continues until a new, fixed, and permanent home is acquired. No change of domicile results from moving to a new location if the intention is to remain only for a limited time even if it is for a relatively long duration.

A resident estate or trust does not include charitable trusts or trusts that are part of a pension or profit-sharing plan.

Revocable/Irrevocable Trust. A trust or portion of a trust is revocable if it is subject to a power, exercisable immediately or at any future time, to revest title in the person whose property constitutes such trust or portion of a trust, and a trust or portion of a trust becomes irrevocable when the possibility that such power may be exercised has been terminated.

Grantor Trust. Grantor trusts are required to file a New Jersey Gross Income Tax Fiduciary Return. If the grantor trust income is reportable by or taxable to the grantor for federal income tax purposes, it also is taxable to the grantor for New Jersey Income Tax purposes. (See the line-by-line instructions for distributions.)

Charitable Trust. A charitable trust is a trust operated exclusively for a religious, charitable, scientific, literary, or educational purpose. Income of a charitable trust is exempt from Income Tax. However, income received by a charitable trust that is not distributed or credited to its beneficiaries is subject to tax in the tax year of the trust. If the terms of the governing instrument of an estate or trust require any amount of income to be accumulated and added to the principal for ultimate distribution to any religious, charitable, scientific, literary, or educational organization and such income is permanently and irrevocably set aside for such purposes, it will be treated as having been paid, credited, or required to be distributed to the charitable beneficiary. The same treatment is afforded to any income required to be held in trust for the use of any charitable beneficiary or organization.

In general, income that is deemed to have been paid, credited, or required to be distributed to a beneficiary is taxable to such beneficiary. However, if the beneficiary is an exempt charitable organization, no tax will be imposed. This is true even if the income is permanently and irrevocably set aside in an invested income account.

## Nonresident Estates and Trusts

The fiduciary of every nonresident estate or trust that derived income from New Jersey sources must file a New Jersey Gross Income Tax Fiduciary Return (Form NJ-1041) if the gross income received from all sources (both inside and outside New Jersey) during the tax year was more than $\$ 10,000$ (prorated for the number of months covered by a part-year return) before exemptions or deductions.

A nonresident estate or trust does not include charitable trusts or pension or profit-sharing trusts. The residence of the fiduciary does not affect the nonresident classification of an estate or trust.

Gross income from sources within New Jersey for a nonresident estate or trust means those items of income and gain that are earned, received, or acquired from the following sources:

1. By reason of ownership or disposition of any interest in real or tangible personal property in New Jersey; or
2. In connection with a trade, profession, or occupation carried on in New Jersey or for the rendition of personal services performed in New Jersey; or
3. As a distributive share of the income of a business, profession, enterprise, undertaking, or other activity as the result of work done, services rendered, or other business activities conducted in New Jersey except as allocated to another state; or
4. From intangible personal property employed in a trade, profession, occupation, or business carried on in New Jersey; or
5. Income of a New Jersey S corporation allocated to New Jersey; or
6. Net gambling winnings from New Jersey sources, including New Jersey Lottery winnings from prize amounts exceeding $\$ 10,000$.

## Electing Small Business Trusts

A federal Electing Small Business Trust can make a New Jersey election to be taxed in the same manner as for federal tax purposes. See Form NJ-1041SB for election information, filing instructions, and tax forms.

## PERIOD TO BE COVERED BY RETURN

The 2018 return filed by an administrator or an executor of an estate must cover the period from January 1, 2018, or fiscal year beginning in 2018, or the date of death of decedent (if death occurred after January 1,2018 ) to the end of the tax year selected by the fiduciary when appropriate. The 2018 return filed by a trustee of a trust must cover the period beginning January 1, 2018.

The tax year for the estate or trust must be the same as for federal income tax purposes. The tax year cannot be longer than 12 months. All income received by the executor, administrator, or trustee in the tax year must be reported on the return.

## WHEN AND WHERE TO FILE

Form NJ-1041 must be filed on or before the 15th day of the fourth month following the close of the tax year of the estate or trust.

Mail Form NJ-1041 with related enclosures, payment voucher, and check or money order for any tax due to the address below.
Send only one return per envelope.

## PAYMENT OF TAX

The balance of tax due must be paid in full by the original due date of the return. If the amount due is less than $\$ 1$, no payment is required. New Jersey Income Tax payments for Tax Year 2018
as well as estimated tax payments for 2019 can be made by check or money order, electronic check (e-check), or credit card.

Check or Money Order. Make the check or money order payable to "State of New Jersey - TGI" and write the federal employer identification number on it. Enter the payment for the balance due in the appropriate boxes on the payment voucher (Form NJ-1041-V). Send the check or money order and the payment voucher in the same envelope as the NJ-1041 return.

Do not include in the same check or money order the amount due for Tax Year 2018 and the first installment of estimated taxes for 2019. Use a separate check or money order for each payment. Send the 2019 estimated tax payment with an NJ-1040-ES voucher to the address indicated on that payment voucher. Do not include the estimated tax payment with the 2018 fiduciary return.

Electronic Check (E-Check). This option is available on the Division's website (www.njtaxation.org). Taxpayers who do not have internet access can pay by e-check by contacting the Division's Customer Service Center or visiting a Regional Information Center (see back cover). Do not send in the payment voucher (Form NJ-1041-V) when paying by e-check.

NOTE: E-check payments made using an account that is funded from a financial institution outside the United States will not be accepted.

When using e-check on the web, you will need the federal employer identification number, the date of the decedent's death or the date the trust was created, your bank's routing number, and your account number to make a payment.

Credit Card. A Visa, American Express, MasterCard, or Discover credit card can be used to pay online (www.njtaxation.org) or by phone (1-888-673-7694). Credit card payments can also be made by contacting the Division's Customer Service Center or by visiting a Regional Information Center (see back cover). Fees apply when paying by credit card. The fee is added to the actual tax payment. Do not send in the payment voucher (Form NJ-1041-V) when paying by credit card.

You will need your bank's 9-digit routing number and your account number to pay by e-check. Do not enter the check number as part of the account number. Note: The routing and account numbers may be in different places on your check.

## EXTENSION OF TIME TO FILE

An extension of time is granted only to file the New Jersey Gross Income Tax Fiduciary Return. There is no extension of time to pay tax due. We will notify you only if the extension request is denied, but not until after the return is actually filed. Penalties and interest are imposed whenever tax is paid after the original due date.

## 5122-Month Extension

You can receive a $51 / 2$-month extension of time to file your New Jersey Gross Income Tax Fiduciary Return. An application for an extension of time to file is accepted only if at least $80 \%$ of the tax liability calculated on Line 28 of your Form NJ-1041 when filed is paid in the form of withholdings, estimated, or other payments by the original due date, and

1. Federal extension filed. A copy of your federal Application for Automatic Extension is enclosed with your final return and the box at the top of Form NJ-1041 is checked (or your confirmation number is entered in the space provided at the top of Form NJ-1041 if the extension application or payment was filed online or by phone); or
2. No federal extension filed. You file a request for a $51 / 2$ month extension on Form NJ-630, Application for Extension of Time to File New Jersey Gross Income Tax Return, by the original due date of the return. Taxpayers who file Form NJ-630 will not receive an approved copy. We will notify you only if the request is denied, but not until after the return is actually filed.

Note: If a federal extension is filed, Form NJ-630 must still be filed by the original due date if you are required to make a payment to satisfy the $80 \%$ requirement.

If you fail to satisfy the requirements outlined for an extension of time to file, or you fail to file your return by the extended due date, your extension will be denied and penalties and interest will be imposed from the original due date of the return. (See "Penalties, Interest, and Collection Fees" on page 4.)

## ACCOUNTING METHOD

A taxpayer's accounting method for New Jersey Income Tax must be the same as the accounting method used for federal income tax purposes. Income must be recognized and reported in the same period as it is recognized and reported for federal income tax purposes.

## CHANGES IN FEDERAL INCOME TAX

Report to the New Jersey Division of Taxation any change or correction in federal taxable income as reported on your federal fiduciary income tax return, whether resulting from the filing of any amended federal return or otherwise, within 90 days after filing such return or final determination of such change by the Internal Revenue Service. Similarly, if an amended federal return is filed, an amended New Jersey return must be filed within 90 days.

## AMENDED RETURN

The fiduciary should carefully follow the instructions when completing the tax return. Before filing the return, the fiduciary should make sure all of the income has been properly reported and any credits for which the estate or trust is eligible have been claimed. However, if after the return has been filed the fiduciary discovers that he/she failed to report income or erroneously claimed credits or did not claim credits for which the estate or trust was eligible, the error may be corrected by filing an amended return. The fiduciary should file a new return, clearly marked "AMENDED RETURN," in which the correct tax or refund is shown.

If an error is discovered that will result in a refund of tax, the amended Form NJ-1041 must be filed within three years from the date the original return was filed or within two years from the time the tax was paid, whichever is later, to receive a refund. (A return filed before the due date or extended due date is considered to be filed on such due date or extended due date.)

## ESTIMATED TAX PAYMENTS

Certain estates and trusts are required to file Form NJ-1040-ES and make quarterly estimated tax payments for any tax year in which the estimated tax of the estate or trust is expected to exceed $\$ 400$. Estimated tax means the projected amount of New Jersey Income Tax liability for the tax year after subtracting allowable credits. Instructions for calculating the estimated tax and making estimated payments are included with Form NJ-1040-ES. Failure to file a declaration of estimated tax or to pay all or any part of an installment of estimated tax will result in interest charges on the underpayment.

## Exceptions

Estimated tax payments are not required from:

- A decedent's estate for any tax year ending before the date that is two years after the decedent's death; or
- A trust that was treated as owned by the decedent if the trust will receive the residue of the decedent's estate under the will (or if no will is admitted to probate, the trust primarily responsible for paying debts, taxes, and expenses of administration) for any tax year ending before the date that is two years after the decedent's death.

## Underpayment of Estimated Tax

If all estimated tax payments are not made as required, Form NJ-2210, Underpayment of Estimated Tax by Individuals, Estates or Trusts, should be completed to determine if interest is due and if so, to calculate the amount.

For more information, see Tax Topic Bulletin GIT-8, Estimating Income Taxes.

## NAME AND FEDERAL EMPLOYER IDENTIFICATION NUMBER

The name and federal employer identification number must be entered on all schedules accompanying the return. If there is a balance due with the return, place the federal employer identification number on the remittance.

## PRIVACY ACT NOTIFICATION

The federal Privacy Act of 1974 requires all agencies requesting information from individuals to inform them why the request is being made and how the information is being used. The Division of Taxation uses the federal employer identification number primarily to account for and give credit for tax payments. It also is used in the administration and enforcement of all tax laws for which we are responsible.

## ROUNDING OFF TO WHOLE DOLLARS

When completing your return and the accompanying schedules, you can show the money items in whole dollars. If you have to add two or more items to figure the total to enter on a line, include the cents when adding the items and round off only the total. When entering the rounded total on the line, eliminate any amount under 50 cents and increase any amount 50 cents or more to the next higher dollar. If you do round off, do so for all amounts. When rounding, enter zeros in the space provided for cents.

## GUBERNATORIAL ELECTIONS FUND

A fiduciary can designate as a contribution to the Gubernatorial Elections Fund the sum of $\$ 1$. The designation of a contribution to this fund does not increase the tax liability or reduce the amount of any possible refund.

## SIGNATURE AND DATE

The return must be signed and dated in blue or black ink by the individual fiduciary or by the authorized officer of the organization receiving or having custody or control and management of the income of the estate or trust.

## Preparer Authorization

Because of the strict provisions of confidentiality, Division of Taxation personnel cannot discuss your return or enclosures with anyone other than you without your written authorization. If, for any reason, you want a Division of Taxation representative to discuss your tax return with the individual who signed the return as "Preparer Other than Fiduciary," we must have your permission to do so. To authorize the Division of Taxation to discuss your return and enclosures with your "Preparer Other than Fiduciary," check the box above the preparer's signature line.

## Tax Preparers

Any person who prepares a taxpayer's return for a fee must sign as "Preparer" and enter his or her Social Security number or federal preparer tax identification number. Returns prepared by a firm or corporation should be signed by the individual preparer and should include the name of the firm or corporation. The individual preparer's Social Security (tax identification) number must be included, as well as the federal employer identification number of the firm or corporation. Any tax preparer who fails to sign the return or provide the assigned tax identification number will be liable for a $\$ 25$ penalty for each such failure.

Note: Preparers that reasonably expect to prepare 11 or more individual resident Income Tax returns (including those filed for trusts and estates) during the tax year must use electronic methods to file those returns if an electronic filing option is available. A tax preparer is liable for a penalty of $\$ 50$ for each return he or she fails to file electronically when required to do so.

## Opting Out of Electronic Filing

If your tax preparer is required to file all returns electronically but you want to file a paper return, you can opt out by enclosing Form NJ-1040-O, E-File Opt-Out Request Form, with your paper return. Both you and your preparer must sign the form, and your preparer must check the box below his or her signature on your return to indicate that Form NJ-1040-O is enclosed.

## PENALTIES, INTEREST, AND COLLECTION FEES

Late Filing Penalty. 5\% per month or fraction of a month for each month of delinquency up to a maximum of $25 \%$ of the balance of the tax due with the return. In addition, the law allows a $\$ 100$ per month (or fraction of a month) penalty.

Late Payment Penalty. 5\% of the outstanding tax balance may be imposed.

Interest. 3\% above the prime rate for every month or fraction of a month the tax is unpaid, compounded annually. At the end of each calendar year, any tax, penalties, and interest remaining due (unpaid) will become part of the balance on which interest is charged.

Collection Fees. In addition, if a tax bill is sent to our collection agency, a referral cost recovery fee of $10.7 \%$ of the tax due will be added to the liability. If a certificate of debt is issued for an outstanding liability, a fee for the cost of collection of the tax also may be imposed.

## NAME, ADDRESS, AND IDENTIFICATION NUMBER

Check the "Change of Address" box if the address has changed since the last time a New Jersey return was filed. Enter the federal employer identification number in the space provided.

## Lines 1 through 4 - Residency Status

Indicate the residency status of the estate or trust by checking the appropriate box provided at each line. Indicate in the space provided the date of the decedent's death or the date the trust was created. If the estate or trust is a resident of a state other than New Jersey, enter the name of the state. In the space provided, indicate the type of trust (i.e., Simple trust, Complex trust, Grantor type trust).

## Line 5 - Estate Closed or Trust Terminated

If the estate was closed or the trust terminated, check the box provided and indicate the date of such closing or termination. Also write "FINAL RETURN" at the top of the form.

## INCOME

Estates and trusts (whether resident or nonresident) must report on Lines 6 through 13 taxable income received from all sources (both inside and outside New Jersey) during the tax year. (Nonresident estates or trusts must complete Lines 6-13 as if the income was earned by a resident estate or trust. Nonresident estates or trusts also must complete Schedule E to report their income from New Jersey sources. See the instructions for Schedule E on page 11.)

Important: Net losses in one category of income cannot be applied against income or gains in another on Form NJ-1041. In the case of a net loss in any category, enter " 0 " for that category. Under New Jersey law, no carryback or carryover of losses is permitted when reporting income on Form NJ-1041.

## Line 6 - Interest

Report all taxable interest from all sources, including savings and loan associations, credit unions, bank deposits, bonds, certificates of deposit, interest-bearing checking accounts, life insurance dividends, etc. Interest derived from sources held outside New Jersey is includable in gross income.

Interest received from Ginnie Maes, Fannie Maes, and Freddie Macs is taxable since these securities are not direct obligations of the federal government. Interest income received from repurchase agreements is taxable to the investor regardless of the nature of the underlying obligation. Interest on obligations of other states and their political subdivisions is subject to tax, as is the interest on obligations of the District of Columbia.

Distributions from Coverdell education savings accounts (ESAs), but only the earnings portion, also are includable in gross income.

Amounts paid by a mutual fund or other regulated investment company are includable in gross income unless the fund is a qualified investment fund as defined by New Jersey law, or to the extent that the distributions are attributable to interest earned on federal obligations.

For New Jersey Income Tax purposes, a forfeiture penalty resulting from an early withdrawal of a time deposit account is considered a loss that can be used to offset interest income.

Interest to be Reported on Other Lines. Interest that was earned and paid to a sole proprietorship, a partnership, an S corporation, or an estate or trust is not included on Line 6. The estate's or trust's portion of the interest from these sources will be included as follows:

- Sole proprietorship: Schedule NJ-BUS-1, Part I;
- Partnership: Schedule NJ-BUS-1, Part III;
- S Corporation: Schedule NJ-BUS-1, Part IV;
- Estate or Trust: Form NJ-1041, Line 13 (Grantor Trusts, see the instructions for Schedule B, Line 45).

Note: Interest paid or deemed to have been paid to the estate or trust by a partnership or S corporation and reported on Form 1099 must be included as interest on Line 6.

For more information regarding the reporting of partnership income or S corporation income and distributions, see Tax Topic Bulletins GIT-9P, Income From Partnerships, or GIT-9S, Income From $S$ Corporations.

Tax-Exempt Interest Income. In the space provided, report all tax-exempt interest as well as exempt interest dividends from a New Jersey qualified investment fund. If exempt interest is more than $\$ 10,000$, you must include an itemized schedule detailing the amount received from each source.

New Jersey tax-exempt interest income includes interest from obligations of the State of New Jersey or any of its political subdivisions, direct federal obligations such as U.S. Savings Bonds and Treasury Bills, Notes and Bonds, Sallie Maes, CATS, TIGRs, certain distributions from "New Jersey Qualified Investment Funds," and distributions paid by mutual funds to the extent the distributions are attributable to interest earned on federal obligations.

A New Jersey qualified investment fund is a regulated investment company in which at least $80 \%$ of the underlying investments are obligations issued either directly by the federal government or by the State of New Jersey or any of its political subdivisions.

If you received a distribution from a qualified investment fund, you can exclude from income only the portion that is attributable to qualified exempt obligations. A fund that is a qualified investment fund for New Jersey purposes should notify its shareholders by February 15 as to the portion of each distribution that can be excluded from income.

## Line 7 - Dividends

Enter on this line the amount of dividends received during the tax year from investments (e.g., from stocks, mutual funds) or other income-producing activities that do not constitute a trade or business. The total amount of dividends received, regardless of where earned, must be reported. For dividends received from a mutual fund or other regulated investment company, see the instructions for interest income at Line 6.

Dividends to be Reported on Other Lines. Dividends that were earned and paid to a sole proprietorship, a partnership, an S corporation, or an estate or trust are not included on Line 7. The estate's or trust's portion of the dividends from these sources will be included as follows:

- Sole proprietorship: Schedule NJ-BUS-1, Part I;
- Partnership: Schedule NJ-BUS-1, Part III;
- S Corporation: Schedule NJ-BUS-1, Part IV;
- Estate or Trust: Form NJ-1041, Line 13 (Grantor Trusts, see the instructions for Schedule B, Line 45).

For more information regarding the reporting of partnership income or $S$ corporation income and distributions, see Tax Topic Bulletins GIT-9P, Income From Partnerships, or GIT-9S, Income From S Corporations.

Distributions out of earnings and profits of corporations are required to be reported in the year received by the shareholder.

Distributions not out of earnings and profits of a corporation that are a return of investment or capital in the company are sometimes referred to as tax-free distributions or nontaxable capital distributions. Such distributions are a return of capital, reduce the basis of the stock or investment, and are not taxable until the basis in the stock or investment is fully recovered. To the extent that a return of capital (when added to other distributions received in the past) exceeds the investment in the stock or security, it is included in income as a capital gain on Line 9 .

Capital gain dividends, under New Jersey law, are taxable in full as capital gains. Dividends reinvested in a public utility are taxable.

In certain situations, however, the income percentage can exceed $100 \%$.

Note: The income percentage can exceed $\mathbf{1 0 0 \%}$. For example, a nonresident estate or trust realizes a $\$ 50,000$ gain from the sale of real property in New Jersey and sustains a $\$ 10,000$ loss from the sale of property in Florida. This nonresident taxpayer (which has no other income) reports $\$ 40,000$ as total income (Line 16) and $\$ 50,000$ as income from New Jersey sources (Line 16a). The income percentage is $125 \%$ (or 1.25 ) calculated as follows: $\$ 50,000$ (Line 16a) $\div \$ 40,000$ (Line 16).

Note: Certain gains or losses from the disposition of property owned by a business (sole proprietorship, partnership, or $S$ corporation) or an estate or trust must be reported in other income categories on Form NJ-1041 - not on Schedule A. See "Gains/Losses to be Reported on Other Lines" below before completing Schedule A.

The basis to be used for calculating gain or loss is the cost or adjusted basis determined for federal income tax purposes. New Jersey Income Tax law has uncoupled from certain changes in federal depreciation and expense deduction limits. A New Jersey depreciation adjustment may be required for assets placed in service on or after January 1, 2004. Complete the Gross Income Tax Depreciation Adjustment Worksheet GIT-DEP to calculate the adjustment. In listing the gain or loss on disposition of rental property, the New Jersey adjustment from Worksheet GIT-DEP, line 6 must be taken into consideration. Keep the completed worksheet for the records of the estate or trust.

Complete Liquidation. If the estate or trust had an interest in a partnership, a sole proprietorship, or an S corporation that sold or disposed of virtually all of its assets in conjunction with the complete liquidation of the entity, then the estate's or trust's portion of the gain or loss from the entity's sale or disposition of its
assets must be reported as net gains or income from the disposition of property.

If an interest in a partnership, sole proprietorship, or rental property was sold, you may be required to use a New Jersey adjusted basis. If shares in an S corporation were sold, you must use the New Jersey adjusted basis. The gain or loss from the sale or liquidation of a sole proprietorship, a partnership interest, or shares of S corporation stock must be reported as net gains or income from disposition of property on Schedule A.

For information on calculating the New Jersey adjusted basis and the New Jersey reportable gain or loss, refer to rules N.J.A.C. 18:35-1(c)(5) (trade or business property), 18:35-1.3(d) (2) (partnerships), or 18:35-1.5(k) (S corporations), and Tax Topic Bulletins GIT-9P, Income From Partnerships, or GIT-9S, Income From S Corporations.

All capital gains are taxed at their full amount. You can deduct federal passive losses in full in the year incurred, provided that there is a gain within the same category of income. No preferential treatment is given to any capital gain.

All gains derived from installment sales must be reported in the same tax year as reported for federal income tax purposes. If the New Jersey basis differs from the federal basis, a New Jersey installment sale calculation must be made and the New Jersey gain must be reported. If the spaces provided are not sufficient, enclose a statement with the return. Enclose a copy of federal Schedule D.

Gains/Losses to be Reported on Other Lines. A gain or loss from the disposition of property owned by a business or an estate or trust is not reported on Schedule $A$. The estate's or trust's portion of the gain or loss from these sources will be included as follows:

Schedule D must be used by nonresident taxpayers who are required to complete and enclose a Gross Income Tax Business Allocation Schedule (Form NJ-NR-A). This schedule is completed only by nonresidents carrying on business both inside and outside New Jersey. (See the instructions for Form NJ-NR-A on page 14.)

## SCHEDULE E - New Jersey Income of Nonresident Estates and Trusts

The New Jersey Income Tax liability of a nonresident estate or trust is based on the percentage of its total income that comes from New Jersey sources. Tax is calculated on income from all sources and then prorated according to the ratio that New Jersey income bears to income from both inside and outside New Jersey.

Nonresident estates must report their income from all sources (both inside and outside New Jersey) on Lines 6-13 of Form NJ-1041 and their income from New Jersey sources on Lines 1-8 of Schedule E. These figures cannot be copied from figures reported on the federal return.

Complete Schedule E before completing Line 16a of Form NJ-1041. If you complete Schedule E, enclose it with your completed Form NJ-1041.

## Income From New Jersey Sources (Lines 1-8)

For each of the various categories of income, enter the portion of the estate's or trust's income received during the tax year that comes from New Jersey sources.

Important: For every entry on Lines 6-13 of Form NJ-1041, there should be an entry on the corresponding line on Schedule E. If none of the income in a particular category is from New Jersey sources, enter " 0 " on the appropriate line on Schedule E.

Income or losses that a nonresident estate or trust receives from a business entity (i.e., sole proprietorship, partnership, LLP, or LLC) located in New Jersey will not be deemed to be derived from New Jersey sources if the business entity's sole activity is the purchase, holding, or sale of intangible personal property, such as commodities or securities, and such intangible personal property is not held for sale to customers. However, such income must be included on the appropriate line of Form NJ-1041.

A nonresident estate or trust that carries on business both inside and outside New Jersey must allocate business income to determine the amount of income from New Jersey sources. Complete and enclose a separate Business Allocation Schedule (Form NJ-NR-A) for each business required to allocate. Also complete Schedule D on Page 3 of Form NJ-1041.

## Line 9 - Total Income From New Jersey Sources

Enter on Line 9 the total of Lines 1-8.

## Line 10 - New Jersey Source Income Distributed to Beneficiaries

Enter on Line 10 the amount from Schedule B, Line 46B (total New Jersey source income distributed to beneficiaries).

## Line 11 - New Jersey Income

Subtract Line 10 from Line 9. Enter the result here and on Line 16a.

## PART I - Net Profits From Business

Use Part I to report the net profits or loss from the operation of a business, trade, profession, or other activity carried on by the estate or trust after provision for all costs and expenses incurred in the conduct thereof, determined either on a cash or accrual basis in accordance with the method of accounting used for federal income tax purposes. If the spaces provided are not sufficient, enclose a statement with the return listing any additional businesses and the related profit or loss along with Schedule NJ-BUS-1. Adjustments should be made to federal Schedule C or F to comply with the New Jersey Income Tax law.

- Add any amounts deducted for taxes based on income.
- Add interest from states or political subdivisions outside New Jersey that were not reported for federal purposes.
- Add interest and dividends that were derived by the trade or business.
- Add or subtract income or losses derived by the trade or business from rentals, royalties, patents, or copyrights.
- Add or subtract gains or losses from the sale, exchange, or other disposition of the trade or business's property, not including New Jersey exempt securities.
- Subtract interest that was taxable for federal purposes but is exempt for New Jersey purposes.
- Deduct meal and entertainment expenses that constitute ordinary expenses incurred in the conduct of a trade or business but that were not allowed on the federal return.
- Deduct your qualified contributions to a self-employed 401(k) Plan. Contributions to a plan in excess of the federal limits, which are not an allowable deduction for federal tax purposes, also are not deductible for New Jersey purposes.
- Add or subtract the net adjustment from the Gross Income Tax Depreciation Adjustment Worksheet GIT-DEP, Part 1, line 7. Keep the completed worksheet for your records.

Sole proprietorships providing primary care services in a qualified medical or dental practice that is located in or within five miles of a designated Health Enterprise Zone (HEZ) may be able to deduct a percentage of the net income from that practice on Line 19. See Technical Bulletin TB-56 for eligibility requirements and instructions for calculating the HEZ deduction.

For an income-producing activity to constitute a business or profession, it must be a commercial enterprise regularly conducted for profit and meet the criteria listed in N.J.A.C. 18:351.1, Net Profits From Business.

## Example

A trust invests in stock for its own financial benefit. It does not offer its investment services to others for a fee. It derives substantial income (gains from the sale of stock, interest, and dividends) from the investment activities. The trust's income is not net profits from a business or profession. It must report this income as gains from the sale of stock, interest, and dividends.

## Lines 1-3

Business Name. Enter the name of each business as listed on federal Schedule C or F.

Social Security Number/Federal EIN. Enter the Social Security number or federal employer identification number of each business.

Profit or (Loss). Enter the profit or (loss) for each business as adjusted for New Jersey purposes.

## PART II - Net Gains or Income From Rents, Royalties, Patents, and Copyrights

Use Part II to report net gains or income less net losses from rents, royalties, patents, and copyrights as reported on the federal income tax return of the estate or trust for the taxable period. If the spaces provided are not sufficient, enclose a statement with the return listing any additional property and income or loss along with Schedule NJ-BUS-1.

Note: Certain net gains or losses from rents, royalties, patents, and copyrights from property owned by a business (sole proprietorship, partnership, or S corporation) or an estate or trust must be reported in other income categories on Form NJ-1041 - not in Part II, Schedule NJ-BUS-1. See "Gains/Losses to be Reported on Other Lines" below before completing Part II.

New Jersey Income Tax law has uncoupled from certain changes in federal depreciation and expense deduction limits. A New Jersey depreciation adjustment may be required for assets placed in service on or after January 1, 2004. Complete the Gross Income Tax Depreciation Adjustment Worksheet GIT-DEP to calculate the adjustment.

The New Jersey Gross Income Tax Act does not distinguish between active and passive losses, nor does it authorize carryback or carryforward of such losses when reporting income on Form NJ-1041. Federal passive losses can be deducted in full in the year incurred, provided that there is a gain within the same category of income.

Gains/Losses to be Reported on Other Lines. Net gains or losses from rents, royalties, patents, and copyrights from property owned by a business or an estate or trust are not reported in Part II. The estate's or trust's portion of the net gains or losses from these sources will be included as follows:

- Sole proprietorship: Schedule NJ-BUS-1, Part I;
- Partnership: Schedule NJ-BUS-1, Part III;
- S Corporation: Schedule NJ-BUS-1, Part IV;

## 2018 Schedule NJK-1

Beneficiaries are subject to New Jersey Income Tax on the net income from an estate or trust actually distributed or required to be distributed during the tax year. The fiduciary of an estate or trust must provide each beneficiary with a New Jersey Schedule NJK-1, Form NJ-1041, listing the total income distributed and the New Jersey source income distributed.

Prepare a Schedule NJK-1 for each beneficiary using the information listed on Schedule B, Form NJ-1041, Beneficiaries' Shares of Income.

Tax Paid by Partnerships can only be distributed to a nonresident beneficiary or grantor and can only be claimed on a nonresident beneficiary's or grantor's Income Tax return.

For a grantor trust, in Part I, Beneficiary or Grantor Information, enter the grantor's information and New Jersey residency status. In Part I, Estate or Trust Information, enter the grantor
trust's information and New Jersey residency status. In Part III, Grantor's Share of Income, enter the grantor's income, gain, or loss by category as required to be reported for Gross Income Tax purposes. For a nonresident grantor, list the tax paid by partnership(s) on behalf of the trust from Schedule B, Line 46C.

Do not include distributions of New Jersey tax-exempt income or corpus distributions.

Include the NJK-1(s) with Form NJ-1041.
Note: Estimated payments made on behalf of a nonresident/ nonconsenting shareholder, payments made in connection with a sale or transfer of real property in New Jersey, or any estimated payments made by the estate or trust cannot be distributed to a beneficiary.

## 2018 New Jersey Tax Table

Use this table if your taxable income on Line $\mathbf{2 3}$ is less than $\mathbf{\$ 1 1 0 , 0 0 0}$. If your taxable income is $\$ 110,000$ or more, you must use the Tax Rate Schedule on page 24 of this booklet.

Example: Mr. Evans is filing a fiduciary return for his mother's estate. The taxable income on Line 23 of Form NJ-1041 is $\$ 39,875$. First he finds the $\$ 39,850-\$ 39,900$ income line. Next, he finds the column for "Your Tax Is:" and reads down the column. The amount shown where the income line meets the tax amount column is $\$ 713$. This is the tax amount to be entered on Line 26 of Form NJ-1041 (nonresidents, Line 24).
