This project was previously heard at the July 2, 2020 meeting of the State House Commission and tabled until its next

Treasury has further reviewed and confirmed that the fee simple based appraisal analysis was appropriate based on significant wetlands on the property and all leases expiring by June 30, 2021. As a result, Poor Boy Pallet wishes to renew its application for approval of the same purchase price offered at the last Commission meeting.

Terms: The property will be sold to Poor Boy Pallet, a current tenant, for the appraised value of $325,000. In the event the above direct sale does not occur Treasury will dispose of the property via internet auction at the minimum bid price of $325,000.

This waterline will be connected to the existing Township water supply to service the proposed Department of Human Services Group Homes. This easement was previously approved by the State House Commission at its meeting of July 2, 2020 for 4.261 (+-) acres of land. Since that time, the location of the easement has been repositioned expanding the acreage to 5.09 (+-) acres of land per the attached revised legal description and survey.

7. Project: Seaside Heights Borough Public Beach, Block: 99.02, Part of Lots: 1 and 1.01, Borough of Seaside Heights, Ocean County

Requesting Party: On June 30, 2016, the State House Commission approved the NJDEP’s request to allow the Borough of Seaside Heights to transfer approximately 1.37 (+-) acres of Borough-owned parkland to the adjacent private owner of the Casino Pier amusement pier in exchange for ownership of the historic Dentzel-Loof Carousel and additional compensation. Part of the Commission’s approval required that the Borough house the Carousel in a sheltered location no later than June 30, 2019. At the May 9, 2019 State House Commission meeting the Borough requested an extension of time until June 30, 2021 to arrange for funding and to house the Carousel. The Commission reviewed the Borough’s request and agreed only to extend the approval until the end of 2019 and required the Borough to appear before the Commission at its December 2019 meeting. Unfortunately the Commission did not meet prior to the end of 2019, however the Borough did provide a written update submission to the Commission and requested an appearance at the next
available agenda. The next Commission meeting was held on February 13, 2020, at which time the Borough appeared before the Commission and requested a further extension of the Commission’s conditions related to the relocation of the Carousel. The request was approved by the Commission with the condition that the Borough appear before the Commission again in nine months, or at its Fall meeting, and in the interim provide an update to the Commission of the decision to approve a permit for construction of a new building to house the Carousel. On March 9, 2020 the Borough provided the Commission with a copy of DEP’s March 6, 2020 permit approval.

The Borough has now provided a further update letter stating that the carousel building should be enclosed by February 11, 2021 and substantially completed by April 26, 2021 with final completion and a certificate of occupancy anticipated by May 10, 2021. The carousel is expected to be reassembled in the late summer or fall of 2021.

Terms: The Borough is still seeking a further extension until June 30, 2021. The NJDEP does not object to this request.
