Governor Philip D. Murphy  
Members of the State Legislature  
New Jersey Citizens

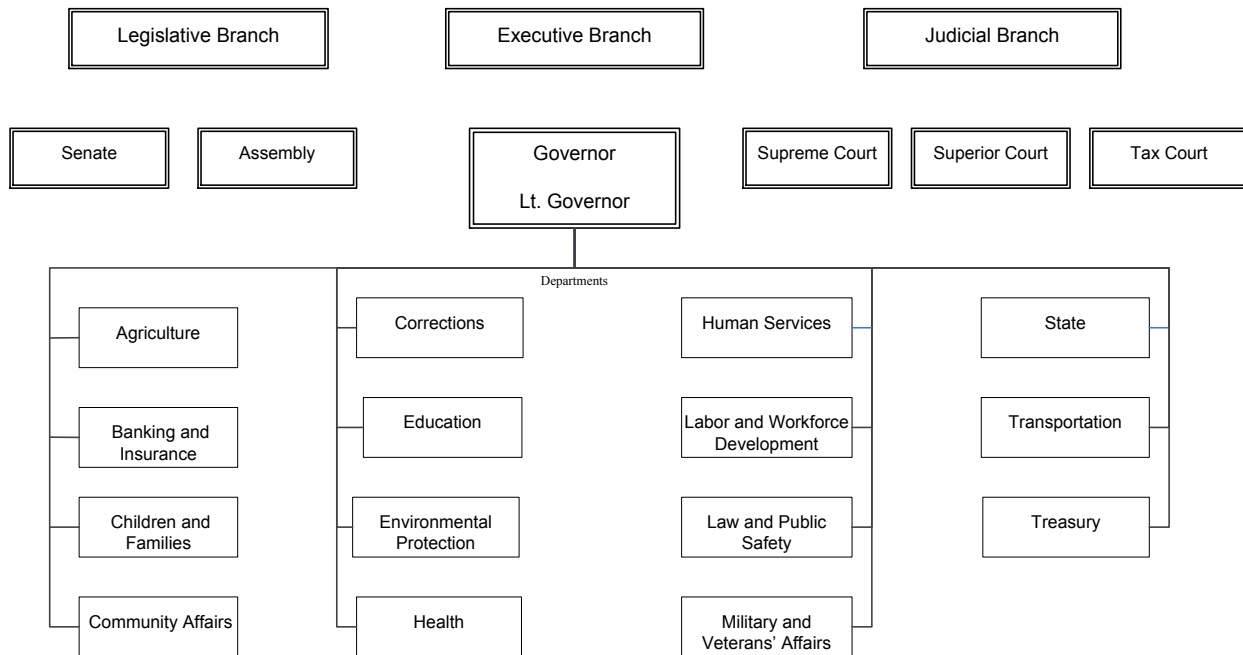

In accordance with the provisions of N.J.S.A.52:27B-46, it is our pleasure to transmit to you the State of New Jersey's Annual Comprehensive Financial Report for the fiscal year ended June 30, 2022. Consistent with prior Annual Comprehensive Financial Reports, the term "Fiscal Year" refers to the twelve month accounting period from July 1 to June 30. The Department of the Treasury's Office of Management and Budget prepared this report. The Department of the Treasury and the Office of Management and Budget are responsible for the accuracy, completeness, and fairness of all data presented, including all disclosures.

This Annual Comprehensive Financial Report presents the financial position and operating results of the State under generally accepted accounting principles (GAAP) applicable to state and local governments, as established by the Governmental Accounting Standards Board (GASB). The State also participates in the Government Finance Officers Association (GFOA) of the United States and Canada's Certificate of Achievement for Excellence in Financial Reporting review program.

The State operates in accordance with the standards provided in GASB Statements No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. In addition to providing traditional fund financial statements, the objective of this reporting model is to provide a single, unified, transparent picture of the State's fiscal health; thus, this Annual Comprehensive Financial Report clearly displays all of the State's revenues, costs, assets, and liabilities. This report also includes a Management's Discussion and Analysis section, which provides users with an objective and easy-to-read analysis of New Jersey's financial performance for the fiscal year ended June 30, 2022. We are confident that the data is accurate in all material respects and presented in a manner designed to set forth fairly the financial position and results of the State's operations, as measured by the fiscal activity of its various funds, and includes all disclosures necessary to enable the reader to gain a reasonable understanding of the State's financial affairs.

### **NEW JERSEY GOVERNMENT**

The State of New Jersey was one of the original 13 colonies and was the third state to ratify the United States Constitution in 1787. The original State Constitution was adopted on July 2, 1776 and was subsequently superseded by the State Constitution of 1844. A new State Constitution was prepared by a constitutional convention in 1947 and was ratified by voters of the State in the General Election held November 4, 1947. The State Constitution divides the powers of government between three co-equal independent branches: Legislative, Executive, and Judicial.

**Legislative:** The State’s bicameral Legislative Branch, which consists of a total of 120 members from 40 legislative districts with elections held in odd-numbered years, meets in annual sessions in Trenton, the State’s capital. The 40 members of the State Senate are elected to terms of four years, except for the election following a decennial census, in which case the term is for two years. The 80 members of the General Assembly are elected to terms of two years. Neither State Senators nor Assembly Members are subject to term limits. The Office of Legislative Services (OLS) is a nonpartisan agency that provides legislators with legal, fiscal, research, information, and administrative services. Key OLS positions include an executive director, a legislative counsel, the State Auditor, a legislative budget and finance officer, a director of central staff, a director of data management, and a director of administration.

**Executive:** The Office of the Chief Executive, which oversees the entire Executive Branch, consists of the Governor, the Lieutenant Governor, Cabinet-level department heads, and staff who are responsible for carrying out the Governor’s constitutional powers and duties. Upon direct election by a plurality of the State’s voters, both the Governor and the Lieutenant Governor may serve two successive terms of four years. With the exception of the Secretary of Agriculture, who is chosen by the Board of Agriculture with the Governor’s approval, the New Jersey State Constitution grants the Governor the authority to appoint the entire cabinet as well as all Superior Court Judges and county prosecutors, subject to confirmation by the New Jersey Senate. Department heads remain in office until their successors are named and confirmed by the Senate; the only exceptions are the Attorney General and the Secretary of State, who are appointed to serve throughout the Governor’s entire term. Although the State Constitution permits a maximum of 20 departments, the State’s payroll consisted of approximately 52,772 employees in 15 departments as of January 2022. The Executive Branch also oversees the performance of 564 municipalities and 599 school districts, and the incarceration and rehabilitation of 11,100 incarcerated persons. In addition to reliable transportation and protection for the State’s citizenry and environment, the Executive Branch provides social services for one out of every five New Jersey residents and one out of every three children.

**Judicial:** New Jersey’s Supreme Court consists of a Chief Justice, who is the administrative head of all courts under the State’s jurisdiction, as well as six Associate Justices. In addition to Municipal and Tax Courts located throughout the State, there are Superior Courts, with a minimum of two Judges, in each of New Jersey’s 21 counties. After nomination by the Governor and subsequent confirmation by the State Senate, all Supreme Court Justices and Superior Court Judges serve initial terms of seven years. Should they be deemed eligible by both the Governor and the State Senate, Supreme Court Justices and Superior Court Judges acquire tenure with retirement at age 70 as mandated by the State Constitution. For purposes of judicial administration, the State is divided into 15 vicinages, each consisting of a single county or a combination of counties. The Administrative Office of the Courts provides support services. Approximately 5.5 million new cases were filed in New Jersey’s courts during Fiscal Year 2022, including 4.9 million in Municipal Court and 0.6 million in Superior Court. These cases address matters concerning civil, criminal, and family law.

## **COLLEGES AND UNIVERSITIES**

As of July 1, 2022, the higher education system in New Jersey includes five public research universities, six State colleges and universities, 18 community colleges, 15 independent four-year colleges and universities, ten proprietary institutions with degree-granting authority, 31 Talmudic institutions and theological seminaries, and one independent two-year religious college. In November 2012, New Jersey voters approved the \$750 million “Building Our Future Bond Act” (P.L. 2012, c.41), and in addition to this Act the State has authorized an additional issuance from four higher education funding programs in the aggregate amount of \$925 million. These four programs are the Higher Education Capital Improvement Fund, the Higher Education Facilities Trust Fund, the Higher Education Technology Infrastructure Fund, and the Higher Education Equipment Leasing Fund. Of the \$1,675 million authorized, \$530.4 million remains unissued as of June 30, 2022.

## **COMPONENT UNITS**

In accordance with the requirements of GASB Statement No. 14, *The Financial Reporting Entity*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus, an amendment of GASB Statement No. 14 and No. 34*, this Annual Comprehensive Financial Report for fiscal year ended June 30, 2022, includes the accounts of 20 public authorities and 11 State public colleges and universities. Public authorities are legal, separate entities that are not operating departments of the State. Governing boards are vested with the power to independently manage and set policies for the organization. Each component unit is established for a specific purpose for the benefit of the State’s citizenry. GASB Statement No. 14 provides that the State’s financial statements should emphasize the primary government and permit financial statement users to distinguish between the primary government and its component units. As a result, the transmittal letter, Management’s Discussion and Analysis, and the financial statements focus on the primary government of the State and its activities, although information pertaining to the component units is presented. For additional information, please see Note 18 – Component Units.

Executive Order No. 122, signed on July 23, 2004, was established to direct the Board of Directors for each State authority, commission, board, and council to create an Audit Committee whose members are to assist in the oversight of the financial reporting and audit processes of the entities. Each member of the Audit Committee is independent of the entity, with at least one member having a background in accounting or related financial expertise. The Audit Committee must assist the Board in retaining an independent auditor to conduct an audit. The auditor selection process must be based on public, competitive bidding principles and shall take place no less than once every five years. In order to ensure the independence of the auditor selection process, an evaluation committee shall be established by the Board to conduct the solicitation and evaluation of eligible auditors. The auditor selected shall report directly to the Audit Committee or the Board. At no time shall the auditor report to any staff member of the entity. At least twice a year, the Audit Committee shall hold a private meeting with the auditor. In carrying out these duties, the Audit Committee shall proactively assist the Board in overseeing the integrity and quality of the entity’s financial statements, the entity’s compliance with legal, regulatory, and ethical requirements, the auditor’s performance and ability to perform, and the performance of the entity’s own internal audit and internal control functions.

## **BUDGET AND ACCOUNTING**

### **Legal Level of Control**

The State’s annual Appropriations Act includes the General Fund, as well as certain Special Revenue Funds (Casino Control, Casino Revenue, Gubernatorial Elections, and Property Tax Relief). The departments maintain legal control at the appropriation line item level and exercise budgetary control by individual appropriations and allocations within annual appropriations to various programs and major expenditure objects. Program classifications represent a lower level operating program function, consisting of closely related activities with identifiable objectives or goals. Revisions to the annual Appropriations Act, reflecting program changes or interdepartmental transfers of an administrative nature, may be effected during the budget year with certain Executive and Legislative Branch approvals. Language, located in the “General Provisions” section of the State’s annual Appropriations Act, enables management to amend a department’s budget with approval by the Director of the Office of Management and Budget; under specific conditions, additional approval by the Office of Legislative Services is required. Only the State Legislature, however, may transfer appropriations between departments.

## **Accounting Systems**

The Office of Management and Budget directs and supervises a central accounting system, which maintains all accounting records for the various State departments. The State's annual budget provides individual appropriations to departments for specific programs and purposes, while component units maintain separate accounting systems.

To ensure expenditures do not exceed appropriations and allocations, the State employs encumbrance accounting. Purchase orders, contracts, and other commitments involving monetary expenditures are encumbrances. Any unencumbered and unexpended non-continuing appropriations lapse at fiscal year's end.

Consideration as to the adequacy of internal controls is paramount in developing and maintaining the State's accounting system. Internal accounting controls are designed to provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, and guarantee that financial records are reliable for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived from its use, and the evaluation of costs and benefits requires managerial estimates and judgments. All internal control evaluations occur within this framework.

## **RELEVANT FINANCIAL POLICIES**

The New Jersey State Constitution, which mandates an annual balanced budget, directs, in part, that "no money shall be drawn from the State Treasury but for appropriations made by law" and that no "...law appropriating money for any State purpose shall be enacted if the appropriation contained therein, together with all prior appropriations made for the same fiscal period, shall exceed the total amount of revenue on hand and anticipated which will be available to meet such appropriations during such fiscal period, as certified by the Governor." Accordingly, during the fiscal year, the State may have to make several revenue and expenditure adjustments to ensure a positive fund balance. The State has had a balanced budget as constitutionally required, in every fiscal year since the adoption of the State Constitution in 1947.

Created as a "rainy day fund," the Surplus Revenue Fund is part of the General Fund's resources and fund balance, and accounts for excess revenues from prior fiscal years that are reserved legislatively and may be used to support current year's appropriations in the event that anticipated revenues in the General Fund are estimated to be less than those certified by the Governor upon approval of the annual Appropriations Act. The Surplus Revenue Fund was designed to build fund balance during economic upswings, and to be expended during economic downturns and emergency situations. During Fiscal Year 2022, the State made a \$3,152.8 million deposit to the Surplus Revenue Fund. As of June 30, 2022, this fund has a zero balance.

The State employs a budgetary basis of accounting for all of its annual fiscal transactions. The budgetary basis differs from the GAAP basis, which is used to present fund financial statements, in that the former: 1) recognizes encumbrances as expenditures, 2) recognizes all federal revenues related to such encumbrances, and 3) reflects only current fiscal year transactions. The GAAP basis also requires that certain grants and other financial assistance be recorded as revenues and/or expenditures.

## **FINANCIAL TRENDS**

### **New Jersey Economic Recovery Act**

The New Jersey Economic Recovery Act of 2020, P.L.2020, c.156 (ERA), which was enacted on January 7, 2021, established eight new economic development tax credit programs to be administered by the New Jersey Economic Development Authority (NJEDA) including a package of tax incentive, financing, and grant programs aimed to address the ongoing economic impacts of the COVID-19 Pandemic. There are seven primary tax credit programs as well as an additional smaller program aimed at supporting the in-state manufacturing of personal protective equipment. The seven primary programs expire after seven years and have an overall cap of \$11.5 billion.

The ERA sets annual award limits for each of the seven new primary tax credit programs. However, if any program's annual limit is not reached, the NJEDA is authorized to add the unused amount to the subsequent year's program limit. The annual program award caps are for the first six years of the seven-year period. During the seventh year, the NJEDA may award any

unused amount that has been carried forward from the first six years of the program. The ERA also permits the NJEDA to exceed program limits in a given year by up to \$200 million annually.

### **Lottery Enterprise Contribution Act**

In accordance with the Lottery Enterprise Contribution Act, L. 2017, c.98 (LECA), and a Memorandum of Lottery Contribution (MOLC), dated July 5, 2017 and effective as of June 30, 2017, the State's lottery and related assets, including intellectual property, (the "Lottery Enterprise") was contributed to the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), and the Police and Firemen's Retirement System (PFRS) for a 30-year term (the "Lottery Contribution"). Under LECA, the Department of the Treasury, Division of the State Lottery ("State Lottery Division") will continue to operate the Lottery Enterprise with a goal of maximizing net proceeds for the benefit of the applicable Pension Plans.

Neither LECA nor the MOLC contain a provision permitting the termination of the contribution prior to the end of the 30-year term. However, a future legislature and administration could pass legislation to reverse the contribution prior to the expiration of its term. Any termination of the Lottery Contribution could implicate the exclusive benefit rule of the Internal Revenue Code, which requires the assets of the Pension Plans to exist for the exclusive benefit of their members in order for the Pension Plans to qualify for the favorable tax treatment under the Internal Revenue Code. The term of the contribution of the Lottery Enterprise will expire at the start of Fiscal Year 2048, and the Lottery Enterprise will revert back to the State. Beginning in Fiscal Year 2023, the amount of the LECA special asset adjustment, as calculated in LECA, will be less than the projected Lottery Net Proceeds to be received during the fiscal year.

Pursuant to LECA, the Lottery Enterprise has been contributed to certain eligible State Retirement Systems for a thirty (30) year term. LECA had a neutral budget impact in Fiscal Year 2022. Beginning in Fiscal Year 2018, appropriations of State Aid for Education or State Institution Programs which were previously supported by net proceeds of the State Lottery are now funded through appropriations from the General Fund or the Property Tax Relief Fund, as applicable. For Fiscal Year 2022, Lottery Net Proceeds contributed \$1,111,000,000 to State Retirement Systems, alleviating the need for aggregate appropriations from the General Fund and the Property Tax Relief Fund to the eligible State Retirement Systems.

Both the legislation and the MOLC require that retained assets and liabilities of the Lottery existing prior to the transfer date (July 1, 2017), not be transferred to the Pension Plans for a thirty-year term. This requirement compels the Division of State Lottery to maintain two general ledgers. The residual State Lottery Fund ledger accounts for all activity associated with those pre-existing assets and liabilities and a new general ledger accounts for all the obligations and assets resulting from lottery sales and games emanating on and after the July 1, 2017, the transfer date.

### **NJ Transportation Trust Fund Authority Legislative Reauthorization**

On October 14, 2016, legislation was enacted reauthorizing the New Jersey Transportation Trust Fund Authority (TTFA) for a period of eight fiscal years. The eight year plan assumed a \$16.0 billion capital program which included \$3.2 billion set-aside for Local Aid projects. Combined with anticipated federal funds, the entire capital program was expected to total \$32.0 billion.

The legislation reauthorizing the TTFA capital program impacted several State taxes. They were as follows:

- **Sales and Use Tax**  
Effective January 1, 2017, the Sales and Use Tax was reduced to 6.875 percent from its previous 7.000 percent rate. Further, on January 1, 2018, the Sales and Use Tax was reduced to 6.625 percent from the previous 6.875 percent rate.
- **Estate Tax**  
The Estate Tax was phased out, replacing the previous \$675,000 threshold with a \$2 million exclusion after January 1, 2017. The Estate Tax rate was reduced to zero percent as of January 1, 2018.
- **Earned Income Tax Credit**  
The Earned Income Tax Credit for the working poor rose to 35 percent of the federal Earned Income Credit from 30 percent, beginning in tax year 2016. A separate law signed in 2018 by Governor Murphy gradually increased the credit to 40 percent over three years. Under the final step of the 2018 law, the state benefit amount increased to 40 percent in tax year 2020.
- **Gross Income Tax**  
Beginning in tax year 2017, the State's gross income tax exclusion of pension and retirement income was phased-up to \$100,000 for joint filers, \$75,000 for individual filers, and \$50,000 for those married filing separately, by tax year 2020. A separate law signed in 2021 by Governor Murphy provides a limited phase-out of the exclusion for taxpayers with incomes between \$100,000 to \$150,000, effective for tax year 2021. Additionally, the TTFA legislative

reauthorization provided a personal exemption on State income taxes for all New Jersey veterans honorably discharged from active service in the military or the National Guard.

- **Petroleum Products Gross Receipts Tax**

Effective November 1, 2016, the tax imposed under the Petroleum Products Gross Receipts Tax (PPGRT) increased in three major components: 1) a 12.85 percent increase in the tax rate on highway fuel with a phase-in of the diesel component; 2) a 4.25 percent increase in the tax rate on non-motor fuels; and 3) an additional four cents per gallon tax on diesel fuels that began in Fiscal Year 2018. In accordance with the legislation, certain taxes may increase if collections are lower than anticipated, or decrease if collections are higher than anticipated. Due to this provision, motor fuels and diesel fuel taxes decreased by 8.3 cents in October 2021, and an additional 1.0 cent in October 2022, from their previous rates.

On November 8, 2016 the citizens of New Jersey voted in favor of a constitutional amendment. The amendment had the following effect:

- The amendment dedicated all Motor Fuels Tax revenue and PPGRT revenue for transportation purposes. This amendment includes the revenues from the Petroleum Products Gross Receipts Tax increase detailed above; and
- Once the amendment was approved by the citizens of New Jersey, the \$12.0 billion of bonding capacity for the TTFA to cover project costs, as set forth in the legislative authorization, went into effect.

Subsequent legislation was enacted on June 30, 2022, which increased the TTFA capital program by an additional \$600 million, creating a total program of \$16.6 billion over the eight year plan.

### **Revenue History**

The State reported Fiscal Year 2022 revenue collections of \$52.7 billion or 8.4 percent above Fiscal Year 2021 revenue collections of \$48.6 billion. The State's unemployment rate, which had soared to 15.5 percent in April 2020, improved to 3.3 percent by December 2022. Revenue estimates for Fiscal Year 2023 were projected to be \$54.1 billion when last updated on February 28, 2023 as part of the Governor's Budget Message. The Statistical Section provides a 10-year history of State-budgeted revenue collections.

### **Pension and Other Postemployment Benefits (OPEB) Obligations**

In Fiscal Year 2022 the State funded the various defined benefit pension systems at 108 percent of the full actuarially determined contributions. Employer contributions to the pension plans are calculated per the requirements of the governing State statutes using generally accepted actuarial procedures and practices. The actuarial funding method used to determine the State's contribution is a matter of State law. Any change to the funding method requires the approval of the State Legislature and the Governor. The amount the State actually contributes to the pension plans may differ from the actuarially determined contributions of the pension plans because the State's contribution to the pension plans is subject to the appropriation of the State Legislature and actions by the Governor. GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires participating employers to recognize their proportionate share of the collective net pension liability. Under the new statement, the calculation of the pension liability was changed to a more conservative methodology and each employer was allocated a proportional share of the pension plans' net pension liability. The State's share of the net pension liability, based on a measurement date of June 30, 2021, which is required to be recorded on the financial statements, is \$75.1 billion.

The Fiscal Year 2023 projected aggregate State contribution to the pension plans of \$6.8 billion represents 104 percent of the actuarially determined contribution.

The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal Year 2022, the State paid PRM benefits for 161,238 State and local retirees.

The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not pre-fund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2022, the State contributed \$1.9 billion to pay for "pay-as-you-go" PRM benefit costs incurred by covered populations, a slight increase from \$1.8 billion in Fiscal Year 2021. The State has appropriated \$2.1 billion in Fiscal Year 2023 as the State's contribution to fund increases in prescription drugs and medical claims costs.

In accordance with the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, effective for Fiscal Year 2018. The

State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2022 State OPEB liability to provide these benefits is \$88.9 billion, a decrease of \$12.7 billion, or 12.5 percent from the \$101.6 billion liability recorded in Fiscal Year 2021.

Additional information on Pensions and OPEB can be accessed at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

### **AUDIT INFORMATION**

The principal auditor of the State's reporting entity is the Office of the State Auditor, which resides in the Legislative Branch of State government. The State Auditor's examination was conducted in accordance with generally accepted auditing standards and its opinion precedes the Basic Financial Statements. Private sector public accounting firms have been used for the audits of separately issued component units and college and university financial statements. In addition, the Office of the State Auditor conducts periodic financial and expanded scope audits of various State agencies. Additional information regarding the State's financial status, including prior year budgets, appropriations acts, and financial reports, is available on the State's web site (<http://www.state.nj.us/treasury/omb/>).

### **CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING**

The GFOA awarded the Certificate of Achievement for Excellence in Financial Reporting to the State of New Jersey for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2021. In order to qualify for this certificate, a governmental entity must publish an easily readable and efficiently organized annual comprehensive financial report, of which the contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. The State of New Jersey has received this award every year since 1993.

### **ACKNOWLEDGEMENTS**

Finally, we express our grateful appreciation to the many dedicated professionals in the Office of Management and Budget and the Office of the State Auditor, whose work made possible the preparation of this report. We believe their combined efforts have produced a report that will provide a means for government, the financial community, decision makers, and concerned citizens to better understand and evaluate the State's financial condition.

Sincerely,

**Report on the Financial Statements**

*Opinions*

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of New Jersey, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the state's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of New Jersey as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year

then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the pensions and other employee benefits trust funds and the Port Authority of New York and New Jersey, which represent 87 percent, 90 percent, and 18 percent, respectively, of the assets, net position and fund balance, and revenues of the aggregate remaining fund information and 100 percent of the information disclosed in Note 2E of the basic financial statements. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts and disclosures included for the pensions and other employee benefits trust funds and the Port Authority of New York and New Jersey, are based solely on the reports of the other auditors. In addition, we did not audit the financial statements of the discretely presented component units. Our opinion on the aggregate discretely presented component units is based solely upon audit reports prepared by other auditors and furnished to us.

### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities section of our report. We are required to be independent of the State of New Jersey and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the pensions and other employee benefits trust funds and one discretely presented component unit, the Higher Education Student Assistance Authority, were not audited in accordance with *Government Auditing Standards*.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the State of New Jersey's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could

reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the State of New Jersey's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the State of New Jersey's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

### ***Emphasis of Matters***

#### ***Adoption of New Accounting Pronouncements***

As discussed in Note 2A, the State of New Jersey adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*, GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, GASB Statement No. 92, *Omnibus 2020* (certain paragraphs), GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*, and GASB Statement No. 99, *Omnibus 2022* (certain paragraphs). Our opinion was not modified with respect to these matters.

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules listed under Required Supplementary Information in the accompanying table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited

procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State of New Jersey's basic financial statements. The combining financial statements and schedules section and the other information section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining financial statements and schedules section and the other information section are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated April 10, 2023 on our consideration of the State of New Jersey's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State of New Jersey's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with

*Government Auditing Standards* in considering the State of New Jersey's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

The following narrative provides an overview and analysis concerning New Jersey State Government's financial performance of its activities for the fiscal year ended June 30, 2022. Readers should consider this information in conjunction with the transmittal letter, which precedes Management's Discussion and Analysis, and the State's financial statements, which follow.

### FINANCIAL HIGHLIGHTS

#### Government-wide

- The primary government's assets and deferred outflows of resources totaled \$121.0 billion, a decrease of \$1.7 billion from the prior fiscal year after restatements that resulted in a \$0.2 billion increase in net position. Restatements were made to increase net position over various accounts. As of June 30, 2022, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$181.1 billion. The State's unrestricted net position, which represents net position that has no statutory commitments and is available for discretionary use, totaled a negative \$204.2 billion. The negative balance is primarily a result of the State implementing, in Fiscal Year 2015, GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* (See Note 16 – Retirement Systems) and the State implementing, in Fiscal Year 2018, GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (See Note 17 – Other Postemployment Benefits and Active Employee Health Benefits). Financing activities that have contributed to the State's negative unrestricted net position include liabilities from pension obligation bonds, the funding of a portion of local elementary and high school construction, and the securitization of all annual tobacco master settlement agreement receipts with no corresponding assets.
- June 30, 2022 component unit assets and deferred outflows of resources exceeded component unit liabilities and deferred inflows of resources by \$19.8 billion. Total component unit assets and deferred outflows of resources totaled \$59.7 billion, an increase of \$1.2 billion from the prior year.

#### Fund Level

- The State's governmental funds reported June 30, 2022 combined ending fund balances of \$29.8 billion, an increase of \$6.0 billion when compared to the prior fiscal year. Fund balances are segregated into the following categories: nonspendable, restricted, committed, and unassigned. The nonspendable fund balance classification (\$20.4 million) includes amounts that are legally required to remain intact. The restricted fund balance classification (\$12.5 billion) is used when constraints have been placed upon the use of resources through enabling legislation initiated by voter referendum, constitutional provisions, debt covenants, or other external parties such as the federal government. The committed fund balance classification (\$12.1 billion) includes amounts that can only be used for purposes specified in enabling legislation with the consent of both the legislative and executive branches. In contrast to the restricted fund balance classification, amounts in this category may be redeployed for other purposes with appropriate due process. Finally, the unassigned fund balance (\$5.3 billion) represents the fund balance amount that has not been restricted or committed to a specific purpose within the General Fund.
- During the fiscal year, the proprietary funds' net position increased by \$742.4 million resulting in net position of \$1.0 billion as of June 30, 2022.

#### Long-term Obligations

- The State's governmental long-term obligations decreased 14.8 percent to \$212.5 billion, after restatements, which includes a net decrease in bonded obligations of \$4.3 billion. During the fiscal year, the State issued \$1.6 billion in bonds. New money issuances represented \$0.7 billion, issued for transportation program improvements. The State also issued \$0.9 billion of refunding bonds that provided the State with \$189.3 million in net present value savings. During Fiscal Year 2022, the State made principal and interest payments totaling \$7.0 billion on its long-term obligations; this amount includes \$2.5 billion expended from the New Jersey Debt Defeasance and Prevention Fund to defease certain outstanding long-term obligations.
- Non-bonded portions of the State's governmental long-term obligations total \$168.6 billion. This amount represents a \$32.7 billion decrease from the prior fiscal year, after restatements, and is mainly attributable to decreases in the Net Pension Liability and Other Postemployment Benefits (OPEB) Liability of \$20.2 billion and \$12.8 billion, respectively, resulting from changes in actuarial assumptions relating to the pensions and OPEB plans.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

The State’s basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This Annual Comprehensive Financial Report also contains required supplementary information (RSI) and other information, in addition to the basic financial statements.

## **Government-wide Financial Statements**

Government-wide financial statements provide a broad view of the State's operations in a manner similar to private sector business standards, as well as both short-term and long-term information regarding the State's overall financial position through the fiscal year end. The government-wide financial statements include the following two statements:

- **Statement of Net Position**

Presents all of the State's assets and deferred outflows of resources and liabilities and deferred inflows of resources and calculates net position. Increases or decreases in the State's net position over time may serve as a useful indicator as to whether or not the State's overall financial position is improving or deteriorating.

- **Statement of Activities**

Presents how the State's net position changed during the fiscal year. All changes in net position are reported when the underlying event occurs, giving rise to the change, regardless of the timing of related cash flows. This statement also presents a comparison between direct expenses and program revenues for each State function.

Both the Statement of Net Position and the Statement of Activities have separate sections that report three activities:

- **Governmental Activities**

The majority of State service functions fall into this category, which includes Executive, Legislative, and Judicial Branch operations. Governmental activity functions rely heavily on State taxes and federal grant receipts for funding their respective programs and functions.

- **Business-type Activities**

These operations, consisting of the State Lottery Fund and the Unemployment Compensation Fund, are legislatively able to charge fees to external users to recover all or a portion of the cost of the services provided and are, therefore, classified as business-type activities.

- **Component Units**

Legally separate operations and organizations for which the State has financial accountability are considered component units. Operating as business-type activities, financial statements of component units are presented discretely in either the major or non-major categories in both the Statement of Net Position and the Statement of Activities based upon the relative size of assets, liabilities, revenues, and expenses in relation to the total. The State's component units for the period covered by this Annual Comprehensive Financial Report, consist of 11 senior public institutions of higher education as well as 20 authorities; of the latter 20, five (Garden State Preservation Trust, New Jersey Building Authority, New Jersey Schools Development Authority, New Jersey Transportation Trust Fund Authority, and Tobacco Settlement Financing Corporation) are blended into governmental activities. A complete list of the State's component units is shown in Note 1 – Summary of Significant Accounting Policies – Financial Reporting Entity and Note 18 – Component Units. Audit reports of the individual component units may be obtained from their respective administrative offices or websites.

## **Reconciliation of Government-wide and Governmental Funds Financial Statements**

This Annual Comprehensive Financial Report includes two schedules that reconcile the amount reported on the governmental funds financial statements (modified accrual basis of accounting) with government-wide financial statements (accrual basis of accounting). The following summarizes the major differences between the financial reporting impacts of transitioning from a modified accrual basis of accounting to a full accrual basis of accounting:

- Capital assets used in governmental activities are not reported on governmental funds financial statements.
- Deferred outflows and certain deferred inflows of resources on the government-wide financial statements are not reported on the governmental funds financial statements.
- Capital outlay spending results in capital assets on the government-wide financial statements, but is reported as expenditures on the governmental funds financial statements.
- Bond and note proceeds result in liabilities on the government-wide financial statements, but are recorded as other financing sources on the governmental funds financial statements.
- Certain other outflows represent either increases or decreases in liabilities on the government-wide financial statements, but are reported as expenditures on the governmental funds financial statements.

For more detailed information, which is essential to a full understanding of the data provided in the government-wide financial statements and governmental funds financial statements, see “Notes to the Financial Statements.”

### **Fund Financial Statements**

A fund is a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources together with all related liabilities and residual equities or balances, and changes therein, which is segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The State’s fund financial statements reflect financial reporting practices in accordance with this definition. The State’s funds, which exclude discretely presented component units, are divided into three categories: governmental, proprietary, and fiduciary.

- **Governmental Funds Financial Statements**

Most direct State services are financed through governmental funds, which are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. The governmental funds financial statements focus on current inflows and outflows of expendable resources and the unexpended balances at the end of a fiscal year that are available for future spending. Governmental fund information helps determine whether or not there was an addition or a reduction in financial resources that can be spent in the near future to finance State programs.

The State’s governmental funds are the General Fund, Special Revenue Funds, and Capital Projects Funds. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The basic governmental funds financial statements can be found immediately following the government-wide financial statements.

- **Proprietary Funds Financial Statements**

Proprietary funds are used to account for State business-type activities. Since these funds charge fees to external users, they are known as enterprise funds. Proprietary funds provide the same information as government-wide financial statements and use the accrual basis of accounting.

- **Fiduciary Funds Financial Statements**

Fiduciary funds, which include State pension fund systems, are used to account for resources held by the State for the benefit of parties outside of State government. Fiduciary funds are reported using the accrual basis of accounting in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. Government-wide financial statements exclude fiduciary fund activity and balances since the assets are legislatively restricted in purpose and do not represent discretionary assets the State can use to fund its operations.

### **Notes to the Financial Statements**

The Notes to the Financial Statements provide additional background information that assists the reader in understanding the data provided in the government-wide financial statements and fund financial statements.

### **Required Supplementary Information**

The basic financial statements are followed by a required supplementary information section. This section includes budgetary schedules that reconcile the statutory intent of the program with fund balances in accordance with generally accepted accounting principles at fiscal year end as well as variances between the final budget and actual results on a budgetary basis. Also, there are various schedules relating to the State’s Net Pension Liability, Related Ratios, Employer Contributions, and Schedules of Changes in the State’s OPEB Liability and Related Ratios.

### **Combining Financial Statements**

Combining financial statements are presented for non-major governmental, proprietary, and fiduciary funds. Non-major funds are shown in the aggregate in the basic financial statements. Combining schedules are presented for the General Fund.

### **Other Information**

Information on New Jersey’s capital assets, long-term obligations, and non-major budgetary comparison schedules are displayed in this section. Schedules of Anticipated and Appropriated Revenues provide detailed information on major and miscellaneous taxes, fees, and other revenues. The Schedule of Anticipated Revenue provides further analysis by showing dollar and percentage variances of actual collections as compared to the original anticipation. The Schedule of Appropriations and Expenditures details the comparison of expenditures at the legal level of control to the final budget.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

**Net Position**

The State ended Fiscal Year 2022 with combined net position for the primary government totaling a negative \$181.1 billion. This amount represents an increase of net position of \$14.9 billion from the prior fiscal year after restatements. Restricted net position includes funds used to pay unemployment claims and open space preservation. Capital assets, net of depreciation, are used by the State to provide services to citizens; consequently, these assets are not available for future spending. Net investment in capital assets includes land, land easements, land improvements, buildings and improvements, equipment and software, infrastructure (roads, bridges, and other immovable assets), and construction in progress. The deficit in unrestricted governmental net position arose primarily as a result of the cost of the State's bonded obligations, depreciation expense related to capital assets, and certain liabilities, including, but not limited to, the Net Pension Liability and the OPEB Liability, that are required to be included in the government-wide financial statements.

\* Net Position was restated to reflect the following: prior period adjustments for increases in capital assets of \$353.2 million, an increase in accumulated depreciation of \$135.3 million, and implementation of GASB Statement No. 87, *Leases*, resulting in increases of right of use assets of \$818.5 million and increases in capital lease liabilities of \$843.8 million.

**Changes in Net Position**

The State's Fiscal Year 2022 net position increased by \$14.9 billion after restatements. Approximately 52.2 percent of the State's total revenues came from general taxes, while 33.4 percent was derived from operating grants. Charges for services amounted to 13.2 percent of total revenues, while other items such as capital grants, miscellaneous revenues, and interest earnings accounted for the remainder. State expenses cover a range of services. The largest expense, at 29.7 percent was educational cultural, and intellectual development, which includes approximately \$280.8 million disbursed by the New Jersey Schools Development Authority (a blended component unit) to help finance school facilities construction; physical and mental health amounted to 24.8 percent; and economic planning, development, and security amounted to 11.2 percent. Other major expenditures focused on government direction, management, and control; public safety and criminal justice; the State Lottery Fund; the Unemployment Fund; and community development and environmental management. During Fiscal Year 2022, governmental activities expenses exceeded program revenues. This imbalance was mainly funded through \$51.7 billion of general revenues (mostly taxes). The remaining \$14.2 billion resulted in an increase in net position. Offsetting the governmental net position increase, Business-type Activities reflected a net position increase of \$0.7 billion primarily because the Unemployment Compensation Fund's claims were less than available resources.

**Primary Government – Fiscal Year 2022 Revenues and Expenses**

During Fiscal Year 2022, State revenues totaled \$97.0 billion or a decrease of \$644.4 million when compared to the prior fiscal year after restatements. This decrease is primarily attributable to lower operating grants offset by higher general taxes and charges for services. General taxes totaled \$50.7 billion and operating grants totaled \$32.4 billion, accounting for 52.2 percent and 33.4 percent, respectively, of total State revenues for Fiscal Year 2022. The State’s Gross Income Tax totaled \$20.7 billion, the Sales and Use Tax totaled \$12.6 billion, and the Corporation Business Tax totaled \$5.7 billion. The State’s three major taxes comprised 77.1 percent of the total general taxes that were collected during Fiscal Year 2022. General taxes increased by \$7.9 billion when compared to Fiscal Year 2021.

The following pie chart depicts the primary government revenue activity for the fiscal year ended June 30, 2022:

**Revenues – Primary Government  
Fiscal Year Ended June 30, 2022**

Fiscal Year 2022 expenses totaled \$82.4 billion, a decrease of \$10.9 billion after restatements in comparison to the prior fiscal year. State spending decreased by \$15.4 billion in the Unemployment Compensation Fund due to available resources exceeding claims. Also, government direction, management, and control decreased by \$5.8 billion. The aforementioned decreases were partially offset by education, cultural, and intellectual development (\$3.2 billion); physical and mental health (\$2.8 billion); community development and environmental management (\$1.7 billion); and economic planning, development, and security (\$1.7 billion).

The following pie chart depicts the primary government expenses activity for the fiscal year ended June 30, 2022:

**Expenses – Primary Government  
Fiscal Year Ended June 30, 2022**

Please see the Statistical Section for current and prior fiscal year revenue and expense comparisons.

**Component Units**

Combined operating revenues and expenses for the State’s component units for Fiscal Year 2022 amounted to \$19.0 billion and \$20.2 billion, respectively. Total operations along with other revenue and expenses contributed to total combined net position at fiscal year end of \$19.8 billion. The component units received \$1.6 billion in State appropriations during Fiscal Year 2022.

## **MAJOR GOVERNMENTAL FUNDS FINANCIAL ANALYSIS**

The focus of the State's governmental funds reported in the fund financial statements is on near term inflows, outflows, and balance of expendable resources, which are essential elements in assessing the State's financing needs and serve as useful measures of the government's net resources available for future spending. The State's governmental funds reported June 30, 2022 fund balances of \$29.8 billion, a \$6.0 billion increase from the prior fiscal year.

### **General Fund**

The General Fund is the State's chief operating fund and is the fund into which all State revenues, not otherwise restricted by statute, are deposited. The General Fund's ending fund balance totaled \$18.5 billion of which \$5.3 billion represented unassigned fund balance. During Fiscal Year 2022, unassigned fund balance increased by \$0.9 billion. A major underlying reason for the increase in fund balance was due to a \$4.5 billion increase in taxes; 89 percent of this increase comprised of increases to the Corporation Business Tax, the Sales and Use Tax, and the Pass-Through Business Alternative Income Tax. The Surplus Revenue Fund is an account within the State's General Fund that is used as a "Rainy Day Fund". Surplus revenue is defined as an amount equivalent to 50.0 percent of the excess between the General Fund revenues certified by the Governor at the time of the approval of the annual Appropriations Act and the amount of revenue reported from the annual financial report of the General Fund for the fiscal year. Any General Fund excess is then subtracted by the amount of revenue reported from the annual financial report of the Property Tax Relief Fund that is less than revenue amounts certified by the Governor at the time of the approval of the annual Appropriations Act. The State made a deposit of \$3.2 billion in Fiscal Year 2022 to the Surplus Revenue Fund. As of June 30, 2022, the fund had no balance.

On a budgetary basis, the General Fund collected general revenues of \$55.6 billion. These general revenues were \$1.1 billion higher than final budget, and were \$8.7 billion higher than originally anticipated, primarily due to increases in taxes and federal and other grants.

Total expenditures and transfers were \$0.3 billion higher than original appropriations as set forth in the annual Appropriations Act plus supplemental appropriations enacted during the fiscal year. From a Fiscal Year 2022 program perspective, over-spending transpired in government direction, management, and control (\$1.6 billion) and educational, cultural, and intellectual development (\$272.1 million); while under-spending transpired in physical and mental health (\$2.1 billion); economic planning, development, and security (\$824.5 million); transportation programs (\$762.8 million); public safety and criminal justice (\$351.2 million); community development and environmental management (\$187.3 million); and special government services (\$80.1 million). Additionally, transfers to other funds were \$2.7 billion higher than original plus supplemental appropriations.

### **Property Tax Relief Fund**

The Property Tax Relief Fund accounts for revenues from the Gross Income Tax and one-half percent of the Sales and Use Tax that is constitutionally dedicated for property tax relief. Appropriations from this fund must be used exclusively for the constitutional purpose of reducing or offsetting property taxes. During Fiscal Year 2022, \$20.8 billion of property tax relief expenditures were made. The Property Tax Relief Fund's Fiscal Year 2022 ending fund balance was \$3.3 billion. Gross Income Tax collections increased \$3.4 billion from Fiscal Year 2021.

## **PROPRIETARY FUNDS FINANCIAL ANALYSIS**

### **State Lottery Fund (Common Pension Fund L)**

Contribution monies derived from the sale of State lottery tickets are deposited into Common Pension Fund L pursuant to the Lottery Enterprise Contribution Act (LECA). Disbursements are authorized for the payment of prizes to holders of winning lottery tickets, vendor fees in the production and distribution of lottery tickets, and for the administrative expenses of the Division of the State Lottery. In accordance with the LECA, remaining balances are contributed to Teachers' Pension and Annuity Fund (77.78%), Public Employees' Retirement System (21.02%), and Police and Firemen's Retirement System (1.20%) for a 30 year term effective as of June 30, 2017. The present value of obligations for future installment payments of lottery prizes, which are funded by the purchase of deposit fund contracts and United States Government Treasury securities, are accounted for in this fund.

For Fiscal Year 2022, gross revenues totaled \$3.7 billion of which \$2.2 billion was returned in prizes; \$1.1 billion was transferred to pension funds; \$280.5 million was paid to sales agents and ticket vendors; and \$64.3 million covered Lottery operational and promotional expenses. As of June 30, 2022, the State Lottery, since its inception, has generated over \$88.1 billion in gross revenues, \$49.1 billion in prizes, contributed \$26.0 billion to the State, and \$5.3 billion in pension contributions.

## Unemployment Compensation Fund

The Unemployment Compensation Fund accounts for monies deposited from employers' and employees' contributions for unemployment compensation, amounts credited or advances made by the federal government, and amounts received from any other source. After consideration is given to any claim for refund of overpayment of contributions, the Division of Employment Security transfers the remainder to the Treasurer of the United States for credit to the State of New Jersey Unemployment Compensation Fund. Total unemployment claims paid decreased by \$15.4 billion in Fiscal Year 2022 primarily due to the COVID-19 Pandemic employment impact in Fiscal Year 2021.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

The Department of the Treasury is responsible for ensuring all departments record their capital assets in the State's capital asset system. In addition to New Jersey's Department of Transportation identifying significant requirements for bridge repair and maintenance, the New Jersey Commission on Capital Budgeting and Planning has identified a significant amount of capital investment requirements for State facilities. The State's annual budget and planning process prioritizes these requirements and recommends funding, as can be accommodated within available resources.

The Fiscal Year 2022 capital appropriation included \$4.0 billion of State and matching federal funds for both the Department of Transportation and the New Jersey Transit Corporation. The State's share, funded through the New Jersey Transportation Trust Fund Authority, produced \$809.8 million for State highway infrastructure, \$430.2 million for local highways, and \$760.0 million for mass transit. During Fiscal Year 2022, no new issuances of School Facilities Construction Bonds occurred. As of June 30, 2022, a total of \$11.9 billion of the \$12.5 billion school facilities construction bond program has been issued. The constitutional dedication of 6.0 percent of the Corporation Business Tax was appropriated and/or reserved to fund hazardous discharge cleanup, underground storage tank improvements, and surface water quality projects.

Capital asset data is shown below. In Fiscal Year 2022, the State implemented GASB Statement No. 87, *Leases*. The State is a lessee for various financing arrangements for the right to use a tangible leased asset. For all arrangements with a maximum possible term of more than twelve months, these assets are now recognized as capitalized right of use assets. See Note 15, *Leases*, for additional details on lease activity and Note 2, *Other Accounting Disclosures*, for additional details on restatements pertaining to the impact of GASB Statement No. 87, *Leases*.

The State's investment in capital assets, net of accumulated depreciation, totaled \$31.7 billion as of June 30, 2022. Depreciation expense charges for Fiscal Year 2022 totaled \$1.2 billion. More detailed information on capital asset activity can be found in Note 7 – Capital Assets.

**Debt Administration**

As of June 30, 2022, New Jersey’s outstanding long-term obligations for governmental activities totaled \$212.5 billion, a \$37.0 billion decrease, after restatements, relative to the prior fiscal year. The decrease is primarily attributable to decreases in the Net Pension Liability and OPEB Liability of \$20.2 billion and \$12.8 billion, respectively. Additionally, there was a decrease of \$4.3 billion in bonded debt. Long-term bonded obligations totaled \$43.9 billion, while other long-term non-bonded obligations totaled \$168.6 billion. In addition, the State has \$9.3 billion of legislatively authorized bonding capacity that has not yet been issued. As of June 30, 2022, the legislatively authorized but unissued debt decreased by \$0.9 billion from the prior fiscal year after restatements (See Statistical Section – Legislatively Authorized But Unissued Debt, 2022 and 2021).

**Long-Term Bonded and Non-Bonded Obligations  
Fiscal Year 2018 to Fiscal Year 2022  
(Expressed in Billions)**

\* Restated to reflect an increase of capital leases of \$43.7 million.

\*\* Restated to reflect the implementation of Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. As a result of implementing GASB No. 87, capital lease liabilities increased by \$842.4 million.

For more detailed information about the State’s long-term debt activity, see Note 11 – Long-Term Obligations.

## **ECONOMIC CONDITION AND OUTLOOK**

The State experienced softer economic growth throughout 2022 than in 2021 as the economy continued to recover from the COVID-19 pandemic recession. Gross Domestic Product (GDP) moderated after a strong year in 2021 and rose at an annual rate of 1.5 percent over the first three quarters of 2022, faster than Pennsylvania (0.4 percent), New York (0.9 percent) and the U.S. (0.3 percent). Price inflation peaked during the summer, easing somewhat towards the end of the year. Higher interest rates, intended to tame inflation, began to slow economic activity in some sectors, notably the housing market.

The State's labor market added 129,700 jobs in 2022, adding jobs in ten out of twelve months. Job growth was led by the service sectors. The leisure & hospitality sector added 26,900 jobs, the educational & health services sector added 41,400 jobs, and the trade / transportation / utilities sector added 29,200 jobs. Both the manufacturing and construction sectors were softer, as manufacturing added 6,700 jobs, and construction gained 1,800 jobs.

The State's unemployment rate was 3.3 percent as of December 2022, 0.2 percentage points lower than the national rate for that month. The unemployment rate declined by a net total of 2.1 percentage points over the course of the year. The labor force participation rate rose by 1.3 percentage points in 2022 to 64.1 percent as of December. This is 0.4 percentage points lower than the labor force participation rate prior to the COVID-19 Pandemic (64.5 percent in December 2019).

New Jersey existing home sales in 2022 were 17.8 percent lower than the year prior and fell year-over-year in each of the twelve months, reaching a level last seen in 2015. The number of single-family homes sold, which represents over two-thirds of existing-home sales in New Jersey, was 18.6 percent below 2021, while the number of townhomes and condos sold was 17.8 percent lower. The average U.S. 30-Year fixed rate mortgage in December 2022 hovered over 6.0 percent, considerably higher than the 3.0 percent level in December of 2021. The share of mortgages in foreclosure remained low at 0.9 percent in the fourth quarter of 2022, unchanged from the third quarter.

New Jersey's Personal Income rose at a 4.5 percent annual rate during the second quarter of 2022 and 5.5 percent in the third quarter, rising 5.0 percent over the first three quarters overall. Wage and salary income increased by 7.8 percent in the second quarter and continued to rise, growing 7.0 percent at an annual rate in the third quarter, rising 9.2 percent over the first three quarters. Despite rising wages, U.S. personal saving as a percentage of disposable personal income has fluctuated from a pre-pandemic level of over 8.0 percent, to a pandemic high of 26.4 percent during economic impact payment periods, falling under 4.0 percent in the final three quarters of 2022 amidst high price inflation.

Similar to New Jersey, the national economic expansion also continued in 2022, albeit at a slower pace than 2021. The labor market added more than 4.8 million jobs, while real GDP grew 2.1 percent. Existing home sales were 17.9 percent lower than a year ago as high home prices and tightening financial conditions cooled markets from a hot 2021. Inflation remained high, with consumer prices growing 6.5 percent year-over-year in 2022 after peaking at 9.1 percent in the summer, as measured by the Consumer Price Index (CPI). From December 2021 to December 2022, growth in core prices, which excludes food and energy goods, was also elevated at 5.7 percent.

A majority of the Federal Open Market Committee (FOMC) members now expect at least one more quarter-point interest rate increase in 2023 to combat persistently elevated inflation, after raising the target rate 25 basis points in both the January-February and March meetings. It is anticipated that personal consumption expenditure (PCE) inflation will average 3.3 percent in 2023 and 2.5 percent in 2024. As of March 2023, members of the FOMC project that real GDP in the U.S. will grow 0.4 percent in 2023, while economists surveyed by the Wall Street Journal in January 2023 are forecasting real GDP growth of 0.2 percent for the year.

**STATE OF NEW JERSEY**  
**RECONCILIATION OF THE CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS**  
**TO THE STATEMENT OF ACTIVITIES**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2022**

**Net change in fund balances of total governmental funds** \$ 5,962,133,099

Amounts reported for governmental activities in the statement of activities are different as a result of the following items:

Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their useful lives as depreciation expense. In the current period, these amounts are:

Capital outlay	\$ 1,469,926,511	
Depreciation expense	<u>(1,191,233,088)</u>	
Excess of capital outlay over depreciation expense		278,693,423

Bond proceeds provide current financial resources to governmental funds. However, issuing debt increases long-term obligations in the statement of net position. In the current period, proceeds were received from revenue bonds. (750,000,000)

Some capital additions were financed through certificates of participation. In the governmental funds these arrangements are considered a source of financing, but in the statement of net position, these arrangements are reported as an obligation. (7,924,576)

Repayment of long-term obligations is reported as an expenditure in governmental funds, but the repayment reduces long-term obligations in the statement of net position. In the current year, these retirements/repayments consist of:

General Obligation Bonds principal	435,105,000	
Revenue Bonds principal	1,060,845,000	
Capital Leases	124,688,276	
Installment Obligations	3,470,306,456	
Certificates of Participation	30,043,331	
Tobacco Settlement Financing Corporation Bonds	<u>117,955,000</u>	
Total long-term obligations		5,238,943,063

Some revenues will not be collected for several months after the fiscal year ends, they are not considered "available" revenues and are not accrued in the governmental funds but are accrued on the Statement of Net Position. Deferred inflows of resources decreased by this amount. 27,746,242

In the government-wide statements certain items are capitalized and amortized over a period of years, but are reported as expenditures or other financing sources and uses in the fund perspective. These activities consist of:

Decrease in unamortized premiums	106,060,564	
Decrease in unamortized interest on CABs	(331,208,239)	
Increase in deferral on refunding issues	<u>125,765,000</u>	
Total capitalized and amortized items		(99,382,675)

Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:

Net decrease in accrued interest payable	25,645,083	
Increase in compensated absences, Medicaid, and other noncurrent liabilities	(317,694,013)	
Decrease in Net Pension Liability	20,159,781,262	
Decrease in OPEB liability	12,751,191,916	
Decrease in deferred outflows of resources	(7,692,459,951)	
Increase in deferred inflows of resources	(21,378,664,912)	
Increase in Net Pension Assets	995,488	
Decrease in Group Homes	<u>(582,808)</u>	
Total additional expenditures		<u>3,548,212,065</u>

**Change in net position of governmental activities** **\$ 14,198,420,641**

**STATE OF NEW JERSEY  
NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Basis of Presentation**

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements have been prepared primarily from accounts and records maintained by the Director of the Office of Management and Budget. The financial data for the various public benefit corporations, authorities, commissions, colleges, and universities has been derived from reports prepared by those organizations based on their independent accounting systems.

**B. Financial Reporting Entity**

For financial reporting purposes the State of New Jersey includes all fund types, departments, and agencies of the State, as well as boards, commissions, authorities, colleges, and universities for which the State is financially accountable. The following circumstances set forth the State's financial accountability for a legally separate organization:

1. The State is financially accountable if it appoints a voting majority of the organization's governing body and (a) it is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the State.
2. The State may be financially accountable if an organization is fiscally dependent on the State regardless of whether the organization has (a) a separately elected governing board or (b) a jointly appointed board.

Entities for which the State is financially accountable, and have a financial benefit or burden relationship, such as boards, commissions, authorities, colleges and universities are considered component units. These component units are included in the State's reporting entity because of the significance of their operational or financial relationships with the State. Component units are either discretely presented or blended. Discrete presentation entails reporting component unit financial data in columns separate from the financial data of the primary government (the State). Blending requires the component unit's balances and transactions to be reported in a manner similar to the balances and transactions of the State.

The following organizations comprise the State's blended component units:

**Garden State Preservation Trust** - The Garden State Preservation Trust is a blended component unit based on the governing body which is substantively the same as the governing body of the primary government. It provides services entirely, or almost entirely, to the primary government. The total debt outstanding, including leases, is expected to be repaid entirely with the resources of the primary government.

**New Jersey Building Authority** - The New Jersey Building Authority is a blended component unit based on its governing body which is substantively the same as the governing body of the primary government. It provides services entirely, or almost entirely, to the primary government or otherwise exclusively, or almost exclusively, benefits the primary government. The total debt outstanding, including leases, is expected to be repaid entirely with the resources of the primary government.

**New Jersey Schools Development Authority** - The New Jersey Schools Development Authority is a blended component unit based on its governing body which is substantively the same as the governing body of the primary government. It provides services entirely, or almost entirely, to the primary government. Its total debt outstanding, including leases, is expected to be repaid entirely with the resources of the primary government.

**New Jersey Transportation Trust Fund Authority** - The New Jersey Transportation Trust Fund Authority is a blended component unit based on its governing body which is substantively the same as the governing body of the primary government. It provides services entirely, or almost entirely, to the primary government. The total debt outstanding, including leases, is expected to be repaid entirely, or almost entirely, with the resources of the primary government.

**Tobacco Settlement Financing Corporation** - The Tobacco Settlement Financing Corporation is a blended component unit based on GASB Technical Bulletin No. 2004-1, *Tobacco Settlement Recognition and Financial Reporting Entity Issues*, in accordance with paragraph 53b, "usually the services provided by a blended component unit are financing services provided solely to the primary government."

All other component units have been discretely presented. Descriptions of the discretely presented component units and addresses from which complete financial statements of the respective component units can be obtained is detailed in Note 18. Below is a list of all discretely presented component units:

#### **Colleges and Universities**

### **C. Government-wide and Fund Financial Statements**

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these government-wide statements. Governmental activities, which normally are supported by taxes and intragovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the legally separate component units for which the primary government is financially accountable.

The statement of net position measures not just current assets and liabilities, but also long-term assets and liabilities such as capital assets (including infrastructure assets) and long-term obligations and deferred outflows of resources and deferred inflows of resources. The difference between the State's assets and deferred outflows of resources and its liabilities and deferred inflows of resources is its net position. Net position is displayed in three components - invested in capital assets, restricted, and unrestricted. Net position is restricted when constraints are either externally imposed or are imposed by constitutional provisions or enabling legislation. The amount of net position that is restricted by enabling legislation is disclosed in Note 14. When both restricted and unrestricted resources are available for use, generally it is the State's policy to use restricted resources first, then unrestricted resources as they are needed.

The statement of activities is presented in a format that reports the net revenue (expense) of the State's individual functions. The net revenue (expense) format reports the relative financial burden of each of the State's functions on its taxpayers. This format identifies the extent to which each function of the government draws from the general revenues of the State or is self-financed through licenses, fees, permits, and other revenues.

Program revenues originate from the program or from parties other than the government's taxpayers or citizens as a whole and reduce the expenses of the function to be financed by general revenues. Categories of program revenues that are separately reported in the statement are charges for services, program specific operating grants and contributions, and program specific

capital grants and contributions. Charges for services are revenues from exchange or exchange-like transactions with external parties that purchase, use, or directly benefit from the program's goods, services, or privileges. These revenues include fees charged for specific services, licenses and permits, and operating special assessments, as well as payments from exchange transactions with other governments. Program specific operating and capital grants and contributions are revenues from mandatory and voluntary nonexchange transactions with external parties that are restricted for use in a particular program. All other revenues are general revenues, including all taxes, even if levied for a specific purpose. A special item is a significant transaction or other event within the control of management that is either unusual in nature or infrequent in occurrence. An extraordinary item is a transaction or other event that is both unusual in nature and infrequent in occurrence.

In the statement of activities, all expenses are reported by function except those that are special or extraordinary items. Each function reports direct expenses – those specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. Some functions, such as government direction, management, and control, include expenses that are indirect expenses of other functions. The State does not allocate indirect expenses to the other functions.

Separate financial statements are provided for governmental funds, proprietary funds, fiduciary funds, and component units. However, the fiduciary funds are not included in the government-wide statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### **D. Measurement Focus and Basis of Accounting**

**Government-wide Financial Statements** - The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. The government-wide financial statements report all financial and capital assets (including infrastructure assets), deferred outflows of resources, short and long-term liabilities, deferred inflows of resources, revenues, expenses, gains, and losses using the economic resources measurement focus and the accrual basis of accounting. Activity and balances resulting from exchange and exchange-like transactions are recognized when the exchange takes place; those resulting from nonexchange transactions are recognized based on the provisions of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

**Governmental Fund Financial Statements** - The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the current financial resources measurement focus, only current assets and liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets.

In accordance with the modified accrual basis, revenues are recognized when they become susceptible to accrual; that is, when they become both measurable and available to finance expenditures of the fiscal period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Generally, these revenues which are considered to be susceptible to accrual include amounts received during the three month period subsequent to June 30 that were earned as of June 30. On an exception basis, the State will occasionally accrue amounts received after this three month period but within twelve months subsequent to June 30. Those revenues which are considered to be susceptible to accrual include sales tax, individual income taxes, corporate income taxes, and federal grants. Licenses, fees, permits, and other sources are recognized when received since they normally are measurable only at that time. Unapplied overpayments of Corporation Business Tax and Gross Income Tax are recorded when a final determination is made as to the ultimate disposition of the overpayments.

Expenditures are recognized when the related fund liabilities are incurred. Expenditures for compensated absences, claims, and judgments are recorded to the extent they would normally be liquidated with available financial resources. Disbursements for prepaid expenses, inventory items, and capital assets are recorded when expenditures are incurred. Expenditures for principal and interest on general obligation long-term debt are recognized when due.

**Proprietary Funds, Fiduciary Funds, and Component Units Financial Statements** - The financial statements of the proprietary funds, fiduciary funds, and component units are reported using the economic resources measurement focus and the accrual basis of accounting, similar to the government-wide statements previously described.

GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, incorporates into GASB's authoritative literature certain accounting and financial reporting guidance included in the Financial Accounting Standards Board (FASB) pronouncements which does not conflict with or contradict GASB pronouncements, and eliminates the option to apply post-November 30, 1989 FASB pronouncements that do not conflict with or contradict GASB pronouncements.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal

ongoing operations. Revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The State's proprietary funds are the Unemployment Compensation Fund and the State Lottery Fund.

The Unemployment Compensation Fund's principal ongoing operations consist of assessments received from employers and employees and the subsequent disbursement of monies to persons entitled to receive unemployment benefits. Collections and disbursements to eligible recipients are classified as operating revenues and expenses. The State Lottery Fund's principal ongoing operations, which are classified as operating revenues and expenses, consist of receipts from lottery ticket sales and subsequent disbursements of monies to lottery winners.

## **E. Fund Accounting**

The financial activities of the State are recorded in individual funds, each of which is deemed to be a separate accounting entity. The State uses fund accounting to report on its financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts, which represent the fund's assets, liabilities, residual equities or balances, revenues, and expenditures or expenses. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements, with non-major funds being combined into a single column. For further details of the funds listed below, see the Description of Funds.

### **1. Major Funds**

The State reports the General Fund and the Property Tax Relief Fund as major governmental funds. The State also reports the State Lottery Fund and the Unemployment Compensation Fund as major proprietary funds. Descriptions are as follows:

- a. General Fund - This fund accounts for all State revenues not otherwise restricted by statute. The largest part of the total financial operations of the State is accounted for in the General Fund. Most revenues received from taxes, federal sources, and certain miscellaneous revenue items are recorded in this fund. The Annual Appropriations Act enacted by the State Legislature provides the basic framework for the operations of the General Fund.
- b. Property Tax Relief Fund - This fund accounts for revenues from the New Jersey Gross Income Tax and a portion of the New Jersey Sales and Use Tax. Revenues realized are dedicated by the State Constitution. All receipts from taxes levied on personal income of individuals, estates, and trusts must be appropriated exclusively for the purpose of reducing or offsetting property taxes. P.L. 2006, c.44 dedicated one half of a percent of the Sales and Use Tax rate to the Property Tax Relief Fund. Annual appropriations are made from the fund, pursuant to formulas established by the State Legislature to counties, municipalities, and school districts.
- c. State Lottery Fund (Common Pension Fund L) - Monies derived from the sale of State lottery tickets are deposited into Common Pension Fund L pursuant to P.L. 2017, c.98, the Lottery Enterprise Contribution Act (LECA). Disbursements are authorized for the payment of prizes to holders of winning lottery tickets, vendor fees in the production and distribution of lottery tickets, and for the administrative expenses of the Division of State Lottery. Remaining balances are solely available to and for the benefit of the Teachers' Pension and Annuity Fund (77.78 percent), Public Employees' Retirement System (21.02 percent), and Police and Firemen's Retirement System (1.20 percent) for a 30 year term effective as of June 30, 2017. The present value of obligations for future installment payments of lottery prizes, which are funded by the purchase of deposit fund contracts and United States Government Treasury securities, are accounted for in this fund.
- d. Unemployment Compensation Fund - This fund accounts for monies deposited from contributions of employers and employees for unemployment compensation, amounts credited or advances made by the federal government, and amounts received herein from any other source. After consideration is given to any claim for refund of overpayment of contributions, the remainder is transferred by the Division of Employment Security to the Treasurer of the United States for credit to the State of New Jersey Unemployment Compensation Fund and held by the Treasurer of the United States in the State of New Jersey Unemployment Trust Fund. Drawdowns against the State of New Jersey Unemployment Trust Fund are made by requests submitted to the Treasurer of the United States by the Division of Employment Security on an as-needed basis, whereby amounts are transferred back to the Unemployment Compensation Fund and are then disbursed by the Division of Employment Security to persons entitled to receive unemployment benefits. Any shortfall in the Unemployment Compensation Fund needed to pay benefits is covered by federal statutes, which authorize advances from the federal government for unemployment benefits. Such advances are repayable by increased rates on federally taxable wages reported by New Jersey employers, or the advances may be repaid out of the fund assets at any time by the Governor.

## **2. Governmental Fund Types**

- a. Special Revenue Funds - These funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The term, "proceeds of specific revenue sources," establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund.
- b. Capital Projects Funds - These funds are used to account for and report financial resources that are restricted or committed to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.

## **3. Fiduciary Fund Types**

- a. Pension and Other Employee Benefits Trust Funds - These funds report resources that are required to be held in trust for members and beneficiaries of defined benefit pension plans, defined contribution plans, other post-employment benefit plans, and other employee benefit plans, such as the deferred compensation plan.
- b. Investment Trust Fund - This fund reports an investment pool that consolidates monies from municipalities, counties, school districts, and any other public body, corporate or politic.
- c. Private Purpose Trust Funds - These funds report all other trust arrangements for which principal and income benefit individuals, private organizations, or other governments.
- d. Custodial Funds - These funds report resources held by the State in a purely custodial capacity. These funds typically involve only the receipt, temporary investment, and remittance of the resources to external parties.

## **F. Appropriations and Outstanding Debt**

The State Constitution provides that the Legislature may not create a debt (where total outstanding debt would exceed one percent of total appropriations for the year) unless such law has been submitted to the people at a general election and approved by a majority of the legally qualified voters. After approval by the electorate, and prior to any bond sale, the Legislature may make appropriations up to the legally authorized amount of such bonds, which enables the State to enter into contracts with vendors. The State Constitution allows for certain exceptions to this rule, including for an emergency caused by disaster or act of God.

## **G. Assets**

### **1. Cash and Cash Equivalents**

Deposits encompass the State's cash on deposit with financial institutions and several cash equivalents, including certificates of deposit. All deposits, including cash equivalents that are subject to federal or state depository insurance, generally are classified as deposits. Only investments with an original maturity of three months or less are considered to be cash equivalents. See Note 3 for additional details.

### **2. Investments**

Statutes of the State of New Jersey and regulations of the State Investment Council authorize the Division of Investment to invest in global equities; non-convertible preferred stocks, covered call and put options; futures contracts; obligations of the U.S. Treasury, government agencies, corporations, international governments and agencies; global diversified credit investments; interest rate swap transactions; state and municipal general obligations; public authority revenue obligations; collateralized notes and mortgages; commercial paper; certificates of deposit; repurchase agreements; money market funds; private equity funds; real estate funds; other real assets; and absolute return strategy funds. Investee institutions and organizations are prescribed by the statutes and regulations based on such criteria as minimum capital, dividend paying history, credit history, and other evaluation factors.

In addition to the amounts invested directly, most of the funds included herein participate in the State of New Jersey Cash Management Fund wherein amounts also contributed by other units of government are combined into a large scale investment program. The Pension Trust Funds also participate in a Common Pension Trust Fund pool whereby amounts contributed by the various Pension Trust Funds are combined for the purpose of investment. Participation in the Cash Management Fund investment pool and the Common Pension Trust Fund investment pool by State funds is

reflected as investments in the Balance Sheets of the respective funds. Amounts contributed to the Cash Management Fund investment pool by local governments and other entities which are not part of the State's reporting entity, are reflected as investments in the statement of net position of the Investment Trust Fund.

Amounts contributed to the Cash Management Fund investment pool are recorded at cost, which approximates fair value. Any differences between cost and fair value for Cash Management Fund pool investments are immaterial. Other investments are recorded at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. See Note 4 for additional details.

### **3. Securities Lending Collateral**

The Pension Trust Funds participate in securities lending programs with their custodian banks, whereby securities are loaned to brokers and, in return, the Pension Trust Funds have rights to the collateral received. All of the securities held in the Common Pension Trust Fund investment pool are eligible for the securities lending program. Collateral received may consist of cash, irrevocable bank letters of credit, or U.S. Treasury obligations having a market value equal to or exceeding 102 percent (U.S. dollar denominated) or 105 percent (non-U.S. dollar denominated) of the value of the loaned securities at the time the loan is made. The contracts with the Common Pension Trust Fund investment pool custodian banks require them to indemnify the investment pool if the brokers fail to return the securities or fail to pay the investment pool for income distributions by the securities' issuers while the securities are on loan. The securities loans can be terminated by notification by either the broker or the investment pool. The term to maturity of the securities loans is generally matched with the term to maturity of the investment of cash collateral. As of June 30, 2022, the Pension Trust Funds have no aggregate credit risk exposure to brokers because the collateral amount held by the Pension Trust Funds exceeded the market value of the securities on loan. See Note 5 for additional details.

### **4. Receivables**

Receivables in the State's governmental, fiduciary, and proprietary funds, component units - authorities, and component units - college and university funds are stated net of allowances for uncollectible amounts and primarily consist of federal grants, taxes, assessments, loans, interest and dividends, contributions due from employers and members to the respective pension funds, mortgages, and other receivables. See Note 6 for additional details.

### **5. Capital Assets, including Right of Use Assets**

Capital assets are tangible and intangible assets that are used in operations and that have initial useful lives that extend beyond a single reporting period. Capital assets are reported in the statement of net position at cost or historical cost based on appraisals or other acceptable methods when historical cost information is not available. Donated capital assets are recorded at acquisition value at the time of donation. The State's capital assets consist of:

- a. All land, including parks, forests, easements, development rights, highways, and right-of-ways.
- b. Infrastructure assets such as roads, bridges, and dams.
- c. All general government buildings, including hospital, care, and correctional facilities.
- d. Land improvements, equipment, software, and motor vehicles used in general operations with a unit cost of at least \$10,000, \$5,000, \$100,000, and \$30,000, respectively. For the purpose of reporting, equipment and software are consolidated into one category.
- e. Capital assets in the process of construction.

The State is a lessee for various leases of buildings, equipment, and land from external parties. For all leases with a maximum possible term of more than 12 months at commencement, the State recognizes a right of use lease asset and lease liability. See Note 15 for additional details.

At lease commencement, the State initially measures the lease liability at the present value of payments expected to be made during the lease term. The lease liability is then reduced by principal payments made. The lease asset is measured as the initial amount of the lease liability, adjusted as needed to account for any prepayments or initial indirect costs. Subsequently, the lease asset is amortized over the shorter of the lease term or its useful life. The State recognizes interest expense on the lease liability using the effective interest method based on the discount rate determined at lease commencement.

To measure depreciation expense, the State uses the straight-line method, whereby the historical cost (or other capitalized amount) of depreciable assets, less their estimated salvage values, is allocated in equal annual amounts over the estimated useful lives of the assets. To estimate the useful lives of its capital assets, the State uses guidelines from industry organizations. There is no depreciation recorded for land, easements, construction in progress, and right-of-ways.

The State possesses certain capital assets that have not been capitalized and depreciated because the assets cannot be reasonably valued and/or the assets have inexhaustible useful lives. Examples of these assets include, but are not limited to statues, monuments, forts, lighthouses, and various capitol related furnishings. Collections, such as historical documents, artifacts, works of art, rare library books, and antique furnishings are not capitalized. These assets are exempted from capitalization as the State maintains the collections for reasons other than financial gain; the collections are protected, kept unencumbered, cared for and preserved; and the collections are subject to an organizational policy requiring that the proceeds from sales of collection items be used to acquire other items for collection. See Note 7 for additional details.

## **6. Interfund/Intrafund Transactions**

Interfund Transactions - During the course of normal operations, the State has numerous routine transactions between funds, including expenditures, and transfers of resources to provide administrative services, program services, debt service, and compliance with legal mandates, such as legislation requiring the transfer of investment earnings from a capital project fund to the General Fund. In the fund financial statements, these transactions generally are recorded as transfers to/transfers from other funds and due to/due from other funds. Transfers represent legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended and do not represent reimbursement of expenses.

Intrafund Transactions - Intrafund transactions, as a result of contracts among departments within the same fund, are considered expenditures by the contractor and revenues by the contractee in the fund financial statements.

As a general rule, intrafund revenues and expenditures, interfund transfers, and interfund receivables and payables have been eliminated in the government-wide financial statements. An exception is the net residual amounts due between governmental and business-type activities, which is recorded as internal balances. Receivables from and payables to fiduciary funds are recorded in the statement of net position as receivable from and payable to external parties. See Note 8 for additional details.

## **7. Deferred Outflows of Resources**

A deferred outflow of resources is a consumption of net assets by the government that is applicable to a future reporting period. In the government-wide statements, governmental activities column, the deferred outflows of resources represents three items: (1) pension related amounts, (2) other postemployment benefits (OPEB) liability related amounts, and (3) the unamortized deferral on refunding of long-term obligations. The pension and OPEB related amounts consists of: a) differences between expected and actual experience; b) changes of assumptions; c) net difference between projected and actual investment earnings on pension and OPEB plan investments; d) changes in proportion and differences between employer contributions and proportionate share of contributions; and e) employer contributions and benefit payments subsequent to the measurement date. See Note 10 for additional details.

# **H. Liabilities**

## **1. Unearned Revenue**

Unearned revenues at both the government-wide and fund level arise when potential revenue does not meet the available criterion for recognition in the current period. Unearned revenues also arise when resources are received by the State before it has a legal claim. In subsequent periods, when the revenue recognition criterion is met, or when the State has a legal claim to the resources, the liability for unearned revenue is removed from the balance sheet and revenue is recognized.

Unearned revenue consists principally of federal resources received due to the COVID-19 Pandemic not yet recognized as revenues as of June 30. See Note 2 for additional details.

## 2. Long-term Obligations

The State's long-term obligations are divided into bonded and non-bonded categories. Bonded categories include general obligation bonds, revenue bonds, certain capital leases, installment obligations, certificates of participation, Tobacco Settlement Financing Corporation Bonds (TSFC), unamortized interest on capital appreciation bonds, and unamortized premium. Non-bonded categories include compensated absences, certain capital leases, loans payable, OPEB liability, net pension liability, pollution remediation obligation, other, and deposit fund contracts. The liability for long-term items described above is reflected in the government-wide financial statements and the proprietary fund financial statements as noncurrent liabilities, due in more than one year and as current liabilities-current portion of long-term obligations, if due within a year.

Bond and note premiums and discounts are amortized to interest expense based on the straight-line method. Capital appreciation bonds are reported at their net or accreted value rather than at face value. Bonds and notes payable are reported net of the applicable bond premium or discount.

In the governmental fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures. See Note 11 for additional details.

## 3. Deferred Inflows of Resources

A deferred inflow of resources is an acquisition of net assets by the government that is applicable to a future reporting period. In the government-wide statements, governmental activities column, the deferred inflows of resources represents three items: (1) pension related amounts, (2) OPEB related amounts, and (3) deferred opioid and tobacco revenue. The pension and OPEB related amounts consists of: a) differences between expected and actual experience; b) changes of assumptions; c) net difference between projected and actual investment earning on pension plan investments; and d) changes in proportion. Additionally, deferred tobacco settlement revenue is recorded as a deferred inflow of resources in the governmental funds as all eligibility criteria excluding timing requirements have been met. See Note 10 for additional details.

## I. Net Position

1. **Net Investment in Capital Assets** - This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. **Restricted** - Net position is reported as restricted when constraints placed on its use are either: externally imposed by creditors, grantors, contributors, or laws or regulations of the other governments, or imposed by law through constitutional provisions or enabling legislation.
3. **Unrestricted** - Unrestricted net position consists of assets that do not meet the definition of "restricted" or "invested in capital assets".
4. **Restricted for Custodial Funds** - This is used to accumulate resources held by the State in a custodial capacity.
5. **Held in Trust for Pool Participants** - This is used to accumulate resources held for investment.
6. **Restricted for Pensions** - This is used to accumulate all active member, State, and other employer contributions and investment income from which pension benefit payments are made.
7. **Restricted for OPEB** - This is used to accumulate all local government retired members and employer contributions and investment income from which post-retirement health benefit payments are made.
8. **Restricted for Private Purpose Trust Funds** - This is used to accumulate resources received as a result of trust arrangements.

## J. Fund Balances

1. **Nonspendable** - Fund balance includes amounts that are not in a spendable form or are legally or contractually required to be maintained intact (i.e., the principal of a permanent fund).

2. **Restricted** - Fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers or imposed by law through constitutional provisions, or through enabling legislation.
3. **Committed** - Fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. Commitments may be changed or lifted only by the government taking the same formal action that imposed the constraint originally.
4. **Unassigned** - Fund balance is the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Based on the definitions of the nonspendable, restricted, and committed fund balance classifications, positive unassigned amounts can exist only in the General Fund. The State's General Fund reflects nonspendable, restricted, committed, and unassigned fund balances. Initially, expenditures are made from existing committed fund balances, and if necessary, additional expenditures are made from unassigned fund balances.

#### **K. Fiscal Year End Differences**

The following component units have fiscal years that ended on December 31, 2021:

##### **Component Units – Authorities**

Casino Reinvestment Development Authority  
 New Jersey Economic Development Authority  
 New Jersey Educational Facilities Authority  
 New Jersey Health Care Facilities Financing Authority  
 New Jersey Housing and Mortgage Finance Agency  
 New Jersey Redevelopment Authority  
 New Jersey Sports and Exposition Authority  
 New Jersey Turnpike Authority  
 South Jersey Port Corporation  
 South Jersey Transportation Authority

##### **Special Revenue Funds**

New Jersey Building Authority (blended component unit)  
 New Jersey Schools Development Authority (blended component unit)

## NOTE 2 - OTHER ACCOUNTING DISCLOSURES

### A. Change in Accounting Policy

In Fiscal Year 2022 the State adopted or partially adopted five new Governmental Accounting Standards Board (GASB) standards as follows:

GASB Statement No. 87, *Leases*.

GASB Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*.

GASB Statement No. 92, *Omnibus 2020* (certain paragraphs).

GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans- an amendment of GASB Statements No. 14 and 84, and a supersession of GASB Statement No. 32*.

GASB Statement No. 99, *Omnibus 2022* (certain paragraphs).

### B. Federal Relief Programs

The Coronavirus Aid, Relief, and Economic Security Act established the Coronavirus Relief Fund (CRF), which distributed \$2,393.8 million to the State to support unbudgeted expenditures incurred in order to respond to and recover from the COVID-19 Pandemic. CRF aid is eligible to be used for such expenditures incurred between March 1, 2020 and December 31, 2021 and expended by September 30, 2022.

The American Rescue Plan Act of 2021 was signed into law March 11, 2021 and established the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program which delivered \$6,244.5 million to the State to support a response to and recovery from the COVID-19 Pandemic. SLFRF funds can be used for eligible expenditures incurred between March 3, 2021 and December 31, 2024 and expended by December 31, 2026. As of June 30, 2022, the State incurred expenditures of \$2,352.3 million and \$745.1 million of CRF and SLFRF funds, respectively, that met the eligibility requirements of this financial assistance. The residual \$5,541.0 million of unearned revenue is shown as a liability.

### C. Restatement of Net Position

The July 1, 2021 Net Position for the primary government was adjusted for the following:

	<b>Government-wide Net Position</b>
Balance July 1, 2021 - As Reported	\$ (196,224,929,053)
Prior Period Adjustments (correction of an error):	
Increase in Capital Assets	353,226,225
Increase in Accumulated Depreciation	(135,312,802)
Prior Period Adjustments (adoption of GASB standard):	
Increase in Right-of-Use asset (Capital Leases) due to implementation of GASB 87	818,471,967
Increase in Noncurrent Liabilities (Capital Lease Liability) due to implementation of GASB 87	(843,801,032)
<b>Balance July 1, 2021 - Restated</b>	<b><u>\$ (196,032,344,695)</u></b>

#### **D. Deficit Fund Balance**

It is anticipated that bond sales during Fiscal Year 2023 will relieve the current deficit fund balance in the Cultural Centers and Historic Preservation Fund.

#### **E. Joint Ventures**

**The Port Authority of New York and New Jersey  
4 World Trade Center  
150 Greenwich Street, 23<sup>rd</sup> Floor  
New York, NY 10007  
[www.panynj.gov](http://www.panynj.gov)**

Joint ventures are independently constituted entities generally created by two or more governments for a specific purpose such as contracting and maintaining an interstate bridge. Pursuant to current financial reporting standards, the State does not record its equity in joint ventures. The only significant joint venture in which the State of New Jersey participates is the Port Authority of New York and New Jersey. Individually published financial statements may be obtained by writing the Port Authority of New York and New Jersey at the above mentioned address. Other joint ventures are immaterial.

The Port Authority is a municipal corporate instrumentality of the States of New York and New Jersey created by compact between the two states in 1921 with the consent of the Congress of the United States. It is authorized and directed to plan, develop, and operate terminals and other facilities of transportation and commerce, and to advance projects in the general fields of transportation, economic development, and world trade that contribute to promoting and protecting the commerce and economy of the Port District, defined in the compact, which comprises an area of about 1,500 square miles in both states, centering about New York Harbor. The Governor of each State appoints six of the twelve members of the governing Board of Commissioners, subject to confirmation by the respective State Senate. Each Governor has from time to time exercised the statutory power to veto the actions of the commissioners from their state.

The commissioners serve six-year overlapping terms as public officials without compensation. They establish Authority policy, appoint an Executive Director to implement it, and also appoint a General Counsel to act as legal advisor to the Board and to the Executive Director. The Authority undertakes only those projects authorized by the two states.

The compact envisions the Port Authority as being financially self-sustaining and, as such, it must obtain the funds necessary for the construction or acquisition of facilities upon the basis of its own credit, its reserve funds, and its future revenues. The Authority has neither the power to pledge the credit of either state or any municipality nor to levy taxes or assessments.

Consolidated financial statements for the Port Authority (including the Passenger Facility Charges Program) for the fiscal year ended December 31, 2021 disclosed the following (expressed in millions):

<b>Financial Position</b>	<u><b>Combined Total</b></u>
Total Assets and Deferred Outflows of Resources	\$ 50,696.9
Total Liabilities and Deferred Inflows of Resources	<u>34,798.8</u>
<b>Net Position</b>	<u><u>\$ 15,898.1</u></u>

<b>Operating Results</b>	
Operating Revenues	\$ 5,302.5
Operating Expenses	(3,106.2)
Depreciation and Amortization	<u>(1,629.1)</u>
Income from Operations	567.2
Non-operating Revenues (Expense), Net	<u>(577.2)</u>
<b>Net Income</b>	<u><u>\$ (10.0)</u></u>

<b>Changes in Net Position</b>

Net Income	<u>(10.0)</u>
<b>Balance December 31, 2021</b>	<u><u>\$ 15,898.1</u></u>

The Authority's debt is secured by its full faith and credit, its reserve funds, or a pledge of future revenues. At December 31, 2021, Port Authority debt consisted of the following (expressed in millions):

<b>Bonds, Notes, and Other Obligations</b>	
Consolidated Bonds and Notes	\$ 26,048.0
Operating Asset Financing	618.6
Capital Asset Financing	<u>2,303.9</u>
<b>Total</b>	<u><u>\$ 28,970.5</u></u>

## **F. Other**

In accordance with GASB Statement No. 14, *The Financial Reporting Entity*, the debt and assets of the New Jersey Building Authority have been reduced for presentation herein in the amount of \$106.3 million, consisting of the amount of the present value of future lease payments by the State to the New Jersey Building Authority and deferred outflows of resources related to pensions, OPEB, and bond refundings as of December 31, 2021.

In accordance with GASB Statement No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*, an additional \$1.67 billion in federal grant revenues and economic planning, development, and security expenditures has been recorded.

### **NOTE 3 - CASH AND CASH EQUIVALENTS**

All funds maintain their own individual bank account(s) except for the Casino Control, Casino Revenue, Gubernatorial Elections, Special Transportation, Property Tax Relief, and Long Term Obligation and Capital Expenditure Funds which are in the General Fund bank accounts. The balances of cash for these funds held in the General Fund, after receipt and disbursement transactions, are accounted for and reflected in the respective due from or due to accounts on the balance sheet presented in the fund financial statements.

New Jersey Revised Statutes (c.52:18-16.1) set the policy that the State Treasurer must follow when depositing State funds and for the collateralization of such funds. The relationship between the face amount of the collateral and the amount of a deposit is not statutory but is stipulated by the State Treasurer. All bank accounts in which the State Treasurer deposits funds must be collateralized. Securities pledged as collateral must consist of obligations of, or be guaranteed by the United States or the State of New Jersey. Securities are pledged in the State Treasurer's name and held by a custodian bank under a custodian agreement.

Collateral requirements for demand accounts and time accounts for banks having less than \$15 million in State deposits per month require 100 percent coverage of the average aggregate daily balance of the preceding month. For banks that have State deposits which total \$15 million or more per month, the amount of collateral required is 120 percent of the average aggregate daily balance on deposit in the bank during each calendar quarter of the year. The State Department of the Treasury monitors the level of collateral required to be maintained by the banks.

GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, requires that the State disclose bank deposits that are subject to custodial credit risk. The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the State will not be able to recover deposits or will not be able to recover collateral securities that may be in the possession of an outside party. The State's bank balances amounted to \$287.2 million as of June 30, 2022, with no amounts exposed to custodial credit risk as uninsured and uncollateralized.

### **NOTE 4 - INVESTMENTS**

Statutes of the State of New Jersey and regulations of the State Investment Council authorize the Division of Investment to invest in global equity investments; non-convertible preferred stocks; covered call and put options; futures contracts; obligations of the U.S. Treasury, government agencies, corporations, international governments and agencies; global diversified credit investments; interest rate swap transactions; state and municipal general obligations; public authority revenue obligations; collateralized notes and mortgages; commercial paper; certificates of deposit; repurchase agreements; money market funds; private equity funds; real estate funds; other real assets; and absolute return strategy funds.

Federal securities, including those held as collateral on repurchase agreements, are maintained at Federal Reserve Banks in Philadelphia and New York through the custodian banks, in trust for the State of New Jersey. A significant portion of corporate equity and debt securities are maintained by the Depository Trust Company (DTC) through the custodian banks in trust for the State of New Jersey.

Securities not maintained by the Federal Reserve Banks or DTC are in the name of a designated nominee representing the securities of a particular State fund which establishes the State fund's unconditional right to the securities. The custodian banks, as agents for the State funds, maintain records identifying the securities maintained by the Federal Reserve Banks and the DTC as securities owned by or pledged to the State funds.

In addition to the amounts invested directly, most of the funds included herein participate in the State of New Jersey Cash Management Fund wherein amounts also contributed by other units of government are combined into a large scale investment program. The Pension Trust Funds also participate in a Common Pension Trust Fund pool whereby amounts contributed by the various Pension Trust Funds are combined for the purpose of investment. Participation in the Cash Management Fund investment pool and several Common Pension Trust Fund investment pools by State funds is reflected as investments in the Balance Sheets/Statement of Net Position of the respective funds. Amounts contributed to the Cash Management Fund investment pool by local governments and other entities which are not part of the State's reporting entity, are primarily reflected as investments in the Statement of Fiduciary Net Position, Investment Trust Fund.

Amounts contributed to the Cash Management Fund investment pool are recorded at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between independent market participants at the measurement date.

Casino Control, Casino Revenue, Gubernatorial Elections, Special Transportation, and Property Tax Relief Funds do not maintain separate investment accounts. Since cash transactions are handled by and through the General Fund as described in

Note 3, any available cash balances for these funds reside in the General Fund and are combined with other balances for either participation in the State of New Jersey Cash Management Fund or direct investment as part of the General Fund large scale investment program.

Approximately \$206.8 million of investments represents deposit fund contracts for future installment payments of lottery prizes. Lottery prizes are funded by the purchase of deposit fund contracts which, when matured, will provide amounts sufficient for future payment of installment prizes. Purchases of deposit fund contracts are recorded as an expenditure in the State Lottery Fund in the year of purchase. Annuity contracts are carried at their current contract values which are based upon their original purchase price adjusted for credited interest and amounts already received. The estimated fair value of annuity contracts approximates the carrying value reflected in the statement of net position. In the event of default in making future payments by the insurance company from which the contracts were purchased, the State would be liable for such future payments.

Investments for all funds as of June 30, 2022, are as follows (expressed in millions):

	<b>Amount Reported As Investments</b>
Domestic fixed income securities	\$ 56,408.5
Domestic equities	23,814.9

The asset allocation policy is reviewed on at least an annual fiscal year basis.

#### **A. Deposit and Investment Risk Disclosure**

The State's investments are subject to various risks. Among these risks are credit risk, concentration of credit risk, interest rate risk, and foreign currency risk. Each one of these risks is discussed in more detail below.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit risk of a debt instrument is measured by nationally recognized statistical rating agencies such as Moody's Investors Service, Inc. (Moody's), Standard & Poor's Corporation (S&P), or Fitch Ratings (Fitch). Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. There are no restrictions in the amount that can be invested in United States Treasury and government agency obligations. State regulations require minimum credit ratings for certain categories of fixed income obligations and limit the amount that can be invested in any one issuer or issue. As of June 30, 2022, the following limits were in effect:

Category	Minimum Rating			Limitation of Issuers' Outstanding Debt	Limitation of Issue	Other Limitations
	Moody's	S&P	Fitch			
Global debt obligations	Baa3	BBB-	BBB-	10%	-	Not more than 5% of fund assets can be invested in any one issuer
International government and agency obligations	Baa3	BBB-	BBB-	25%	25%	Not more than 5% of fund assets can be invested in this category
Collateralized notes and mortgages	Baa3	BBB-	BBB-	-	25%	Not more than 5% of fund assets can be invested in any one issuer
Commercial paper	P-1	A-1	F-1	-	-	Not more than 5% of fund assets can be invested in any one issuer
Certificates of deposit:						
Domestic	P-1	A-1	F-1	10%	-	Not more than 5% of fund assets can be invested in any one issuer
International	P-1	A-1	F-1	10%	-	Not more than 5% of fund assets can be invested in any one issuer
Private credit investments:						
Direct bank loans	-	-	-	10%	-	Not more than 13% of fund assets can be invested in this category; not more than 5% of fund assets can be invested in any one issuer
Swap transactions	Baa2	BBB	BBB	-	-	Notional value of net exposure to any one counterparty shall not exceed 1% of fund assets; notional value shall not exceed 5% of fund assets but may be increased to 10% for a fixed period of time
Repurchase agreements:						
Broker	P-1	A-1	F-1	-	-	-
State, municipal, and public authority obligations	A3	A-	A-	-	10%	Not more than 2% of fund assets can be invested in debt of any one obligor
Money market funds	-	-	-	-	-	Not more than 5% of fund assets can be invested in this category; limited to 5% of shares or units outstanding
Mortgage backed:						
Pass-through securities	A3	A-	A-	-	-	Not more than 10% of fund assets can be invested in this category
Senior debt securities	-	-	-	-	25%	Not more than 10% of fund assets can be invested in this category
Non-convertible preferred stocks	Baa3	BBB-	BBB-	10%	25%	Not more than 5% of fund assets can be invested in any one issuer

The preceding table does not include Prudential Retirement investments for the New Jersey State Employees Deferred Compensation Plan (NJSEDCP). The NJSEDCP consists of a number of individual investment managers, which individually have investment guidelines that they comply with and follow.

Up to eight percent of the fair value of the combined assets of the pension funds may be invested in global debt obligations, collateralized notes and mortgages, non-convertible preferred stocks, and mortgage backed pass-through securities that do not meet the minimum credit rating requirements set forth above.

The total amount of a particular class of stock directly purchased of any one entity by the pension funds cannot exceed 10 percent of that class of stock outstanding. The total amount of shares or interests directly purchased or acquired of any one exchange traded fund or global, regional or country fund by the pension funds shall not exceed 10 percent of the total shares outstanding or interests of such fund.

For securities exposed to credit risk in the fixed income portfolio, the following tables disclose aggregate fair value, by major credit quality rating category at June 30, 2022. The first table is for fixed income securities rated by Moody's. The second table uses Standard and Poor's and Fitch's ratings for fixed income securities not rated by Moody's (expressed in millions):

The above tables do not include the following investments totaling \$1,010.6 million: domestic corporate obligations rated B (\$675.0 million), Caa (\$169.0 million), and Ca (\$1.1 million); and international corporate obligations rated B (\$136.7 million), Caa (\$27.0 million), and Ca (\$0.3 million) by Moody's; international corporate obligations rated CCC (\$1.2 million) by Standard & Poor's; and domestic corporate obligations rated C (\$0.3 million) by Fitch.

The tables do not include certain domestic and international corporate obligations and certain fixed income mutual funds, which invest in an underlying portfolio of fixed income securities totaling \$1,690.7 million, and do not have a Moody's, Standard & Poor's, or Fitch rating.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Commercial paper must mature within 270 days. Certificates of deposits are limited to a term of one year or less. Repurchase agreements must mature within 30 days. State regulations permit the pension funds to enter into foreign exchange contracts for the purpose of hedging the international portfolio.

The following table summarizes the maturities (or, in the case of Remics and mortgage backed securities, the expected average life) of the fixed income portfolio at June 30, 2022 (expressed in millions):

	<b>Total Fair Value</b>	<b>Maturities in Years*</b>

\* \$1,689.0 million of additional investments do not have specific maturity dates.

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. As mentioned previously, the State's Pension Trust Funds participate in the Common Pension Trust Fund pool, which invests in global markets.

At June 30, 2022, the State had the following foreign currency exposure based on exchange rates in effect for such day (expressed in millions of U.S. dollars):

The State's interests in alternative investments may contain elements of credit, currency, and market risk. Such risks include, but are not limited to, limited liquidity, absence of regulatory oversight, dependence upon key individuals, speculative investments (both derivatives and non-marketable investments), and nondisclosure of portfolio composition. State regulations require that not more than 38 percent of the market value of the pension funds can be invested in alternative investments, with limits on the individual categories of real estate (9 percent), real assets (7 percent), private equity (12 percent), and absolute return strategy (15 percent). The limits for real estate and private equity were amended to 10 percent and 15 percent, respectively on July 1, 2020. Not more than 5 percent of the market value invested through direct investments, separate accounts, fund-of-funds, commingled funds, co-investments and joint ventures in global diversified credit, private equity, real asset and absolute return strategy investments, plus outstanding commitments, may be committed to any one partnership or investment. Investments made through separate accounts, funds-of-funds, comingled funds, co-investments and joint ventures cannot comprise more than 20 percent of any one investment manager's total assets.

## **B. Derivatives**

The Pension Trust Funds invest in derivative securities. A derivative security is an investment whose value is derived from other financial instruments such as commodity prices, bonds and stock prices, or a market index. The Pension Trust Funds' derivative securities are considered investment derivative instruments. The fair value of all derivative securities is reported in the statement of fiduciary net position, and the change in fair value is recorded in the statement of changes in fiduciary net position as a net increase or decrease in fair value of investments.

Derivative transactions involve, to varying degrees, credit risk and market risk. Credit risk is the possibility that a loss may occur because a party to a transaction fails to perform according to terms. Market risk includes, but is not limited to, the possibility that a change in interest rate risk, foreign currency risk, or the value of the underlying securities will cause the value of a financial instrument to decrease or become more costly to settle. The market or the value of underlying security, or securities, risk associated with derivatives, the prices of which are constantly fluctuating, is regulated by imposing limits as to the types, amounts and degree of risk that the Pension Trust Funds may undertake as set forth in State Regulations.

The Pension Trust Funds may use financial futures to replicate an underlying security or indices they wish to hold in the portfolio. In certain instances, it may be beneficial to own a futures contract rather than the underlying security. Additionally, the Pension Trust Funds may use futures contracts to improve the yield or adjust the duration of the fixed income portfolio or may sell futures contracts to hedge the portfolio. A financial futures contract is an agreement between a buyer and a seller that is based on a referenced item, such as financial indices, or interest rates or a financial instrument such as equity or fixed income securities, physical commodities, or currencies. Futures contracts may call for physical delivery of specified quantity of the underlying asset of a specified price (futures or strike price) and date, or be settled in cash. Futures contracts must be traded on a securities exchange or over-the-counter market. The net change in the futures contracts value is settled daily in cash with the exchanges. The cash to fulfill these obligations is held in a margin account. As the fair value of the futures contract varies from the original contract price, a gain or loss is paid to or received from the clearinghouse and recognized in the statement of changes in fiduciary net position.

Foreign currency forward contracts are used as a means to hedge against currency risks in the Pension Trust Funds. Foreign currency forward contracts are agreements to buy or sell a specific amount of a foreign currency at a specified delivery or maturity date for an agreed upon price. Foreign currency forward contracts are marked to market on a daily basis with the change in fair value included in investment income in the statement of changes in fiduciary net position.

The Pension Trust Funds utilize covered call and put options in an effort to add value to or reduce the risk level in the portfolio. Options are agreements that give the owner of the option the right, but not obligation, to buy (in the case of a call option) or to sell (in the case of a put option) a specific amount of an asset for a specific price (called the strike price) on or before a specified expiration date. The Pension Trust Funds enter into covered calls when they write (or sell) call options on underlying stocks held by the Pension Trust Funds or stock indices. The Pension Trust Funds enter into covered put options when they purchase put options on underlying stocks held by the Pension Trust Funds or stock indices. The Pension Trust Funds enter into put spreads when they purchase put options while simultaneously writing put options on the same underlying securities or indices at a lower strike price. The purchaser of put options pays a premium at the outset of the agreement and stands to gain from an unfavorable change (i.e., a decrease) in the price of the instrument underlying the option. The writer of call options receives a premium at the outset of the agreement and may bear the risk of an unfavorable change (i.e., an increase) in the price of the instrument underlying the option.

As of June 30, 2022, Pension Trust Fund's derivative investments included foreign currency forward contracts:

	Notional value (local currency)		Receivable	Payable	Change in fair value
<b>Foreign currency forward contracts:</b>					
Buy:

<b>Total Forward contracts</b>			<u>\$ 60,750,793</u>	<u>\$ 60,295,091</u>	<u>\$ 455,702</u>

Certain alternative investment funds and partnerships may use derivative instruments to hedge against market risk and to enhance investment returns. At any point during the year, the Pension Trust Funds may have additional exposure to derivatives primarily through limited liability vehicles such as limited partnerships and commingled investment funds.

### C. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between independent market participants at the measurement date. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The three levels of the fair value hierarchy are as follows:

Level 1 – Quoted prices are available in active markets for identical investments as of the reporting date.

Level 2 – Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level 3 – Pricing inputs are unobservable for the investment and inputs into the determination of fair value require significant management judgment or estimation, including assumptions about risk.

Investments are reported at fair value as follows:

- Domestic and international equity securities and exchange traded funds are valued using closing sales prices reported on recognized securities exchanges on which the securities are principally traded; these securities are included as Level 1 in the chart below. For listed securities having no sales reported and for unlisted securities, such securities will be valued based upon the last reported bid price; these securities are included as Level 2 in the chart below.
- Fixed income and equity mutual funds are valued using the published daily closing prices and are included as Level 1 in the chart below.
- Foreign and domestic government, agency and corporate obligations, certificates of deposit, commercial paper, municipal bonds, mortgages, bank loans, and asset-backed securities are valued using an evaluated price, which is based on a compilation of primarily observable market information or broker quotes in a non-active market. These are included as Level 2 in the chart below.
- Foreign exchange contracts are valued using industry recognized market-based models to calculate the value that a holder or counterparty would receive within the bid-ask spread, in an orderly transaction under current market conditions. These securities are included as Level 2 in the chart below.
- Distributions from alternative investment vehicles are received as the underlying investments are liquidated. The Plan's ownership interest in partners' capital can never be redeemed, but could be sold subject to approval by the fund's management. As of June 30, 2022, a buyer (or buyers) for these investments have not yet been identified. The partnership interest may be sold at an amount different from the net asset value (NAV) per share (or its equivalent) of the Plan's ownership interest in partners' capital.

**Notes:**

- 1 Buyout private equity funds include investments in 90 partnerships and eight co-investment vehicles, which invest primarily in the equity of established operating companies in order to restructure the target company's reserve capital, management and/or organizational structure or facilitate ongoing growth of the firm. Return on investment is typically realized through an initial public offering, sale or merger of the company, or a recapitalization. All of the investments provide for transfer or sale of limited partnership interest with the prior written approval of the General Partner and seven investments further require the right of first refusal by the other partners in the investment. It is expected that the underlying assets will be liquidated over the next 6 months to 12 years.
- 2 Private credit funds include investments in 20 funds and separate account investments that make investment in mezzanine debt, credit structured products, commercial and residential mortgage-backed securities, commercial and residential whole loans, and other similar strategies. One of the funds has a quarterly redemption provision and one fund has a semi-annual redemption provision. Eighteen of these investments cannot be redeemed because the investments include restrictions. As of June 30, 2022, these remaining redemption restriction periods range from one to seven years. It is expected that the underlying assets will be liquidated over the next one to seven years.
- 3 Real estate funds - equity include investments in 48 funds or separate accounts that make investments in the equity of the underlying asset, where the investor acts as a shareholder in a specific property and receives a share of the rental income the property generates. Investments representing approximately 76 percent of real estate equity investments can never be redeemed. One fund contains a provision that will trigger conversion into an open-ended fund. Thirty-nine of the investments provide for transfer or sale of the limited partnership interest with the prior written approval of the General Partner and nine investments further require the right of first refusal by the other partners in the investment. Distributions from each fund and separate account will be received as the underlying investments are liquidated. It is expected that the underlying assets will be liquidated over the next 6 months to 13 years.
- 4 Real assets includes investments in 19 fund or separate account strategies which invest in the equity or debt of infrastructure, energy, utilities, water, timber, agriculture, metals, mining, and commodity-related and commodity-linked investments. Real asset investments include investments in products, services and technology related to the above. No real asset investments can be redeemed. All of the investments provide for the transfer or sale of limited partnership interest with the prior written approval of the General Partner and one investment further requires the right of first refusal by the other partners in the investment. Distributions from each fund and separate account will be received as the underlying investments are liquidated. It is expected that the underlying assets will be liquidated over the next 1 to 15 years.
- 5 Multi-strategy hedge funds include investments in nine hedge funds that pursue multiple strategies to diversify risks and reduce volatility. Investments representing approximately 79 percent of the value of the investments cannot be redeemed because the investments include restrictions that do not allow for redemptions. As of June 30, 2022, the remaining redemption restriction periods range from one to two years. Three of the investments are being liquidated as part of the redemption process.
- 6 Debt related private equity funds include investments in 22 funds employing distressed, turnaround and mezzanine debt strategies. Distressed debt involves purchasing debt securities that are trading at a distressed level, in anticipation that those securities will have a higher market valuation and generate profit at a future date, or strategies which take a position to potentially gain control of an asset.

Turnaround investments focus on acquiring voting control in companies that are in distress, and aim to subsequently restore the company to profitability. Mezzanine debt strategies provide a middle level of financing in leveraged buyouts, which is below the senior debt layer and above the equity layer. A typical mezzanine investment includes a loan to the borrower, in addition to the borrower's issuance of equity in the form of warrants, common stock, preferred stock, or some other equity investment. All of the investments provide for transfer or sale of limited partnership interest with the prior written approval of the General Partner. Distributions from each fund will be received as the underlying investments of the funds are liquidated. It is expected that the underlying assets of the funds will be liquidated over the next one to seven years.

- 7 Opportunistic private equity funds include investments in four funds and separate accounts, which acquire minority equity interests in investment management companies. Investments in these funds have a perpetual term and cannot be redeemed.
- 8 Opportunistic hedge funds include investments in four hedge funds that invest in speculative opportunities with high net market exposure across varied markets. Opportunistic funds include global macro funds, commodity trading advisor funds, and funds employing other similar strategies. Investments representing approximately 34 percent of the value of the investments in this type cannot be redeemed because the investments include restrictions. As of June 30, 2022, this remaining redemption restriction period is one year.
- 9 Venture capital private equity funds include investments in seven partnership vehicles that make equity investments primarily in high growth companies during their early or expansion stages. These companies may or may not have revenues or a client base and in most cases will not be cash flow positive. Distributions from each vehicle will be received as the underlying investments are liquidated. It is expected that the underlying assets will be liquidated over the next one to two years.
- 10 Real estate funds – debt include investments in eight funds or separate accounts that make investments in the debt of the underlying asset, where the investor acts as a lender to the property owner and receives an interest rate on the loan. Investments can never be redeemed. Six of the investments provide for transfer or sale of the limited partnership interest with the prior written approval of the General Partner and two investments further require the right of first refusal by the other partners in the investments. Distributions from each fund and separate account will be received as the underlying investments are liquidated. It is expected that the underlying assets will be liquidated over the next one to four years.
- 11 Credit oriented hedge funds include investments in five hedge fund and separate account strategies that include both credit and distressed debt funds. Credit strategies typically invest both long and short in high yield and high-grade bonds, and structured products using fundamental credit analysis. These securities tend to be relatively liquid. Distressed debt strategies take advantage of corporate securities in default, under bankruptcy protection, in distress, or in liquidation. All of the investments are being liquidated in an orderly fashion as part of the redemption process.
- 12 Equity oriented hedge funds include investments in one hedge fund and separate account strategies that includes both equity long/short and event driven funds. Equity long/short funds hold a combination of long and short positions primarily in publicly traded equities. Event driven funds invest in merger arbitrage, capital structure arbitrage, relative value, activist or other similar strategies. One of the investments is liquidating and the other investment provides quarterly liquidity.
- 13 Secondary private equity funds include investments in three funds that purchase secondary interests in private equity partnerships. The underlying investments represent ownership interests in private equity funds managed by buyout or venture capital firms after the capital has been deployed. Distributions from each fund will be received as the underlying investments are liquidated. It is expected that the underlying assets will be liquidated over the next two years.

## NOTE 5 - SECURITIES LENDING COLLATERAL

The State Investment Council policies permit the Common Pension Funds and several of the individual pension plan portfolios to participate in securities lending programs, whereby securities are loaned to brokers or other borrowers and, in return, the Funds have rights to the collateral received. The publicly traded securities held by the Common Pension Funds and the pension plans, are eligible for the securities lending program. Collateral received may consist of cash, irrevocable bank letters of credit, or U.S. Treasury obligations having a market value equal to or exceeding 102 percent (U.S. dollar denominated) or 105 percent (non-U.S. dollar denominated) of the value of the loaned securities at the time the loan is made. Collateral is marked to market daily and adjusted as needed to maintain the required minimum level.

For loans of U.S. government securities or sovereign debt issued by non-U.S. governments, in the event that the market value of the collateral falls below 100 percent of the market value of the outstanding loaned securities to an individual borrower, or the market value of the collateral of all loans of such securities falls below the collateral requirement, additional collateral shall be transferred by the borrower to the respective funds no later than the close of the next business day so that the market value of such additional collateral together with collateral previously delivered meets the collateral requirements.

For loans of all other types of securities, in the event that the market value of the collateral falls below the collateral requirement of either 102 percent or 105 percent (depending on whether the securities are denominated in U.S. dollars or a foreign currency, respectively) of the market value of the outstanding loaned securities to an individual borrower, additional collateral shall be transferred in an amount that will increase the aggregate of the borrower's collateral to meet the collateral requirements. As of June 30, 2022, the Common Pension Funds had no aggregate credit risk exposure to borrowers because the collateral amount held by the Common Pension Funds exceeded the market value of the securities on loan.

The contract with the securities lending agent requires them to indemnify the Common Pension Funds and pension plans if the brokers or other borrowers fail to return the securities and provides that collateral securities may be sold in the event of a borrower default. The Common Pension Funds and pension plans are also indemnified for any loss of principal or interest on collateral invested in repurchase agreements. The Common Pension Funds and pension plans cannot participate in any dividend reinvestment program or vote with respect to any securities that are on loan on the applicable record date. The securities loans can be terminated by notification by either the borrower or the Common Pension Funds and pension plans. The term to maturity of the securities loans is generally matched with the term to maturity of the investment of the collateral.

The securities lending collateral is subject to various risks. Among these risks are custodial credit risk, credit risk, concentration of credit risk, and interest rate risk. Securities lending collateral is invested in repurchase agreements, the maturities of which cannot exceed 30 days. The collateral for repurchase agreements is limited to obligations of the U.S. Government or certain U.S. Government agencies, collateralized notes and mortgages and corporate obligations meeting certain minimum rating criteria. Total exposure to any individual issuer is limited consistent with internal policies for funds managed by the Division of Investment.

For securities exposed to credit risk in the collateral portfolio, the following table discloses aggregate fair value, by major credit quality rating category at June 30, 2022 (expressed in millions):

	<b>Rating</b>		
	<u>Aaa/AAA</u>	<u>Not Rated</u>	<u>Total</u>
Repurchase Agreements	\$ 1,317.2	\$ -	\$ 1,317.2
State Street Navigator Securities Lending			
Money Market Portfolio	-	199.2	199.2
Cash	-	3.4	3.4
<b>Total</b>	<u>\$ 1,317.2</u>	<u>\$ 202.6</u>	<u>\$ 1,519.8</u>

Custodial credit risk for investments is the risk that the Pension Funds will not recover the value of the investments, which are in the possession of an outside party, if the counterparty to the transaction does not fulfill its obligations. The repurchase agreements' underlying securities are held in the Common Pension Fund's name.

As of June 30, 2022, the Pension Funds had outstanding loaned investment securities with an aggregate fair value of \$1,464.9 million and did not hold any noncash collateral. There were no borrowers or lending agent default losses, and no recoveries or prior-period losses during the year.

## NOTE 6 - RECEIVABLES

Fiduciary funds' receivables are not disclosed in the statement of net position. However, these receivables are disclosed in the fund financial statements and consist primarily of amounts due from employers and employees and accrued earnings on investments. Receivables presented in the statement of net position are described below.

### A. Federal

Federal government grant awards are established against State appropriations. Most Federal government receivables are comprised of amounts expended against grant awards, the expenditure of which is the basis of reimbursement. Since all amounts due from the Federal government are considered to be collectible, no allowance has been established for doubtful collections. Also see Note 19 – Contingent Liabilities.

These Federal receivables are reported in conformance with generally accepted accounting principles as defined by the National Council on Governmental Accounting Statement No. 2 - *Grant, Entitlement and Shared Revenue Accounting and Reporting by State and Local Governments*. Inasmuch as encumbrances do not constitute expenditures, and since recognition of grants and entitlements as revenue is primarily based on expenditures, there is an additional \$7.2 billion of Federal government awards consisting of encumbrances which are considered unearned and unrecorded as of June 30, 2022.

### B. Departmental

Departmental receivables of \$5.3 billion are reported net of allowances of \$0.8 billion and are mostly comprised of major tax revenues substantially collected within the one month period subsequent to June 30. Amounts included in these receivables, but not collected within the one month period subsequent to June 30, 2022, are deemed to be collectible.

### C. Loans

Loan receivables of \$1.9 billion are reported net of allowances of \$8.9 million. Major loan receivables include \$1.7 billion loaned to local units of government and other recipients for environmental projects; \$120.0 million loaned for school districts' deficit relief; \$29.0 million loaned for economic development projects within local units of government; and \$1.5 million loaned for housing and mortgage assistance projects.

### D. Other

Other receivables of \$1.2 billion are reported net of allowances of \$670.1 million. Major other receivables include \$526.4 million of Transfer Inheritance Tax and Public Utility Gross Receipts and Franchise Taxes due from taxpayers; \$263.8 million due from a national opioid settlement; \$219.6 million primarily due from claimants representing overpaid unemployment benefits; \$120.0 million due from the tobacco companies; \$41.3 million comprised primarily of amounts due from lottery retailers; \$16.1 million representing rebates from pharmaceutical companies; and \$7.8 million due from the utility industry.

## NOTE 7 – CAPITAL ASSETS

A summary of capital assets and related accumulated depreciation by category as of June 30, 2022 is as follows (expressed in millions):

\* The July 1, 2021 capital asset balance has been restated by \$1,464.7 million and the accumulated depreciation balance has been restated by \$429.4 million across construction in progress, land improvements, buildings and improvements, equipment and software, and infrastructure.

Capital Assets were acquired by functions of the primary government as follows (expressed in millions):

	<u>Amount</u>
Public safety and criminal justice	\$ 146.4
Physical and mental health	33.7
Educational, cultural, and intellectual development	28.2
Community development and environmental management	34.6
Economic planning, development, and security	38.9
Transportation programs	1,605.9
Government direction, management, and control	16.1
Special government services	15.1
<b>Total</b>	<u>\$ 1,918.9</u>

## A. Items Not Capitalized and Depreciated

The State possesses certain capital assets that have not been capitalized and depreciated because the assets cannot be reasonably valued and/or the assets have inexhaustible useful lives. Examples of these assets include, but are not limited to, statues, monuments, forts, lighthouses, and various capitol related furnishings. Collections, such as historical documents, artifacts, works of art, rare library books, and antique furnishings are not capitalized. These assets are exempted from capitalization as the State maintains the collections for reasons other than financial gain; the collections are protected, kept unencumbered, cared for and preserved; and the collections are subject to an organizational policy requiring that the proceeds from sales of collection items be used to acquire other items for collections.

## B. Depreciation and Useful Lives

Capital assets are depreciated using the straight line method. The State assigned useful lives that were most suitable for the particular assets. Estimated useful lives were in an allowable range as follows:

<u>Asset</u>	<u>Years</u>
Land improvements	10-50
Buildings and improvements	12-60
Equipment and software	3-30
Infrastructure	4-70

Depreciation was charged to functions of the primary government as follows (expressed in millions):

	<u>Amount</u>
Public safety and criminal justice	\$ 102.8
Physical and mental health	15.7
Educational, cultural, and intellectual development	27.4
Community development and environmental management	19.6
Economic planning, development, and security	60.4
Transportation programs	944.3
Government direction, management, and control	37.9
Special government services	23.5
<b>Total</b>	<u><u>\$ 1,231.6</u></u>

## NOTE 8 - INTERFUND TRANSACTIONS

During the course of normal operations, the State has numerous routine transactions between funds, including interfund loans, expenditures, and transfers of resources to provide administrative services, program services, debt service, and compliance with legal mandates, such as legislation requiring the transfer of investment earnings from a capital project fund to the General Fund. In the fund financial statements, these transactions generally are recorded as transfers in/transfers (out) and due from/due to other funds. Transfers represent legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended and do not represent reimbursement of expenses. Interfund balances are operating receivables and payables expected to be paid within one year.

### A. Due From/Due To Other Funds

The balances of current interfund receivables and payables at June 30, 2022 are presented below (expressed in millions):

\*The New Jersey Building Authority and the New Jersey Schools Development Authority (blended component units included in the Non-Major Governmental Funds) have a fiscal year end of December 31, 2021. Due to the State having a June 30, 2022 fiscal year end, transactions between these funds and the General Fund have created an imbalance within the transfers.

## NOTE 9 - SHORT-TERM OBLIGATIONS

### Tax and Revenue Anticipation Notes

The State issues short-term debt instruments in the form of Tax and Revenue Anticipation Notes (TRANS) in advance of income tax and corporation business tax collections, depositing the proceeds in the General Fund. These notes are used to provide effective cash management to fund the imbalances that occur between the collection of revenues and the disbursement of appropriations of the General Fund and Property Tax Relief Fund. No TRANS were authorized for fiscal year 2022.

## NOTE 10 - DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

Deferred outflows and inflows of resources reported on the statement of net position as of June 30, 2022, consists of the following (expressed in millions):

<b>Deferred Outflows of Resources:</b>	<b>Governmental Activities</b>
Net Pension Liability related items	\$ 14,029.6
OPEB Liability related items	30,851.0
Unamortized deferral on refundings of long-term obligations	346.9
<b>Total Deferred Outflows of Resources</b>	<b>\$ 45,227.5</b>
<b>Deferred Inflows of Resources:</b>	
Net Pension Liability related items	\$ 33,199.5
OPEB Liability related items	43,953.8
Deferred opioid and tobacco revenue	383.8
<b>Total Deferred Inflows of Resources</b>	<b>\$ 77,537.1</b>

### Deferred Outflows of Resources:

The pension related amounts consist of: 1) changes of assumptions of \$5,600.4 million; 2) differences between expected and actual experience of \$1,398.9 million; 3) changes in proportion of \$315.9 million; and, 4) employer contributions of \$6,714.4 million subsequent to the measurement date.

The OPEB related amounts consist of: 1) changes of assumptions of \$14,753.3 million; 2) differences between expected and actual experience of \$12,629.6 million; 3) changes in proportion and differences between actual and proportionate share of contribution of \$1,503.2 million; 4) net difference between projected and actual earnings on OPEB plan investments of \$1.8 million; and, 5) benefit payments of \$1,963.1 million subsequent to the measurement date.

Deferred outflows of resources in the statement of net position consists of unamortized deferral on refunding of long-term obligations and pension related amounts. The \$346.9 million of unamortized deferral on refunding of long-term obligations is in accordance with GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, implemented in Fiscal Year 2014.

### Deferred Inflows of Resources:

The pension related amounts consist of: 1) changes of assumptions of \$28,659.0 million; 2) net difference between projected and actual earnings on pension plan investments of \$3,782.4 million; 3) differences between expected and actual experience of \$358.4 million; and, 4) changes in proportion of \$399.7 million.

The OPEB related amounts consist of: 1) differences between expected and actual experience of \$28,056.9 million; 2) changes of assumptions of \$11,109.2 million; and, 3) changes in proportion of \$4,787.7 million.

Deferred inflows of resources in the statement of net position consists of \$120.0 million of deferred tobacco revenue reported in accordance with GASB Statement No. 65 and \$263.8 million due from a national opioid settlement.

## NOTE 11 - LONG-TERM OBLIGATIONS

The State's long-term obligations are divided into bonded and non-bonded categories. Bonded categories include General Obligation Bonds, Revenue Bonds Payable, certain Capital Leases, Installment Obligations, Certificates of Participation (COPs), Tobacco Settlement Financing Corporation (TSFC) Bonds, Unamortized Interest on Capital Appreciation Bonds, and Unamortized Premium. Non-bonded categories include Compensated Absences, certain Capital Leases, Loans Payable, OPEB Liability, Net Pension Liability, Pollution Remediation Obligation, Other, and Deposit Fund Contracts.

### Notes:

<sup>1</sup> The State is not liable for debt issued by the TSFC.

## C. General Obligation Bonds

The State is empowered by voters to authorize, issue, and incur debt subject to certain constitutional restrictions. General obligation bond acts are both legislatively and voter-approved, subject to certain Constitutional exceptions, and are backed by the State's full faith and credit. As of June 30, 2022, the State had \$5.0 billion of State general obligation bonds outstanding with another \$368.2 million of bonding authorization remaining from various State general obligation bond acts. The amount provided by the State's General Fund for debt service payments for Fiscal Year 2022 was \$381.0 million.

The State has refunded various outstanding general obligation bonds. Refunding bond proceeds are used to purchase and deposit United States Treasury Obligations – State and Local Government Series or open market U.S. Treasury Securities into a separate irrevocable trust fund held by a trustee. The investments and the fixed earnings that accrue are sufficient to fully service the defeased debt until it is called or matures. For financial reporting purposes, the refunded debt is considered defeased at the

time the refunding bonds have been issued. Therefore, the refunded debt is removed as a liability from the State's long-term obligations.

During Fiscal Year 2022, the State issued no general obligation bonds. Pursuant to P.L. 2021, c.125, the amount of defeased general obligation debt removed from the State's long-term obligations as of June 30, 2022 amounted to \$275.7 million.

#### **D. Revenue Bonds Payable**

This debt classification represents bond issuances whose segment of debt service is derived solely from legally restricted revenues. Revenue bonds include debt issued by the New Jersey Building Authority (NJBA), the Garden State Preservation Trust (GSPT), and the New Jersey Transportation Trust Fund Authority (TTFA). During Fiscal Year 2022, the TTFA issued \$1.6 billion of bonds, of which \$0.9 billion were refunding bonds, that were issued in order to defease \$1.0 billion of existing debt. The liability on these refunded bonds has been removed from the State's long-term obligations. Total debt service payments over the next 20 years were decreased by \$220.4 million and resulted in a net present value savings of \$189.3 million. The NJBA and GSPT issued no debt.

Pursuant to P.L. 2021, c.125, the amount of defeased debt from revenue bonds removed from the State's long-term obligations as of June 30, 2022 amounted to \$34.0 million. Total authorized but unissued revenue bonds equal \$7,401.1 million as of June 30, 2022.

#### **E. Capital Leases (Bonded)**

Capital Leases represent long-term contractual debt obligations that the State has with various State authorities for the purpose of utilizing office space for State operations and program usage. This includes the demolition, design, acquisition, and construction or renovation of certain facilities. The New Jersey Health Care Facilities Financing Authority (HCFFA) issued no debt during Fiscal Year 2022.

#### **F. Installment Obligations**

Installment Obligations represent agreements between the State and several authorities which have issued bonds for the purpose of purchasing or constructing facilities to be rented by the State or to provide financing for other State projects. The State agrees to make payments equal to the corresponding authority's debt service, subject to and dependent upon appropriations being made from time to time by the State Legislature. At the conclusion of the term of the installment obligation agreement, title to the various facilities is transferred to the State, except in the case of the School Facilities Construction Program. During Fiscal Year 2022, these authorities issued zero bonds. The State's installment obligations outstanding as of June 30, 2022 total \$12.5 billion. Total authorized but unissued installment obligations equal \$1,498.7 million as of June 30, 2022. Pursuant to P.L. 2021, c.125, the amount of defeased installment obligation debt removed from the State's long-term obligations as of June 30, 2022 amounted to \$2.1 billion.

The state has \$1.4 billion of outstanding agreements from direct borrowings and direct placements related to governmental activities, mostly issued by the Economic Development Authority on behalf of the New Jersey Schools Development Authority. These agreements are secured by the pledge and assignment of revenues and other pledged property. While events of default vary between each agreement, they generally include failure to pay the loan or any other obligation. If an event of default occurs, the trustee may sue to collect sums due and compel performance of any covenant made. While not considered a default, an additional clause contained in various agreements can trigger an increased interest rate.

#### **G. Certificates of Participation**

These obligations represent two separate contracts with several Lines of Credit that were drawn on to finance State equipment needs through the State's Master Lease Program, as well as an energy master lease program. The initial lines of credit were issued for \$100 million each. One contract is no longer active, and debt service was paid in full as of June 30, 2022. The second contract was extended through April 2023, with the line increased to a total of \$185 million. The energy contract expired January 2022. A new contract is expected to be awarded in late fall 2023. The State has an unused line of credit in the amount of \$25 million which relates to the purchasing of vehicles and information technology equipment.

#### **H. Tobacco Settlement Financing Corporation (TSFC)**

In November 1998, the State entered into a Master Settlement Agreement (MSA) with participating cigarette manufacturers, 46 states, and six other United States jurisdictions in the settlement of certain smoking-related litigation. During Fiscal Year 2003, the State sold to the newly established TSFC, the State's right, title, and beneficial ownership interest in the State's right to receive tobacco settlement rights under the MSA and decree of Final Judgment. In return, in 2002 and 2003, the TSFC issued \$3.5 billion of bonds to pay for the tobacco settlement rights. Proceeds of the two bond issuances were used to fund General Fund expenditures during Fiscal Year 2003 and Fiscal Year 2004. During Fiscal Year 2007, \$4.7 billion of refunding bonds were issued, of which \$1.1 billion were capital appreciation bonds.

During Fiscal Year 2003, the TSFC was presented as a discreet component unit of the State. Since then, the State adopted GASB Technical Bulletin No. 2004-1, *Tobacco Settlement Recognition and Financial Reporting Entity Issues*. As a result, the TSFC is required to be shown as a blended component unit of the State. Bonds issued by the TSFC are the sole obligation of the TSFC. The State is not liable for any debt issued by the TSFC nor is the debt dependent on any dedicated stream of revenue generated by the State.

On March 7, 2014, the TSFC entered into a credit enhancement transaction. Pursuant to the Series 2007-1B Pledge Agreement, the TSFC pledged an additional 15.99 percent of the Tobacco Settlement Revenues (TSRs) received on and after July 1, 2016, to be applied to the optional redemption of the Series 2007-1B bonds. Pursuant to the Series 2007-1C Pledge Agreement, the TSFC additionally pledged 7.75 percent of the TSRs received on and after July 1, 2016, to be applied to the optional redemption of the Series 2007-1C bonds. As a result of these Pledge Agreements, a bond enhancement premium of \$96.5 million was received by the TSFC in Fiscal Year 2014, of which \$91.6 million was paid to the State of New Jersey, in accordance with the Pledge Agreements, and the remaining \$4.9 million was paid to various professionals as a transaction fee.

On April 11, 2018, the TSFC issued Series 2018 A Senior Bonds in the amount of \$2.1 billion and Series 2018 B Subordinate Bonds in the amount of \$1.0 billion. These bonds were issued to refund the balances of the Series 2007 bonds. The liability on these refunded bonds has been removed from the TSFC's long-term obligations. Total debt service payments over the next 27.0 years were decreased by \$131.7 million and resulted in a net present value savings of \$162.2 million. The MSA revenue received totaling \$265.6 million in April 2018, was transferred to the General Fund of the State of New Jersey. Master Settlement Revenues received subsequent to 2018 will remain in the TSFC. The proceeds of the Series 2018 bonds are secured by TSFC's right, title and interest in the pledged TSRs, consisting of 100 percent of the tobacco assets received by the Corporation on or after December 1, 2018.

### **I. Unamortized Interest on Capital Appreciation Bonds**

Unamortized Interest on Capital Appreciation Bonds represents the unaccreted interest value on zero coupon bonds that have been issued.

### **J. Unamortized Premium**

GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, requires bond premiums to be deferred and amortized over the life of the bonds.

### **K. Compensated Absences**

Pursuant to GASB Statement No. 16, *Accounting for Compensated Absences*, Compensated Absences represents the liability due to employees for unused sick and vacation time.

### **L. Capital Leases (Non-bonded)**

Capital Leases represent long-term contractual obligations that the State has entered into for the purpose of utilizing office space for State operations and program usage. Examples of non-bonded capital leases include motor vehicle inspection stations, State government office buildings, and State Police facilities. The beginning balance as of July 1, 2021 was restated to reflect the implementation of Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*. As a result of implementing GASB Statement No. 87, capital leases increased \$842.4 million. See Note 15 for additional details.

### **M. Loans Payable**

The New Jersey Automobile Insurance Guaranty Fund received a \$1.3 billion loan from the New Jersey Property-Liability Insurance Guaranty Association. The loan was made in an effort to depopulate the New Jersey Automobile Insurance Guaranty Fund and to help satisfy its unfunded liability. The repayment of the loans depends upon a number of contingencies, including the legislature voting to appropriate funds to pay the loans.

### **N. OPEB Liability**

In accordance with the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to active, inactive, and retired employees. This new standard supersedes the previously issued guidance, GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, effective for Fiscal Year 2018. The State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments, which typically get paid by the General Fund. The State's OPEB liability for Fiscal Year 2022 is \$88.9 billion.

## **O. Net Pension Liability**

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires the reporting of net pension liability as a State general long-term obligation. GASB Statement No. 68 requires participating employers in cost sharing plans to recognize their proportionate share of the collective net pension liability, collective deferred inflows of resources, collective deferred outflows of resources and collective pension expense, excluding that attributable to employer-paid member contributions. Contributions to the plans to pay for the State's share of liabilities are made primarily by the General Fund. The net pension liability represents the liability of employers and nonemployer contributing entities to employees for defined benefit pensions. The liability is measured as the portion of the present value of projected benefit payments to be provided through the pension plans to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the pension plans' fiduciary net position. The Net Pension Liability as of June 30, 2022 is \$75.1 billion.

## **P. Pollution Remediation Obligation**

GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, requires the reporting of Pollution Remediation Obligations as a State general long-term obligation. The Pollution Remediation Obligation represents State contractual commitments with either vendors to clean up hazardous waste contaminated sites or the administrative authorization to proceed to clean up identified hazardous waste contaminated sites. Pollution remediation activities include the engagement of contractors to define the extent of the hazardous waste contamination through a remedial investigative contract, outline the method of cleanup/remediation through a feasibility study contract, implement the required/recommended remediation action through construction contractors, and maintain and monitor the operations of the cleanup remedy at the site.

The Pollution Remediation Obligation estimates that appear in this report are subject to change over time. Cost may vary due to price fluctuations, changes in technology, changes in potential responsible parties, results of environmental studies, changes to statutes or regulations and other factors that could result in revisions to these estimates. Prospective recoveries from responsible parties may reduce the State's obligation.

The estimated liability as of June 30, 2022 is \$59.5 million. The reported amount represents the unexpended balances of those cleanup actions in which the State has obligated itself to commence remediation. The reported amounts represent the prospective outlays for existing remediation activities and not anticipated remediation work that may be addressed by the site's responsible parties at some future time or date.

## **Q. Other**

This obligation represents unamortized long-term claims which are required to be reported under National Council on Governmental Accounting Statement No. 1 as a State general long-term obligation. This includes Business Employment Incentive Program (BEIP) grants of \$662.2 million which have been incurred but not reported. This also includes Medicaid benefit claims (\$182.7 million of which \$112.2 million is federally reimbursable) which have been incurred but not reported. The New Jersey Department of Health implemented a hospital performance initiative entitled the Quality Improvement Program (QIP) on July 1, 2021, which has an obligation of \$273.0 million. South Jersey Port Corporation has an obligation of \$359.1 million, health benefit claims of \$163.7 million also have been incurred but not reported, and Unclaimed Property of \$84.6 million has been deemed to be payable to other states. Governmental Accounting Standards Board (GASB) Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*, resulted in the inclusion of the State's estimated future obligation relating to the South Jersey Port Corporation bonds. The State, when necessary, provides the South Jersey Port Corporation with funds to cover all debt service and property tax requirements when the Corporation's earned revenues are anticipated to be insufficient to cover these obligations. On December 1, 2021, the Corporation certified that it would be unable to provide sufficient funds from operations for debt service, and therefore, required a State appropriation for Fiscal Year 2022 in the amount of \$29.2 million. Finally, this obligation also includes \$24.6 million of capitalized software liability which is required to be reported in accordance with GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*.

## **R. Deposit Fund Contracts**

Large Lottery prizes are paid out to winners over a period of multiple years. Current Lottery proceeds are used to purchase deposit fund contracts which will provide sufficient amounts for future payment of installment prizes. Future payments of installment prizes in the present value of \$206.8 million are recorded as liabilities in both the fund financial statements and the government-wide statements.

## **S. Nonexchange Financial Guarantees**

The authorizing legislation for certain State entities provides for specific budgetary procedures with respect to certain obligations issued by these entities. Pursuant to such legislation, a designated official is required to certify any deficiency in debt service funds maintained to meet payments of principal and interest on the obligations and a State appropriation in the amount of the deficiency is to be made. However, the State Legislature is not legally bound to make an appropriation. Bonds issued pursuant to authorizing legislation of this type are sometimes referred to as "moral obligation" bonds. There is no statutory

limitation on the amount of “moral obligation” bonds which may be issued by eligible State entities. Currently, bonds issued by the South Jersey Port Corporation, the New Jersey Housing and Mortgage Finance Agency, and the Higher Education Student Assistance Authority fall under this category. Furthermore, the New Jersey Housing and Mortgage Finance Agency and the Higher Education Student Assistance Authority have not had a deficiency in their respective debt service funds which required the State to appropriate funds.

## **NOTE 12 - TAX ABATEMENTS**

The State of New Jersey, through the New Jersey Economic Development Authority (NJEDA), provides various tax credit programs subject to the disclosure requirements of GASB Statement No. 77, *Tax Abatement Disclosures*: Grow New Jersey Assistance Program, Economic Redevelopment and Growth Program, Angel Investor Tax Credit Program, Technology Business Tax Certificate Transfer (NOL) Program, Urban Transit Hub Tax Credit Program, Business Retention and Relocation Assistance Grant Program, Business Employment Incentive Program, and Film and Digital Media Tax Credit Program. Only tax credit programs with greater than \$5.0 million in taxes abated during Fiscal Year 2022 are disclosed.

Pursuant to N.J.S.A. 34:1B-120.1, the NJEDA is authorized to issue a recapture assessment of all or a portion of tax credits, which shall be based upon the proportionate value of the grant of tax credits that corresponds to the amount and period of noncompliance.

Pursuant to P.L. 2020, c.156, The New Jersey Economic Recovery Act of 2020 (NJ ERA) established seven new tax credit programs with annual credit limits and an overall aggregate limit of \$11.5 billion. If any program’s annual credit limit is not reached, the NJEDA is authorized to add the unused amount to the subsequent year’s program credit limit. The NJEDA does not anticipate tax credit issuances for any of the seven NJ ERA programs until Fiscal Year 2023.

### **A. Grow New Jersey Assistance Program**

The NJEDA administers the Grow New Jersey Assistance Program (GROW NJ), which was created in 2012 to provide tax credits to encourage job creation and job retention that strengthen New Jersey’s competitive edge in the increasingly global marketplace. Revised through P.L. 2013, c.161, the intent of the program is to provide tax credits to eligible businesses which make, acquire, or lease a capital investment equal to or greater than certain minimum capital investment amounts at a qualified business facility at which it will employ a certain number of employees in retained and/or new full-time jobs. Qualified eligible businesses receive tax credits ranging from \$500 to \$5,000 per job annually for up to ten years, plus potential bonus credits based on specific criteria, for each new or retained full-time job to be located at the qualified business facility. The maximum amount of the annual tax credits is generally determined by applying the gross amount per job per year plus all applicable bonuses which must fall at or below annual caps. Credits can be used to lower corporation business tax and insurance premium tax liabilities. The program stopped accepting applications on June 30, 2019.

In order to qualify for consideration to GROW NJ, a business must meet the following eligibility requirements:

- Locate the project in a Qualified Incentive Area, defined as one of the following: Urban Transit Hub Municipality, distressed municipality, Garden State Growth Zone, a project in a priority area, or another eligible area not located within a distressed municipality or priority area.
- Meet or exceed the minimum employment and capital investment requirements.
- Demonstrate that the award of the tax credit is a “material factor” in the company’s decision to create or retain at least the minimum number of full-time jobs.
- Demonstrate the capital investment and creation of eligible positions will yield a net positive benefit of at least 110 percent of the requested tax credit amount.
- Ascertain that all projects meet Green Building Requirements.
- Meet certain compliance requirements within 12 months following application approval.
- Use “prevailing wage” labor rates and affirmative action requirements in any construction contracts signed.
- Maintain the project and related employment at the project site for 1.5 times the period in which the business received the tax credit.
- Maintain a minimum of its 80 percent full-time New Jersey workforce from the last tax period prior to grant approval and 80 percent of new and retained full-time jobs at the qualified business facility specified in the incentive agreement.

### **B. Economic Redevelopment and Growth Program**

The Economic Redevelopment and Growth (ERG) Program is another program offered by the NJEDA as an incentive for developers and businesses to address revenue gaps in development projects, defined as having insufficient resources to support the projects’ debt service under a standard financing scenario. While not meant as a substitute for conventional debt and equity financing, ERG can also apply to projects that have a below market development margin or rate of return.

Created by law in 2012, and revised through P.L. 2013, c.161 and the “Economic Opportunity Act of 2014, Part 3,” P.L. 2014, c.63, the intent of this program is to provide State incentive grants to a developer or non-profit organization on behalf of a

qualified developer, in order to capture new State incremental taxes derived from a project's development to address a financing gap. The program offers incentives in the form of cash reimbursements and tax credits. In Fiscal Year 2018, over 80 percent of incentive payments were in the form of tax credits, with offsets being available to corporation business tax, insurance premiums tax, and gross income tax liabilities.

Per N.J.S.A. 34:1B-207 et seq. / N.J.A.C. 19:31-4 and the program's rules, the applicant must:

- Have a redevelopment project that is located in a qualifying area and not have begun any construction at the project site prior to submitting an application, except: if the NJEDA determines the project would not be completed otherwise or if the project is undertaken in phases, a developer may apply for phases for which construction has not yet commenced.
- Demonstrate to the NJEDA that: 1) the project shall be constructed in accordance with certain minimum environmental standards; 2) except with regards to a qualified residential project, the project will yield a net positive benefit equaling no less than 110 percent of the grant assistance, not to exceed 20 years; and, 3) the project has a financing gap.
- Meet a 20 percent equity requirement.

A comprehensive net benefit analysis is conducted to ensure the project has a positive net benefit to the State of no less than 110 percent. The economic impact model used by the NJEDA includes criteria published by the U.S. Department of Commerce along with internal econometric analysis and modeling to assess economic outputs, impacts, and likely jobs creation.

Residential projects that do not generate tax revenues can qualify for tax credits that can be assigned to lenders for project financing. A tax credit of up to 20 percent of total project cost, with additional tax credit amounts possible based on project type and/or location is available. Residential projects have an affordable housing requirement.

Mixed use parking projects that do not generate tax revenues can qualify for tax credits that may be assigned to lenders for project financing. A tax credit of up to 100 percent of the parking component project costs and up to 40 percent (including additional tax credit amounts) of the non-parking component project costs. Aggregate tax credits available to qualified residential and mixed-use parking projects under ERG are limited to \$718 million.

The program stopped accepting applications on June 30, 2019, but has been renewed with recent legislation enacted during Fiscal Year 2021.

### **C. Angel Investor Tax Credit Program**

The Angel Investor Tax Credit Program, offered by the NJEDA, is where businesses investing in a qualifying New Jersey emerging technology business may benefit from a tax credit of up to 20 percent of the investment, capped at \$500,000 for each investment transaction per investor. Pursuant to P.L. 2019, c.145 effective for investments made after January 1, 2020, available tax credits have increased from 10 to 20 percent of the qualified investment. Additionally, taxpayers may be eligible for a tax credit up to 25 percent of the qualified investment if the emerging technology business is located in a qualified opportunity zone or low-income community as defined by federal law, or is certified as a minority business or a women's business by the State. If the cumulative credits claimed by taxpayers exceed the amount available in a given year, then credits will be applied in the order in which applications are received and completed, starting on the first day of the succeeding calendar year in which Angel Investor Tax Credits do not exceed the amount of credits available. The purpose of the credit is to stimulate investment in New Jersey emerging technology businesses.

Pursuant to P.L. 2013, c.14, and as amended by P.L. 2019, c.145, the New Jersey emerging technology business must meet the following criteria:

- Employs fewer than 225 full-time employees, at least 75 percent of whom work in New Jersey.
- Does business, employs or owns capital or property, or maintains an office in New Jersey.
- Conducts at least one of the following activities in New Jersey: incurs qualified research expenses in the State; conducts pilot scale manufacturing in the State; commercializes one or more various eligible technologies in the State; advanced computing, advanced materials, biotechnology, electronic devices, information technology, life sciences, medical devices, mobile communications, and renewable energy technology.
- Has as its primary business an eligible technology (advanced computing, advanced materials, biotechnology, electronic devices, information technology, life sciences, medical devices, mobile communications, and renewable energy technology).
- Qualified investments include non-refundable transfers of cash made directly to the New Jersey emerging technology business or indirectly, through the New Jersey Emerging Technology Business Holding Company in connection with at least one of the items listed below. To be considered non-refundable, the following items must be held or not expire for at least two calendar years from the date of the transfer of cash, with an exception being made for initial public offerings (IPOs), mergers and acquisitions, damage awards for the business's default of an agreement, or other return of initial cash outlay beyond the investor's control:

- Stock, interests in partnerships or joint ventures, licenses (exclusive or non-exclusive), rights to use technology, marketing rights, warrants, options, or any similar items, including, but not limited to, options or rights to acquire any of the listed.
- A purchase, production, or research agreement.

Credits may be treated as an overpayment and refunded with no interest on the overpayment paid. For corporate taxpayers, the tax credits may be carried over up to 15 tax years following the tax year for which the credit was allowed. Individuals cannot carryforward the tax credits. Credits may not be carried forward in a tax year in which the taxpayer was a target for corporate acquisition or in which the taxpayer was party to a merger or consolidation unless the taxpayer can demonstrate to the New Jersey Division of Taxation the identity of the acquiring corporation. The credits may be claimed on the taxpayer's New Jersey tax return in the tax year applicable to the effective date of approval. The program has a cap of \$25 million approved per calendar year.

#### **D. Technology Business Tax Certificate Transfer (NOL) Program**

Pursuant to N.J.S.A. 34:1B-7.42a, The Technology Business Tax Certificate Transfer Program enables qualified, unprofitable NJ-based technology or biotechnology companies with fewer than 225 U.S. employees (including parent company and all subsidiaries) to sell a percentage of net operating losses and research and development tax credits to unrelated profitable corporations. Net operating losses and research and development tax credits may be sold for at least 80 percent of their value, up to a maximum lifetime benefit of \$15 million per business. Up to \$60 million is available annually.

An eligible company must own, have filed for, or have a license to use protected, proprietary intellectual property, defined as a patent or a registered copyright. Additionally, the company must have at least one full-time employee working in New Jersey if incorporated or formed less than three years, five full-time employees in New Jersey if incorporated or formed more than three years but less than five years, or ten full-time employees in New Jersey if incorporated or formed more than five years. Only technology and biotechnology companies whose primary business involves the provision of a scientific process, product, or service are eligible.

An eligible company cannot have had positive net operating income on either of its last two full-year income statements. The two most recent years of operations must be compiled, reviewed or audited by an independent certified public accounting firm and prepared according to the United States Generally Accepted Accounting Principles. In addition, an eligible company cannot have a parent company with positive net operating income or be part of a consolidated group of affiliates for federal income tax purposes with positive net operating income.

The application deadline falls on June 30<sup>th</sup> of each program year. The applicant company's Corporate Business Tax returns, with all required schedules and attachments, must also be filed with the New Jersey Division of Taxation by the application deadline. Failure to file by the program deadline results in the applicant company having no available tax benefit for the current program year.

#### **E. Urban Transit Hub Tax Credit Program**

The Urban Transit Hub Tax Credit Program (HUB) was previously offered by the NJEDA and phased out during Fiscal Year 2014. Pursuant to P.L. 2007, c.346, the Urban Transit Hub Tax Credit Act established a program available to individuals or businesses making a qualified capital investment within a designated Urban Transit Hub. Tax credits equal up to 100 percent of the qualified capital investments made within an eight-year period. Taxpayers can apply ten percent of the total credit amount per year over a ten-year period against their corporate business tax, insurance premiums tax or gross income tax liability. Tax credits may be sold under the tax credit certificate transfer program of not less than 75 percent of the transferred credit amount. Total credits approved under this program are capped at \$1.75 billion, with \$250 million allocated towards residential projects which may receive up to a 35 percent credit.

This incentive program was designed to spur private capital investment, business development, and employment by providing tax credits for businesses planning a large expansion or relocating to a designated transit hub located within one of nine New Jersey urban municipalities. Urban Transit Hubs are located within one-half mile of a New Jersey Transit, Port Authority Trans-Hudson Corporation (PATH), Port Authority Transit Corporation Speedline (PATCO), or light rail station in Camden (expanded to one mile), East Orange, Elizabeth, Hoboken, Jersey City, Newark, New Brunswick, Paterson, and Trenton. Eligibility was expanded to locations within these municipalities that had active freight adjacent or connected to the proposed building and utilized by the occupant.

Businesses were able to apply for the tax credits within five years of the program's January 13, 2008 effective date and satisfy the capital investment and employment conditions within eight years of that date. The tax credits may be reduced or forfeited if facility or employment levels are not maintained.

Developers, owners, and tenants were eligible to qualify for the Urban Transit Hub Tax Credit Program if they met the following criteria:

- Developers or owners must have made a minimum \$50 million capital investment in a single business facility located in one of the nine designated Urban Transit Hubs. In addition, at least 250 employees must work full-time at that facility.
- Tenants must occupy space in a qualified business facility that represents at least \$17.5 million of the capital investment in the facility and employ at least 250 full-time employees in that facility. Up to three tenants may aggregate to meet the 250 employee requirement.
- Projects retaining 250 full-time jobs were eligible for tax credits of up to 80 percent of the qualified capital investment, while projects which created 200 or more jobs were qualified for up to 100 percent of the qualified capital investment.
- Mixed-use components are part of the “qualified residential project” definition.
- Applicants must have demonstrated at the time of application that the State’s financial support of the proposed capital investment in a qualified business facility will yield a net positive benefit to both the State and the eligible municipality.
- S corporations, limited liability corporations and partnerships were eligible; however, tax credits cannot be applied against an individual’s New Jersey gross income tax liability.

## **F. Business Retention and Relocation Assistance Grant Program**

A business relocating operations within New Jersey and retaining jobs, or a business maintaining jobs at a current location and making a qualified capital investment may have been eligible to apply for the Business Retention and Relocation Assistance Grant (BRRAG) program, pursuant to N.J.S.A. 34:1B-114. BRRAG, which stopped accepting applications in Fiscal Year 2014, offered eligible companies corporate business tax credits of up to \$2,250 per year for up to six years, per job retained in the State. Offered by the NJEDA, the BRRAG program helped companies preserve jobs, expand operations, and reinvest in the State. The total amount of credits that can be applied against a single company’s tax liability in a fiscal year may not exceed \$10 million.

In order to have qualified for BRRAG, a company must have done the following:

- Retained a minimum of 50 full-time jobs.
- Committed to remain in the State for the tax credit term and an additional five years. For leased project locations, the business must have signed a written lease for a period of no less than the commitment duration or eight years, whichever is greater.
- Offered its employees healthcare benefits.
- Demonstrated that the grant was a “material factor” in moving the relocation project forward in New Jersey. Applicants must not have signed a lease, entered into a purchase contract, or otherwise committed to a site in New Jersey that will host the relocation project prior to receiving NJEDA Board of Directors’ approval. For companies relocating 1,500 or more employees from outside a designated urban center to one or more new locations within a designated urban center, the “material factor” did not apply if the application was received within six months of the company signing its lease or purchase agreement.
- Demonstrated that the capital investment and job retention resulting from a proposed project would yield a net positive benefit to the State.
- Entered into any construction contracts associated with the project using “prevailing wage” labor rates and affirmative action requirements.
- Have operated continuously in New Jersey in whole or in part, in its current form or as a predecessor entity, for at least ten years.

## **G. Business Employment Incentive Program**

The Business Employment Incentive Program (BEIP) created business employment incentives to approved New Jersey companies. Pursuant to P.L. 1996, c.26, BEIP offered cash incentives to economically viable expanding or relocating businesses that created at least 25 jobs in a two-year period, or at least ten jobs if positioned in the technology or biotech industries. Businesses must have also demonstrated the BEIP grant was a material factor in moving the job expansion or relocation forward in the State. The grant program stopped accepting applications in 2013. Pursuant to P.L. 2015, c.194, businesses previously approved for the program were granted 180 days to direct the NJEDA to convert the grant to a refundable corporation business tax credit or an insurance premium tax credit in lieu of a cash incentive. Approximately 90 percent of incentive payments were in the form of tax credits during Fiscal Year 2022, with issuance based on the chronological order of program acceptance.

## **H. Film and Digital Media Tax Credit Program**

The New Jersey Film and Digital Media Tax Credit Program provides a credit against the corporation business tax and the gross income tax for certain expenses incurred for the production of certain films and digital media content in New Jersey. The goal of the program is to encourage production of filming and digital media content in the State. The type of media production utilized will affect the eligibility of the credit and how it is calculated.

Film tax credits will equal 30 percent of qualified film production expenses, or 35 percent of qualified film production expenses incurred for services performed and tangible personal property purchased through vendors whose primary place of business is located in Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Mercer or Salem counties.

In order for a film project to be eligible for tax credits under the NJ Film Tax Credit Program, the film project must be a feature film, a television series, or a television show of 22 minutes or more in length, intended for a national audience, or a television series or a television show of 22 minutes or more in length intended for a regional audience, filmed and produced at a nonprofit arts and cultural venue receiving State funding. Productions featuring news, current events, weather, and market reports or public programming, talk show, sports event, or reality show, a production that solicits funds, a production containing obscene material as defined under N.J.S.2C:34-2 and N.J.S.2C:34-3, or a production primarily for private, industrial, corporate, or institutional purposes are not eligible for film tax credits.

Pursuant to P.L. 2018, c.56, additional eligibility requirements include:

- 60 percent of the total film production expenses, exclusive of post-production costs, must be incurred for services performed and goods used or consumed in New Jersey, or the qualified film production expenses exceed \$1 million.
- Principal photography of the project must commence within the earlier of 180 days from the date of the original application or 150 days after the approval of the application for the credit.
- End credits must include “Filmed in New Jersey” statement or logo.

For digital media, tax credits up to 20 percent of qualified digital media production expenses, or 25 percent of qualified digital media production expenses are eligible when incurred for services performed and tangible personal property purchased through vendors whose primary place of business is located in Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Mercer or Salem counties.

Pursuant to P.L. 2018, c.56, film projects are eligible for tax credits under the NJ Digital Media Tax Credit Program if at least \$2 million of the total digital media production expenses are incurred for services performed and goods purchased through vendors authorized to do business in New Jersey and at least 50 percent of the qualified digital media content production expenses are incurred for wages and salaries paid to full-time employees in New Jersey.

## NOTE 13 - RISK MANAGEMENT AND INSURANCE COVERAGE

The State is self-insured and self-administered for tort, workers' compensation, and automobile liability claims. As of June 30, 2022, no liability for unpaid claims has been established since the amount of loss cannot be reasonably estimated, however, any unpaid claims are not expected to be material. Claims are reported as expenditures in the General Fund in the year they are paid. Amounts expended for tort, workers' compensation, and automobile liability claims for Fiscal Years 2022 and 2021 are detailed below (expressed in millions):

Type of Claim	Fiscal Year	
	2022	2021
Tort	\$ 92.4	\$ 13.4
Workers' compensation	88.8	85.2
Automobile	9.2	2.4

Property exposure is handled by a commercial insurance carrier. There were no reductions in commercial insurance coverage during the fiscal year ended June 30, 2022. No settlements exceeded commercial insurance coverage during each of the past three fiscal years. The State does not participate in any risk pools.

## NOTE 14 - NET POSITION RESTRICTED BY ENABLING LEGISLATION/GOVERNMENTAL FUND BALANCES

### A. Net Position Restricted by Enabling Legislation

As of June 30, 2022, \$11,393.7 million of restricted net position is reported in the Statement of Net Position. Net position is restricted when constraints have been placed upon the use of resources through enabling legislation initiated by voter referendum, constitutional provisions, debt covenants, or other external parties such as the federal government. Unexpended debt proceeds that are recorded as assets and restricted fund balance in the governmental funds (\$2,131.0 million) have been deducted from the restricted net position balance.

### B. Governmental Fund Balances

In the governmental fund financial statements, fund balances are segregated into the following categories: nonspendable, restricted, committed, and unassigned.

#### Nonspendable

The nonspendable fund balance classification includes amounts in the New Jersey Cultural Trust Fund (\$20.0 million) and the State of New Jersey Tischler Memorial Fund (\$0.4 million) that are legally required to remain intact.

#### Restricted

Similar to the net position restricted by enabling legislation definition, the restricted fund balance classification is used when constraints have been placed upon the use of resources through enabling legislation initiated by voter referendum, constitutional provisions, debt covenants, or other external parties such as the federal government.

#### Restricted Fund Balance – School Bond Reserve:

##### Fund for Support of Free Public Schools

New Jersey statutes provide for the establishment of a school bond reserve within this fund. The school bond reserve consists of two accounts, the old school bond reserve account and the new school bond reserve account. The old school bond reserve account shall be funded in an amount equal to at least 1.5 percent of the aggregate issued and outstanding bonded indebtedness of counties, municipalities, or school districts for school purposes for all such indebtedness issued prior to July 1, 2003. The new school bond reserve account shall be funded in an amount equal to at least 1.0 percent of the aggregate issued and outstanding bonded indebtedness of counties, municipalities, or school districts for school purposes for all such indebtedness issued on or after July 1, 2003, exclusive of bonds for debt service, which is provided by State appropriations. Accordingly, of the total \$164.3 million restricted fund balance, \$71.7 million has been reserved as of June 30, 2022, for the school bond reserve.

## Committed

The committed fund balance classification is used for amounts that can only be used for purposes specified in enabling legislation, with the consent of both the legislative and executive branches. In contrast to the restricted fund balance classification, amounts in this category may be redeployed for other purposes with appropriate due process.

Restricted and Committed fund balances are categorized as follows (expressed in millions):

	<b>Restricted Fund Balance</b>	<b>Committed Fund Balance</b>
Public safety and criminal justice	\$ -	\$ 689.5
Physical and mental health	17.7	723.4
Educational, cultural and intellectual development	1,366.5	320.7
Community development and environmental management	3,398.7	1,950.6
Economic planning development and security	1,508.6	976.5

Unclaimed property payments	-	248.1
Property tax relief	3,345.4	-
	<u>\$ 12,489.6</u>	<u>\$ 12,077.7</u>

As mentioned above, both restricted and committed fund balances may only be used for purposes specified in enabling legislation. Within these balances, however, money has been set aside (encumbered) pending vendor performance. In addition, within these balances are long-term loans and other items such as legally mandated reserves and escrow balances that represent balances that are not currently available for expenditure in subsequent accounting periods.

The following table reflects restricted and committed fund balances in the aggregate that have been encumbered or are currently unavailable for current expenditures as of June 30, 2022 (expressed in millions):

<b>Major Components of:</b>	<b>General Fund</b>	<b>Property Tax Relief Fund</b>	<b>Non-Major Governmental Funds</b>	<b>Total Governmental Funds</b>
<b>Restricted Fund Balance:</b>	<u>\$ 2,470.5</u>	<u>\$ 3,345.4</u>	<u>\$ 6,673.7</u>	<u>\$ 12,489.6</u>
Encumbrances	234.8	212.8	95.5	543.1
Long-term loans and receivables	262.0	-	1,470.4	1,732.4

<b>Subtotal - Encumbrances</b>	<b>\$ 1,828.3</b>	<b>\$ 212.8</b>	<b>\$ 267.7</b>	<b>\$ 2,308.8</b>

## Unassigned

Unassigned balance is \$5,256.8 million. This classification represents fund balance that has not been restricted or committed to specific purposes within the General Fund.

## NOTE 15 - LEASES

The State of New Jersey is a lessee with the right to use 398 buildings or real estate properties, 298 equipment assets, and 4 land properties. For all leases with a maximum possible term of more than 12 months at commencement, the State recognizes a right of use lease asset and lease liability. The total amount of the State's leased asset value and accumulated amortization is \$1,624,648,069 and \$798,623,629, respectively.

The State of New Jersey determines its lease liability to external parties on any payments that are minimally guaranteed to the lessor, along with portions of variable payments that are fixed in substance which can be calculated. Variable payments that are not fixed in nature and are based on future outcomes are recorded in the fiscal year in which they occur. The State of New Jersey determines its discount rate for a lease based on the United States, Department of the Treasury's ten-year par yield curve rate, published daily. State agencies have delegated authority as it relates to the leasing of equipment assets. Leases for land or building properties such as parking lots or offices for State employees are under the oversight and administration of the New Jersey Department of the Treasury, Division of Property Management and Construction.

A summary of right of use lease assets activity and related amortization by category for the year ended June 30, 2022, is as follows (expressed in millions):

	<u>Balance July 1, 2021</u>	<u>Additions</u>	<u>Deductions</u>	<u>Remeasurements/ Adjustments</u>	<u>Balance June 30, 2022</u>

<b>Total Future Minimum Lease Payments</b>	<u>\$ 933.6</u>	<u>\$ 128.0</u>	<u>\$ 1,061.6</u>

The State of New Jersey did not record any variable payments or other direct payments which were not included previously in the initial liability of its leased assets during the year. No prior commitment payments to leased assets were made during the year. Additionally, there were no losses or impairments requiring a change in the lease liability.

## NOTE 16 - RETIREMENT SYSTEMS

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems; pension plans) covering substantially all state and local government employees. For additional information about all pension plans, please refer to the State of New Jersey Division of Pension and Benefits (the Division), Annual Comprehensive Financial Report, which can be found at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

In accordance with Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions* (GASB Statement No. 68), the State has elected to use the prior fiscal year end (June 30, 2021), as the measurement date for reporting purposes.

### A. Descriptions of Retirement Systems

#### 1. Single-Employer Defined Benefit Pension Plans

##### Judicial Retirement System (JRS):

The State of New Jersey JRS is a single-employer defined benefit pension plan administered by the Division. The vesting and benefit provisions are set by N.J.S.A. 43:6A. JRS provides retirement benefits as well as death and disability benefits. Retirement is mandatory at age 70. Service retirement benefits are available to members who have reached certain ages and various years of service. Benefits of 75 percent of final salary are available to members at age 70 with 10 years or more of judicial service; members between ages 65-69 with 15 years or more of judicial service or between ages 60-64 with 20 years or more of judicial service. Benefits of 50 percent of final salary are available to those with both judicial service and non-judicial service for which five or more consecutive years were judicial service. These benefits are available at age 65 or older with 15 years or more of aggregate service or age 60 or older with 20 or more years of aggregate service. Benefits of two percent of final salary for each year of public service up to 25 years plus one percent of final salary for each year in excess of 25 years are available at age 60 with 5 consecutive years of judicial service plus 15 years in the aggregate of public service or at age 60 while serving as a judge.

Early retirement benefits of two percent of final salary for each year of service up to 25 years and one percent of final salary for each year over 25 years is available to members who retire before age 60, have 5 or more consecutive years of judicial service, and 25 years or more in aggregate public service. The amount of benefits is actuarially reduced for the number of months remaining until the member reaches age 60.

**Prison Officers' Pension Fund (POPF):**

The State of New Jersey POPF is a single-employer defined benefit pension plan administered by the Division. This plan includes various employees in the state penal institutions appointed prior to January 1, 1960. There are no active members in POPF. The vesting and benefit provisions were set by N.J.S.A.43:7.

**State Police Retirement System (SPRS):**

The State of New Jersey SPRS is a single-employer defined benefit pension plan administered by the Division. The vesting and benefit provisions are set by N.J.S.A. 53:5A. SPRS provides retirement benefits as well as death and disability benefits. All benefits vest after ten years of service, as defined, and members are always fully vested in their contributions. Mandatory retirement is at age 55. Voluntary retirement is prior to age 55 with 20 years of credited service. The benefit is an annual retirement allowance equal to the greater of (a), (b), or (c), as follows: (a) 50 percent of final compensation; (b) for members retiring with 25 years or more of service, 65 percent of final compensation, plus 1 percent for each year of service in excess of 25 years to a maximum of 70 percent of final compensation; or (c) for members as of August 29, 1985 who would not have 20 years of service by age 55, benefit as defined in (a) above. For members as of August 29, 1985, who would have 20 years of service, but would not have 25 years of service at age 55, benefit is as defined in (a) above plus three percent for each year of service.

**Single-Employer Plan Membership**

Single-employer defined membership pension plans consisted of the following as of the measurement date:

**Number of Employees Covered by Single-Employer Defined Benefit Pension Plans**

	<u>JRS</u>	<u>POPF</u>	<u>SPRS</u>
Active plan members	415	-	2,819
Inactive plan members or beneficiaries currently receiving benefits	640	57	3,479
Inactive plan members entitled to but not yet receiving benefits	6	-	-
<b>Total</b>	<u>1,061</u>	<u>57</u>	<u>6,298</u>

**2. Multiple-Employer Defined Benefit Pension Plans**

**Consolidated Police and Firemen's Pension Fund (CPFPPF):**

The State of New Jersey CPFPPF is a cost-sharing multiple-employer defined benefit pension plan administered by the Division. The plan includes county and municipal police officers and firemen appointed prior to July 1, 1944. There are no active members in CPFPPF. The vesting and benefit provisions were set by N.J.S.A.43:16.

**Public Employees' Retirement System (PERS):**

The State of New Jersey PERS is a cost-sharing multiple-employer defined benefit pension plan with a special funding situation administered by the Division. The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death, and disability benefits. All benefits vest after 10 years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit are available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit are available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tier 3 and 4 members with 25 years or more of service credit before age 62, and tier 5 members with 30 years or more of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least ten years of service credit and have not reached the service retirement age for the respective tier.

**Police and Firemen's Retirement System (PFRS):**

The State of New Jersey PFRS is a cost-sharing multiple-employer defined benefit pension plan with a special funding situation administered by the Division. The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement benefits as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits, which vest after four years of service.

The following represents the membership tiers for PFRS:

Tier	Definition
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be two percent of final compensation for each year of creditable service, as defined, up to 30 years plus one percent for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65 percent (tier 1 and 2 members) and 60 percent (tier 3 members) of final compensation plus 1 percent for each year of creditable service over 25 years, but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case, benefits would begin at age 55 equal to two percent of final compensation for each year of service.

**Teachers' Pension and Annuity Fund (TPAF):**

The State of New Jersey TPAF is a cost-sharing multiple-employer defined benefit pension plan with a special funding situation, which the State is responsible to fund 100 percent of the employer contributions, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the Division. The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death, and disability benefits. All benefits vest after 10 years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for two percent of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

Tier	Definition
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tier 3 and 4 members with 25 years or more of service credit before age 62, and tier 5 members with 30 years or more of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least ten years of service credit and have not reached the service retirement age for the respective tier.

### 3. Other Pension Funds

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The State or local governmental employers do not appropriate funds to SACT.

The State administers the Defined Contribution Retirement Program. Individuals eligible for membership include State or Local Officials who are elected or appointed on or after July 1, 2007; employees enrolled in the PERS or TPAF on or after July 1, 2007, who earn salary in excess of established annual maximum compensation limits (equivalent to annual maximum wage base for Social Security deductions); employees enrolled in the PFRS or SPRS after May 21, 2010, who earn salary in excess of established annual maximum compensation limits (equivalent to annual maximum wage base for Social Security deductions); and employees otherwise eligible to enroll in the PERS or TPAF on or after November 2, 2008, who do not earn the minimum annual salary required for PERS or TPAF tier 3 enrollment or do not work the minimum hours per week required for PERS or TPAF tier 4 and tier 5 enrollments.

The State also administers the Central Pension Fund (CPF) which is a single-employer noncontributory defined benefit plan for special groups which are not included in other State-administered systems.

Additionally, while the cost-of-living increase for JRS, PFRS, PERS, SPRS, and TPAF is suspended, the cost-of-living adjustment is still funded directly by each of the respective systems.

According to State law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

### B. Basis of Presentation

Pension plans administered by the State are accounted for using the accrual basis of accounting. Under the accrual basis of accounting, employee and employer contributions are recognized in the period in which employees services are performed; investment gains and losses are recognized as incurred; benefits and refunds are recognized when due and payable in accordance with the terms of the applicable plan. For purposes of measuring the net pension liability, all components including information about the fiduciary net position of all plans and additions to/deductions from all plans' fiduciary net position have been determined in all material respects on the same basis as they are reported by the plans.

### C. Cost-Sharing Pension Plans Allocation

#### Public Employees' Retirement System (PERS)

GASB Statement No. 68 requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective pension expense. For the fiscal year ended June 30, 2022, the State reported net pension liability (excluding the State colleges and universities) of \$18,198,969,614 for its proportionate share of the collective net pension liability for PERS. The State's proportionate share of net pension liability for PERS was 84.14 percent, a increase of 0.79 percent since the prior reporting period. The proportion is based on the State's contributions of all participating employers.

#### Police and Firemen's Retirement System (PFRS)

GASB Statement No. 68 requires participating employers in PFRS to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective pension expense. For the fiscal year ended June 30, 2022, the State reported net pension liability (excluding the State colleges and universities) of \$3,881,131,049 (comprised of the State proportionate share of the collective net pension liability of \$3,871,329,071 and special location Palisades Interstate Park Commission of \$9,801,978). The State's proportionate share of the net pension liability for PFRS was 95.49 percent, a decrease of 0.15 percent since the prior reporting period. The proportion is based on the State's contributions of all participating employers.

#### Teachers' Pension Annuity Fund (TPAF)

For the fiscal year ended June 30, 2022, the State reported net pension liability of \$90,802,540. The State's proportionate share of the net pension liability for TPAF was 0.19 percent, a decrease of 0.03 percent since the prior reporting period. The proportion is based on the State's contributions of all participating employers.

## **D. Special Funding Situations**

### **Public Employee's Retirement System**

A special funding situation exists for certain local employers of the State of New Jersey PERS. The State of New Jersey, as a nonemployer, is required to pay the additional costs incurred by local employers under P.L.2001, c.366. Under N.J.S.A. 43:15A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. P.L.2001, c.366 established the Prosecutors Part of the PERS which provides enhanced retirement benefits for Prosecutors enrolled in the PERS. The State is liable for the increased pension costs to a County that resulted from the enrollment of Prosecutors in the Prosecutors Part. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68, and the State is treated as a nonemployer contributing entity.

For the fiscal year ended June 30, 2022, the State, as a nonemployer contributing entity, reported a net pension liability of \$126,283,706 for the PERS special funding situation. This represents the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contributions through the valuation date. The pension expense for this special funding situation is \$11,132,024, which is the actuarially determined contribution amount that the State recognized for the current fiscal year end. The pension expense is deemed to be a State administrative expense due to the special funding situation.

### **Police and Firemen's Retirement System**

A special funding situation exists for the local employers of the State of New Jersey PFRS. The State of New Jersey, as a nonemployer, is required to pay the additional costs incurred by local employers. Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation, which legally obligate the State is as follows: P.L.2000, c.8; P.L.2001, c.318; P.L.2001, c.86; P.L.1991, c.511; P.L.1979, c.109; P.L.1993, c.247; and P.L.2001, c.201. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68, and the State is treated as a nonemployer contributing entity.

For the fiscal year ended June 30, 2022, the State, as a nonemployer contributing entity, reported a net pension liability of \$2,055,697,552 for the PFRS special funding situation. This represents the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contributions through the valuation date. The pension expense for this special funding situation is \$228,944,734, which is the actuarially determined contribution amount that the State recognized for the current fiscal year end. The pension expense is deemed to be a State administrative expense due to the special funding situation.

### **Teachers' Pension Annuity Fund**

The employer contributions for local participating employers are legally required to be funded 100 percent by the State, excluding any local ERI contributions in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity.

For the fiscal year ended June 30, 2022, the State, as a nonemployer contributing entity, reported a net pension liability of \$48,075,188,642 for the TPAF special funding situation. This represents the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contributions through the valuation date. The pension expense for this special funding situation is \$1,159,039,411, which is the actuarially determined contribution amount that the State recognized for the current fiscal year end. The pension expense is deemed to be a State administrative expense due to the special funding situation.

## **E. Contributions**

### **Judicial Retirement System (JRS):**

The contribution policy is set by N.J.S.A. 43:6A and requires contributions by active members and the State. Members enrolled on January 1, 1996 or after, contribute on their entire base salary. Contributions by active members enrolled prior to January 1, 1996 are based on the difference between their current salary and the salary of the position on January 18, 1982. Pursuant to the provisions of P.L.2011, c.78, the active member contribution rate was 12.00 percent in the Fiscal Year 2021. The State's contribution is based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. During Fiscal Year 2021, the State contributed \$52,508,011 to JRS, which was less than the actuarial determined amount.

### **Prison Officers' Pension Fund (POPF):**

Based on the recent actuarial valuation, there was no normal cost or unfunded accrued liability contribution required by the State during Fiscal Year 2021.

### **State Police Retirement System (SPRS):**

The contribution policy is set by N.J.S.A. 53:5A and requires contributions by active members and the State. Pursuant to the provisions of P.L.2011, c.78, the active member contribution rate was nine percent in the Fiscal Year 2021. The State's contribution is based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. During Fiscal Year 2021, the State contributed \$141,212,825 to SPRS, which was less than the actuarial determined amount.

### **Consolidated Police and Firemen's Pension Fund (CPFPF):**

Based on the recent actuarial valuation, the State made a contribution of \$248,000 towards the normal cost or unfunded accrued liability during Fiscal Year 2021. The vesting and benefit provisions were set by N.J.S.A. 43:16.

### **Public Employees' Retirement System (PERS):**

The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L.2011, c.78, the active member contribution rate was 7.50 percent in the Fiscal Year 2021. The rate for members who are eligible for the Prosecutors Part of PERS (P.L.2001, c.366) was ten percent in the Fiscal Year 2021. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. During Fiscal Year 2021, the State contributed \$1,112,104,700 to PERS, which was less than the actuarial determined amount.

### **Police and Firemen's Retirement System (PFRS):**

The contribution policy is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L.2011, c.78, the active member contribution rate was ten percent in the Fiscal Year 2021. Employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. During Fiscal Year 2021, the State contributed \$442,890,050 to PFRS, which was less than the actuarial determined amount.

### **Teachers' Pension and Annuity Fund (TPAF):**

The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. Pursuant to the provisions of P.L.2011, c.78, the active member contribution rate was 7.50 percent in the Fiscal Year 2021. The State's contribution is based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. During Fiscal Year 2021, the State contributed \$2,936,047,960 to TPAF, which was less than the actuarial determined amount.

### Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on pension plan investments (seven percent at the measurement date) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees, and the actuaries. The long-term expected rate of return was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plans' investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in pension plans' target asset allocation as of the measurement date are summarized in the following table:

Asset Class	JRS, SPRS, PERS, PFRS, TPAF	
	Target Allocation	Long-Term Rate of Return
U.S. equity	27.00%	8.09%
Non-U.S. developed markets equity	13.50%	8.71%
Emerging market equity	5.50%	10.96%

Real assets	3.00%	7.40%
Real estate	8.00%	9.15%
High yield	2.00%	3.75%
Private credit	8.00%	7.60%
Investment grade credit	8.00%	1.68%
Cash equivalents*	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk mitigation strategies	3.00%	3.35%

\*All CPPPF & POPF pension plan investments are in cash equivalents with a long-term expected rate of return of one half of one percent.

## Discount Rates

The discount rates used to measure the total pension liabilities of each pension plan as of the measurement date were as follows. The single blended discount rate per pension plan was based on the long-term expected rate of return on pension plan investments of 7.00 percent and a municipal bond rate of 2.16 percent as of the measurement date based on the Bond Buyer GO 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rates assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. Based on those assumptions, the pension plans' fiduciary net positions were projected to be available to make projected future benefit payments of current plan members through crossover periods shown in the following table per pension plan. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through the crossover periods, and the municipal bond rate was applied to projected benefit payments after those periods in determining the total pension liabilities.

<u>Pension Plan</u>	<u>Discount Rate</u>
Consolidated Police and Firemen's Pension Fund	2.16%
Judicial Retirement System	7.00%
Police and Firemen's Retirement System	7.00%
Prison Officers' Pension Fund	2.16%
Public Employees' Retirement System	7.00%
State Police Retirement System	7.00%
Teachers' Pension and Annuity Fund	7.00%

The following table represents the crossover period, if applicable, for each defined benefit plan:

## **NOTE 17 – OTHER POSTEMPLOYMENT BENEFITS AND ACTIVE EMPLOYEE HEALTH BENEFITS**

### **General Information about the Other Postemployment Benefits (OPEB) Plans:**

The State of New Jersey (the State) implemented Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (GASB Statement No. 75), for Fiscal Year 2018. For additional information regarding the available plans, please refer to the State of New Jersey Division of Pension and Benefits website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

In accordance with GASB Statement No. 75, the State has elected to use the prior fiscal year end (June 30, 2021), as the measurement date for reporting purposes.

### **A. Descriptions of OPEB Plans**

#### **State Health Benefit State Retired Employees Plan:**

The State Health Benefit State Retired Employees Plan (State Retired OPEB Plan) is a single-employer defined benefit OPEB plan with a special funding situation. The State Retired OPEB Plan is administered on a “pay-as-you-go” basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The State Retired OPEB Plan covers the State, State colleges and universities, the Palisades Interstate Park Commission, and the New Jersey Building Authority (referred to collectively as “the employers”) for which the State is legally obligated to pay for benefits. The State Retired OPEB Plan is treated as a cost-sharing multiple employer plan with a special funding situation for allocating the total OPEB liability and related OPEB amounts since each employer mentioned above is required to issue stand-alone financial statements. The State Retired OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and the covered dependents of the employees. The State also offers dental care to retirees, however, since dental benefits are completely paid for by the retirees, there is no OPEB liability for these benefits.

In accordance with N.J.S.A. 52:14-17.32, the State is required to pay the premiums or periodic charges for health benefits of State employees who retire with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Judicial Retirement System (JRS), the State Police Retirement System (SPRS), the Teachers’ Pension and Annuity Fund (TPAF), the Public Employees’ Retirement System (PERS), the Police and Firemen’s Retirement System (PFRS), and the Alternate Benefit Program (ABP). In addition, N.J.S.A. 52:14-17.26 provides that for purposes of the State Retired OPEB Plan, an employee of Rutgers, the State University of New Jersey, and New Jersey Institute of Technology shall be deemed to be an employee of the State. Further, P.L.1966, c.302, addresses the other State colleges and universities, whereas while these institutions were provided autonomy from the State, their employees retained any and all rights to health benefits within the State Retired OPEB Plan and are therefore classified as State employees.

N.J.S.A. 34:14 states that employees of the Palisades Interstate Park Commission whose salary is paid in full from funds appropriated by the State shall be deemed to be employees of the State.

Pursuant to P.L.2011, c.78, future retirees eligible for postemployment medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree’s annual retirement benefit and level of coverage.

#### **State Health Benefit Local Education Retired Employees Plan:**

The State Health Benefit Local Education Retired Employees Plan (Local Education Retired OPEB Plan) is a multiple-employer defined benefit OPEB plan with a special funding situation. The Local Education Retired OPEB Plan is administered on a “pay-as-you-go” basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The Local Education Retired OPEB Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and the covered dependents of local education employees. The State also offers dental care to retirees, however, since dental benefits are completely paid for by the retirees, there is no OPEB liability for these benefits.

The employer contributions for the participating local education employers are legally required to be funded by the State in accordance with N.J.S.A. 52:14-17.32f. According to this law, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: TPAF, PERS, PFRS, or ABP.

Pursuant to P.L.2011, c.78, future retirees eligible for postemployment medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree’s annual retirement benefit and level of coverage.

**State Health Benefit Local Government Retired Employees Plan:**

The State Health Benefit Local Government Retired Employees Plan (Local Government Retired OPEB Plan) is a cost-sharing multiple-employer defined benefit OPEB plan with a special funding situation. The Local Government Retired OPEB Plan is administered on a “pay-as-you-go” basis; therefore, there is no prefunding of the OPEB liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. The Local Government Retired OPEB Plan covers employees of local government employers that have adopted a resolution to participate in this plan, as well as the employees’ covered dependents. The Local Government Retired OPEB Plan provides medical and prescription drug coverage to local police officers and firefighters, who retire with 25 years of service or on a disability retirement from an employer who does not provide postretirement medical coverage. The State also offers dental care to retirees, however, since dental benefits are completely paid for by the retirees, there is no OPEB liability for these benefits.

In accordance with P.L.1997, c.330, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability pension from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the State of New Jersey Division of Pensions and Benefits in order for their employees to qualify for State-paid retiree health benefits coverage under this law. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under P.L.1989, c.271.

Pursuant to P.L.2011, c.78, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree’s annual retirement benefit and level of coverage.

## C. Special Funding Situations

### State Health Benefit State Retired Employees Plan:

The State is legally required to pay for the OPEB benefit coverage for eligible retirees of the various State colleges and universities. Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. The State, as a nonemployer contributing entity, reported a Fiscal Year 2022 total OPEB liability of \$6,795,638,768 for this special funding situation.

### State Health Benefit Local Education Retired Employees Plan:

The State is legally required to pay for the OPEB benefit coverage for the participating local education employers. Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. The State, as a nonemployer contributing entity, reported a Fiscal Year 2022 total OPEB liability of \$60,007,650,970 for this special funding situation.

### State Health Benefit Local Government Retired Employees Plan:

The State is legally required to pay for the OPEB benefit coverage for the qualified local police officer and firefighter retirees and dependents under P.L.1997, c.330 and P.L.1989, c.271. Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. The State, as a nonemployer contributing entity, reported a Fiscal Year 2022 net OPEB liability of \$3,861,357,890 for this special funding situation.

Under P.L.1997, c.330, the State shall pay the premium or periodic charges for the qualified local police officers and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under P.L.1989, c.271.

## F. Actuarial Assumptions and Other Inputs

The OPEB liability was determined by an actuarial valuation as of June 30, 2020, with the results rolled forward to the measurement date using the following actuarial assumptions. These assumptions vary for each plan member depending on the pension plan the member is enrolled in and are based on normal entry age into the plan. These assumptions are based on the results of actuarial experience studies for the period of July 1, 2014 through June 30, 2018 for the JRS, SPRS, and PERS; July 1, 2013 through June 30, 2018 for the PFRS; and July 1, 2015 through June 30, 2018 for the TPAF and the ABP.

This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

**Local Government Retired OPEB Plan:**

Pre-retirement and healthy post-retirement mortality rates were based on the Pub-2010 Healthy “Safety” for PFRS and Healthy “General” for PERS classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality rates were based on the Pub-2010 Disabled “Safety” for PFRS and Disabled “General” for PERS classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

*Health Care Trends*

The trend rate for pre-Medicare medical benefits is initially 5.65 percent and decreases to a 4.50 percent long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2022 and 2023 are reflected. Future years PPO and HMO trend rates differ for each retirement plan.

The State Retired Employees Plan PPO trend is initially 5.79% in fiscal year 2024, increasing to 13.79% in fiscal year 2025 and decreasing to 4.50% after 11 years. The HMO trend is initially 5.98% in fiscal year 2024, increasing to 15.49% in fiscal year 2025 and decreasing to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to 4.50% long-term after 7 years.

The Local Education Retired Employees Plan PPO trend is initially 5.74% in fiscal year 2024, increasing to 12.93% in fiscal year 2025 and decreasing to 4.50% after 11 years. The HMO trend is initially 6.01% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreasing to 4.50% after 11 years. For prescription drug benefits, the initial trend rate is 6.75% and decreases to 4.50% long-term after 7 years. In addition, the Medicare Part B reimbursement trend rate is 5.00%.

The Local Government Retired Employees Plan PPO trend is initially 7.56% in fiscal year 2024, increasing to 14.43% in fiscal year 2025 and decreasing to 4.50% after 11 years. The HMO trend is initially 7.79% in fiscal year 2024, increasing to 15.23% in fiscal year 2025 and decreasing to 4.50% after 11 years. ## H. Active Employee Health Benefits

The State sponsors and administers the State Health Benefits Program (SHBP). The following programs cover substantially all State and local government employees:

**State Health Benefits Program Fund – Local Education Active** (including Prescription Drug Program Fund) – N.J.S.A. 52:14-17.46a established the School Employees Health Benefits Program Fund which provides medical coverage to qualified active education participants. Also, education employees are eligible for the Prescription Drug Program coverage after 60 days of employment.

**State Health Benefits Program Fund – Local Government Active** (including Prescription Drug Program Fund) – N.J.S.A. 52:14-17.38b established rules allowing for the participation of non-State employers to participate in the SHBP. Also, local employees are eligible for the Prescription Drug Program coverage after 60 days of employment.

**State Health Benefits Program Fund – State Active** (including Prescription Drug Program Fund) – N.J.S.A. 52:14-17.25 provides medical coverage to qualified active State participants. The Prescription Drug Program was established in December 1974, under N.J.S.A. 52:14-17.29 to provide coverage to employees and their eligible dependents for drugs which under federal or State law may be dispensed only upon prescription written by a physician. State employees are eligible for Prescription Drug Program coverage after 60 days of employment.

## NOTE 18 - COMPONENT UNITS

### A. Authorities

Managed independently of the appropriated budget process, the Authorities are legally separate entities with powers generally vested in a governing board. Established for the benefit of the State's citizenry, Authorities exist for a variety of purposes such as financing economic development, public transportation, low-cost housing, environmental protection, and capital development for health and education. Unlike the State itself, Authorities are not subject to State constitutional restrictions on the incurrence of debt; however, similar to the State, Authorities may issue bonds and notes within legislatively authorized amounts.

With the approval of the State Senate, the Governor appoints the members of the board of most Authorities. Authorities generally submit annual reports to the Governor, the State Legislature, and the Director, Division of Budget and Accounting on their operations and finances accompanied by an independent auditor's report thereon. Authorities also submit annual budget information on operations and capital construction to the Governor and the State Legislature. From time to time, the Governor has exercised the statutory power to veto actions.

The activities of the Garden State Preservation Trust, the New Jersey Building Authority, the New Jersey Schools Development Authority, the New Jersey Transportation Trust Fund Authority, and the Tobacco Settlement Financing Corporation have been blended into the financial activities of the State as Special Revenue Funds.

In accordance with GASB Statement No. 14, *The Financial Reporting Entity*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus, an amendment of GASB Statements No. 14 and No. 34*, all other Authorities have been presented discretely as major and non-major component units in the State's financial statements. These component units are included in the State's reporting entity because of the significance of their operational or financial relationship with the State. Financial statements for the Authorities are derived from their most recently issued financial statements. Descriptions of the discretely presented Authorities, addresses and websites from which separately issued audited financial statements and accompanying notes may be obtained, are provided below:

**Casino Reinvestment Development Authority (N.J.S.A. 5:12-153)**  
**15 S. Pennsylvania Avenue**  
**Atlantic City, New Jersey 08401**  
**<https://njcrda.com>**

The Casino Reinvestment Development Authority (CRDA) was created to maintain public confidence in the casino gaming industry as a tool of urban redevelopment throughout New Jersey, and to facilitate the direct redevelopment of blighted areas by providing eligible projects in which licensees (casinos) can invest. CRDA encourages investment in, or financing of, projects which are made as part of a comprehensive plan to improve blighted areas or targeted to benefit low-income through middle-income residents. CRDA is also responsible for promoting the tourist industry in New Jersey, especially in Atlantic County.

Within the Atlantic City Tourism District, the Authority has jurisdiction to implement initiatives to promote cleanliness, safety and commercial development, institute coordinated public safety improvements, undertake redevelopment projects, adopt a tourism district master plan and impose use regulations.

**Higher Education Student Assistance Authority (N.J.S.A. 18A:71A-1 et. seq.)**  
**4 Quakerbridge Plaza, P.O. Box 545**  
**Trenton, New Jersey 08625-0545**  
**<https://www.hesaa.org>**

New Jersey's Higher Education Student Assistance Authority (HESAA) was established to provide a single statewide agency for the coordination and delivery of student financial assistance. HESAA serves as the Guaranty Agency for the Federal Family Education Loan (FFEL) program and the issuer of State of New Jersey College Loans to Assist State Students (NJCLASS) supplementary loan program. In addition to administering the delivery of a number of needs-based and merit-based State scholarship programs, to include Tuition Aid Grants (TAG), New Jersey Student Tuition Assistance Reward Scholarship (NJSTARS), and World Trade Center Scholarship Fund, HESAA oversees the State's 529 College Savings Program, known as the New Jersey Better Educational Savings Trust (NJBEST).

**New Jersey Economic Development Authority (N.J.S.A. 34:1B-4)**  
**36 West State Street, P.O. Box 990**  
**Trenton, New Jersey 08625-0990**  
**<https://www.njeda.com>**

The New Jersey Economic Development Authority is authorized to arrange long-term, low-interest financing, as well as other forms of assistance to private firms and companies, for the purpose of maintaining and expanding employment opportunities and enlarging New Jersey's tax base for State and local governments.

**New Jersey Educational Facilities Authority (N.J.S.A. 18A:72A-4)**  
**103 College Road East, 2<sup>nd</sup> Floor**  
**Princeton, New Jersey 08540-6612**  
**<https://www.nj.gov/njefa>**

The New Jersey Educational Facilities Authority (NJFEFA) provides a means for New Jersey public and independent colleges and universities to construct additional facilities through the financial resources of a public authority empowered to sell their debt instruments (bonds, notes, and other obligations). NJFEFA may finance academic and auxiliary facilities for the State's public and independent institutions of higher education.

**New Jersey Health Care Facilities Financing Authority (N.J.S.A. 26:2I-4)**  
**22 South Clinton Avenue, Station Plaza, Bldg. #4**  
**P.O. Box 366**  
**Trenton, New Jersey 08625-0366**  
**<https://www.njhcfpa.com>**

The New Jersey Health Care Facilities Financing Authority provides low-cost capital financing for the State's public and private not-for-profit health care institutions.

**New Jersey Housing and Mortgage Finance Agency (N.J.S.A. 55:14K-4)**  
**637 South Clinton Avenue, P.O. Box 18550**  
**Trenton, New Jersey 08650-2085**  
**<https://www.nj.gov/dca/hmfa/>**

The Housing and Mortgage Finance Agency (HMFA) makes mortgage and improvement loans to nonprofit and limited dividend sponsors for the construction or major rehabilitation of rental apartment housing for low-income through moderate-income families and senior citizens. In addition to providing financing, HMFA monitors and provides technical support in the planning, construction, and management of all developments in its portfolio. Its mortgage loan funds come from the sale of tax-exempt revenue bonds.

In promoting the availability of affordable homeownership financing, HMFA also provides low-interest mortgage and improvement loans to eligible residents throughout the State. Proceeds from the sale of tax-exempt mortgage revenue bonds enable the Agency to finance the purchase and improvement of one to four unit residences.

**New Jersey Infrastructure Bank (N.J.S.A. 58:11B-4)**  
**3131 Princeton Pike, Bldg. 4, Suite 216**  
**Lawrenceville, New Jersey 08648-2201**  
**<https://www.njib.gov>**

On October 14, 2016, the Governor signed into law an amendment of the Trust Enabling Act. The amendments changed the name of the Trust to the New Jersey Infrastructure Bank and authorized the Trust to fund local transportation infrastructure projects in addition to environmental infrastructure projects with separately appropriated funds.

The New Jersey Infrastructure Bank provides low-cost financing for the construction of infrastructure projects that enhance and protect ground and surface water resources, ensure the safety of drinking water supplies, and make possible responsible and sustainable economic development.

Working in partnership with the New Jersey Department of Environmental Protection and the New Jersey Department of Transportation, the New Jersey Infrastructure Bank has devised a system to leverage the funds available from the federal government to make money available at the lowest possible cost. The financing program has provided funds to local and county government units, as well as some private water companies, to finance wastewater systems, combined sewer overflow abatement, nonpoint source pollution control, safe drinking water supplies, open space acquisition and transportation infrastructure projects.

**New Jersey Redevelopment Authority (P.L. 1996, c.62)**  
**150 West State Street, 2<sup>nd</sup> Floor, P.O. Box 790**  
**Trenton, New Jersey 08625-0790**  
**<https://www.njra.us>**

The New Jersey Redevelopment Authority provides assistance in the redevelopment and revitalization of New Jersey cities. The Authority provides financial, managerial, and technical assistance to persons, firms, or corporations that wish to undertake industrial, commercial, or civic projects within qualified municipalities.

**New Jersey Sports and Exposition Authority (N.J.S.A. 5:10-4)**  
**One DeKorte Park Plaza**  
**P.O. Box 640**  
**Lyndhurst, New Jersey 07071**  
**<https://www.njsea.com>**

The New Jersey Sports and Exposition Authority (NJSEA) owns, operates, and manages a variety of sports, entertainment, wagering, and convention facilities throughout New Jersey; it also has been responsible for the financing, construction, and management of the Meadowlands Racetrack, the IZOD Center, and the MetLife stadium. In addition to being authorized to issue bonds and notes and provide the terms and security thereof, NJSEA is charged with the responsibility to own, operate, and build various facilities for athletic and entertainment events, trade shows, and other expositions located throughout the State. Effective February 5, 2015, the New Jersey Meadowlands Commission merged and became part of the New Jersey Sports and Exposition Authority.

**New Jersey Transit Corporation (N.J.S.A. 27:25-1)**  
**One Penn Plaza East**  
**Newark, New Jersey 07105-2246**  
**<https://www.njtransit.com>**

New Jersey Transit Corporation (NJ TRANSIT) is empowered to acquire, own, operate, and contract for the operation of public transportation services. Both the State, by legislative appropriation, and the federal government, by defined formula grants under the Federal Transit Administration, provide NJ TRANSIT with operating subsidies. NJ TRANSIT uses these subsidies to operate public transportation services through bus and commuter rail subsidiaries.

NJ TRANSIT also contracts with several motor bus carriers for certain transportation services; under these contracts, NJ TRANSIT has the right to set fares and coordinate service levels and schedules. In addition, NJ TRANSIT contracts with the National Railroad Passenger Corporation (Amtrak) for the use of Amtrak's Northeast Corridor, including the cost of maintaining right-of-way as well as propulsion costs.

**New Jersey Turnpike Authority (N.J.S.A. 27:23-3)**  
**1 Turnpike Plaza, P.O. Box 5042**  
**Woodbridge, New Jersey 07095-5042**  
**<https://www.njta.com/>**

The New Jersey Turnpike Authority is authorized to construct, maintain, repair, and operate turnpike projects at locations established by law. Subject to prior approval by the Governor and by either or both the State Treasurer and the Director, Division of Budget and Accounting, the Authority also may issue turnpike revenue bonds or notes that are payable solely from Authority tolls and other revenues.

**New Jersey Water Supply Authority (N.J.S.A. 58:1B-1)**  
**1851 State Route 31, P.O. Box 5196**  
**Clinton, New Jersey 08809**  
**<http://www.njwsa.org>**

The New Jersey Water Supply Authority is authorized to acquire, finance, construct, and operate water supply systems. The Authority currently operates and maintains the Delaware and Raritan Canal Transmission Center, the Spruce Run/Round Valley Reservoirs Complex, and the Manasquan Reservoir Water Supply System. Upon the request of a municipality, county, the State, or agencies thereof, the Authority may enter into a contract to provide services for any water system project. All projects undertaken by the Authority shall conform to the recommendations of the New Jersey Statewide Water Supply Plan. Bonds of the Authority may be issued to finance these projects, and the debt service on the bonds is payable from the revenues and other funds of the Authority.

**South Jersey Port Corporation (N.J.S.A. 12:11A-2)  
101 Joseph A. Balzano Boulevard, P.O. Box 129  
Camden, New Jersey 08103  
<http://southjerseyport.com>**

The South Jersey Port Corporation is empowered to establish, acquire, construct, rehabilitate, improve, operate, and maintain marine terminals in the South Jersey Port District, to include Mercer, Burlington, Camden, Gloucester, Salem, Cumberland, and Cape May counties. To this end, the Corporation may issue tax-exempt revenue bonds subject to the provisions and restrictions of its Marine Terminal Bond Resolution, which mandates the distribution of funds to various Port Corporation funds.

**South Jersey Transportation Authority (P.L. 1991, c.252)  
Farley Service Plaza, P.O. Box 351  
Hammonton, New Jersey 08037  
<https://www.sjta.com>**

The South Jersey Transportation Authority is authorized and empowered to acquire, construct, maintain, operate, and support transportation projects to include the Atlantic City Expressway, the Atlantic City International Airport terminal, and the parking facilities in Atlantic City. Subject to prior approval by the Governor and by either or both the State Treasurer and the Director, Division of Budget and Accounting, the Authority also may issue revenue bonds or notes, which are payable solely from Authority tolls and other revenues.

**University Hospital (P.L. 2012, c.45)  
150 Bergen Street  
Newark, New Jersey 07103  
<http://www.uhnj.org>**

In accordance with Public Law 2012, c.45, the “New Jersey Medical and Health Science Education and Restructuring Act” (the Restructuring Act), effective July 1, 2013, University Hospital (the Hospital), a public institution of healthcare and a body politic of the State of New Jersey was separated from University of Medicine and Dentistry of New Jersey as a new stand-alone entity and is the primary teaching hospital for the Newark-based schools of the Rutgers School of Biomedical and Health Sciences. The Hospital shall maintain its public mission to provide a comprehensive healthcare program and services in collaboration with the Newark-based schools of the Rutgers School of Biomedical and Health Sciences. The Hospital is committed to act in accordance with the spirit and intent of the “Agreements Reached between Community and Government Negotiators Regarding New Jersey College of Medicine and Dentistry and Related Matters of April 30, 1968.”

**B. Colleges and Universities**

Enactment of P.L. 1986, c.42 and c.43, provided autonomous status for New Jersey’s eight State colleges and universities. Prior to the July 1, 1987 effective date of this legislation, revenues and expenses for these public institutions of higher education were included in the General Fund of the State of New Jersey.

The financial statements of all eleven of the State’s Senior Public institutions of higher education (three Public Research universities and the aforementioned eight State colleges and universities) have been prepared in accordance with GASB Statement No. 35, *Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities*. Due to the significance of their operational or financial relationships and fiscal dependency with the State, these component units are included in the State’s reporting entity. State appropriations, tuition, federal grants, and private donations and grants provide funding for these institutions. Based upon the relative size of assets, liabilities, revenues, and expenses in relation to the total, the financial statements of these institutions have been presented discretely in either the major or non-major categories in both the Statement of Net Position and the Statement of Activities. In addition, pursuant to GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, the financial statements of all eleven institutions include financial activities related to their foundations and other similar organizations.

Separately issued independent audited financial statements and accompanying notes may be obtained directly from the State's Senior Public institutions of higher education at the following addresses and websites:

## **NOTE 19 - CONTINGENT LIABILITIES**

### **General Fund**

At any given time, there are various numbers of tort, contract, and other claims and cases pending against the State, State agencies, and employees, seeking recovery of monetary damages. The claims filed can represent significant amounts and include, but are not limited to, issues regarding pensions and education funding. The majority of these claims have historically proven to be substantially less value than originally claimed. The State does not formally estimate its reserve representing potential exposure for these claims and cases. As of June 30, 2022, the exact amount involved in these legal proceedings is not fully determinable.

Unapplied overpayments of Corporation Business Tax are recorded when a final determination is made as to the ultimate disposition of the overpayment. These overpayments only become a liability based upon a taxpayer filing a request for the refund. As of June 30, 2022, there were approximately \$905.0 million of overpayments.

### **New Jersey Lawyers' Fund for Client Protection**

Claims of approximately \$2.0 million have been filed against this Fund by individuals and companies seeking reimbursement for losses resulting from the alleged dishonest conduct by members of the Bar of the State of New Jersey. Under present rules and regulations of the Fund, the total maximum amount that may be awarded from this Fund is \$1.8 million. The ultimate disposition of these claims is not determinable at this time.

### **New Jersey Spill Compensation Fund**

Various claims totaling approximately \$28.6 million have been filed against this Fund by third parties for damages caused by spills. In addition, there are a number of similar claims for unspecified dollar amounts which are pending. The ultimate disposition of these claims is not determinable at this time.

### **Property Tax Relief Fund**

Unapplied overpayments of Gross Income Tax are recorded when a final determination is made as to the ultimate disposition of the overpayment. These overpayments only become a liability based upon a taxpayer filing a request for the refund. As of June 30, 2022, there were approximately \$3,057.0 million of overpayments.

### **Sanitary Landfill Facility Contingency Fund**

Various claims totaling approximately \$4.9 million have been filed against this Fund by individuals, local municipalities, and school districts. In addition, there are a number of similar claims for unspecified dollar amounts which are pending. The ultimate disposition of these claims is not determinable at this time.

### **Medical Malpractice Self Insurance Fund**

The State has the ultimate liability for tort and malpractice claims in excess of the resources of the Fund. The University of Medicine and Dentistry of New Jersey (UMDNJ) – Self-Insurance Reserve Fund was dissolved as of July 1, 2013. A new fund was established, the Medical Malpractice Self-Insurance Fund, which encompasses three successor entities; University Hospital, Rowan University, which includes UMDNJ's former school of Osteopathic Medicine, and Rutgers University, which now includes all other components of the former UMDNJ. As of June 30, 2022 projected unpaid claims were \$136.2 million. Fund management is presently evaluating the claims. There has been no determination as to the ultimate amount for which this Fund will be liable.

### **Capital Projects Funds**

Due to delays in construction and design problems, various claims for damages have been filed with respect to the Special Transportation Fund in the amount of \$32.3 million. Fund management is presently evaluating the claims. There has been no determination as to the ultimate amount for which this Fund will be liable.

### **Federal Programs**

Under the terms of various grant awards, expenditures from federal funds are subject to audit. As of June 30, 2022, audits of expenditures for Fiscal Year 2021 and prior years may not be completed. Disallowances which may result from these audits are

not determinable at this time. In addition, Medicaid disallowances may be issued during federal Fiscal Year 2022 (which ends September 30, 2022) or 2023 (which ends September 30, 2023) based on a series of federal Office of the Inspector General program audits of claim documentation and cost allocation methodologies. The Department of Human Services disputes these findings and is taking steps to minimize the final impact of these audits. Twenty audits, which in the aggregate total approximately \$974.0 million, are currently in draft or final form but, due to the possible revisions or appeals, the final amounts and timing of any repayments are uncertain. The State is unable at this time to estimate its exposure.

The Adoption Assistance Program provides funds to states to facilitate the timely placement of children with adoptive families whose special needs or circumstances would otherwise make it difficult to place. Authorized under Title IV-E of the Social Security Act, the program provides federal matching funds of 50 percent to the State. Currently, there are approximately 14,319 contracts entered into whereby the State agrees to provide family assistance payments until the child turns 18 or some other ineligibility occurs. Federal money is reimbursed subsequent to the claim approval process. The State is currently obligated to pay approximately \$848.9 million in monthly payments and to receive federal matching funds of approximately \$424.4 million over the life of the contracts.

### **New Jersey Economic Development Authority Incentive Programs**

The State of New Jersey through the New Jersey Economic Development Authority (NJEDA) provides various types of tax incentive programs to qualifying businesses. The objectives are to help stimulate business development, job creation, and community revitalization in New Jersey. The businesses must meet certain statute and program requirements to qualify and must annually certify that all eligibility criteria have been met. There are currently twenty-one programs approved for future cash or tax incentive credits, some of which have been discontinued, but the approved amounts are still available for future use. As of June 30, 2022, the State approved \$8.7 billion in incentives to be issued through fiscal year 2043, which are subject to each recipient attaining the milestones set forth in each respective program. Historically, the full amount of available incentives are not utilized. A portion of the incentives are forfeited or otherwise reduced due to non-compliance. Once earned, the tax incentive credits can be utilized to offset corporation business tax, insurance premium tax, and in some instances, gross income tax liabilities. For more information, please see <https://www.njeda.com/financing-and-incentives>.

## **NOTE 20 - SUBSEQUENT EVENTS**

### **Short-term Obligations**

Short-term note proceeds are to be used to provide effective cash flow management to fund the timing imbalances that occur in the collection of revenues and the disbursement of appropriations. As of the date of this Annual Comprehensive Financial Report, the State has not authorized the issuance of any short-term notes for Fiscal Year 2023.

### **Long-term Obligations**

On October 19, 2022, the New Jersey Economic Development Authority issued \$581.1 million of New Jersey Transit Transportation Project Bonds Series 2022 Series A. Interest on the bonds ranges from 5.0 to 5.3 percent per annum and is payable May 1 and November 1, commencing on May 1, 2023.

On December 8, 2022, the New Jersey Transportation Trust Fund Authority issued \$750.0 million of Transportation Program Bonds 2022 Series CC. Interest on the bonds ranges from 5.0 to 5.5 percent per annum and is payable June 15 and December 15, commencing on June 15, 2023.

On January 26, 2023, the New Jersey Economic Development Authority issued \$160.0 million of State Lease Revenue Bonds, 2023 Series A. Interest on the bonds ranges from 4.9 to 5.4 percent per annum and is payable September 1 and March 1, commencing on September 1, 2023.

## Defeased Debt

Pursuant to P.L. 2022, c.18, enacted on June 30, 2022, \$999.6 million was appropriated to the New Jersey Debt Defeasance and Prevention Fund for the purpose of retiring and defeasing outstanding State debt. As of February 15, 2023, \$999.3 million has been expended from the New Jersey Debt Defeasance and Prevention Fund for purposes of defeasing debt. These funds were used to retire and defease \$955.4 million of New Jersey Schools Development Authority installment obligation bonds. The debt service on the defeased bonds was \$1,590.1 million, resulting in savings of \$590.8 million. The following is a list of bonds defeased:

<u>Type / Series</u>	<u>Par Amount</u>
<b>New Jersey Economic Development Authority, School Facilities Construction Bonds:</b>	
Series 2015 WW	\$ 336,945,000
Series 2015 XX	145,625,000
Series 2016 AAA	158,420,000
Series 2017 DDD	194,860,000
Series 2018 EEE	119,515,000
<b>Total Debt Retired and Defeased</b>	<u>\$ 955,365,000</u>

## Credit Upgrades

On September 12, 2022, Fitch Ratings upgraded New Jersey's general obligation bonds to an A credit rating from A-, with a positive outlook. This is the first time that Fitch has upgraded New Jersey since it started rating the State in 1992.

## Litigation

In 2021, nationwide settlements were reached to resolve all opioids legislation against certain pharmaceutical distributors and one manufacturer. New Jersey opted into this agreement officially by April 2022. Over an 18 year period and commencing in Fiscal Year 2023, the State expects to receive \$327 million as part of this settlement agreement. As of the date of this Annual Comprehensive Financial Report, the State has received a total of \$43 million.

In 2009, the Tobacco Settlement Financing Corporation (TSFC) filed a claim against Lehman Brothers Holding Company (LBHI) and Lehman Brothers Special Financing, Inc. (LBSF) for its guaranteed return on investment of \$81.6 million from investments held at Lehman Brothers prior to their Chapter 11 bankruptcy. In August 2015, a settlement was reached in the amount of \$53 million for both claims. The TSFC's claim against LBSF was treated as a Class 4A Claim, while the TSFC's claim against LBHI was treated as a Class 9A Claim. On October 1, 2015, TSFC received \$30.2 million in settlement payments. Additional payments totaling \$1.5 million were received during Fiscal Year 2016, \$1.4 million during Fiscal Year 2017, \$1.3 million during Fiscal Year 2018, \$700,000 during Fiscal Year 2019, \$200,000 during Fiscal Year 2020, \$145,000 for Fiscal Year 2021, and \$37,000 for Fiscal Year 2022, and \$2,000 for Fiscal Year 2023, year to date. At this time, it is not known by management if any additional payments will be received.

## Pension Plans

The State Treasurer has authorized a five-year plan to gradually reduce the assumed rate of return from 7.5 percent to 7.0 percent. Under the administration's five-year plan, the assumed rate of return dropped from 7.5 percent to 7.3 percent effective with the July 1, 2019 actuarial valuations (Fiscal Year 2021) and will drop from 7.3 percent to 7.0 percent effective with the July 1, 2021 actuarial valuations (Fiscal Year 2023).

## Unemployment Compensation Fund

As a result of the COVID-19 Pandemic, additional federal assistance was needed to support the Unemployment Compensation Fund. In August 2020, the State, under federal law, applied to the United States Department of Labor for cash advances to provide for sufficient cash flow to fund unemployment claims. As of August 1, 2022, the State has repaid all cash advances. No additional borrowing needs are expected as of the date of this Annual Comprehensive Financial Report.

**STATE OF NEW JERSEY**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

**Budgetary Process**

The Appropriations Act provides annual departmental budgets for the General Fund and certain special revenue funds (Casino Control, Casino Revenue, Gubernatorial Elections, and Property Tax Relief). The State Legislature enacts the Appropriations Act through passage of specific departmental appropriations, the sum of which may not exceed estimated resources. It is a constitutional requirement that the Budget be balanced. The Governor certifies the revenues. Before signing the Appropriations Act, the Governor may veto or reduce any specific appropriation, subject to State Legislative override. Once passed and signed, the Appropriations Act becomes the State's financial plan for the coming fiscal year. Spending authority contained in the Appropriations Act may be revised by supplemental appropriations approved by both the State Legislature and the Governor. Expenditures are presented on the accompanying budgetary basis financial statements by statewide program classifications, not by the legal level of budgetary control. Detail at the departmental level is presented on the accompanying Schedules of Appropriations and Expenditures.

For the General Fund and budgeted special revenue funds, budgetary control (legal control) is maintained within the department (as indicated on the organization chart shown in the Transmittal Letter) at the appropriation line item level. For example, if a program for a certain department is appropriated a line item amount, this amount per account code in the Appropriations Handbook (signed into law, based on an approved Appropriations Act) will be populated in the accounting system and be given budgetary authority per an original appropriation amount. Other amounts either authorized pursuant to the provisions of budgetary language or signed into law (supplemental appropriations, transfers, etc.) will also be entered into the accounting system and budgetary authority to spend will be updated in accordance when applicable. Program classifications represent a lower level, operating program function, consisting of closely related activities with identifiable objectives or goals. Program classification examples include Water Supply Management, Forestry Management, Shellfish and Marine Fisheries Management, in the Department of Environmental Protection.

Revisions to the Appropriations Act during the fiscal year may be effected with certain executive and legislative branch approvals. In accordance with budgetary language included in the Appropriations Act, the Executive Branch may amend the budget within a department with the approval of the Director of the Division of Budget and Accounting. Under specific conditions, additional approval by the governing body, the Office of Legislative Services (OLS), is required. Except as provided within specific budgetary language, only the State Legislature, however, may transfer appropriations between departments. Transfers within a department are permitted within certain guidelines and either Executive Branch or Legislative approval. More specifically, the "General Provisions" section of the Appropriations Act sets a dollar threshold for transfers across items of appropriation within the same department that may be approved by the Director of the Division of Budget and Accounting; amounts exceeding that threshold must be approved by OLS. As an example, except if indicated elsewhere in budgetary language, if an operating account requires funding that exceeds its original appropriation, an operating account in a different program within the same department may transfer up to \$300,000 with approval of the Director of the Division of Budget and Accounting; amounts over that threshold require OLS approval.

Appropriations are authorized for expenditure during the fiscal year and for a period of one month thereafter, and unencumbered appropriations lapse at the end of the fiscal year, unless otherwise specified by the Appropriations Act.

The State's budgetary basis of accounting differs from that utilized to present fund financial statements in conformance with generally accepted accounting principles (GAAP). The main differences between the budgetary basis and the GAAP basis used to present fund financial statements, are that under the budgetary basis encumbrances are recognized as expenditures, the federal revenue related to such encumbrances is also recognized, and the budgetary basis reflects transactions only for the current fiscal year. In addition, under the GAAP basis in the fund financial statements, certain grants and other financial assistance are required to be recorded as revenues and expenditures.

The Budgetary Comparison Schedule displays the unassigned fund balance for the original budget, final budget, and actual amounts (budgetary basis). The beginning fund balance for the original budget is estimated as of July 1 while the beginning fund balance for the final budget and actual amount columns represent actual amounts.

For Fiscal Year 2022, the Scale MP-2021 was used for mortality improvement; for Fiscal Year 2021 the Scale MP-2020.

For Fiscal Year 2020, the assumed rates of retirement, mortality, salary increases, and inflation were updated based on the July 1, 2014 - June 30, 2018 Experience Study. For healthy retiree and pre-retirement mortality, the Pub-2010 Teachers Above-Median Income Employee mortality table, unadjusted, with future improvement from the base year of 2010 on a generational basis was used. For disabled retiree mortality, the Pub-2010 Non-Safety Disabled Retiree mortality table, unadjusted, with future improvement from the base year of 2010 on a generational basis was used. For mortality improvement, Scale MP-2019 was used.

For Fiscal Year 2017, salary increases were assumed to increase 2.00 percent through Fiscal Year 2025 and 3.00 percent for each fiscal year thereafter.

For Fiscal Year 2016, the demographic assumptions were revised to reflect those recommended on the basis of the July 1, 2011 - June 30, 2014 Experience Study.

This schedule is intended to show information for ten years. Additional years will be displayed as they become available.

For Fiscal Year 2022, the Scale MP-2021 was used for mortality improvement; for Fiscal Year 2021, the Scale MP-2020.

For Fiscal Year 2020, the mortality tables used were the Pub-2010 Safety Healthy Retiree, Pub-2010 General Healthy Retiree, Pub-2010 Safety Disabled Retiree for healthy retirees, beneficiaries, and disabled retirees, respectively. Each used a base year of 2010 with future improvement from the base year on a generational basis using Scale MP-2019.

For Fiscal Year 2017, the mortality improvement assumption was revised to be projected on a generational basis from the base year of 2000 to 2014 using Projection Scale BB as the base tables and further projected beyond the valuation date using the plan actuary's modified 2014 projection. Further, the RP-2000 disabled retiree mortality table is used for the period after disability retirement for disability retirements.

*\*Adjustment to 2022 Plan Fiduciary Net Position-Beginning*

During Fiscal Year 2021, the Division adopted GASB Statement No. 84 which resulted in the recognition of historical activity of the legacy Pension Adjustment Fund respective to POPF being recognized as an adjustment to the plan fiduciary net position-beginning.

P.L.2016, c.26 amended statutes to change the definition of a child to include a child 18 years of age or older and enrolled in a secondary school, or under the age of 24 and enrolled in a degree program in an institution of higher education for at least 12 credits in each semester, provided that the member died in the line of duty while in active service. It also increases the accidental death benefit payable to children if there is no surviving spouse to 70.00 percent of final compensation.

This schedule is intended to show information for ten years. Additional years will be displayed as they become available.

For Fiscal Year 2022, the Scale MP-2021 was used for mortality improvement; for Fiscal Year 2021 the Scale MP-2020.

For Fiscal Year 2020, the assumed rates of retirement, mortality, salary increases, and inflation were updated based on the July 1, 2014 - June 30, 2018 Experience Study.

For healthy retiree and pre-retirement mortality, the Pub-2010 Public Safety Above-Median Income Employee mortality table, unadjusted, with future improvement from the base year of 2010 on a generational basis was used. For beneficiaries, the Pub-2010 General Above-Median Income Healthy Retiree mortality table, unadjusted, with future improvement from the base year of 2010 was used. For disabled retiree mortality, the Pub-2010 Public Safety Disabled Retiree mortality table, unadjusted, with future improvement from the base year of 2010 on a generational basis was used. For mortality improvement, Scale MP-2019 was used.

For Fiscal Year 2017, salary increases were assumed to increase 2.95 percent through Fiscal Year 2025 and 3.95 percent for each fiscal year thereafter.

For Fiscal Year 2016, the demographic assumptions were revised to reflect those recommended on the basis of the July 1, 2011 - June 30, 2014 Experience Study.

There are no assets in the State Health Benefit State Retired Employees Plan that meet the definition of a trust.

**Notes:**

*Changes in benefit terms:*

Effective April 16, 2019, the State Health Benefits Program Plan Design Committee approved and adopted a new PPO plan design (referred to as the "NJDIRECT Plan" but also includes the "CWA Unity Plan" for retirees affiliated with the CWA) which replaces all current PPO plan offerings for State pre-Medicare future retirees. Any State pre-Medicare retiree who enrolls in the NJDIRECT Plan will be required to contribute a percentage of their retirement allowance instead of a percentage of the cost of health coverage as required under P.L.2011, c.78.

*Differences between expected and actual experiences:*

For Fiscal Years 2019 to 2022, the changes in the liability are due to changes in the census, claims and premium experiences.

*Changes in assumptions:*

For Fiscal Year 2022, the increase in the liability from Fiscal Year 2021 to Fiscal Year 2022 is due to the discount rate change from 2.21 percent for Fiscal Year 2021 to 2.16 percent for Fiscal Year 2022; and changes in the trend, and updated mortality assumptions.

For Fiscal Year 2021, the increase in the liability from Fiscal Year 2020 to Fiscal Year 2021 is due to the discount rate change from 3.50 percent for Fiscal Year 2020 to 2.21 percent for Fiscal Year 2021; and changes in the trend, repeal of excise tax, and updated mortality assumptions.

For Fiscal Year 2020, the decrease in the liability from Fiscal Year 2019 to Fiscal Year 2020 is due to the discount rate change from 3.87 percent for Fiscal Year 2019 to 3.50 percent for Fiscal Year 2020; and changes in the assumed health care cost trend, PPO/HMO future retiree elections, excise tax assumptions, updated decrements, future spouse election, salary scale and mortality assumptions.

For Fiscal Year 2019, the decrease in the liability from Fiscal Year 2018 to Fiscal Year 2019 is due to the discount rate change from 3.58 percent for Fiscal Year 2018 to 3.87 percent for Fiscal Year 2019; and a decrease in the assumed health care cost trend and excise tax assumptions.

**Notes:**

*Changes in benefit terms:*

For Fiscal Years 2022, the decrease in liability is due to employers adopting P.L. 2020, c.44 provisions.

For Fiscal Years 2018 to 2021, there have been no changes in benefit terms.

*Difference Between Expected and Actual Experiences:*

For Fiscal Years 2019 to 2022, the changes in the liability are due to changes in the census, claims and premium experiences.

*Changes in assumptions:*

For Fiscal Year 2022, the increase in the liability from Fiscal Year 2021 to Fiscal Year 2022 is due to the discount rate change from 2.21 percent for Fiscal Year 2021 to 2.16 percent for Fiscal Year 2022; and changes in the assumed health care cost trend, salary scale, and updated mortality assumptions.

For Fiscal Year 2021, the increase in the liability from Fiscal Year 2020 to Fiscal Year 2021 is due to the discount rate change from 3.50 percent for Fiscal Year 2020 to 2.21 percent for Fiscal Year 2021; and changes in the assumed health care cost trend, repeal of excise tax, and updated mortality assumptions.

For Fiscal Year 2020, the decrease in the liability from Fiscal Year 2019 to Fiscal Year 2020 is due to the discount rate change from 3.87 percent for Fiscal Year 2019 to 3.50 percent for Fiscal Year 2020; and changes in the assumed health care cost trend, PPO/HMO future retiree elections, excise tax assumptions, updated decrements, future spouse election, salary scale and mortality assumptions.

**Notes:**

*Changes in benefit terms:*

For Fiscal Year 2022, the change in benefit terms is due to employers adopting and/or changing provisions of P.L.1999, c.48.  
For Fiscal Year 2021, the change in benefit terms is due to adopted amended provisions of P.L.1999, c.48.  
For Fiscal Year 2020, the change in benefit terms is due to updates to the provisions of P.L.1999, c.48.

*Differences Between Expected and Actual Experiences:*

For Fiscal Years 2021 to 2022, the decrease in the liability is due to changes in the census, premium updates, and changes toward premium support for employees.

*Changes in assumptions:*

For Fiscal Year 2022, the increase in the liability from Fiscal Year 2021 to Fiscal Year 2022 is due to the discount rate change from 2.21 percent for Fiscal Year 2021 to 2.16 percent for Fiscal Year 2022; and changes in the trend, and use of the Scale-MP 2021 for mortality improvement.

For Fiscal Year 2021, the decrease in the liability from Fiscal Year 2020 to Fiscal Year 2021 is due to the discount rate change from 3.50 percent for Fiscal Year 2020 to 2.21 percent for Fiscal Year 2021; and changes in the trend, repeal of the excise tax, and use of the Scale-MP 2020 for mortality improvement.

*Changes in assumptions (continued):*

For Fiscal Year 2020, the decrease in the liability from Fiscal Year 2019 to Fiscal Year 2020 is due to the discount rate change from 3.87 percent for Fiscal Year 2019 to 3.50 percent for Fiscal Year 2020; and changes in the assumed health care cost trend, PPO/HMO future retiree elections, and excise tax assumptions. Further, decrements, salary scale, and mortality assumptions were updated on the July 1, 2013 - June 30, 2018 for PFRS members. For mortality related to PFRS members and retirees, the Pub-2010 "Public Safety Worker" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2019 was used.

For Fiscal Year 2019, the decrease in the liability from Fiscal Year 2018 to Fiscal Year 2019 is due to the discount rate change from 3.58 percent for Fiscal Year 2018 to 3.87 percent for Fiscal Year 2019; and changes in the census, claims and premiums experience and a decrease in the assumed health care cost trend and excise tax assumptions.

**STATE OF NEW JERSEY  
DESCRIPTION OF FUNDS**

**General Fund**

**100 - General Fund**

This fund accounts for all State revenues not otherwise restricted by statute. The largest part of the total financial operations of the State is accounted for in the General Fund. Most revenues received from taxes, federal sources, and certain miscellaneous revenue items are recorded in this Fund. The Annual Appropriations Act enacted by the State Legislature provides the basic framework for the operations of the General Fund.

**508 - Beaches and Harbor Fund (P.L. 1977, c.208)**

An amount of \$30 million of General Obligation bonds was authorized to research, plan, acquire, develop, construct, and maintain beaches and harbors.

**586 - Building Our Future Fund (P.L. 2012, c.41)**

An amount of \$750 million of General Obligation bonds was authorized to provide capital project grants to New Jersey's public and private institutions of higher education in order to increase academic capacity. Grants were allocated as follows: \$300 million for the public research universities; \$247.5 million for the State colleges and universities established pursuant to chapter 64 of Title 18A of the New Jersey Statutes; \$150 million for the county colleges; and \$52.5 million for the private institutions of higher education, other than a private institution having a total endowment of more than \$1 billion.

**503 - Clean Waters Fund (P.L. 1976, c.92)**

An amount of \$120 million of General Obligation bonds was authorized to research, plan, acquire, develop, construct, and maintain water supply and wastewater treatment facilities.

**542 - Cultural Centers and Historic Preservation Fund (P.L. 1987, c.265)**

An amount of \$100 million of General Obligation bonds was authorized for the purpose of financing the construction and development of cultural centers (\$40 million); the restoration, repair, or rehabilitation of historic structures in the State (\$25 million); and for the purpose of providing for grants and loans to assist municipalities, counties, and other units of local government to acquire and develop lands for recreation and conservation purposes (\$35 million).

**574 - 2003 Dam, Lake and Stream Project Revolving Loan Fund (P.L. 2003, c.162)**

An amount of \$110 million of General Obligation bonds was authorized to make low-interest loans to owners of dams, lakes or streams, or private lake associations for dam restoration and repair projects, lake dredging and restoration projects, or stream cleaning and desnagging projects.

**573 - 2003 Dam, Lake, Stream, and Flood Control Project Fund (P.L. 2003, c.162)**

An amount of \$40 million of General Obligation bonds was authorized to provide assistance, other than full or matching grants, to owners of dams, lakes or streams, or private lake associations for dam restoration and repair projects, lake dredging and restoration projects, or stream cleaning and desnagging projects, and for State flood control projects or State dam restoration and repair projects.

**557 - 1992 Dam Restoration and Clean Waters Trust Fund (P.L. 1992, c.88)**

An amount of \$20 million of General Obligation bonds was authorized from the Green Acres, Clean Water, Farmland and Historic Preservation Bond Act of 1992 to finance dam restoration and inland water projects and loans.

**547 - 1989 Development Potential Bank Transfer Fund (P.L. 1989, c.183)**

An amount of \$20 million of General Obligation bonds was authorized to provide for the acquisition and development rights of land by the State for recreation and conservation purposes.

**Special Revenue Funds**

**760 - Alcohol Education, Rehabilitation and Enforcement Fund (P.L. 1983, c.531)**

Annual deposits of \$11 million are made to this fund from annual Alcohol Beverage Excise Tax collections. The enabling legislation dedicates 75 percent toward alcohol rehabilitation, 15 percent toward enforcement, and 10 percent toward education. Additionally, a \$100 fee paid by persons convicted of operating a motor vehicle under the influence of intoxicating liquor or drugs is deposited into this fund to be used for the screening, evaluation, education, and referral of persons who have been convicted of driving while intoxicated.

**915 - Alternate Benefit Program Fund (N.J.S.A. 18A:66-167 et seq.)**

Faculty members of public institutions of higher education and certain administrative and professional titles are allowed to participate in a defined contribution plan. The employer contributes eight percent of base or contractual salary and then is reimbursed through this fund. The State's appropriation equals the amount needed to reimburse the employers for their contribution.

**788 - Atlantic City Parking Fees Fund (P.L. 1993, c.159)**

A \$3 fee per diem is imposed for each vehicle parked, garaged, or stored in any casino hotel parking space. As per P.L. 2003, c.116 effective July 1, 2007, of the \$3 fee collected, \$2.50 is remitted to the Casino Reinvestment Development Authority (CRDA). The remaining \$.50 is deposited into the Casino Revenue Fund.

**764 - Atlantic City Projects-Room Fund (P.L. 2001, c.221)**

The Atlantic City Projects-Room Fund facilitates the development of entertainment-retail projects in specified districts located within Atlantic City and promotes the revitalization of other urban areas throughout the State. Room Fund revenue is comprised of Tourism Promotion Fee receipts limited to annual Luxury Tax receipts that exceed the pre-determined baseline amount for a given district. Project Fund revenue is comprised of Sales and Use Tax receipts received from the entertainment-retail vendors within each district project. These funds shall be used by the Casino Reinvestment Development Authority for eligible projects in the corridor regions of Atlantic City.

**775 - Atlantic City Tourism Promotion Fund (P.L. 1991, c.376)**

This fund accounts for revenues collected from a \$2 fee per diem for each occupied room in any hotel providing casino gaming and \$1 fee per diem for each occupied room in any other hotel in the eligible municipality. The revenues are collected, certified, and distributed on a monthly basis to the Atlantic City Convention and Visitors Authority which is now under the Casino Reinvestment Development Authority, and a portion to the Atlantic City Projects-Room Fund. Amounts expended are solely for the purpose of promoting tourism, conventions, resorts, and casino gaming.

**794 - Board of Bar Examiners (R. 1:27B1)**

This fund was established for the purposes of drafting bar essay examination questions, reviewing applications, and preparing, administering, and grading bar examinations. Revenues are generated by payments made by candidates for admission to the Bar of the State of New Jersey. Revenues include examination fees, late fee charges, certificates of good standing, license name changes, and copying fees.

**754 - Boarding House Rental Assistance Fund (N.J.S.A. 55:14K-14)**

A \$1 million appropriation (\$750,000 from the Casino Revenue Fund and \$250,000 from the General Fund) initially funded the Boarding House Rental Assistance Fund. This fund finances life safety improvement loans by the New Jersey Housing and Mortgage Finance Agency for the benefit of residents of boarding homes; and to account for the repayments for such life safety improvement loans.

**718 - Body Armor Replacement Fund (P.L. 1997, c.177)**

One dollar for every bail forfeiture and one dollar added to the amount of each fine and penalty collected under authority of any law for any violation of Title 39 of the revised statutes or any other motor vehicle or traffic violation are deposited in this fund. This fund is used primarily for the purchase of body vests for law enforcement and correction officers.

**721 - Cannabis Regulatory, Enforcement Assistance and Marketplace Modernization Fund (P.L. 2021, c.16)**

This fund accounts for all fees and penalties collected by the commission, and all tax revenues on retail sales of cannabis items, as well as tax revenues collected pursuant to the provisions of P.L. 2009, c.307, except for amounts credited to the Property Tax Reform Account in the Property Tax Relief Fund pursuant to Section 1 of Article VIII of the NJ Constitution. Monies in the fund, other than any monies derived from the Social Equity Excise fee, shall be appropriated annually with a minimum of 70 percent of all tax revenues on retail sales of cannabis to be appropriated for investments in municipalities defined as "impact zones", and the remainder of monies in the fund shall be appropriated by the legislature to: oversee development, regulation, enforcement associated with personal use of cannabis; to reimburse county or municipality training expenses; or to further investments. Remaining monies in the fund shall be deposited in the General Fund. Pursuant to P.L. 2021, c.25, 15 percent of monies deposited in the fund are to be set aside for underage deterrence and prevention.

**490 - Casino Control Fund (N.J.S.A. 5:12-143)**

This fund accounts for fees from the issuance and annual renewal of casino licenses and other license fees. The Casino Control Commission and the Division of Gaming Enforcement are funded by Casino Control Fund appropriations.

**491 - Casino Revenue Fund (N.J.S.A. 5:12-145)**

This fund accounts for the tax on gross revenue generated by the casinos, internet gaming, and sports wagering. Gross revenue refers to the total of all sums actually received by a licensee from gaming operations less the total sums paid out as winnings to patrons. Other taxes and fees deposited into this fund are the Casino Room Fee, Progressive Slot Tax, and a portion of the Casino Parking Fee. Appropriations from this fund must be used to provide for reductions in property taxes, utility charges, and other specified expenses of eligible senior citizens.

**785 - Casino Simulcasting Fund (P.L. 1992, c.19)**

Casino simulcasting is defined as the simultaneous transmission by picture of running or harness horse races conducted at race tracks to Atlantic City casinos and pari-mutuel wagering at those gambling establishments on the results of those races. One half of a percent of the pari-mutuel pool generated at the casino is deposited into this fund and is used for services to benefit senior citizens.

**786 - Casino Simulcasting Special Fund (P.L. 1992, c.19)**

After multiple formula distributions, a portion of the remaining balance and all breakage monies and outstanding pari-mutuel ticket monies resulting from casino wagering on out-of-state race tracks are deposited into this fund. The funds are disbursed as operating subsidies to the Atlantic City Racetrack, Atlantic City casinos conducting simulcasting, and for other miscellaneous purposes.

**771 - Catastrophic Illness in Children Relief Fund (P.L. 1987, c.370)**

This fund provides assistance to children and their families whose medical expenses due to a child's "catastrophic illness" extend beyond the families' available resources. Revenue is derived from a \$1.50 annual surcharge per employee for all employers who are subject to the New Jersey Unemployment Compensation Law.

**765 - Clean Communities Account Fund (P.L. 1985, c.533)**

A user fee on sales of litter-generating products is credited to this fund. Fund resources are primarily used to provide State aid to eligible municipalities for programs of litter pickup and removal, including the establishment of an "Adopt-A-Highway" program. A small portion of the available balance is to be used for a State program of litter pickup and removal, as well as enforcement of litter-related laws.

**71D - Clean Energy Fund (P.L. 1999, c.23)**

This fund accounts for revenues collected from a "societal benefit charge" on monthly utility bills. Funds generated from this charge are used to support clean energy initiatives.

**71I - Clean Water State Revolving Fund (P.L. 2009, c.77)**

This fund is the depository for the receipt of federal capitalization grants and other funds made available to the State for clean water projects and set-asides pursuant to the "Water Quality Act of 1987" and any amendatory and supplementary acts thereto.

**71P - Contributory Group Insurance Premium Fund (N.J.S.A. 43:15A-91)**

This fund represents the accumulation of member group insurance contributions in excess of premiums disbursed to the insurance carrier since the inception of the contributory death benefit program plus reserves held by the insurance carriers. Members are required by statute to participate in the contributory group insurance plan in the first year of membership and may cancel the contributory coverage thereafter.

**980 - Dental Expense Program Fund - State (N.J.S.A. 52:14-17.29)**

This program helps meet the dental expenses for eligible state employees, retirees, and their dependents. The Dental Expense Program (DEP) is a self-insured indemnity plan. Included are full coverage of eligible diagnostic and preventive services and substantial benefits for covered restorative services. For active employees there is an annual benefit maximum of \$3,000 and a separate lifetime \$1,000 maximum for child orthodontic services. The DEP also has a "discount network" of providers who have contracts with the insurance carrier which reduces the cost of services to the employee and to the program. In addition to the DEP, there are several Dental Plan Organizations (DPOs) participating in the State program. Similar to HMOs for health care, the DPOs pay for benefits rendered by contracted providers. The DEP is available to employees of the State of New Jersey, including employees of certain independent agencies, such as the State colleges and universities. Although the cost sharing is subject to bargaining contracts, at this time all State employees use the same rule: the State pays for at least one-half of the cost of coverage.

Retirees who participate in the State Health Benefit Plan are permitted to enroll themselves and eligible dependents in the DEP at the time of retirement, but are subject to a maximum annual benefit limit of \$1,500. The retiree pays the entire cost.

**798 - Disciplinary Oversight Committee Fund (R. 1:20-2)**

This fund was established for the purpose of performing random audits of the books and records of New Jersey attorneys for compliance with standards established by the Supreme Court of New Jersey. Revenues are generated from annual attorney assessments paid by bar members. Each nonexempt member of the Bar is required to pay \$25 annually in their second year of practice and \$148 for attorneys in their third to forty-ninth year.

**704 - Division of Motor Vehicles Surcharge Fund (P.L. 1994, c.57)**

**783 - Emergency Medical Technician Training Fund (P.L. 1992, c.143)**

An amount of \$1.00 is added to each fine, penalty, and forfeiture imposed and collected under authority of law for any violation of the provisions of Title 39 of the revised statutes or any other motor vehicle or traffic violation is deposited in this fund. This fund annually reimburses any private agency, organization, or entity which is certified by the Commissioner of Health to provide training and testing for volunteer ambulance, first aid, and rescue squad personnel who are seeking emergency medical technician-ambulance (EMT-A) or emergency medical technician-defibrillation (EMT-D) certification and/or recertification that are not otherwise reimbursed.

**763 - Enterprise Zone Assistance Fund (P.L. 1983, c.303)**

The purpose of this fund is to provide relief in certain areas of economic distress, by reducing Sales and Use Tax paid by up to one half of the current tax rate. The revenue generated in these zones is made available to the municipalities located within the Urban Enterprise Zones for various approved revitalization projects.

**731 - Fund for Support of Free Public Schools (N.J.S.A. 18A:56-1)**

The fund consists of proceeds from the sale of riparian lands, rents received on leased riparian State lands, licenses and fees related to such lands, and the income from earnings on investments. Interest income supports General Fund appropriations set forth by the annual Appropriations Act for the support of free public schools.

The fund provides for the establishment of a school bond reserve which consists of two accounts. For bonds issued prior to July 1, 2003, the old school bond reserve account is funded in an amount equal to at least 1.5 percent of the aggregate issued and outstanding bonded indebtedness of counties, municipalities, or school districts for school purposes. For bonds issued on or after July 1, 2003, the new school bond reserve account is funded in an amount equal to at least 1.0 percent of the aggregate issued and outstanding bonded indebtedness of counties, municipalities, or school districts for school purposes, exclusive of bonds for debt service, which is provided by State appropriations.

**496 - Gubernatorial Elections Fund (N.J.S.A. 54A:9-25.1)**

This fund accounts for receipts from the one dollar designation on New Jersey Gross Income Tax returns. When indicated by a taxpayer, one dollar of the tax is reserved from gross income tax revenues (Property Tax Relief Fund) and credited to the Gubernatorial Elections Fund. These funds are available for appropriation pursuant to The New Jersey Campaign Contributions and Expenditures Reporting Act, as amended.

**531 - Hazardous Discharge Site Cleanup Fund (P.L. 1985, c.247)**

This fund was established for the purposes of preparing feasibility studies, engineering designs, and undertaking other work necessary for the cleanup or mitigation of hazardous discharge sites in the State. An amount of \$100 million was appropriated from the Hazardous Discharge Fund of 1981. Sources of revenue are comprised of collections for Natural Resources Damages (NRD or past costs in site cleanups) and Responsible Party (RP or future site cleanup costs). Collections also include oversight bills for cleanup as well as legal settlements for past costs of cleanup.

**781 - Health Care Subsidy Fund (P.L. 1992, c.160)**

This fund is comprised of revenues from alcohol, cigarette and tobacco taxes, HMO assessments, hospital assessments, ambulatory facility fees, General Fund appropriations, interest, and penalties. Monies are used to distribute charity and other uncompensated care disproportionate share payments to hospitals; provide subsidies for the Family Care-CHIP program; and provide financial assistance for hospitals, other health care initiatives, and hospital bond assistance.

**72H - Health Insurance Affordability Fund (P.L. 2020, c.61)**

This fund shall be the repository for monies collected to be used for the purposes of increasing affordability in the individual and small group markets and to provide greater access of health insurance to the uninsured, expanding eligibility, or modifying the definition of affordability in those markets. This should occur through subsidies, reinsurance, tax policies, outreach and enrollment efforts, buy-in programs, or any other efforts that can increase affordability for small employers and individual policyholders.

**72D - Health Insurance Exchange Trust Fund (P.L. 2019, c.141)**

This fund shall be the repository of any federal financial assistance available, other monies received as grants or otherwise appropriated, and monthly assessments to each individual health benefits plan sold in the individual market. The assessment shall be paid by the carrier and shall be used only for the purpose of supporting the exchange through initial start-up costs associated with establishment of the exchange, exchange operation, outreach, enrollment, and other means of supporting the exchange, including any efforts that can increase market stabilization and that may result in a net benefit to policy holders.

**715 - Horse Racing Injury Compensation Fund (P.L. 1995, c.329)**

The purpose of this fund is to provide workers' compensation coverage to employees in the Thoroughbred and Standardbred horse racing industries. The costs of providing coverage is funded from assessments to both the Thoroughbred and Standardbred industries based on their respective experience rating.

**745 - Lead Hazard Control Assistance Fund (P.L. 2003, c.311)**

This fund was established for the purpose of providing grants or loans to eligible homeowners to make their homes lead-safe. Funds are received from various sources, including a \$20 fee assessed to homeowners of multiple dwelling units and a portion of the Sales and Use Tax generated on the sale of paint.

**712 - Legal Services Fund (P.L. 1996, c.52)**

Revenues generated from the increase in certain filing fees in civil actions are credited to the fund and are used to provide legal services to the poor in civil matters, funding for 10 Superior Court judgeships, and support to Rutgers-Newark Law School, Rutgers-Camden Law School, and Seton Hall Law School for clinical programs which provide free legal representation to the poor.

**713 - Medical Malpractice Self Insurance Fund (N.J.S.A. 18A:65-99)**

This fund is the successor to the University of Medicine and Dentistry of New Jersey Self-Insurance Reserve Fund which was dissolved as of July 1, 2013 as a result of the New Jersey Medical and Health Sciences Education Restructuring Act (the "Act"). The Act transfers all schools, institutes, and centers of UMDNJ, other than the School of Osteopathic Medicine which was transferred to Rowan University, to Rutgers University. University Hospital became an independent entity. Medical malpractice claims against Rutgers, University Hospital, and Rowan are paid from this fund. Revenues are derived from General Fund appropriations, as well as contributions from University affiliated hospitals and from University faculty members.

**746 - New Home Warranty Security Fund (N.J.S.A. 46:3B-7)**

Monies received from participating builders of dwellings not previously occupied, excluding those constructed solely for lease, are deposited into this fund. Payments are authorized by approved claims of owners for defects in new homes covered by the new home warranty.

**934 - New Jersey Building Authority (N.J.S.A. 52:18A-78.4)**

The New Jersey Building Authority is authorized to construct and rehabilitate office buildings and related facilities for use by State agencies. The Authority is authorized to issue bonds and notes to provide funds for the construction and the rehabilitation of the projects. Debt service on outstanding bonds is paid through lease agreements with the State.

**72E - New Jersey Health Insurance Premium Security Fund (P.L. 2018, c.24)**

This fund shall be the repository for monies collected in order to stabilize or reduce premiums in the individual health insurance market by providing reinsurance payments to health insurance carriers with respect to claims for eligible individuals. Funding sources include: assessments of taxpayer Shared Responsibility Payments, State appropriations, federal grant payments, and accrued investment earnings.

**799 - New Jersey Lawyers' Assistance Program Fund (R. 1:28B)**

This fund provides assistance to members of the New Jersey Bar, law students, and law school graduates who have an alcohol, drug abuse, and/or gambling problem. Each nonexempt member of the Bar is required to pay \$10 annually.

**797 - New Jersey Lawyers' Fund for Client Protection (R. 1:28-7)**

This fund was established for the purpose of reimbursing, to the extent and in the manner provided by rules and regulations, losses resulting from dishonest conduct by members of the Bar of the State of New Jersey. Annual payments are made to this fund by each member of the Bar of the State of New Jersey. The annual payment required is \$25 for attorneys in their third or fourth year of admission to the Bar, and \$50 for attorneys in their fifth through forty-ninth years.

**743 - New Jersey Racing Industry Special Fund (P.L. 2001, c.199)**

The New Jersey Racing Industry Special Fund accounts for inactive or dormant wagering accounts, breakage and outstanding pari-mutuel money exceeding required racing costs and the excess takeout rate. Money deposited shall be disbursed monthly by the New Jersey Racing Commission primarily to those holding permits to conduct horse racing.

**968 - New Jersey Schools Development Authority (N.J.S.A. 52:18A-247)**

The New Jersey Schools Development Authority, as successor to the New Jersey Schools Construction Corporation, functions solely for the construction of schools in areas formerly known as "Abbott Districts." The New Jersey Schools Development Authority is an independent authority that is in, but not of, the Department of the Treasury. Legislation that established the New Jersey Schools Development Authority encompassed a package of statutory amendments on program and governance reform. The New Jersey Economic Development Authority is responsible for financing New Jersey Schools Development Authority projects. The New Jersey Economic Development Authority has been legislatively authorized to issue \$12.5 billion of bonds on behalf of the New Jersey Schools Development Authority.

In 1998, the New Jersey Supreme Court ruled in the Abbott v. Burke case that the State must provide 100 percent funding for all school renovation and construction projects in special-needs school districts. According to the Court, aging, unsafe and overcrowded buildings prevented children from receiving the “thorough and efficient” education required under the New Jersey Constitution. In response, the New Jersey Educational Facilities Construction and Financing Act was enacted on July 18, 2000, in order to create the New Jersey Schools Construction Corporation to effectively launch the School Construction Program. Full funding for approved projects was authorized for the 31 special-needs districts, known as Abbotts. Grants totaling 40 percent of eligible costs were made available to the remaining districts, now known as Regular Operating Districts. Overall, the act authorized \$8.9 billion in funding for the Abbotts districts, \$3.5 billion for Regular Operating Districts, and \$150 million for vocational districts.

**709 - New Jersey Spill Compensation Fund (N.J.S.A. 58:10-23.11i)**

Receipts from taxes and penalties levied on each owner or operator of a major facility of hazardous substances are deposited in this fund. The tax is measured by the number of barrels of hazardous substances of the first transfer to the major facility. Payments may be authorized for clean-up costs, removal costs, research, and payments of approved claims.

**750 - New Jersey Spinal Cord Research Fund (P.L. 1999, c.201)**

A \$1 surcharge on motor vehicle fines and penalties are credited to this fund. Money collected shall be used exclusively for the purpose of making grants for approved spinal cord research projects at qualified research institutions.

**936 - New Jersey Transportation Trust Fund Authority (N.J.S.A. 27:1B-4)**

The New Jersey Transportation Trust Fund Authority was created to provide the payment for and financing of all, or a portion of, the costs incurred by the Department of Transportation and the New Jersey Transit Corporation for the planning, acquisition, engineering, construction, reconstruction, repair, and rehabilitation of the State's transportation system.

**780 - New Jersey Workforce Development Partnership Fund (P.L. 1992, c.44)**

This fund was established to provide qualified displaced, disadvantaged, and employed workers with employment and training services most likely to provide the greatest opportunity for long range career advancement with high levels of productivity and earning power. The program shall provide those services by means of training grants or customized training services, provided the funding is not available from federal or other sources. Each worker and employer shall contribute to the fund an amount equal to 0.025 percent of the workers' wages based on an annual wage limit. These funds will reduce contributions to the Unemployment Compensation Fund.

**784 - Petroleum Overcharge Reimbursement Fund (P.L. 1987, c.231)**

The Petroleum Overcharge Reimbursement Fund accounts for monies received by the State from the federal government pursuant to court settlements with various petroleum companies and distributors as payments for overcharges for petroleum products. Appropriations are made from the fund for energy efficiency and conservation programs.

**72F - Plug-in Electric Vehicle Incentive Fund (P.L. 2019, c.362)**

This fund is to be administered by the Board of Public Utilities and shall be credited with \$30 million of moneys received from the societal benefits charge, moneys made available pursuant to the Regional Greenhouse Gas Initiative, and any moneys appropriated by the Legislature. These receipts are used for establishing incentives related to plug-in electric vehicles.

**778 - Pollution Prevention Fund (P.L. 1991, c.235)**

This fund was established to fund the implementation of a comprehensive pollution prevention program which integrates the air pollution, water pollution, and hazardous waste management programs. The fund is credited with a \$2 per employee fee imposed upon employers and collected by the New Jersey Department of Labor.

**495 - Property Tax Relief Fund (N.J.S.A. 54A:9-25)**

This fund accounts for revenues from the New Jersey Gross Income Tax and a portion of the New Jersey Sales and Use Tax. Revenues realized are dedicated by the State Constitution. All receipts from taxes levied on personal income of individuals, estates, and trusts must be appropriated exclusively for the purpose of reducing or offsetting property taxes. P.L. 2006, c.44 increased the Sales and Use Tax rate to seven percent from six percent. Of the additional one percent, half was dedicated to the Property Tax Relief Fund. Annual appropriations are made from the fund, pursuant to formulas established by the State Legislature, to counties, municipalities, and school districts.

**716 - Real Estate Guaranty Fund (N.J.S.A. 45:15-34)**

Monies received from additional fees on annual licenses of real estate brokers and real estate salesmen are deposited in this fund. Claim payments, as certified by court orders, are made to persons aggrieved by the embezzlement, conversion, or unlawful obtaining of money or property by a licensed real estate broker or a real estate salesman, or an unlicensed employee of a real estate broker.

**560 - Remediation Guarantee Fund (P.L. 1993, c. 139)**

The fund was established in order to remediate, or contract for the remediation of, any real property for which a person was required to establish a remediation funding source pursuant to section 25 of P.L. 1993, c.139, and where that person fails to conduct or properly conduct that remediation. The remediation funding source surcharge shall be in an amount equal to 1 percent of the required amount of the remediation funding source required to be maintained. An amount of \$5 million was appropriated from the Hazardous Discharge Fund of 1986.

**759 - Resource Recovery Investment Tax Fund (P.L. 1985, c.38)**

Receipts generated by the investment tax and waste importation tax plus any interest earned thereon, levied upon all owners or operators of sanitary landfill facilities who accept solid waste for disposal, are deposited in this fund. The revenues are then allocated to counties based on statutory regulations.

**757 - Safe Drinking Water Fund (N.J.S.A. 58:12A-12)**

This fund accounts for tax revenues collected from owners or operators of public community water systems pursuant to the Safe Drinking Water Act. Monies in this fund are subject to appropriation to the Department of Environmental Protection for all costs associated with the department's administration of programs set forth in the Act.

**753 - Sanitary Landfill Facility Contingency Fund (N.J.S.A. 13:1E-100)**

Receipts from taxes and penalties levied upon each owner or operator of every sanitary landfill facility are deposited in this fund. The tax is levied per cubic yard of solids and per gallon of liquids. The fund shall be liable for all direct and indirect damages resulting from the operations or closure of any sanitary landfill.

**758 - Solid Waste Service Tax Fund (P.L. 1985, c.38)**

Receipts generated by the solid waste services tax plus any interest earned thereon, levied upon all owners or operators of sanitary landfill facilities who accept solid waste for disposal, are deposited in this fund. The revenues are then allocated to provide state aid to counties.

**729 - State Disability Benefit Fund (N.J.S.A. 43:21-46a)**

Worker and employer deposits that are subject to the contribution section on taxable wages under the State's unemployment compensation law are recorded in this fund. Deposits are also made from special assessments, fines, penalties, and investment earnings. Payments from the fund may be made to persons entitled to disability benefits, family leave benefits, and benefits not covered by the Workers' Compensation Law, for authorized refunds of contributions, and for administrative expenses.

**71W - State Health Benefit Program Fund - State Active (N.J.S.A. 52:14-17.25)**

The State Health Benefit Program Fund – State Active (including Prescription Drug Program “PDP” Fund) N.J.S.A. 52:14-17.25 provides medical coverage to qualified active State participants. The PDP was established in December 1974, under N.J.S.A. 52:14-17.29 to provide coverage to employees and their eligible dependents for drugs which under federal or State law may be dispensed only upon a prescription written by a physician. State employees are eligible for PDP coverage after 60 days of employment.

**71X - State Health Benefit Program Fund - State Retired (N.J.S.A. 52:14-17.32)**

The State Health Benefit Program Fund – State Retired (including Prescription Drug Program Fund) N.J.S.A. 52:14-17.32 provides medical coverage to qualified retired State participants. Under P.L. 1977, c.136, the State of New Jersey pays for the health insurance coverage of all enrolled retired State employees (regardless of age) whose pensions are based upon 25 years or more of credited service or a disability retirement regardless of years of service. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program by paying the cost of the insurance for themselves and their covered dependents.

**71K - State-Owned Real Property Fund (P.L. 2007, c.108)**

Proceeds from the sale of surplus, State-owned real property are deposited into this fund. The monies in the fund are dedicated only for the relief of State debt or to assist in funding capital improvement projects.

**752 - State Recycling Fund (N.J.S.A. 12:1E-92)**

Beginning on April 1, 2008, a \$3 per ton tax is levied on the owner or operator of every solid waste facility as well as on solid waste collectors that transport solid waste for out-of-state disposal. Monies in the fund are used for: direct recycling grants to counties and municipalities; aid to counties for preparing, revising, and implementing solid waste management plans; State recycling program planning and program funding; aid to counties for public information and education programs concerning recycling programs; and for State grants to institutions of higher education to conduct research in recycling.

This fund accounts for monies representing deposits made in court as a result of litigation, including foreclosures, condemnations, liquidations, dissolutions, good faith deposits by liability insurers, sale of infants' lands, insolvencies, receiverships, and interpleaders. Disbursements from the fund are authorized by court order.

**767 - Supplemental Workforce Fund for Basic Skills (P.L. 2002, c.152)**

The monies in this fund are used for basic skills training, reemployment services, and training programs for displaced and disadvantaged workers. Each worker shall contribute 0.0175 percent of their wages based on an annual wage limit to the fund as determined by paragraph (3) of subsection (b) of R.S. 43:21-7.

**965 - Tobacco Settlement Financing Corporation (P.L. 2002, c.32)**

The Tobacco Settlement Financing Corporation has been established in, but not of, the Department of the Treasury. The State sold to the corporation rights, title, and interest in, and the right to receive 76.26 percent of the amounts payable under the 1998 Master Settlement Agreement (MSA) reached between 47 states and the major tobacco companies. Receipts (76.26 percent) under the MSA are pledged to the bondholders, with the remaining 23.74 percent as well as any unpledged revenue available to the State. On March 7, 2014, the corporation entered into a bond enhancement transaction in which the corporation received a premium of \$96.5 million of which \$91.6 million was paid to the State. In exchange, the corporation retains all MSA receipts beginning July 1, 2016.

**787 - Tourism Improvement and Development District Act (P.L. 1992, c.165)**

This fund accounts for a tax of up to 2 percent on predominantly tourism related retail receipts and an assessment of 1.85 percent. Amounts are expended to promote economic growth and employment related to a tourism economy, and to encourage tourism improvement and development districts to finance the acquisition, maintenance, operation, and support of convention center facilities.

**795 - Trial Attorney Certification Program (R. 1:39-1 (h))**

This fund was established to assist the New Jersey Supreme Court in the administration of the certification function for civil or criminal trial attorneys. Revenues are generated by payments made by members of the Bar of the State of New Jersey and sponsors of Continuing Legal Education (CLE) programs.

**705 - Unclaimed Child Support Trust Fund (P.L. 1995, c.115)**

All monies received, as abandoned child support are deposited into this fund. Each year, 45 days after the receipt of such funds, payments are made to the Judiciary consisting of the Federal Government's Title IV-D share. The remaining portions are used to pay claims duly presented and allowed and all expenses and costs incurred by the State of New Jersey.

**742 - Unclaimed Utility Deposits Trust Fund (P.L. 2000, c.132)**

All monies received in unclaimed property deposits from electric and gas utilities are deposited into this fund. Each year, unless the administrator deems it prudent and advisable to do otherwise, the administrator shall pay to the New Jersey Statewide Heating Assistance and Referral for Energy Services, a non-profit corporation, or to another statewide non-profit energy assistance organization designated by the Board of Public Utilities within 45 days of the receipt of such funds, 75 percent of the unclaimed utility deposits received from each of the electric and gas utilities by the administrator. Money received from the administrator shall be used exclusively for the payment of expenses associated with the restoration of electric or gas service, or to prevent the termination of electric or gas service. The remaining portion is retained in the fund and used to pay claims duly presented and allowed.

**751 - Unemployment Compensation Auxiliary Fund (N.J.S.A. 43:21-14g)**

Amounts collected as penalties and interest assessed against employers who have failed to make payment of contributions required under the Unemployment Compensation Law to the State on a timely basis are deposited in this fund. Payments from the fund are authorized for the refund of any interest and/or penalty credited hereto, determined to have been collected or remitted by mistake. The remaining amounts may be expended by appropriations for administrative costs of the Unemployment Compensation Law and for costs of programs which generate employment, such as the Work Incentive Program, authorized training programs, and economic development activities.

**71M - Unemployment Compensation Interest Repayment Fund (N.J.S.A. 21-14.3)**

This fund shall be used solely for the purpose of paying interest due on advances made by the federal government to the State of New Jersey Unemployment Trust Fund. A special assessment on applicable employers shall be deposited into this fund and used to pay interest expenses. Any residual balances may be transferred to the Unemployment Compensation Auxiliary Fund.

**730 - Universal Services Fund (P.L. 1999, c.23)**

Monies deposited into this fund are generated from a "societal benefit charge" on monthly utility bills. The funds generated from the charge support the Lifeline program, clean energy initiatives, and provide financial assistance to low income utility customers.

**741 - Judiciary Superior Court - Miscellaneous Fund (N.J. Court Rules, Parts II, IV, V, VI, VIII)**

The purpose of this fund is to serve as a repository for the collection and disbursement of various fees, fines, and costs collected by court divisions of the Superior Court of New Jersey. These monies are separate and distinct from those included under the Superior Court of New Jersey Trust Fund.

**71S - Prevailing Wage Fund (P.L. 1999, c.238)**

This fund was established to collect wage settlements from employers of construction industry workers laboring on public works who violate State labor laws and regulations concerning wages, unemployment and temporary disability insurance, workers' compensation insurance, and the payment of payroll taxes of the New Jersey Prevailing Wage Act and the Public Works Contractor Registration Act.

**71Y - State Health Benefit Program Fund - Local Education Active (N.J.S.A. 52:14-17.46a)**

State Health Benefit Program Fund - Local Education Active (including Prescription Drug Program Fund) N.J.S.A. 52:14-17.46a established the School Employee Health Benefits Program fund which provides medical coverage to qualified active education participants. Also, education employees are eligible for the PDP coverage after 60 days of employment.

**71Z - State Health Benefit Program Fund - Local Education Retired (N.J.S.A. 52:14-17.32f)**

State Health Benefit Program Fund - Local Education Retired (including Prescription Drug Program Fund) N.J.S.A. 52:14-17.32f provides medical coverage to qualified retired education participants. The State of New Jersey provides employer-paid coverage to members of the TPAF who retire from a board of education or county college with 25 years of service or on a disability retirement. Under the provisions of Chapter 126, P.L. 1992, the State also provides employer-paid coverage to members of the PERS and Alternate Benefits Program (ABP) who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare Parts A and B by paying the cost of the insurance for themselves and their covered dependents.

**72A - State Health Benefit Program Fund - Local Government Active (N.J.S.A. 52:14-17.38b)**

State Health Benefit Program Fund - Local Government Active (including Prescription Drug Program Fund) N.J.S.A. 52:14-17.38b established rules allowing for the participation of non-State employers to participate in the State Health Benefit Program. Also, local employees are eligible for the PDP coverage after 60 days of employment.

**71R - Wage and Hour Fund (N.J.S.A. 34:11-57)**

This fund was established to collect wage settlements from most general employers (other than employers covered under the Prevailing Wage Act) who are deemed to have violated one or more of the various components of the New Jersey Wage and Hour Law. The back wage collection is then disbursed to the employees who are entitled to receive the wages.

**71U - Wage and Hour Suspense Fund (N.J.S.A. 34:11-57)**

This fund was established to collect wage settlements from any employers (including public works) who are deemed to violate State labor laws and regulations concerning various components of the New Jersey Wage and Hour Law. Once the violation is identified, the funds will be transferred into either the Prevailing Wage Fund, the Wage and Hour Fund, or the Wage Collection Fund, whichever is appropriate. In addition, any fees or penalties assessed to a respective employer will be deposited into this fund and then transferred directly to the General Fund.

**71T - Wage Collection Fund (N.J.S.A. 34:11-57)**

If an investigation of an employee's claim against either a general employer or a public works employer fails to reach a conclusive result, an additional hearing is conducted. If the additional hearing results in a favorable outcome for the employee, back wages are collected and deposited into this fund and payment is later made to the appropriate claimant.

**Pension Trust Funds**

**902 - Central Pension Fund**

This fund administers a series of noncontributory pension acts. Benefits are funded on a "pay-as-you-go" basis in accordance with the governing statute and the rules and regulations of the State House Commission.

**903 - Consolidated Police and Firemen's Pension Fund (N.J.S.A. 43:16)**

This fund was established to place 212 local police and firemen pension funds on an actuarial basis. The membership consists of policemen and firemen that were appointed prior to July 1, 1944. This fund has no active members. All police and firemen currently appointed are enrolled in the Police and Firemen's Retirement System (PFRS). Any unfunded liability of the CPFPPF is an obligation of the State.

**904 - Judicial Retirement System (N.J.S.A. 43:6A)**

This system provides pension benefits to members of the State Judiciary. The system is maintained on an actuarial reserve basis.

**961 - New Jersey State Employees' Deferred Compensation Plan (N.J.S.A. 52:18A-164)**

This fund represents the activity of the deferred compensation plan by which amounts contributed by participating employees are invested through various investment options. Included in the fund are those amounts contributed by participants through payroll withholding plus investment earnings and appreciation in asset values related to those monies.

**905 - Police and Firemen's Retirement System (N.J.S.A. 43:16A)**

All police and firemen, appointed after June 1944 in municipalities where local police and firemen pension funds existed or where this system was adopted by referendum or resolution, are required to become members of this system. Certain State and county employees are also covered. Employer obligations are paid by the local employers and the State. This fund is maintained on an actuarial reserve basis.

**906 - Prison Officers' Pension Fund (N.J.S.A. 43:7)**

This is a closed system for certain employees of State penal institutions and is funded on a "pay-as-you-go" basis.

#### **907 - Public Employees' Retirement System (N.J.S.A. 43:15A)**

Most public employees in New Jersey, not required to become members of another contributory retirement program, are required to enroll in this system. The retirement benefits of this system are coordinated, but not integrated, with Social Security. This fund is maintained on an actuarial reserve basis.

#### **992 - State Health Benefit Program Fund - Local Government Retired (N.J.S.A. 43:3C-24)**

State Health Benefit Program Fund - Local Government Retired (including Prescription Drug Program Fund) N.J.S.A. 43:3C-24 established a separate trust fund for certain non-State participating employers to provide funding for SHBP coverage to its eligible retirees. Under the provisions of Chapter 330, P.L. 1997, the State of New Jersey provides partially funded benefits to local police officers and firefighters who retire with 25 years of service (or on disability) from an employer who does not provide coverage. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program by paying the cost of the insurance for themselves and their covered dependents.

#### **908 - State Police Retirement System (N.J.S.A. 53:5A)**

This system is the State Police Retirement and Benevolent Fund's successor. All uniformed officers and troopers of the Division of State Police in the New Jersey Department of Law and Public Safety are required to enroll. This system is maintained on an actuarial reserve basis.

#### **909 - Supplemental Annuity Collective Trust (N.J.S.A. 52:18A-110)**

Any active, contributing member of several State-administered retirement systems may enroll in this program. Members agree to make voluntary additional contributions through their pension funds to purchase variable retirement annuities in order to supplement the benefits provided by their basic system. Some employers agree to purchase tax-sheltered annuities for the same purpose for certain eligible public employees.

#### **910 - Teachers' Pension and Annuity Fund (N.J.S.A. 18A-66)**

This fund's designated purpose is to provide retirement benefits, death, disability, and medical benefits to certain qualified members. Membership in the fund is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners and employees of the Department of Education who have titles that are unclassified, professional, and certified. This fund is maintained on an actuarial reserve basis.

### **Private Purpose Funds**

#### **782 - Unclaimed County Deposits Trust Fund (P.L. 1992, c.173)**

All monies received as unclaimed county deposits are deposited in this fund. Each year 75 percent of the deposits received from a respective county are paid to that county. The remaining portion is retained in the fund and used to pay claims duly presented and allowed and all expenses and costs incurred by the State of New Jersey.

#### **706 - Unclaimed Insurance Payments on Deposit Accounts Fund (N.J.S.A. 46:30B-1)**

The Unclaimed Deposits Amendment Act of 1993 (UDAA) controls the disposition of unclaimed insurance payments on deposit accounts for insured depository institutions which are placed into receivership after July 28, 1993. Pursuant to the UDAA, unclaimed insurance deposits are placed into this fund and held for 10 years. Payments will be made to the owner upon determining that such individual or entity is the rightful owner of such funds. At the end of the 10 year period, any remaining deposits will be forwarded to the Federal Deposit Insurance Corporation.

### **Proprietary Funds**

#### **721 - State Lottery Fund (N.J.S.A. 5:9-21)**

Monies derived from the sale of State lottery tickets are deposited into this fund. Disbursements are authorized for the payment of prizes to holders of winning lottery tickets and for the administrative expenses of the Division of State Lottery. In accordance with the Lottery Enterprise Contributions Act, remaining balances are contributed to Teachers' Pension and Annuity Fund (77.8 percent), Public Employees' Retirement System (21.0 percent), and Police and Firemen's Retirement System (1.2 percent) for a 30-year term effective as of June 30, 2017. The present value of obligations for future installment payments of lottery prizes funded by the purchase of deposit fund contracts are accounted for in this fund.

**728 - Unemployment Compensation Fund (N.J.S.A. 43:21-9a)**

This fund accounts for monies deposited from contributions of employers and employees for unemployment compensation, amounts credited or advances made by the federal government, and amounts received herein from any other source.

After consideration is given to any claim for refund of overpayment of contributions, the remainder is transferred by the Division of Employment Security to the Treasurer of the United States for credit to the State of New Jersey Unemployment Compensation Fund and held by the Treasurer of the United States in the State of New Jersey Unemployment Trust Fund. Drawdowns against the State of New Jersey Unemployment Trust Fund are made by requests submitted to the Treasurer of the United States by the Division of Employment Security on an as-needed basis, whereby amounts are transferred back to the Unemployment Compensation Fund and are then disbursed by the Division of Employment Security to persons entitled to receive unemployment benefits.

Any shortfall in the Unemployment Compensation Fund needed to pay benefits is covered by federal statutes, which authorize advances from the federal government for unemployment benefits. Such advances are repayable by increased rates on federally taxable wages reported by New Jersey employers, or the advances may be repaid out of the fund assets at any time by the Governor.

**Investment Trust Funds**

**717 - State of New Jersey Cash Management Fund-External Portion (N.J.S.A. 52:18A-90.4)**

This fund serves as an investment pool to consolidate monies for municipalities, counties, school districts, and any other public body corporate or politic.

**STATE OF NEW JERSEY  
STATE CONSTITUTION – LEGAL DEBT LIMITATIONS**

The State Constitution of 1947 provides that the Legislature shall not create a debt or liability in any fiscal year which, together with any previous debts or liabilities, shall exceed one percent of total appropriations for that fiscal year unless the same shall be authorized by a law for some single object or have been submitted to the people at a general election and approved by a majority of State voters. These Constitutional provisions do not apply to the creation of any debt or liability for purposes of war, repelling invasion, suppressing insurrection, or meeting emergencies caused by a disaster or an act of God (N.J. Const. art. VIII, § 2).

As the table below illustrates, the debt margin as defined by the Constitution would prohibit any other method of creation of such debt or liability.

**Motor Vehicle Surcharges Revenue Bonds, 2004 Series A and 2017 Series A**

Enactment of P.L. 2004, c.70 enabled the State of New Jersey to authorize issuance of Motor Vehicle Surcharges (MVS) Revenue Bonds, which provided the State with the ability to dedicate an additional revenue source for the purpose of retiring previously issued bonds. The Motor Vehicle Surcharges Subordinate Refunding Bonds, 2017 Series A (Federally Taxable) were issued to provide funds to partially refund outstanding Motor Vehicle Surcharges Revenue Bonds, 2004 Series A. Repayment of these bonds derives solely from unsafe driving surcharges, which are additional fines assessed by the New Jersey Motor Vehicle Commission and collected by the courts from drivers convicted of unsafe violations pursuant to P.L. 2000, c.75 et seq. Scheduled final retirement of the 2004 Series A bonds occurs on July 1, 2034. The 2017 Series A bonds that have a maturity date on or after July 1, 2028 are subject to optional redemption. The 2017 Series A bonds maturing on July 1, 2029 through 2034 inclusive are subject to mandatory turbo redemption prior to their maturity dates on August 1, 2019 and on each August 1, thereafter.

**Motor Vehicle Surcharges Revenue Bonds - Special Needs Housing Program,  
2005 Series A, 2007 Series A-1, A-2, & B, and 2017 Series B**

P.L. 2005, c.163 enabled the State of New Jersey to authorize issuance of Motor Vehicle Surcharges (MVS) Revenue Bonds-Special Needs Housing Program to provide the New Jersey Housing and Mortgage Finance Agency with funds to develop community residences and permanent supportive housing for individuals with special needs. The Motor Vehicle Surcharges Subordinate Refunding Bonds, 2017 Series B (Federally Taxable) were issued to partially refund outstanding Motor Vehicle Surcharges Revenue Bonds, 2005 Series A and 2007 Series A-1. Repayment of these bonds derives solely from unsafe driving surcharges, which are additional fines assessed by the New Jersey Motor Vehicle Commission and collected by the courts from drivers convicted of unsafe driving violations pursuant to P.L. 2000, c.75 et seq. Scheduled final retirement of the MVS - Special Needs Housing Program bonds, both 2005 Series A and 2007 Series A-1, A-2, & B, occurs on July 1, 2034. The 2017 Series B bonds are not subject to redemption prior to their July 1, 2034 maturity date.

**Tobacco Settlement Financing Corporation**  
**Tobacco Settlement Asset-Backed Bonds, Series 2018 Series A-B**

On November 23, 1998, the State of New Jersey, as well as 46 other states and six United States jurisdictions, entered into a Master Settlement Agreement (MSA) with participating cigarette manufacturers. In 2018, the TSFC issued bonds to refund the balance of the Series 2007 bonds. The proceeds of the Series 2018 bonds are secured by the TSFC's right, title and interest in the pledged Tobacco Settlement Revenues, consisting of 100% of the tobacco assets received by the Corporation on or after December 1, 2018. As part of the agreement, MSA receipts for 2018 were transferred in full to the General Fund. The State is not obligated to pay, and neither the full faith and credit nor the taxing power of the State is pledged to the payment of, principal or interest on these bonds. Scheduled final retirement of these bonds occurs on June 1, 2046.

**Cigarette Tax Revenue Bonds**  
**Cigarette Tax Revenue Refunding Bonds, Series 2012**

Based on the provisions pursuant to P.L. 2004, c.68, funds for repayment of these bonds derive solely from the nonlapsing "Dedicated Cigarette Tax Revenue Fund." Effective July 1, 2009, the State of New Jersey's Cigarette Tax rate increased from \$2.58 to \$2.70 per pack of 20 cigarettes. Of the total Cigarette Tax charged per pack, the Fund receives \$0.65 in dedicated revenues. The surplus is returned to the General Fund. Effective January 2022, all existing debt has been defeased.
